INDEPENDENT AUDITORS' REPORT

To the Participants of
Kronospan Inc. 401(k) Plan:

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Kronospan Inc. 401(k) Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained certifications from a qualified institution as of December 31, 2022 and 2021, and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and the procedures performed as described in the *Auditors' Responsibilities for the Audits of the Financial Statements* section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Rödl & Partner

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the *Auditors' Responsibilities for the Audits of the Financial Statements* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements conform with the Plan's provisions, including maintaining sufficient records with respect to each of the participants to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audits of the Financial Statements

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit* section of our report, our objectives are to obtain reasonable assurance about whether the financial statements are free from material misstatement, whether due to fraud or error and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance. Therefore, it is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users made on the basis of these financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Plan's ability to continue as a going concern for a reasonable period of time.

Rödl & Partner

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter — Supplemental Schedule Required by ERISA

The supplemental schedule as of and for the year ended December 31, 2022 is presented for purposes of additional analysis and are not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or are derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

KRONOSPAN INC. 401(k) PLAN
NOTES TO THE FINANCIAL STATEMENTS
DECEMBER 31, 2022 AND 2021

1. GENERAL DESCRIPTION OF PLAN

The following description of the Kronospan Inc. 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering substantially all employees of Kronospan, Inc. (the "Sponsor") as well as participating employers Clarion Boards, Inc., Clarion Laminates LLC, Kronospan LLC, KronoChem USA LLC, Kronospan Laminates LLC, Seratec LLC and Kronospan USA LLC (together, the "Employers") who have at least three months of qualified service and are age 18 or older. The Plan became effective on January 1, 2006 and is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended ("ERISA") and the Internal Revenue Code (the "IRC").

Contributions

Employees eligible to participate in the Plan ("participants") may contribute, on a pre-tax or post-tax basis, whole dollar amounts or a percentage of their compensation, as defined by the Plan, under a salary deferral arrangement, subject to IRC limitations. The Plan also allows participant rollover contributions, which represent distributions from other qualified plans. Eligible employees who do not elect otherwise will be automatically enrolled in the Plan with a salary deferral of 3% of compensation, which will increase annually by 1%, up to a maximum of 6%.

The Employers make qualified automatic contribution ("QACA") safe-harbor matching contributions on behalf of each participant in an amount equal to 100% of the participant's elective deferrals up to 1% of the participant's eligible compensation, plus 50% of the participant's elective deferrals between 1% and 6% of the participant's eligible compensation, as defined. The Employers, at their sole discretion, may also make discretionary matching contributions to the Plan annually on behalf of participants, which are allocated on the basis of each participant's elective deferral. No discretionary matching contributions were made for the year ended December 31, 2022.

Investment options

The Plan's investment assets are held by Fidelity Management Trust Company (the "Custodian"), the custodian of the Plan's assets. Under this arrangement with the Custodian and upon enrollment in the Plan, participants direct contributions in any whole percentage or dollar increment into any of the available funds. Participants may change their allocations among the various investment options at any time.

Participant accounts

Each participant's account is credited with (a) the participant's contributions, (b) the Employers' contributions on behalf of the participant, and (c) the earnings and losses of the participant's investments and is charged with any expenses incurred as a result of transactions initiated by the participant. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting and forfeitures

Participants are immediately vested in all salary deferral contributions to the Plan plus earnings thereon. Vesting in the Employers' QACA safe-harbor matching contributions and discretionary matching contributions and actual earnings thereon is based on periods of qualifying service. A participant is 100% vested after two years of credited service. Forfeitures of nonvested balances are used to pay administrative expenses or to reduce future Employers contributions. During the year ended December 31, 2022, forfeited amounts totaled \$59,495 and \$79,069 was used to pay administrative expenses. The unallocated forfeitures balance was \$19,594 and \$36,533 at December 31, 2022 and 2021, respectively.

Notes receivable from participants

Each participant is eligible to borrow funds from his or her investment account balance, subject to certain limitations as documented in the Plan. Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum amount equal to the lesser of \$50,000 or 50% of their vested account balance. Loan terms may not exceed five years, unless the loan qualifies as a home loan, for which the term may be extended at the discretion of the plan administrator. The loans are secured by the balance in the participant's account and bear interest at a fixed rate as determined by the plan administrator. Principal and interest are paid ratably

through periodic payroll deductions. The interest rate on participant loans outstanding ranged from 4.25% to 8.00% per annum as of December 31, 2022. The interest rate on participant loans outstanding ranged from 4.25% to 6.50% per annum as of December 31, 2021. A participant may only have two loans outstanding at a time.

