INDEPENDENT AUDITOR'S REPORT

To the Plan Administrator and Participants of
Fernandes Masonry, Inc. 401(k) Plan:

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Fernandes Masonry, Inc. 401(k) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the Fernandes Masonry, Inc. 401(k) Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained certifications from a qualified institution as of December 31, 2022 and 2021, and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 7 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Fernandes Masonry, Inc. 401(k) Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Fernandes Masonry, Inc. 401(k) Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Fernandes Masonry, Inc. 401(k) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Fernandes Masonry, Inc. 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audits.

Other Matters - Supplemental Schedules Required by ERISA

The supplemental schedules, Schedule H, Part IV, Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2022 and Schedule H, Part IV, Line 4a - Schedule of Delinquent Contributions for the year ended December 31, 2022, are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Fernandes Masonry, Inc. 401(k) Plan
Notes to Financial Statements
December 31, 2022 and 2021

1. DESCRIPTION OF PLAN

The following description of Fernandes Masonry, Inc. 401(k) Plan (the “Plan”) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan’s provisions.

General

The Plan is a defined contribution plan under Section 401(k) of the Internal Revenue Code (“IRC”) and is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”). The Plan was established for the purpose of providing eligible employees of Fernandes Masonry, Inc. (the “Company”), and their beneficiaries, funds for retirement. The Plan administrator is responsible for the oversight of the Plan.

Eligibility

Employees of the Company who provide services under federal contracts subject to the Davis-Bacon Act or any other federal, state, or municipal prevailing wage laws are eligible to participate in the Plan immediately upon employment on prevailing wage contracts and to receive employer Davis-Bacon Act contributions. Full-time nonunion employees, who are not nonresident aliens or residents of Puerto Rico and who have completed three months of service, are also eligible to participate in the Plan.

Contributions

Participants may elect to contribute an amount of the pretax and posttax annual compensation up to the maximum contribution per employee allowable by law. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined plans.

The Company makes contributions to the Plan for participants subject to prevailing wage laws at rates stipulated by the specific federal, state, or municipal prevailing wage contracts. For the remaining participants, the Company makes a safe harbor matching contribution equal to 100% of the participant deferrals up to 3% of each contributing participant’s eligible compensation and an additional 50% of the participant deferrals greater than 3% but less than 5% of each contributing participant’s eligible compensation. During the year ended December 31, 2022, the Company made safe harbor matching contributions and prevailing wage contributions of \$34,078 and \$1,259,592, respectively. The Company may also elect to make additional discretionary profit-sharing or matching contributions. During the year ended December 31, 2022, the Company made a discretionary profit-sharing contribution of \$112,000 to the Plan. During the year ended December 31, 2022, the Company did not make employer matching contributions to the Plan.

Participant Accounts

Each participant’s account is credited with the participant’s contribution and allocations of (a) the Company’s contribution, (b) Plan earnings or losses, and (c) administrative expenses. Allocations are based on participant account balances, as defined in the Plan document. The benefit to which a participant is entitled is the benefit that can be provided from the vested portion of the participant’s account.

Investment Options

Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan currently offers mutual funds and a fixed annuity contract as investment options for participants. Plan management determines funds to be included in the Plan’s investment portfolio and monitors its investment performance.

Notes to Financial Statements
December 31, 2022 and 2021

Vesting

Participants are immediately vested in their contributions, including rollover contributions, plus actual earnings thereon. Participants are immediately vested in the prevailing wages and safe harbor matching contributions. Vesting in the Company's discretionary profit-sharing and matching contributions, plus earnings thereon, is based on years of credited service in accordance with the following schedule. A participant is required to provide 1,000 hours of service during the Plan year to be credited with the year of vesting.

