INDEPENDENT AUDITOR'S REPORT

To the Plan Administrator of
Vonage 401(k) Retirement Plan:

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the Financial Statements

We have performed an audit of the financial statements of Vonage 401(k) Retirement Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained a certification from a qualified institution as of and for the years ended December 31, 2022 and 2021, and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion on the Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the Financial Statements

We conducted our audits in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Emphasis of Matter

The financial statements for the year ended December 31, 2021 have been restated to correct an error in financial presentation. The details related to the restatement have been disclosed in Note 2 to the financial statements. Our opinion is not modified with respect to this matter.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Vonage 401(k) Retirement Plan's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due to which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Vonage 401(k) Retirement Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Vonage 401(k) Retirement Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters - Supplementary Schedule Required by ERISA

The supplementary schedule, Schedule H, Part IV, Line 4i – Schedule of Assets (Held at End of Year), is presented for purpose of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplementary schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedure applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplementary schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplementary schedule, we evaluated whether the supplementary schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplementary schedule, other than the information in the supplementary schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplementary schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Vonage 401(k) Retirement Plan

Notes to Financial Statements

December 31, 2022 and 2021

1. DESCRIPTION OF PLAN

The following brief description of the Vonage 401(k) Retirement Plan (the “Plan”) is provided for general information purposes only. Participants should refer to the Plan document and summary Plan description for a more complete description of the Plan’s provisions.

General

The Plan is a participant directed defined contribution plan qualifying under Section 401(k) of the Internal Revenue Code (“Code”) and subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”). The Plan was established for the purpose of providing eligible employees of Vonage Holdings Corp. and its related adopting affiliates (collectively the “Company”) and their beneficiaries funds for retirement.

Eligibility

Eligible employees are immediately eligible to participate in the Plan on the first day of the month coinciding with or following their date of hire, provided they are 21 years of age. Unless an election to opt-out of the Plan is made, the eligible employees will be automatically enrolled in the Plan.

Employee Contributions

An employee participating in the Plan may elect to contribute up to 75% of annual eligible compensation, not to exceed \$20,500 for 2022. Any participant, age 50 or older, may make an additional “catch-up” contribution as determined by the Code, which is not to exceed \$6,500 for 2022. The Plan has an auto-enrollment provision whereby all eligible participants are automatically enrolled in the Plan at a deferral rate equal to 3% of eligible compensation unless the participant affirmatively elects not to participate in the Plan. Participant deferral rates automatically escalate annually by 1% up to a maximum of 5% of eligible compensation. Under the Plan, participants may also make Roth elective contributions. Participants direct the investment of their contributions into various investment options offered by the Plan. A participant may suspend contributions or may increase or decrease his or her level of participation in the Plan at any point in time. Eligible employees may directly roll over amounts from another qualified plan or IRA into the Plan.

Employer Discretionary Matching Contributions

The Company may make a discretionary matching contribution. Employer matching contributions are calculated by taking 50% of participant contributions not to exceed \$6,000. For the year ended December 31, 2022, matching contributions amounted to \$4,842,108. Employees become fully vested in the Company’s match after one year of service.

Employer Discretionary Nonelective Contributions

Under the Plan, the Company may make a discretionary nonelective contribution, which is not limited to its current or accumulated net profit. The amount of the contribution, if any, shall be determined each year by the Company, not to exceed 5.7% of the participant’s eligible compensation. Employees become fully vested in the Company’s match after one year of service.

The allocation of the nonelective contribution to participants’ accounts is based on the participants’ wage base. Participants will be eligible to receive discretionary contributions provided they are employed on the last day of the Plan year and have attained 501 hours or more of service in the current Plan year. For the year ended December 31, 2022, the Company did not make a discretionary nonelective contribution.

Participant Accounts

Individual accounts are established for each participant. The Plan offers a variety of mutual funds, with varying investment objectives, a common collective trust, and a money market fund as investment options. Each participant's account is credited with the participant's pre-tax and Roth contributions, Company contributions, if any, and the proportionate share of dividends, interest, and investment gains since the preceding valuation date. Allocations are based on participant earnings or account balances as defined in the Plan document.

The participant's account is reduced by withdrawals, losses on investments, certain administrative fees, and any forfeitures. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting and Forfeitures

A participant is at all times fully vested in the portion of his/her account attributable to participant contributions, plus actual earnings, and losses thereon. Vesting in the Company's contributions, plus actual earnings, and losses thereon, is based on years of service. Employees terminated prior to December 15, 2014 are subject to a 3-year service period prior to becoming 100% vested. Employees terminated on or after December 15, 2014 are subject to a 1-year service period prior to becoming 100% vested.

In the event of death while employed by the Company, reaching normal retirement age of 65 or termination of employment after becoming disabled, all participants' balances in the Plan become fully vested.