Payment of benefits

Upon termination of service, or for reasons of death, disability, or retirement, a participant may elect to receive either lump-sum withdrawal of his or her account or elect to have his or her account balance transferred to an Individual Retirement Account ("IRA") or to another qualified employer plan. Active employees may withdraw some or all of their vested account balance as permitted under the IRC, upon attainment of age 59½. In the event that a participant terminates employment with the Employers and has a vested account balance of \$1,000 or less, the participant will receive an automatic distribution of those funds. A participant whose vested account balance exceeds \$1,000 but does not exceed \$5,000 will have their vested account balance rolled over into an IRA outside of the Plan in their name as soon as administratively feasible following termination of employment. Active employees may withdraw a minimum of \$500 from the salary deferral portion of their accounts for reasons of financial hardship as defined by IRC regulations.

Administrative expenses

Administrative fees associated with certain participant-directed transactions are paid by the Plan. These fees are charged to the accounts of the participants who initiate the transactions.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of accounting

The accompanying financial statements are prepared on the accrual basis of accounting, in accordance with accounting principles generally accepted in the United States of America.

Payment of benefits

Benefits are recorded when paid.

Use of estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan's management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results could differ from those estimates.

Investment valuation and income recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements. Interest is recorded when earned. Dividends are recorded on the ex-dividend date. Net appreciation/depreciation includes unrealized and realized gains and losses on investments bought and sold as well as held during the year.

Expenses

Certain expenses incurred maintaining the Plan are paid directly by the Employers and are excluded from these financial statements. Investment-related expenses are included in net appreciation of fair value of investments.

Notes receivable from participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest.

Plan amendments

Effective September 8, 2021, the Plan document was restated to bring the Plan into compliance with the legislative and regulatory changes set forth in IRS Notice 2017-37 for a 6-year pre-approved plan restatement cycle. At the same time, the limit of 4% for additional discretionary matching contributions was removed.

3. INFORMATION PREPARED AND CERTIFIED BY THE CUSTODIAN (UNAUDITED)

The Employers have elected the method of compliance as permitted by 29 CFR 2520.103-8 of the United States Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the Employers instructed the Plan's independent auditors not to perform any auditing procedures with respect to the following information certified by the Custodian, except for comparing such information certified by the Custodian to information included in the Plan's financial statements and supplemental schedule.

The following information included in the Plan's financial statements and supplemental schedule was prepared and certified to be complete and accurate by the Custodian as of December 31, 2022 and 2021 and for the year ended December 31, 2022:

	2022	2021
Investments at fair value:		
Mutual funds	\$ 20,884,846	\$ 26,267,613
Collective trust	1,605,608	913,888
Total investments at fair value	<u>\$ 22,490,454</u>	<u>\$ 27,181,501</u>
Investment (loss) income:		
Net depreciation in fair value of investments	\$ (6,052,214)	
Dividends and interest	769,950	
Total investment loss	<u>\$ (5,282,264)</u>	

4. FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy are described as follows:

Level 1

Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2

Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3

Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs. Following is a description of the valuation methodologies used for assets measured at fair value. There were no changes in the methodologies used during the year ended December 31, 2022.

- Mutual funds: Valued at the net asset value ("NAV") of shares held by the Plan at year end. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange

Commission. These funds are required to publish their daily NAV and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

- Collective trust: Valued at the NAV of units of the collective trust. The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value. This practical expedient would not be used if it is determined to be probable that the fund will sell the investment for an amount different from the reported net asset value. Participant transactions (purchases and sales) may occur daily.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Sponsor believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2022 and 2021:

Investments at fair value as of December 31, 2022				
	Level 1	Level 2	Level 3	Total
Total assets in fair value hierarchy - mutual funds	\$ 20,884,846	\$ -	\$ -	\$ 20,884,846
Investments measured using NAV as a practical expedient				1,605,608
				<u>\$ 22,490,454</u>
Investments at fair value as of December 31, 2021				
	Level 1	Level 2	Level 3	Total
Total assets in fair value hierarchy - mutual funds	\$ 26,267,613	\$ -	\$ -	\$ 26,267,613
Investments measured using NAV as a practical expedient				913,888
				<u>\$ 27,181,501</u>

5. INCOME TAX STATUS

The Plan utilizes a prototype plan document sponsored by FMR LLC, who received a letter from the Internal Revenue Service (the "IRS"), dated June 30, 2020, in which the IRS opined that the prototype plan is acceptable under the applicable sections of the IRC.

