To the Plan Administrator
Wolverine Power Supply Cooperative, Inc. Non-Union 401(k) Plan
Cadillac, Michigan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the accompanying financial statements of the Wolverine Power Supply Cooperative, Inc. Non-Union 401(k) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the Wolverine Power Supply Cooperative, Inc. Non-Union 401(k) Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of December 31, 2022, and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 6 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Wolverine Power Supply Cooperative, Inc. Non-Union 401(k) Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Wolverine Power Supply Cooperative, Inc. Non-Union 401(k) Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Wolverine Power Supply Cooperative, Inc. Non-Union 401(k) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Wolverine Power Supply Cooperative, Inc. Non-Union 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2022

NOTE 1 – DESCRIPTION OF PLAN

The following description of the Wolverine Power Supply Cooperative, Inc. Non-Union 401(k) Plan (the “Plan”) is provided for general information purposes only. Participants should refer to the Summary Plan Description for a more complete description of the Plan’s provisions.

General

Effective January 1, 1983, Wolverine Power Supply Cooperative, Inc. (“the Plan sponsor”) implemented a defined contribution plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

The Plan covers substantially all employees - with the exception of:

- Union employees whose employment is governed by a collective bargaining agreement under which retirement benefits were the subject of good faith bargaining, unless the collective bargaining agreement requires the employee to be included within the Plan
- Employees who are residents of Puerto Rico

The Plan has been amended from time to time to comply with current legislation (most recently effective June 8, 2022). Management believes the Plan is designed and is currently being operated in compliance with the applicable requirements of the Internal Revenue Code.

Eligibility

Employees become eligible to participate in the Plan following the completion of 1 year of service (at least 1,000 hours). Participants may enter the Plan on the first day of the month coinciding with or next following the date the employee satisfies the eligibility requirements.

NOTE 1 – DESCRIPTION OF PLAN (CONTINUED)

Contributions

Participants may make voluntary contributions to the Plan of up to 100% of their annual eligible compensation, but not in excess of the maximum amount permitted by the Internal Revenue Code. The Plan sponsor has a safe harbor match of 100% of employee contributions up to 5% of their annual compensation (up to the annual IRS contribution limit).

In addition, the Plan sponsor may elect to make a discretionary profit-sharing contribution to eligible participants, determined each year by management.

Participant accounts

Upon enrollment in the Plan, or at any time subsequent, a participant may direct contributions into any of the available investment options. Each participant's account is credited with contributions in an amount equal to the salary reduction elected by that employee and any related matching contribution. Earnings and administrative expenses are allocated based on the participant's account balance. The benefit to which a participant is entitled is the benefit that can be provided from the participant's account.

Vesting

Each participant's account is credited with voluntary contributions and an allocation of Plan earnings based on the participant's account balance. Participants are immediately vested in their elective deferral, plus actual earnings; employer safe harbor contributions, plus actual earnings; and employer profit sharing contributions.

NOTE 1 – DESCRIPTION OF PLAN (CONTINUED)

Loans

The Plan does not allow participants to borrow money from the Plan.

Benefit Payments

Generally, benefits are paid to participants at termination. When the service period ends as a result of death or retirement, the participant or beneficiary will receive benefits in the form of an annuity unless the participant waives the annuity form of payment and elects a lump sum form of payment. Any account balances of \$5,000 or less are distributed after termination with or without participant's consent. At December 31, 2022, the Plan had obligations to terminated employees totaling \$2,577,348.

Investment Options

All investments are participant directed among various Transamerica Life Insurance Company, Inc. investment options.

Administrative Expenses

Certain plan administrative fees are absorbed by the Company and certain administrative fees are paid by the Plan. Administrative fees paid by the Plan amounted to \$4,103 during 2022.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The accompanying financial statements of the Plan have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES
(CONTINUED)

Investment Valuation and Income Recognition

All Plan investments are held by the custodian, Transamerica Life Insurance Company, Inc., and are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date based on quoted market prices. See Note 7 for further discussion and disclosure related to fair value measurements.

Purchases and sales of investments are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Realized and unrealized gains and losses on the Plan's investments are included in net appreciation in the fair value of investments in the statements of changes in net assets available for benefits.

Payment of Benefits

Benefits are recorded when paid.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America require Plan management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein and disclosure of contingent assets and liabilities at the date of the financial statements. Actual results could differ from those estimates.

Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2022

NOTE 3 – PLAN TERMINATION

Although it has not expressed any intent to do so, the Plan sponsor has the right to terminate the Plan subject to the provisions of ERISA. In the event of termination, the plan custodian shall hold the funds for distribution and distribute to the participants the full amount standing to their credit on the date of such termination, less the administrative cost to the custodian for such distribution, in accordance with the Plan provisions.

NOTE 4 – TAX STATUS

The Plan sponsor's Board of Directors adopted the Volume Submitter Profit Sharing 401(k) Plan document. The Plan document has received an opinion letter dated June 30, 2020 from the Internal Revenue Service stating that the written form of the underlying prototype plan document is qualified under Section 401(a) of the Internal Revenue Code (the "Code") and that any employer adopting this form of the Plan will be considered to have a plan qualified under Section 401(a) of the Code. The Plan is required to operate in conformity with the Code to maintain qualification.

Although the Plan may be amended subsequent to receiving the determination letter, management believes the Plan is designed and is currently being operated in compliance with the applicable requirements of the Internal Revenue Code and, therefore, believes the Plan is qualified and the related trust is tax exempt.

The Plan has adopted the provisions of ASC Topic 740, *Income Taxes*, relating to uncertain tax positions. ASC Topic 740 provides a consistent framework to determine the appropriate level of tax reserves to maintain for uncertain tax positions. Specifically, the Plan must recognize a tax liability (or asset) if the Plan has taken an uncertain position that *more likely than not* would not be sustained upon examination by applicable taxing authorities.

The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2022, there were no uncertain tax positions taken or expected to be taken that would require recognition or disclosure in the financial statements.

NOTE 5 – PARTY-IN-INTEREST TRANSACTIONS

The Plan sponsor provides certain accounting, recordkeeping, and administrative services for the Plan for which no compensation is received. Administrative expenses for legal, accounting and other services are rendered by parties-in-interest and are paid by the Plan sponsor.

Certain plan assets are in investment funds managed by Transamerica Life Insurance Company, Inc. Therefore, transactions with Transamerica Life Insurance Company, Inc. qualify as party-in-interest transactions.

NOTE 6 – INVESTMENTS - UNAUDITED

Management, having determined it is permissible in the circumstances, has elected to have the audit of the Wolverine Power Supply Cooperative, Inc. Non-Union 401(k) Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Transamerica Life Insurance Company, Inc., the custodian of the Plan, has certified the completeness and accuracy of all investment information reflected in the accompanying statements of net assets available for benefits as of December 31, 2022 and 2021, the 2022 schedule of assets held at end of year, and the related investment activity reflected in the statements of changes in net assets available for benefits for 2022.

NOTE 7 – FAIR VALUE OF FINANCIAL INSTRUMENTS

FASB ASC Topic 820, *Fair Value Measurements and Disclosures*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). ASC Topic 820 requires fair value measurements to be separately disclosed by level within the fair value hierarchy.

The three levels of fair value hierarchy under ASC Topic 820 are described as follows:

Level 1: inputs to the valuation methodology are unadjusted quoted prices for *identical* assets or liabilities in active markets that the Plan has the ability to access.

Level 2: inputs to the valuation methodology include: quoted market prices for *similar* assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; and inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Valuation is generated from model-based techniques that use at least one significant assumption not observable in the market. These unobservable assumptions reflect the estimates of assumptions that market participants would use in pricing the asset or liability.

NOTE 7 – FAIR VALUE OF FINANCIAL INSTRUMENTS (CONTINUED)

The following valuation methodologies were used to measure the fair value of the Plan's investments:

Pooled separate accounts are valued at the current participation-unit value of units held by the Plan at year-end. The unit value is valued at the NAV of underlying variable portfolio fund shares held by the portfolio at year-end. Pooled separate account holdings are included as Level 1 assets in the fair value hierarchy.

Fully benefit-responsive investment contracts (FBRIC's) consist of a diversified portfolio of group annuity contracts issued by life insurance companies, banks and other financial institutions - the performance of which may be predicated on underlying fixed income investments. The principal value of these assets is designed to remain stable regardless of stock and bond market fluctuations. FBRIC's are valued at fair value using NAV per share (or its equivalent) as a practical expedient at year-end. Accordingly, under the new accounting pronouncements, the FBRIC's which are carried at fair value using the net asset value practical expedient, are no longer carried at contract value in the statement of net assets available for benefits and are not categorized within the fair value hierarchy.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Further, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table set forth, by level within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2022:

Description	Investments at fair value - December 31, 2022			
	Level 1	Level 2	Level 3	Total
