INDEPENDENT AUDITOR'S REPORT

To the Plan Administrator and Participants of
the Grappone Companies 401(k) Plan and Trust:

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the accompanying financial statements of Grappone Companies 401(k) Plan and Trust, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statement of net assets available for benefits as of December 31, 2022, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of Grappone Companies 401(k) Plan and Trust financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion on the 2022 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2022 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements herein in accordance with accounting principles generally accepted in the United States of America and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Grappone Companies 401(k) Plan and Trust's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2022 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Grappone Companies 401(k) Plan and Trust's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Grappone Companies 401(k) Plan and Trust's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters - Supplemental Schedule Required by ERISA

The supplemental schedule, Schedule H, Part IV, Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2022 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditor's Report on the 2021 Financial Statements

The financial statements of the Grappone Companies 401(k) Plan and Trust as of December 31, 2021, were audited by O'Connor & Drew, P.C., who joined with WithumSmith+Brown, PC on January 1, 2023. In accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the prior year audit did not extend to any statements or information related to assets held for investment of the plan that were certified by a qualified institution. Their report dated August 26, 2022 indicated that (a) the amounts and disclosures in the 2021 financial statements, other than those agreed to or derived from the certified investment information, were presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America, and (b) the information in the 2021 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C). Their report also indicated that the form and content of the 2021 supplemental schedule, other than the information in the 2021 supplemental schedule that agreed to or is derived from the certified investment information, were presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA; and the information in the 2021 supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determines meets the requirements of ERISA Section 103(a)(3)(C).

Grappone Companies 401(k) Plan and Trust

Notes to Financial Statements

December 31, 2022 and 2021

1. Description of Plan

The following description of the Grappone Companies 401(k) Plan and Trust (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan and covers employees who have reached the age of 18. To participate in the Plan, employees must have 500 hours of service. Employees of the following entities (collectively the "Company") are included in the Plan:

Grappone Imports, Inc.
Grappone TS, Inc.
H.L.F. Corporation,
John Grappone Leasing, Inc.
Grapp, Inc.
Grappone Collision Center, Inc.
GGI, Inc.
John Grappone, Inc.
Grappone Mgmt. Co., Inc.
Grappone Used Cars, Inc.
Grappone Industrial, Inc.
Bow Junction Associates, Inc.
Grappone Distribution, Inc.
Grappone Hyundai, Inc.
Grappone Autosure, Inc.
H.L.F. A.T.S., LLC and
H.L.F. East, LLC.

The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"). Plan management is responsible for oversight of the Plan and also determines the appropriateness of the Plan's investment offerings and monitors investment performance.

Plan Amendments

Effective January 1, 2022, the Plan was amended to increase the automatic enrollment amount from 2% to 4% of eligible compensation.

Contributions

Each year, participants may contribute from 2% to 75% of pre-tax or after-tax Roth basis annual compensation, in accordance with Internal Revenue Service ("IRS") limitations, as defined in the Plan. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans ("rollover contributions"). Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan includes an auto-enrollment provision, whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their contributions invested in a designated fund and their deferral rate set at 4% of eligible compensation, which will be increased by 1% annually up to a maximum of 8% unless changed by the participant. The scheduled deferral increase will take effect annually on July 1st of the Plan year following the Plan year in which the automatic deferral first applies to the participant.

Grappone Companies 401(k) Plan and Trust

Notes to Financial Statements

December 31, 2022 and 2021

The Company, at its discretion, may make matching contributions equal to a discretionary percentage of the participant's elective deferrals up to a discretionary percentage of compensation or dollar amount. The Company contributed an amount equal to 100% of participants' contributions up to 3% of each participant's gross salary for the year ended December 31, 2022. Additional discretionary employer contributions may be contributed at the option of the employer, subject to certain requirements. There were no additional discretionary employer contributions made in 2022. Contributions are subject to certain limitations.

Participants' Accounts

Each participant's account is credited with the participant's contribution, the Company's contribution and Plan earnings and losses, as well as an allocation of administrative expenses. Allocations are based on participant earnings and losses, account balances or specific transactions, as defined in the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are vested immediately in their contributions plus actual earnings thereon. Vesting in the Company's contribution portion of their account plus actual earnings thereon is based on years of continuous service. A participant is 100% vested after five years of credited service. If hired prior to March 2, 2020, a participant will become 100% vested after six years of credited service.

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. The loans are secured by the balance in the participant's account and bear interest at rates ranging from 4.25% to 8.00% and mature at various dates through February 2035. The interest rate is 1% over the Prime Rate published in the Wall Street Journal on the first business day of the month in which the loan originated. Principal and interest is paid ratably through payroll deductions.

Payments of Benefits

On termination of service due to death, disability or retirement, a participant or beneficiary may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account or in annual installments. For termination of service due to other reasons, a participant may elect to defer payment until normal retirement age, provided the participant's vested account balance is greater than \$5,000, or receive a lump-sum payment or a direct rollover to another qualified plan or IRA. If a participant terminates employment for any reason and his or her vested account balance does not exceed \$1,000, the Plan administrator may distribute such amount in a lump-sum payment to the participant without consent of the participant. If the participant's balance is between \$1,000 and \$5,000, the Plan administrator may roll the amount into an individual retirement account on behalf of the participant without the consent of the participant.

Administrative Expenses

Administrative expenses are paid either by the Plan, the Company or the participant, as provided by the Plan document. Expenses paid by the Company are excluded from these financial statements. Expenses relating to an individual participant's account, such as loan and distribution fees, are charged against the participant's account. Certain expenses incurred in connection with the general administration of the Plan that are paid by the Plan are recorded as deductions in the accompanying Statement of Changes in Net Assets Available for Benefits. Most investment-related expenses are included in net depreciation.