The Plan has not obtained a determination from the IRS on its adoption of the prototype plan. In accordance with Revenue Procedure 2002-6, the Sponsor has chosen to rely on the opinion letter of the prototype plan. Once qualified, the Plan is required to operate in conformity with the IRC to maintain its qualification. The Plan Sponsor believes the Plan is being operated in compliance with the applicable requirements of the IRC and, therefore, is qualified and the related trust is tax exempt.

Accounting principles generally accepted in the United States of America require the Plan's management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by taxing authorities. The Plan is subject to routine audits by taxing jurisdictions; however, there are no audits for any tax periods in progress, and the plan administrator believes that the Plan is no longer subject to income tax examinations for years prior to 2019.

6. RELATED PARTY TRANSACTIONS

The Employers pay certain costs on behalf of the Plan for third party administration, insurance and audit fees. The Employers also provide recordkeeping and administrative services to the Plan at no cost.

7. RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

The following is a reconciliation of net assets available for benefits and changes in net assets available for benefits per the financial statements as of December 31, 2022 and 2021, and for the year ended December 31, 2022 to the Form 5500, Annual Return/Report of Employee Benefit Plan:

	2022	2021
Net assets available for benefits per the financial statements	\$ 23,604,899	\$ 28,165,445
Certain deemed distributions of participant loans	(10,108)	(11,278)

Employers contributions receivable	(28,169)	(47,041)
Net assets available for benefits per Form 5500	<u>\$ 23,514,294</u>	<u>\$ 28,018,044</u>
Net decrease in assets available for benefits per the financial statements	\$ (4,560,546)	
Certain deemed distributions of participant loans, including turnaround effect from prior year	1,170	
Participant contributions receivable, including turnaround effect from prior year	36,754	
Employers contributions receivable, including turnaround effect from prior year	<u>18,872</u>	
Net decrease in assets available for benefits per Form 5500	<u>\$ (4,503,750)</u>	

8. PLAN TERMINATION

Although they have not expressed any intent to do so, the Employers have the right under the Plan to discontinue their contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, all participants would become 100% vested in their accounts.

9. RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

10. SUBSEQUENT EVENTS

The Employers have evaluated subsequent events through October 3, 2023, the date the financial statements were available to be issued.

INDEPENDENT AUDITORS' REPORT

To the Participants of
Kronospan Inc. 401(k) Plan:

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Kronospan Inc. 401(k) Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained certifications from a qualified institution as of December 31, 2022 and 2021, and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and the procedures performed as described in the *Auditors' Responsibilities for the Audits of the Financial Statements* section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Rödl & Partner

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the *Auditors' Responsibilities for the Audits of the Financial Statements* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements conform with the Plan's provisions, including maintaining sufficient records with respect to each of the participants to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audits of the Financial Statements

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit* section of our report, our objectives are to obtain reasonable assurance about whether the financial statements are free from material misstatement, whether due to fraud or error and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance. Therefore, it is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users made on the basis of these financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Plan's ability to continue as a going concern for a reasonable period of time.

Rödl & Partner

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter — Supplemental Schedule Required by ERISA

The supplemental schedule as of and for the year ended December 31, 2022 is presented for purposes of additional analysis and are not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or are derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

KRONOSPAN INC. 401(k) PLAN
NOTES TO THE FINANCIAL STATEMENTS
DECEMBER 31, 2022 AND 2021

1. GENERAL DESCRIPTION OF PLAN

The following description of the Kronospan Inc. 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering substantially all employees of Kronospan, Inc. (the "Sponsor") as well as participating employers Clarion Boards, Inc., Clarion Laminates LLC, Kronospan LLC, KronoChem USA LLC, Kronospan Laminates LLC, Seratec LLC and Kronospan USA LLC (together, the "Employers") who have at least three months of qualified service and are age 18 or older. The Plan became effective on January 1, 2006 and is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended ("ERISA") and the Internal Revenue Code (the "IRC").

Contributions

Employees eligible to participate in the Plan ("participants") may contribute, on a pre-tax or post-tax basis, whole dollar amounts or a percentage of their compensation, as defined by the Plan, under a salary deferral arrangement, subject to IRC limitations. The Plan also allows participant rollover contributions, which represent distributions from other qualified plans. Eligible employees who do not elect otherwise will be automatically enrolled in the Plan with a salary deferral of 3% of compensation, which will increase annually by 1%, up to a maximum of 6%.