Forfeitures occur when a participant terminates employment and is less than 100% vested in his/her Company account balance. Forfeitures are retained in the Plan and will be used to reduce future Company contributions or to reduce Plan expenses. For the year ended December 31, 2022, the Company used approximately \$379,000 to reduce employer matching contributions and \$16,000 to reduce Plan administrative expenses. At December 31, 2021 and 2022, the balance in the forfeited non-vested account totaled approximately \$52,000 and \$406,000, respectively.

Notes Receivable from Participants

The Plan allows for loans to be extended to participants for financial hardship or financial needs. All loans are considered a direct investment of the participant, and payments of principal and interest are credited to the participant's account. Participants may have two loans at any time provided the aggregate balance of the outstanding loans does not exceed 50% of the vested balance, up to a maximum of \$50,000. The loans are payable over a maximum of five years, unless the loan is used to acquire a principal residence, in which case the maximum term is ten years, with interest as specified in the Plan.

The loans are secured by the balance in the participant's account and bear interest at a rate commensurate with the prevailing interest rates as determined by the Plan. Principal and interest, currently ranging from 3.25% to 7.00% per annum and currently maturing through August 2032, are paid ratably through payroll deductions.

Distributions and Withdrawals

Prior to age 59 ½, distributions and withdrawals are not permitted from the Plan except in the instances of hardship, death, disability, or termination of employment. Under an early retirement option (age 55), an employee with 5 years of vested service can receive distributions. Hardship withdrawals must be submitted to the Plan administrator in writing and make the participant ineligible to contribute to the Plan for six months. After attaining age 59 ½, participants may elect to withdraw an amount equal to any whole percentage not to exceed 100% of the participant's vested account for any reason. In the event of termination of employment, a participant shall be entitled to, as a lump-sum distribution, his or her participant contributions and earnings thereon and vested Company contributions and earnings thereon upon request. In the event that the participant's vested accrued benefit is \$1,000 or less, this amount is distributed to the participant without the participant's request.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The accounting records of the Plan are maintained, and the accompanying financial statements have been prepared on the accrual basis of accounting.

Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan administrator to make estimates and assumptions that affect certain reported amounts of assets, liabilities, and changes therein and disclosures of contingent assets and liabilities at the date of the financial statements and the reported amount of additions to and deductions from net assets during the reporting period. Accordingly, actual results could differ from those estimates.

Valuation of Investments and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for further discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes gains and losses on investments bought, sold, and held during the year, as well as the unrealized appreciation on those investments.

Payment of Benefits

Benefits are recorded when paid.

Risks and Uncertainties

The Plan provides participants with the option to invest in various investment securities. All investment securities are exposed to some type of risk, including, but not limited to, exposure to changes in interest rates, market fluctuations, economic conditions, and currency devaluation. Due to the level of risk associated with certain investment securities, it is possible that changes in the near term could materially affect certain participants' account balances and the amounts reported in the statements of net assets available for benefits and the statement of changes in net assets available for benefits.

Users of these financial statements should be aware that the financial markets' volatility may significantly impact the subsequent valuation of the Plan's investments. Accordingly, the valuation of investments at December 31, 2022 may not necessarily be indicative of the amounts that could be realized in a current market exchange.

Administrative Services

All of the administrative expenses of the Plan are paid by the Plan, except for fees paid by the Company. In addition, participants are charged service fees for any loan and distribution transactions they request, and certain investment related expenses have been offset with net investment income and are not readily determinable.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance, plus any accrued, but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan document.

Restatement of Previously Issued Financial Statements

The Company has restated its previously issued 2021 financial statements for the correction of an error in financial presentation relating to the improper lack of recognition of employer contributions receivable. The accompanying financial statements for 2021 have been restated to reflect the corrections to these previously reported items.

The effect on the Company's previously issued 2021 financial statements is summarized as follows:

	December 31, 2021 Previously Reported	Adjustments	Restated

3. INFORMATION CERTIFIED BY TRUSTEE (UNAUDITED)

No auditing procedures were performed by the independent public accountants as permitted by 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under ERISA with respect to information certified as complete and accurate by Fidelity Management Trust Company (the "Trustee"), except for comparing such information with the related information included in the financial statements. Based on information provided and certified by the Trustee, there are no fixed income obligations, leases or debt instruments in default or deemed uncollectible as defined by ERISA, for the year ended December 31, 2022.

The following information as of December 31, 2022 and 2021 and for the year ended December 31, 2022 was prepared from reports certified by the Trustee:

4. FAIR VALUE MEASUREMENTS

The Financial Accounting Standards Board has established a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described below:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – Observable inputs other than Level 1 prices, such as quoted prices for similar assets or liabilities; or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets or liabilities.