Forfeited Accounts

At December 31, 2022 and 2021, forfeited non-vested accounts totaled \$0. During 2022, forfeited balances of \$24,415 were applied to employer contributions to reduce the Company's portion of funding the contribution.

2. Summary of Significant Accounting Policies

Basis of Accounting

These financial statements are prepared in accordance with the accrual method of accounting and are in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosures under ERISA.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Shares of mutual funds are valued at quoted market prices, which represent the net asset value of shares held by the Plan at year-end. The Plan's management determines the Plan's valuation policies utilizing information provided by the investment advisors and trustees. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis and dividends are recorded on the ex-dividend date. Net depreciation includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles in the United States of America requires the Plan's management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balances plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed as incurred. No allowance for credit losses has been recorded as of December 31, 2022 or 2021. If a participant ceases to make loan repayments and the Plan administrator deems the participant loan to be in default, the participant's loan balance is reduced, and a benefit payment is recorded.

Payment of Benefits

Benefits are recorded when paid.

Excess Contributions Payable

Amounts payable to participants for contributions in excess of amounts allowed by the Internal Revenue Service ("IRS") are recorded as a liability with a corresponding reduction to contributions. The Plan distributed the 2022 excess contributions to the applicable participants prior to March 15, 2023.

3. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability; and

Notes to Financial Statements

- Inputs that are derived principally from, or corroborated by, observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2022 and 2021.

Mutual Funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value ("NAV") and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2022 and 2021:

2022				
	Level 1	Level 2	Level 3	Total
Mutual funds	<u>\$ 25,623,312</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 25,623,312</u>
2021				
	Level 1	Level 2	Level 3	Total
Mutual funds	<u>\$ 28,478,610</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 28,478,610</u>

4. Information Prepared and Certified by the Trustee

The Plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the trustee of the Plan, Vanguard Fiduciary Trust Company, has certified the completeness and accuracy of all investments and notes receivable from participants in the accompanying statements of net assets available for benefits as of December 31, 2022 and 2021, investment income (loss) and interest income on notes receivable from participants in the statement of changes in net assets available for benefits for the year ended December 31, 2022 and the accompanying supplemental Schedule of Assets (Held at End of Year), as of December 31, 2022. No auditing procedures were performed by the independent public accountants as permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosures under ERISA with respect to information certified as complete and accurate by the trustee, except for comparing such information with the related information included in the financial statements and supplemental schedule.

5. Related Party Transactions and Party-in-Interest Transactions

Certain Plan investments are shares of mutual funds managed by Vanguard. Vanguard is the trustee as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions. Fees paid by the Plan to Vanguard for investment management services, loan administration and other recordkeeping services were \$38,949 for the year ended December 31, 2022. Other amounts paid to LPL Financial for investment management services were \$43,184 for the year ended December 31, 2022. In addition, notes receivable from participants and the revenue-sharing agreement (see following paragraphs) also qualifies as party-in-interest transactions.

The Plan has entered into an agreement with Vanguard whereby revenues generated from investments that pay revenue-sharing fees in excess of amounts required to administer the Plan are made available to the Plan for allocation to participants' accounts or may be applied against Plan expenses as determined by Plan management. During 2022, \$42,247 was received by the Plan, and \$43,184 was used to pay Plan expenses. At December 31, 2022 and 2021, the account totaled \$10,705 and \$11,577, respectively.

6. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their employer contributions. Any unallocated assets of the Plan shall be allocated to participant accounts and distributed in such a manner as the Company may determine.

7. Tax Status

The Plan has adopted the pre-approved plan document of the Vanguard Group. The pre-approved plan provider received a favorable opinion letter dated June 30, 2020, in which the Internal Revenue Service stated that the pre-approved plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code ("IRC"). Although the Plan has been amended since the date of the last letter, the Plan administrator believes that the Plan is designed and is being operated in compliance with the applicable requirements of the IRC, and that the related trust is therefore tax-exempt. Accordingly, no provision for income taxes has been included in the financial statements.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the taxing authorities. The Plan administrator has analyzed the tax positions taken by the Plan and has concluded that as of December 31, 2022 and 2021, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements.

The Plan is subject to routine audits by the taxing jurisdiction; however, there are currently no audits for any tax periods in progress. In addition, there have been no tax related interest or penalties for the periods presented in these financial statements.

8. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risks associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

9. RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

The following is a reconciliation of net assets available for benefits and the change in net assets available for benefits per the financial statements to Form 5500 at December 31:

	<u>2022</u>	<u>2021</u>
Net assets available for benefits per the financial statements	\$ 26,302,385	\$ 29,104,829
Plus: Excess contribution payable	<u>9,838</u>	<u>-</u>
Net assets available for benefits Form 5500	<u>\$ 26,312,223</u>	<u>\$ 29,104,829</u>
Change in net assets available for benefits per the financial statements	\$ (2,802,444)	
Less: Prior year excess contribution payable	-	
Plus: Current year excess contribution payable	<u>9,838</u>	
Change in net assets available for benefits Form 5500	<u>\$ (2,792,606)</u>	

10. Subsequent Events

The Plan has evaluated subsequent events through October 2, 2023, the date the financial statements were available to be issue. Based on that evaluation, the Plan has determined that no subsequent events have occurred that require adjustment to or disclosure in the financial statements.
