Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2021 Financial Statements

We have performed audits of the financial statements of CCC Intelligent Solutions Inc. 401(k) Retirement Savings & Investment Plan ("the Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained a certification from a qualified institution, as of December 31, 2022 and 2021, and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

The supplemental schedule of Schedule H, Line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2022, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

CCC Intelligent Solutions Inc. 401(k) Retirement Savings & Investment Plan

Notes to Financial Statements

Years Ended December 31, 2022 and 2021

1. Description of the Plan

The following description of the CCC Intelligent Solutions Inc. 401(k) Retirement Savings & Investment Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan pursuant to Section 401(k) of the Internal Revenue Code ("IRC"). It is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended ("ERISA"). The Plan changed its name to CCC Intelligent Solutions Inc. 401(k) Retirement Savings & Investment Plan, effective June 2, 2021.

The Company changed its name to CCC Intelligent Solutions Inc. (the "Company"), effective June 2, 2021.

Third-Party Administrator and Trustee

T. Rowe Price Retirement Plan Services, Inc. ("T. Rowe Price") performs certain third-party administrator duties. T. Rowe Price Trust Company ("T. Rowe") is the trustee of the Plan's assets.

Participation and Vesting

Generally, all employees of the Company who are not leased employees are eligible to participate if they are at least 18 years of age and are regularly scheduled to work more than 20 hours per week. Employees of the Company who are 18 years of age and are regularly scheduled to work 20 hours per week or less shall be eligible to participate upon completion of 1,000 hours of service during the 12-month period that begins on the date on which the employee first completes an hour of service. If an employee does not complete 1,000 hours of service during the initial 12-month period, subsequent eligibility periods will begin on January 1 after that date. The Plan uses an automatic enrollment feature. Under this feature, if a new employee does not proactively make an election into the Plan, or proactively "opt-out" of automatic enrollment, then they are automatically enrolled in the Plan after 45 days of employment. Participants are immediately vested in their voluntary contributions, pre-1999 matching contributions, Company profit-sharing contributions, and rollover contributions plus actual earnings (losses) thereon. Only vesting of post-1998 Company-matching contributions and accumulated earnings (losses) is based on years of service. A year of service is any calendar year in which the employee completed 1,000 hours of service. A participant vests one-third for each year of service and therefore is 100% vested after three years of service. Former Auto Injury Solutions, Inc. ("AIS"), a wholly owned subsidiary of the Company covered by the plan, employee participants were given credit for prior service time under AIS and vest 20% after the first year and 100% after the second year of credited service.

Forfeitures

Forfeitures from non-vested accounts are used to pay the Plan's administrative expenses or to reduce future employer contributions. Unallocated forfeitures at December 31, 2022 and 2021 were \$171,243 and \$18,675, respectively.

Contributions

Plan participants may contribute ("Participant Contributions") an amount ranging between 1% and 50% of eligible compensation into any of the Plan's established investment funds, as specified in the Plan agreement. Participant Contributions can be made from: 1) before-tax earnings, which have the effect of reducing current taxable earnings for federal income taxes or 2) after-tax contributions to the Plan. Any participant hired on or after January 1, 2011 that enrolls in the Plan via the auto-enrollment feature has a default contribution rate of 6% and such contributions are made to the T. Rowe Price Retirement Fund investment option with a fund target date that most closely aligns with the year the participant turns age 65.

CCC Intelligent Solutions Inc. 401(k) Retirement Savings & Investment Plan

The Company makes contributions ("Matching Contributions") equal to 50% of Participant Contributions, up to a maximum of 3% of the participant's eligible compensation. However, if the participant's annual compensation is \$33,400 or less, then the Matching Contributions will be 50% of Participant Contributions up to a maximum of \$1,000 in Matching Contributions. Participants are eligible to receive Matching Contributions on the first day of the month after commencing employment.

For AIS participants, the Company makes Matching Contributions equal to 100% of the Participants' Contribution made during the Plan year up to the first 2% of the AIS participant's compensation plus 50% of the Participants Contribution up to the next 4% of the AIS participant's compensation.

The Company, at its sole discretion, may make a discretionary contribution ("Profit-Sharing Contribution") for any given year. Any employee who has met the eligibility requirements for participation in the Plan will be eligible to receive a Profit-Sharing Contribution, if any, provided that such employee is employed with the Company or any participating employer on the last day of the Plan year. There were no Profit-Sharing Contributions in 2022 and 2021.

All contributions are subject to limitations imposed by the Internal Revenue Code ("IRC") and the regulations promulgated thereunder and ERISA.