The participants vest in the Company's discretionary profit-sharing and matching contributions as follows:

<u>Years of Service</u>	<u>Vested Percentage</u>
Less than 2 years	0%
At least 2 years, but less than 3	20%
At least 3 years, but less than 4	40%
At least 4 years, but less than 5	60%
At least 5 years, but less than 6	80%
6 years or more	100%

Notes Receivable from Participants

Participants may borrow from their accounts an amount up to the lesser of \$50,000 or 50% of their vested account balances, reduced by the highest outstanding loan balance in the participant's account during the previous 12-month period, subject to a minimum of \$1,000. Notes must be repaid over a period not to extend beyond five years unless the loan proceeds are used for the purchase of a primary residence. Participants may have one loan outstanding at any time. The notes are secured by the balances in the participant accounts and bear interest commensurate with local prevailing rates as determined by the Plan administrator. The interest rates ranged from 4.50% to 9.00% at December 31, 2022, with participant notes receivable maturing through September 2027. Principal and interest are repaid ratably through weekly payroll deductions. Participant notes are recorded at their unpaid principal balance plus accrued interest.

Payment of Benefits

Upon retirement, termination, death, disability, or attainment of age 59 1/2, vested Plan benefits may be distributed to a participant in a lump-sum distribution. In addition, the Plan provides for participant withdrawals in the event of serious financial hardship. Upon qualification, a participant is entitled to the distribution equal to the amount of accumulated deferrals, prevailing wages contributions, safe harbor matching contributions, and the vested portion of the Company's discretionary profit-sharing and matching contributions, determined as of the valuation date, which is payable immediately in a lump-sum distribution.

If at the time of termination, a participant's vested account balance is \$5,000 or less, the Plan administrator may distribute the vested account balance to the participant without his or her consent. The vested account balance will be rolled over to an individual retirement account established by the Plan administrator.

Forfeitures

Forfeitures are created if the participants are terminated or retire prior to becoming fully vested in the discretionary profit-sharing or matching contributions. Forfeitures can be used to reduce future employer safe harbor matching contributions or to pay for Plan expenses. For the year ended December 31, 2022, the Plan used forfeitures of \$1,000 to pay for Plan expenses. At December 31, 2022 and 2021, forfeited nonvested accounts were \$5,720 and \$4,759, respectively.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan have been prepared on the accrual basis of accounting in conformity with accounting principles generally accepted in the United States of America ("GAAP").

Investment Valuation and Income Recognition

The Plan's investments in mutual funds are stated at fair value based on closing market quoted prices at year-end. The Plan's investment in the fixed annuity contract, which is not benefit responsive, is stated at fair value determined by discounting the related cash flows based on current yields of similar instruments. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for further discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net depreciation in fair value of investments represents both realized and unrealized gains and losses.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. If a participant does not make note repayments and the Plan administrator considers the participant note to be in default, the note balance is reduced, and the delinquent participant note receivable is recorded as a benefit payment based on the terms of the Plan document. No allowance for credit losses has been recorded as of December 31, 2022 and 2021.

Administrative Expenses

Certain administrative expenses incurred in the operation of the Plan are paid by the Company and are not reflected in the accompanying financial statements. Fees related to the administration of notes receivable from participants and fees related to processing of distributions are charged directly to the participant accounts and are included in administrative expenses. Administrative expenses also include certain investment management and Plan audit fees. Investment-related expenses are included in net depreciation on fair value of investments and are not readily determinable.

Payment of Benefits

Benefits are recorded when paid.

Estimates

The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect certain reported amounts of assets, liabilities, and changes therein, and disclosures of contingent assets and liabilities. Actual results could differ from those estimates.

Subsequent Events

Management has evaluated the activity of the Plan through September 28, 2023, the date the financial statements were available to be issued. Based on this evaluation, management has determined that no subsequent events have occurred that require adjustment or disclosure in the financial statements.

3. FAIR VALUE MEASUREMENTS

Accounting standards establish a framework for measuring fair value that utilizes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described below.

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include quoted prices for similar assets and liabilities in active markets, quoted prices for identical or similar assets or liabilities in inactive markets, inputs other than quoted market prices that are observable for the asset or liability, and inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable, supported by little or no market activity, and significant to the fair value measurement. Level 3 inputs include management's own assumptions about the assumptions that market participants would use in pricing the asset or liability. The Plan had no assets or liabilities valued using Level 3 inputs as of December 31, 2022 and 2021.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2022 and 2021.

Mutual Funds: Shares of mutual funds are valued at the daily closing prices in the active markets in which the securities are traded.