The Employers make qualified automatic contribution ("QACA") safe-harbor matching contributions on behalf of each participant in an amount equal to 100% of the participant's elective deferrals up to 1% of the participant's eligible compensation, plus 50% of the participant's elective deferrals between 1% and 6% of the participant's eligible compensation, as defined. The Employers, at their sole discretion, may also make discretionary matching contributions to the Plan annually on behalf of participants, which are allocated on the basis of each participant's elective deferral. No discretionary matching contributions were made for the year ended December 31, 2022.

Investment options

The Plan's investment assets are held by Fidelity Management Trust Company (the "Custodian"), the custodian of the Plan's assets. Under this arrangement with the Custodian and upon enrollment in the Plan, participants direct contributions in any whole percentage or dollar increment into any of the available funds. Participants may change their allocations among the various investment options at any time.

Participant accounts

Each participant's account is credited with (a) the participant's contributions, (b) the Employers' contributions on behalf of the participant, and (c) the earnings and losses of the participant's investments and is charged with any expenses incurred as a result of transactions initiated by the participant. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting and forfeitures

Participants are immediately vested in all salary deferral contributions to the Plan plus earnings thereon. Vesting in the Employers' QACA safe-harbor matching contributions and discretionary matching contributions and actual earnings thereon is based on periods of qualifying service. A participant is 100% vested after two years of credited service. Forfeitures of nonvested balances are used to pay administrative expenses or to reduce future Employers contributions. During the year ended December 31, 2022, forfeited amounts totaled \$59,495 and \$79,069 was used to pay administrative expenses. The unallocated forfeitures balance was \$19,594 and \$36,533 at December 31, 2022 and 2021, respectively.

Notes receivable from participants

Each participant is eligible to borrow funds from his or her investment account balance, subject to certain limitations as documented in the Plan. Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum amount equal to the lesser of \$50,000 or 50% of their vested account balance. Loan terms may not exceed five years, unless the loan qualifies as a home loan, for which the term may be extended at the discretion of the plan administrator. The loans are secured by the balance in the participant's account and bear interest at a fixed rate as determined by the plan administrator. Principal and interest are paid ratably

through periodic payroll deductions. The interest rate on participant loans outstanding ranged from 4.25% to 8.00% per annum as of December 31, 2022. The interest rate on participant loans outstanding ranged from 4.25% to 6.50% per annum as of December 31, 2021. A participant may only have two loans outstanding at a time.

Payment of benefits

Upon termination of service, or for reasons of death, disability, or retirement, a participant may elect to receive either lump-sum withdrawal of his or her account or elect to have his or her account balance transferred to an Individual Retirement Account ("IRA") or to another qualified employer plan. Active employees may withdraw some or all of their vested account balance as permitted under the IRC, upon attainment of age 59½. In the event that a participant terminates employment with the Employers and has a vested account balance of \$1,000 or less, the participant will receive an automatic distribution of those funds. A participant whose vested account balance exceeds \$1,000 but does not exceed \$5,000 will have their vested account balance rolled over into an IRA outside of the Plan in their name as soon as administratively feasible following termination of employment. Active employees may withdraw a minimum of \$500 from the salary deferral portion of their accounts for reasons of financial hardship as defined by IRC regulations.

Administrative expenses

Administrative fees associated with certain participant-directed transactions are paid by the Plan. These fees are charged to the accounts of the participants who initiate the transactions.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of accounting

The accompanying financial statements are prepared on the accrual basis of accounting, in accordance with accounting principles generally accepted in the United States of America.

Payment of benefits

Benefits are recorded when paid.

Use of estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan's management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results could differ from those estimates.

Investment valuation and income recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements. Interest is recorded when earned. Dividends are recorded on the ex-dividend date. Net appreciation/depreciation includes unrealized and realized gains and losses on investments bought and sold as well as held during the year.

Expenses

Certain expenses incurred maintaining the Plan are paid directly by the Employers and are excluded from these financial statements. Investment-related expenses are included in net appreciation of fair value of investments.

Notes receivable from participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest.

Plan amendments

Effective September 8, 2021, the Plan document was restated to bring the Plan into compliance with the legislative and regulatory changes set forth in IRS Notice 2017-37 for a 6-year pre-approved plan restatement cycle. At the same time, the limit of 4% for additional discretionary matching contributions was removed.

3. INFORMATION PREPARED AND CERTIFIED BY THE CUSTODIAN (UNAUDITED)

The Employers have elected the method of compliance as permitted by 29 CFR 2520.103-8 of the United States Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the Employers instructed the Plan's independent auditors not to perform any auditing procedures with respect to the following information certified by the Custodian, except for comparing such information certified by the Custodian to information included in the Plan's financial statements and supplemental schedule.