Level 3 – Unobservable inputs that are supported by little or no market activity and that are financial instruments whose values are determined using pricing models, discounted cash flow methodologies or similar techniques, as well as instruments for which the determination of fair value requires significant judgment or estimation.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for the Plan's assets measured at fair value. There have been no changes in the methodologies used for the periods presented in these financial statements.

Registered Investment Companies and Money Market Fund: Investments held by registered investment companies consist of shares of mutual funds and are valued at quoted market prices which represent the net asset value of shares held by the Plan at year-end. The Plan's money market fund is composed of interest-bearing instruments that are considered highly liquid and, as such, has a cost value that approximates fair value.

Common Collective Trusts ("CCT"): Contract value of the common collective trust represents contributions made under the contract, plus earnings less Plan withdrawals and administration expenses. Net asset value of the underlying funds is reported by the investment advisor using the audited financial statements of the collective trust at year-end.

The investment in CCTs is valued as a practical expedient utilizing the net asset valuation. The use of NAV is deemed appropriate as the CCTs do not have a finite life, unfunded commitments relating to the types of investment, or significant restrictions on redemptions. The practical expedient is used for valuation, unless it is probable that the Plan will set a portion of the investment at an amount different from the net asset valuation.

The method described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Vonage 401(k) Retirement Plan
Notes to Financial Statements
December 31, 2022 and 2021

The following tables set forth, by level within the fair value hierarchy, the Plan's investments at fair value as of December 31:

	2022			
	Level 1	Level 2	Level 3	Total
Registered investment companies	\$ 177,681,250	\$ -	\$ -	\$ 177,681,250
Money market fund	1,174,823	-	-	1,174,823
Investment measured at net asset value (a)				5,611,335
	<u>\$ 178,856,073</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 184,467,408</u>

	2021			
	Level 1	Level 2	Level 3	Total
Registered investment companies	\$ 218,507,638	\$ -	\$ -	\$ 218,507,638
Money market fund	54,879	-	-	54,879
Investment measured at net asset value (a)				6,519,197
	<u>\$ 218,562,517</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 225,081,714</u>

(a) In accordance with Subtitle E of the Internal Revenue Code, certain investments measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to facilitate reconciliation of the fair value hierarchy to the line items presented in the statement of net assets available for benefits.

5. PLAN TERMINATION

The Company intends to continue the Plan indefinitely for the benefit of its employees but reserves the right to modify, amend or terminate the Plan at any time subject to the provisions of ERISA. In the event of termination of the Plan, all amounts credited to participants' accounts shall be 100% vested and non-forfeitable.

6. INCOME TAX STATUS AND UNCERTAIN TAX POSITIONS

The Plan adopted a volume submitter profit sharing 401(k) plan document sponsored by Fidelity Management Trust Company. By letter dated June 30, 2020, the Internal Revenue Service ("IRS") has advised that the volume submitter plan and related trust are designed in accordance with the applicable sections of the Code. The Plan has been amended since receiving the advisory letter. However, the Plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the Code. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan and has concluded that, as of December 31, 2022 and 2021, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits in progress for any tax periods. In addition, there have been no tax related interest or penalties for periods presented in these financial statements.

7. PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are shares of mutual funds and a money market fund managed by Fidelity Management Trust Company. Fidelity Management Trust Company is the directed trustee as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions. Fidelity Management Trust Company received certain direct fees, which amounted to \$50,479 for the year ended December 31, 2022 and is included on the accompanying statement of changes in net assets available for benefits as administrative fees. Outstanding notes receivable from participants were \$1,826,186 and \$1,528,629, at December 31, 2022 and 2021, respectively. These transactions qualify as party-in-interest transactions. Transaction fees incurred by the Trustee and registered investment companies are absorbed in investment income and are not readily determinable.

8. RECONCILIATION OF FINANCIAL STATEMENTS TO SCHEDULE H OF FORM 5500

The following is a reconciliation of net assets available for benefits per the financial statements at December 31 to Schedule H of Form 5500:

	<u>2022</u>	<u>2021</u>
Net assets available for benefits per the financial statements	\$ 191,135,702	\$ 230,989,862
Employer contribution receivable	<u>(4,842,108)</u>	<u>(4,379,519)</u>
Net assets per Schedule H of Form 5500	<u>\$ 186,293,594</u>	<u>\$ 226,610,343</u>

The following is a reconciliation of the change in net assets available for benefits per the financial statements for the year ended December 31, 2022 to net income per Schedule H of the Form 5500:

	<u>2022</u>
Change in net assets available for benefits per the financial statements	\$ (39,854,160)
Prior year employer contributions	4,379,519
Current year employer contributions	<u>(4,842,108)</u>
Change in net assets per Schedule H of Form 5500	<u>\$ (40,316,749)</u>

9. SUBSEQUENT EVENTS

Subsequent events were evaluated through **September 21, 2022** which is the date the financial statements were available to be issued. Based on this evaluation, the Plan has not identified any subsequent events that require adjustment or disclosure.