Fixed Annuity Contract: The fixed annuity contract is valued at fair value by discounting the related cash flows based on current yields of similar instruments with comparable durations considering the creditworthiness of the issuer.

The methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Notes to Financial Statements
December 31, 2022 and 2021

The following tables set forth by level, within the fair value hierarchy, the Plan's fair value measurements at December 31, 2022 and 2021:

	<u>\$ 14,281,559</u>	<u>\$ 988,046</u>	<u>\$ -</u>	<u>\$ 15,269,605</u>

4. PLAN OPERATIONS – PROHIBITED TRANSACTIONS

For the year ended December 31, 2022, the Company inadvertently delayed making certain deposits of participant withholdings, Davis Bacon Act contributions, and a loan repayment as soon as these deposits could be reasonably segregated. Such delayed deposits totaled \$317,834. These prohibited transactions have not been corrected at December 31, 2022 and are included on Schedule H, Part IV, Line 4(a) - Schedule of Delinquent Participant Contributions for the year ended December 31, 2022.

5. PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their employer discretionary profit-sharing and matching contributions.

6. TAX STATUS

The Internal Revenue Service has determined and informed the Plan by a letter dated June 30, 2020, that the Plan and related trust are designed in accordance with applicable sections of the IRC. Although the Plan has been amended since receiving the determination letter, the Plan administrator believes that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified and the related trust is tax exempt.

Accounting principles generally accepted in the United State of America require Plan management to evaluate tax positions taken by the Plan and to recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the applicable authorities. The Plan administrator has analyzed the tax positions taken by the Plan and has concluded that as of December 31, 2022 and 2021, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. In addition, there has been no tax-related interest or penalties for the periods presented in these financial statements.

7. INFORMATION CERTIFIED BY CUSTODIANS (UNAUDITED)

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements, including investments and notes receivable from participants held at December 31, 2022 and 2021, and the ERISA-required supplemental Schedule H, part IV, line 4i - Schedule of Assets (Held at End of Year) at December 31, 2022, and net depreciation in fair value of investments, interest and dividends, and interest income on notes receivable from participants for the year ended December 31, 2022, was obtained by management and agreed to or derived from information certified as complete and accurate by Empower Annuity Insurance Company of America and Empower Trust Company, LLC, the custodians of the Plan.

8. TRANSACTIONS WITH PARTIES IN INTEREST

Section 3(14) of ERISA defines a party in interest to include, among others, fiduciaries or employees of the Plan, any person who provides services to the Plan, or an employer whose employees are covered by the Plan. For the year ended December 31, 2022, the Plan's transactions with parties in interest were as follows:

Investments

Certain Plan investments are managed by one of the Plan's custodians, Empower Annuity Insurance Company of America. Fees paid by the Plan to Empower Annuity Insurance Company of America for certain investment management fees were deducted from the net asset values of the funds held by the Plan.

Expenses

All administrative expenses are to be paid by the Plan unless paid by the Plan sponsor. Also, certain employees of the Company, who are also Plan participants, perform administrative services on behalf of the Plan at no cost to the Plan. The Plan sponsor paid substantially all administrative expenses in 2022. Fees related to the administration of notes receivable from participants or to processing of distributions are charged directly to the participant accounts and are included in administrative expenses.

Revenue Credit Account

In accordance with an agreement between Empower Annuity Insurance Company of America and the Plan, the custodian will make deposits to the revenue credit account in an amount consistent with the revenue-sharing terms as defined in the agreement. Any amounts attributable to the account shall be reflected in the Plan records, held in the Plan trust, and invested as directed by the Plan sponsor. Amounts in this account are used to offset Plan administrative expenses, and any amounts unused for expenses may be allocated to participant accounts. For the year ended December 31, 2022, revenue recognized in the revenue credit account amounted to \$35,000, with this amount used to offset the administrative expenses of the Plan.

Notes Receivable from Participants

Notes receivable from participants are also party in interest transactions.

These party in interest transactions are exempt from the prohibited transactions rules of ERISA.

9. RISKS AND UNCERTAINTIES

The Plan invests in various underlying investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.