Participant Accounts

Each participant's account is credited with the participant's contribution, the Company's matching contribution and allocations of (a) the Company's Profit-Sharing contributions and (b) plan earnings and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The participant is entitled to a benefit that equals his/her vested account.

Notes Receivable from Participants and Hardship Distributions

The Plan provides for loans to participants in certain situations governed by the Plan's loan procedures. Loans to participants shall be the lesser of \$50,000 or 50% of their vested account balance. Loans must be repaid within a five-year period, unless the loan is for acquisition of a primary residence, in which case it may be repaid over a period of up to 15 years. No more than one loan may be outstanding at any time. The loan repayment terms and interest rates are approved by the Plan trustee. Principal and interest on loans is paid ratably through monthly payroll deductions. As of December 31, 2022, the interest rates on the outstanding loans ranged from 4.25% to 8.00%.

The Plan also provides for hardship distributions in certain situations, including the purchase of a participant's primary residence, for payment of post-secondary education tuition, for the payment of certain medical expenses, to prevent eviction or foreclosure from the participant's primary residence, payment of burial or funeral expenses for the participant's deceased parent, spouse, child or dependent, payment of expenses to repair damage to the participant's principal residence that would qualify for the casualty deduction under IRC Section 165, and any other event or expense deemed an immediate and heavy financial need by the Internal Revenue Service ("IRS"). Any loans or in-service distribution reduces participant investments in their respective selected invested funds.

Investment Options

The Plan allows participants to allocate their contributions to various investment options available under the Plan. Investment elections must be made in 1% increments. Participants are allowed to reallocate their entire account balance in multiples of 1% among the Plan's investment options.

Withdrawals

The Plan provides that a participant may receive a distribution only in the following circumstances: (1) the participant attains age 70½; (2) the participant retires; (3) the participant separates from the Company; (4) the participant dies; (5) the participant becomes disabled; (6) the participant encounters a financial hardship as specified in the Plan; or (7) there is a Qualified Domestic Relations Order issued by a court against the participant. In addition, participants who have attained age 59½ may make a withdrawal from the portion of their account attributable to Participant Contributions.

CCC Intelligent Solutions Inc. 401(k) Retirement Savings & Investment Plan

Upon termination of service with the Company, participants become eligible for a lump-sum distribution of the vested portion of their account. Participants may also elect to receive a distribution in substantially equal annual installment payments. Retired and terminated participants who have an account balance in excess of \$1,000 may elect various forms of deferred distribution. If the vested balance is equal to or less than \$1,000, a lump sum distribution without the participant's consent will be made.

Plan Termination

Although it has not expressed any intent to do so, the Company has the right to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of termination, participants will become 100% vested in their accounts and the Plan's assets will be distributed to participants in accordance with the Plan's provisions.

Revenue Sharing Account

The Plan shares in investment related revenue, which T. Rowe, the trustee, receives from mutual funds or collective trusts attributable to the Plan assets invested in such mutual funds and trusts. The Plan receives a credit for the revenue share on a quarterly basis which is deposited into an ERISA Budget Account. The Plan Sponsor can use the funds in the account to pay for certain approved plan related expenses. During 2022, the total revenue share deposited into the ERISA Budget Account was \$187,933, all of which was applied to Plan administrative expenses before December 31, 2022.

2. Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan have been prepared under the accrual method of accounting.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 5 for discussions of fair value measurements. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on an accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America ("U.S. GAAP") requires management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on an accrual basis. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan document.

Payment of Benefits

Benefit payments are recorded upon distribution. There were no amounts allocated to accounts of persons who have elected to withdraw from the Plan but have not yet been paid at December 31, 2022 or 2021.

Expenses of the Plan

The Company has paid certain expenses incurred by the Plan in the administration of the Plan and are excluded from these financial statements. The Company may elect to use forfeitures from non-vested accounts to pay the Plan's administrative expenses or to reduce future employer contributions. Fees paid by the Company for the investment management services were nominal for the year ended December 31, 2022.

Other Expense of the Plan

Other expense is transfers in credit and debit adjustments and forfeiture withdrawals to the plan.

CCC Intelligent Solutions Inc. 401(k) Retirement Savings & Investment Plan

Subsequent Events

The Company has evaluated subsequent events for the Plan through October 4, 2023, the date the financial statements were available for issuance. All subsequent events requiring CCC recognition or disclosure have been incorporated in these financial statements.

3. Risks and Uncertainties

The Plan utilizes various investment instruments, including shares in registered investment companies and common/collective trust funds. Investment securities, in general, are exposed to various risks, such as interest rate, credit, and overall market volatility. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the financial statements.

