INDEPENDENT AUDITOR'S REPORT

To the Investment Committee and participants of the
OTR Solutions 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of the OTR Solutions 401(k) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) which comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements (the financial statements).

Management, having determined it is permissible in the circumstances, has elected to have the audits of the financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA (ERISA Section 103(a)(3)(C) audit). As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency (qualified institution), provided that the investment information is prepared and certified to by the qualified institution in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Management has obtained certifications from a qualified institution as of December 31, 2022 and 2021 and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section of the report,

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (GAAP); and
- the certified investment information in the accompanying financial statements agrees to, or is derived from, in all material respects, the information prepared and certified by a qualified institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are available to be issued.

Management is responsible for maintaining a current Plan instrument, including all Plan amendments. Management is also responsible for administering the Plan and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is substantial likelihood that, individually or in the aggregate, they would influence the judgement made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgement and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of the accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgement, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter – Supplemental Schedule Required by ERISA

The supplemental schedule, Schedule H, Line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2022, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion,

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- the certified investment information in the supplemental schedule agrees to, or is derived from, in all material respects, the information prepared and certified by a qualified institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

OTR Solutions 401(k) Plan

Notes to Financial Statements December 31, 2022 and 2021

1. Description of the Plan

The following description of the OTR Solutions 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan document, copies of which are available from the plan administrator, for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering substantially all employees of the Rhino Family of Companies, which includes OTR Capital, LLC dba OTR Solutions (Plan Sponsor or Company); except for employees covered by a collective bargaining agreement and nonresident aliens. Employees of the Company become eligible to join the Plan on the date that they have completed three months of service and have attained age 21. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Plan was amended on July 15, 2022, to change the Plan's name from the Rhino Family of Companies 401(k) Plan to OTR Solutions 401(k) Plan.

The effective date of the Plan was January 1, 2017. Prior to participating in the Plan, many participants were eligible to participate in the Nolan Transportation Group 401(k) Plan (NTG Plan), which is sponsored by a company related to the Plan Sponsor. Upon the effective date of the Plan, eligible participants' balances were transferred from the NTG Plan to the Plan. From time to time, participants change employment status between the related companies. Changes in employment status triggers transfers between the two plans. During 2022, net transfers from the NTG Plan totaled \$0.

Effective July 15, 2021, previous participating employers Marquee Insurance Group, LLC and PayHawk, LLC were no longer participating employers of the Plan. The former participating employers have collectively adopted their own defined contribution plan, the Marquee Insurance 401(k) Plan (Marquee Plan), with an effective date of January 1, 2021, and merged their assets from the Plan into the Marquee Plan during 2021. Employees eligible to participate in the Marquee Plan began contributing to the Marquee Plan on July 15, 2021.

Contributions

Participants may make pre-tax and/or Roth contributions of up to 100% of eligible compensation, as defined by the Plan document, not to exceed a maximum of \$20,500 in 2022, plus up to an additional \$6,500 catch-up deferral for those participants who have attained age 50 by the end of the Plan year. Participants may also contribute amounts representing distributions from other qualified plans and certain Individual Retirement Accounts (IRAs) (rollovers).

The Company makes safe harbor matching contributions to the Plan based on each contributing participant's elective deferral. The safe harbor matching contribution is calculated as 100% of each participant's elective deferral percentage less than or equal to 3% and 50% of each

OTR Solutions 401(k) Plan

Notes to Financial Statements December 31, 2022 and 2021

participant's elective deferral percentage greater than 3%, but less than or equal to 5%. During 2022, the Company contributed \$537,394 of safe harbor matching contributions.

Participant Accounts

Each participant's account is credited with the participant's contributions, rollovers, the Company's safe harbor matching contribution, earnings or losses on the investments in their account, and is charged with transaction fees for services received by the participant and certain administrative expenses. Upon enrollment in the Plan, a participant may direct any contributions to any of the investment options offered by the Plan. Participants may change their investment options on a daily basis. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are vested immediately in their deferrals and Company safe harbor matching contributions, plus actual earnings thereon.

Notes Receivable from Participants

Participants may borrow from their accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of the vested balance of their account. A participant may have one note outstanding at any time. Only active employees who participate in the Plan may request a note. The notes are secured by the balance in the participant's account and must bear a reasonable rate of interest, as defined by the Plan document. At December 31, 2022, interest rates on notes outstanding ranged between 3.25% to 5.50% for the term of the note, not to exceed 5 years unless used for the purchase of a residence. Principal and interest are paid through payroll deductions.

Payment of Benefits

On termination of service due to death, disability, termination of employment, or retirement, a participant or their beneficiary may elect to receive a payment of the vested interest in their account in a lump-sum distribution. Partial withdrawals or installments are only permitted for participants or beneficiaries who must receive required minimum distributions or participants whose vested account balance exceeds \$5,000 and have incurred a severance from employment. Participants are also eligible to receive hardship withdrawals when certain conditions are met. Participants are also eligible to receive in-service distributions once the participant has attained age 59½. Additionally, vested account balances of \$1,000 or less may be automatically distributed as a lump-sum distribution without participant consent upon termination of service.