The following information included in the Plan's financial statements and supplemental schedule was prepared and certified to be complete and accurate by the Custodian as of December 31, 2022 and 2021 and for the year ended December 31, 2022:

	2022	2021
Investments at fair value:		
Mutual funds	\$ 20,884,846	\$ 26,267,613
Collective trust	1,605,608	913,888
Total investments at fair value	<u>\$ 22,490,454</u>	<u>\$ 27,181,501</u>
Investment (loss) income:		
Net depreciation in fair value of investments	\$ (6,052,214)	
Dividends and interest	769,950	
Total investment loss	<u>\$ (5,282,264)</u>	

4. FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy are described as follows:

Level 1

Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2

Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3

Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs. Following is a description of the valuation methodologies used for assets measured at fair value. There were no changes in the methodologies used during the year ended December 31, 2022.

- Mutual funds: Valued at the net asset value ("NAV") of shares held by the Plan at year end. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange

Commission. These funds are required to publish their daily NAV and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

- Collective trust: Valued at the NAV of units of the collective trust. The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value. This practical expedient would not be used if it is determined to be probable that the fund will sell the investment for an amount different from the reported net asset value. Participant transactions (purchases and sales) may occur daily.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Sponsor believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2022 and 2021:

Investments at fair value as of December 31, 2022				
	Level 1	Level 2	Level 3	Total
Total assets in fair value hierarchy - mutual funds	\$ 20,884,846	\$ -	\$ -	\$ 20,884,846
Investments measured using NAV as a practical expedient				1,605,608
				<u>\$ 22,490,454</u>
Investments at fair value as of December 31, 2021				
	Level 1	Level 2	Level 3	Total
Total assets in fair value hierarchy - mutual funds	\$ 26,267,613	\$ -	\$ -	\$ 26,267,613
Investments measured using NAV as a practical expedient				913,888
				<u>\$ 27,181,501</u>

5. INCOME TAX STATUS

The Plan utilizes a prototype plan document sponsored by FMR LLC, who received a letter from the Internal Revenue Service (the "IRS"), dated June 30, 2020, in which the IRS opined that the prototype plan is acceptable under the applicable sections of the IRC.

The Plan has not obtained a determination from the IRS on its adoption of the prototype plan. In accordance with Revenue Procedure 2002-6, the Sponsor has chosen to rely on the opinion letter of the prototype plan. Once qualified, the Plan is required to operate in conformity with the IRC to maintain its qualification. The Plan Sponsor believes the Plan is being operated in compliance with the applicable requirements of the IRC and, therefore, is qualified and the related trust is tax exempt.

Accounting principles generally accepted in the United States of America require the Plan's management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by taxing authorities. The Plan is subject to routine audits by taxing jurisdictions; however, there are no audits for any tax periods in progress, and the plan administrator believes that the Plan is no longer subject to income tax examinations for years prior to 2019.

6. RELATED PARTY TRANSACTIONS

The Employers pay certain costs on behalf of the Plan for third party administration, insurance and audit fees. The Employers also provide recordkeeping and administrative services to the Plan at no cost.

7. RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

The following is a reconciliation of net assets available for benefits and changes in net assets available for benefits per the financial statements as of December 31, 2022 and 2021, and for the year ended December 31, 2022 to the Form 5500, Annual Return/Report of Employee Benefit Plan:

	2022	2021
Net assets available for benefits per the financial statements	\$ 23,604,899	\$ 28,165,445
Certain deemed distributions of participant loans	(10,108)	(11,278)
Participant contributions receivable	(52,328)	(89,082)
Employers contributions receivable	(28,169)	(47,041)
Net assets available for benefits per Form 5500	<u>\$ 23,514,294</u>	<u>\$ 28,018,044</u>
Net decrease in assets available for benefits per the financial statements	\$ (4,560,546)	
Certain deemed distributions of participant loans, including turnaround effect from prior year	1,170	
Participant contributions receivable, including turnaround effect from prior year	36,754	
Employers contributions receivable, including turnaround effect from prior year	<u>18,872</u>	
Net decrease in assets available for benefits per Form 5500	<u>\$ (4,503,750)</u>	

8. PLAN TERMINATION

Although they have not expressed any intent to do so, the Employers have the right under the Plan to discontinue their contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, all participants would become 100% vested in their accounts.

9. RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

10. SUBSEQUENT EVENTS

The Employers have evaluated subsequent events through October 3, 2023, the date the financial statements were available to be issued.