4. Information Certified by the Trustee

The following is a summary of the information regarding the Plan as of December 31, 2022 and 2021, and for the year ended December 31, 2022, included in the Plan's financial statements, that was prepared by or derived from information provided by T. Rowe Price Trust Company, the trustee of the Plan, and furnished to the Plan administrator. The Plan administrator has obtained a certification from the trustee that such information is complete and accurate.

Information relating to investments and notes receivable from participants held by the trustee at December 31, 2022 and 2021, is as follows:

	2022	2021
Shares in registered investment companies	\$ 99,656,003	\$ 151,878,637
Common collective trusts	\$ 170,601,015	\$ 178,763,286
Notes receivable from participants	\$ 2,784,657	\$ 2,815,941

The following was also certified by the trustee for the year ended December 31, 2022:

Dividends and interest	\$ 4,276,614
Net depreciation in fair value of investments	\$ (67,997,792)
Interest from notes receivable from participants	\$ 132,972

CCC Intelligent Solutions Inc. 401(k) Retirement Savings & Investment Plan

5. Fair Value Measurements

Financial Accounting Standards Board Accounting Standards Codification Topic 820 ("ASC Topic 820"), *Fair Value Measurements and Disclosures* establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under ASC Topic 820 are described as follows:

- Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

- Level 2 Inputs to the valuation methodology include:
 - quoted prices for similar assets or liabilities in active markets;
 - quoted prices for identical or similar assets or liabilities in inactive markets;
 - inputs other than quoted prices that are observable for the asset or liability; and
 - inputs that are derived principally from or corroborated by observable market data by correlation or other means.If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

- Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value:

- Shares of registered investment companies are valued using quoted market prices in an active market.
- Units of the common/collective trusts are valued based on the fair value of the trusts' underlying investments and terms of the underlying investment contracts, as reported by the trustee. The common/collective trusts do not have any unfunded commitments relating to its investments, or any significant restrictions or redemptions.
- Investments measured at net asset value: Composed primarily of fully-benefit responsive investment contracts and is valued at the NAV units of the bank collective trust. The net asset value is used as a practical expedient to estimate the fair value.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date. There have been no changes in the methodologies used at December 31, 2022 and 2021.

CCC Intelligent Solutions Inc. 401(k) Retirement Savings & Investment Plan

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2022:

	Level 1	Level 2	Level 3	Total
Common collective trusts	\$ -	\$ 13,857,461	\$ -	\$ 13,857,461
Mutual funds	99,656,003	-	-	99,656,003
Total assets in the fair value hierarchy	99,656,003	13,857,461	-	113,513,464
Investments measured at net asset value*	-	-	-	156,743,554
	<u>\$ 99,656,003</u>	<u>\$ 13,857,461</u>	<u>\$ -</u>	<u>\$ 270,257,018</u>

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2021:

	Level 1	Level 2	Level 3	Total
Common collective trusts	\$ -	\$ 15,534,256	\$ -	\$ 15,534,256
Mutual funds	151,878,637	-	-	151,878,637
Total assets in the fair value hierarchy	151,878,637	15,534,256	-	167,412,893
Investments measured at net asset value*	-	-	-	163,229,030
	<u>\$ 151,878,637</u>	<u>\$ 15,534,256</u>	<u>\$ -</u>	<u>\$ 330,641,923</u>

*In accordance with subtopic 820-10, certain investments that were measured at net asset value per share (or its equivalent) as a practical expedient to fair value have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statement of net assets available for benefits.

6. Tax Status

The Plan obtained its latest determination letter on July 3, 2014, in which the IRS stated that the Plan, as then designed, was in compliance with the applicable requirements of the IRC. The Plan has been amended since receiving the determination letter. The plan administrator and the Plan's tax counsel believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC.

U.S. GAAP requires plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more-likely-than-not would not be sustained upon examination by the IRS. The Plan's management and its tax counsel have analyzed the tax positions taken by the Plan, and have concluded that as of both December 31, 2022 and 2021, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan's management believes it is no longer subject to income tax examinations for years prior to 2019.

7. Party-In-Interest Transactions

Certain Plan investments are shares of mutual funds managed by T. Rowe Price Trust Company ("T. Rowe"). T. Rowe is the trustee and third-party administrator of the Plan and, therefore, these transactions qualify as exempt party-in-interest transactions. Fees of \$287,602, paid by the Plan for investment management services were included as a reduction of the return earned on each fund for the year ended December 31, 2022.