OTR Solutions 401(k) Plan

Notes to Financial Statements December 31, 2022 and 2021

Forfeited Accounts

At December 31, 2022 and 2021, forfeited non-vested accounts totaled \$18,511 and \$21,028, respectively. These accounts can be used to reduce future Company safe harbor matching contributions to the Plan or to reduce administrative expenses. In 2022, \$113 of the forfeitures were used to reduce administrative expenses and no amounts were used to reduce the Company's safe harbor matching contributions.

Administrative Expenses

The Plan permits for payment of operational and administrative expenses, which are allocated to participant accounts proportionately based on the value of the account balances. Expenses relating to the acquisition and disposition of investments and specific participant transactions (i.e., loan setup, distribution request, etc.) are charged directly against the respective participant's account. Fees paid to service providers of the Plan qualify as party-in-interest transactions. The Company pays all other administrative expenses of the Plan. The Company does not expect reimbursement from the Plan for these expenses.

2. Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are presented on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results may differ from those estimates, and such differences may be material to the financial statements.

Contributions

Participant contributions are considered payable to the Plan upon the withholding of contributions from the participant's paycheck. The Company's safe harbor matching contributions are considered payable to the Plan when the related participant's contributions are payable to the Plan. There were no participant or employer contributions receivable on the statements of net assets available for benefits as of December 31, 2022 and 2021.

Valuation of Investments and Income Recognition

The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for a discussion on fair value measurements.

OTR Solutions 401(k) Plan

Notes to Financial Statements December 31, 2022 and 2021

Net change in fair value of investments includes interest, dividends, and realized and unrealized gains and losses. Interest income is recorded when received.

Notes Receivable from Participants

Notes receivable from participants are carried at their outstanding balance. Interest income is recorded when received by the Plan. No allowance for credit losses has been recorded as of December 31, 2022 or 2021. If a participant ceases to make note repayments and the plan administrator deems the participant note to be in default, the participant note balance is reduced, and a benefit payment is recorded. Notes receivable from participants also qualify as party-in-interest transactions.

Payment of Benefits

Benefits are recorded when paid.

Subsequent Events

Management evaluates events occurring subsequent to the date of the financial statements in determining the accounting for and disclosure of transactions and events that affect the financial statements. Subsequent events have been evaluated through October 4, 2023, which is the date the financial statements were available to be issued.

3. Information Certified by the Qualified Institution

All information in the accompanying financial statements and supplemental schedule, including investments held and notes receivable from participants at December 31, 2022 and 2021, and the net change in fair value of investments and interest income for the year ended December 31, 2022, was obtained or derived from information supplied to the plan administrator and certified as complete and accurate by Ascensus Trust Company, the Plan's qualified institution.

4. Investments

Plan investments include shares of mutual funds and a money market fund managed by Vanguard, Inc. Vanguard, Inc. is a service provider of the Plan; therefore, transactions in these investments qualify as party-in-interest transactions.

Investments are exposed to several risks, such as interest rate, market, currency, and credit risks. Market risks include U.S. and global events which could impact the value of Plan investments. Such events would include healthcare crises, such as a pandemic, international conflicts, supply chain disruptions, global monetary policy decisions, significant exogenous economic influences, significant cybersecurity attacks, and other similar events. It is at least reasonably possible that changes in fair value will occur in the near term and that such changes could materially affect participants' account balances.

OTR Solutions 401(k) Plan

Notes to Financial Statements

December 31, 2022 and 2021

The Financial Accounting Standards Board established a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value into three levels. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities, and the lowest priority to unobservable inputs. The three levels of the fair value hierarchy are described as follows:

Level 1 – unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access

Level 2 – other observable data, including quoted prices for identical assets in inactive markets

Level 3 – unobservable inputs

Observable inputs are those based on market data obtained from sources independent of the Plan, and unobservable inputs reflect the Plan's own assumptions based on the best information available. The input levels are not necessarily an indication of the risk or liquidity associated with the financial instruments at that level but rather the degree of judgment used in determining those values.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2022 and 2021.

Investments in mutual funds, the money market fund, and the interest-bearing cash account are based on quoted market prices for the identical security in an active market, and are considered Level 1 assets.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2022 and 2021:

	Level 1	
	2022	2021
Mutual funds	\$ 4,967,458	\$ 4,274,188
Money market fund	8,271	4,367
Interest-bearing cash	9,115	-
Total	\$ 4,984,844	\$ 4,278,555

5. Plan Termination

Although it has not expressed any intent to do so, the Company has the right to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA.

Notes to Financial Statements

December 31, 2022 and 2021

6. Income Tax Status

The Plan is operating under a prototype plan document offered by Ascensus, LLC, an affiliate of the qualified institution. The Internal Revenue Service has determined and informed Ascensus, LLC by a letter dated June 30, 2020, that the prototype is designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has not obtained an individual determination letter, the plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and has no income subject to unrelated business income tax. The Plan's income tax returns for the past three years are subject to examination by taxing authorities and may change upon examination.
