INDEPENDENT AUDITORS' REPORT

To the Fiduciary Investment Committee of

KEAP 401(k) PLAN

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed the audits of the financial statements of **Keap 401(k) Plan** ("the Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained certifications from qualified institutions as of December 31, 2022 and 2021 and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying financial statements related to assets held by and certified to by qualified institutions agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on these financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedule Required by ERISA

The supplemental schedule of assets (held at end of year) as of December 31, 2022, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by qualified institutions agrees to, or is derived from, in all material respects, the information prepared and certified by institutions that management determined meets the requirements of ERISA Section 103(a)(3)(C).

KEAP 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS

December 31, 2022 and 2021

(1) Description of the Plan

The following description of the Keap 401(k) Plan (the "Plan"), formerly known as the Infusionsoft 401(k) Plan, provides only general information. Participants should refer to the Plan agreement for a more comprehensive description of the Plan's provisions.

A. General – The Plan was adopted and became effective for participation on June 20, 2014. The Plan is a defined contribution 401(k) and profit-sharing plan covering all eligible employees of Infusion Software, Inc. dba KEAP (the "Company" or "Plan Sponsor"). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"). The Company serves as the Plan Administrator. The Company has delegated governance of the Plan to the Fiduciary Investment Committee.

Effective October 1, 2022, the Plan was amended and restated (the "Restatement"). The Plan also changed asset custodian and recordkeeper from Voya Retirement Insurance and Annuity Company ("Voya") to recordkeeper ADP Retirement Services ("ADP") and asset custodian Reliance Trust Company. Participant accounts totaling \$13,638,125 were liquidated and transferred to Reliance Trust Company on October 4, 2022.

Effective with the Restatement, the guaranteed interest account, as detailed in Note 5, will remain with Voya and is payable to Reliance Trust Company on a five-year payment schedule at the basis of 20% per year. As of December 31, 2022, the balance of the guaranteed interest account at Voya is \$118,712.

B. Eligibility – Under the provisions of the Plan, each employee shall be eligible to become a participant in the Plan when he or she attains the age of 21. The employee need not perform a minimum amount of service to become eligible to participate. Participants enter the Plan on the first of the month coinciding or following meeting the eligibility requirements.

C. Contributions – Participants may contribute a portion of their eligible compensation on a before-tax basis and an after-tax basis, using the Roth 401(k) option, up to the maximum percentage allowable by the Internal Revenue Code. Under the Plan's automatic enrollment feature, newly eligible participants are automatically enrolled in the Plan and 5% of the participant's compensation is contributed on a pre-tax basis unless another election is made by the participant. Participant contributions under the automatic enrollment feature are invested in the default fund unless the participant chooses another investment option. The default fund is the Target Date Retirement Fund based on the participant's age. The Company may make a matching contribution at its discretion. Effective August 1, 2018, the Company approved a discretionary matching contribution of 25% of the first 4% of employee deferrals that continued through the year ended December 31, 2022.

D. Vesting – Participants are 100% vested in their contributions and the Company's discretionary matching contributions plus actual earnings thereon.

E. Participant accounts – All investment options are participant-directed. A separate account is maintained for each investment option of a participant by type of contribution. Each participant's account is credited with the participant's contributions, Company discretionary matching contributions, allocations of Plan earnings, and charged with an allocation of administrative expenses. Plan earnings are allocated and credited to the account daily based on the adjusted balance of each participant's account. The benefit to which a participant is entitled is the benefit from the participant's vested account.

NOTES TO FINANCIAL STATEMENTS

December 31, 2022 and 2021

(1) Description of the Plan (continued)

- F. Investment options** – Participants may direct their contributions and the Company's contributions into various investment choices provided by the Plan. These options include mutual funds, a guaranteed interest account, and a common collective trust stable value fund. Additionally, participants may transfer funds between investments.
- G. Notes receivable from participants** – Participants may borrow from their accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000, or 50% of their account balance. Loan terms can be no longer than five years, or up to ten years subject to the Plan Administrator's discretion, for the purchase of a primary residence. The loans are collateralized by the balance in the participant's account and bear interest at a rate commensurate with local prevailing rates in accordance with the Plan's provisions. Principal and interest are paid ratably through payroll deductions.
- H. Payment of benefits** – In the case of a normal retirement, permanent disability or termination of employment, participants may elect to receive the value of their account balance in a lump sum, in accordance with the provisions of the Plan. In the event that a participant dies before retirement, his or her beneficiary will receive the value of the participant's account balance in a lump-sum distribution, less the value of outstanding loans made to the participant. Participants qualifying for a hardship withdrawal may receive all or a portion of their contributions, plus investment return earned thereon, but not more than the amount necessary to meet the financial hardship.
- I. Forfeitures** – Participants are immediately vested in all contributions at all times.
- J. Administrative expenses** – Plan participants pay substantially all costs associated with the Plan including certain investment expenses such as fund withdrawal fees, which are deducted from the respective participant's account. Also, fees are paid by the account of the participant taking a loan. Investment management related expenses, account maintenance costs, and fees related to the administration of notes receivable from participants are included in administrative expenses (Note 7).
- K. Plan termination** – Although it has not expressed an intention to do so, the Sponsor has the right to terminate the Plan at any time, subject to the provisions of ERISA. In the event the Plan is terminated, participants will become 100% vested.

(2) Summary of significant accounting policies

The significant accounting policies followed by the Plan are as follows:

Basis of accounting – The accompanying financial statements of the Plan are prepared in accordance with accounting principles generally accepted in the United States of America (GAAP) on an accrual basis. Accordingly, income is recognized when earned and expenses are recorded when incurred.

Management's use of estimates – The preparation of financial statements in conformity with GAAP requires the Plan Administrator to make estimates and assumptions that affect the reported amount of net assets available for benefits and changes therein. Actual results may differ from those estimates.

KEAP 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS

December 31, 2022 and 2021

(2) Summary of significant accounting policies (continued)

Investment valuation and income recognition – Investments in shares of mutual funds are stated at net asset value, which are readily determinable fair values of those shares as they are published daily and are the basis for current transactions. The guaranteed interest account is valued at fair value by discounting the related cash flows based on current yields of similar instruments with comparable durations considering the credit worthiness of the issuer. Investments in the common collective trust are stated at net asset value, which is a practical expedient for estimating the fair values of those investments. The common collective trust has no unfunded commitments and can be redeemed daily with no redemption notice period or other redemption restrictions.

Purchases and sales of investments are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Risks and uncertainties – The Plan provides for various investment fund options which in turn invest in any combination of stocks, bonds and other investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in risks in the near term could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits and the statement of changes in net assets available for benefits.

Payment of benefits – Benefit payments to participants are recorded when paid.

Notes receivable from participants – Notes receivable from participants are measured at amortized cost, which approximates fair value.

Subsequent events – Plan management has evaluated subsequent events through October 5, 2023, which is the date the financial statements of the Plan were available to be issued.

(3) Fair value measurement

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are described below:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include quoted prices for similar assets and liabilities in active markets; quoted prices for identical or similar assets and liabilities in inactive markets; inputs other than quoted market prices that are observable for the asset or liability; and inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

A financial instrument's level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement.

KEAP 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS

December 31, 2022 and 2021

(3) Fair value measurement (continued)

The following table sets forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2022:

	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
Mutual funds	\$ 13,715,425	\$ -	\$ -	\$ 13,715,425
Common collective trust*	-	-	-	79,883
Guaranteed interest account	-	118,712	-	118,712
Total investments, at fair value	<u>\$ 13,715,425</u>	<u>\$ 118,712</u>	<u>\$ -</u>	<u>\$ 13,914,020</u>

The following table sets forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2021:

	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
Mutual funds	\$ 18,642,738	\$ -	\$ -	\$ 18,642,738
Guaranteed interest account	-	172,455	-	172,455
Total investments, at fair value	<u>\$ 18,642,738</u>	<u>\$ 172,455</u>	<u>\$ -</u>	<u>\$ 18,815,193</u>

* Certain investments that are measured using net asset value per share (or its equivalent) as a practical expedient for fair value have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the amounts presented in the statements of net assets available for benefits.

(4) Information certified by the Plan's custodians and trustees

The Plan Administrator has elected the method of annual reporting compliance permitted by ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Voya and Reliance Trust Company, the custodians and trustees of the Plan's assets during the year, have certified that the following data included in the accompanying financial statements and supplemental schedule are complete and accurate:

- Investments
- Notes receivable from participants
- Interest and dividend income
- Net depreciation in fair value of investments
- Interest income on notes receivable from participants
- Schedule of assets (held at end of year)

The Plan's independent public accountants did not perform any audit procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedule.

KEAP 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS

December 31, 2022 and 2021

(5) Investment contract with insurance company

The Plan entered into a non-benefit-responsive guaranteed interest account with Voya. Voya maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed interest account issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. The contract is valued as a level 2 investment, see Note 3. The crediting rate is based on a formula established by the contract issuer. The guaranteed interest account permits the insurance company or the Plan to terminate the agreement with 90 days' notice after the earlier of one year after contributions cease or the completion of five contract years. The contract was terminated by the Plan in 2022 and will be transferred to the new custodian Reliance Trust Company over five years.

(6) Income tax status

The Plan received an opinion letter from the IRS dated October 6, 2020, stating that the Plan was designed in accordance with applicable sections of the Internal Revenue Code ("IRC"). Management has not obtained an individual determination letter for the Plan. Management and the Plan Administrator believe that the Plan is currently designed and is being operated in compliance with the applicable requirements of the IRC and that the Plan was qualified and the related trust remains tax-exempt at December 31, 2022 and 2021. Accordingly, no provision for income taxes has been made in the accompanying financial statements.

(7) Party-in-interest transactions

Certain Plan investments are shares of mutual funds and a guaranteed interest account managed by Voya and ADP. Administrative fees paid to Voya and ADP, the recordkeepers of the Plan, amounted to \$108,332 and \$8,855, respectively, totaling \$117,187 for the year ended December 31, 2022.
