Report of Independent Auditors

The Plan Administrator and Participants of the Plan of
Kinross Gold Retirement Plan

Report on the Audit of the Financial Statements

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the financial statements of Kinross Gold Retirement Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2022, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the 2022 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- the amounts and disclosures in the accompanying 2022 financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (GAAP).
- the information in the accompanying 2022 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Kinross Gold Retirement Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion on the 2022 financial statements.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Kinross Gold Retirement Plan's ability to continue as a going concern within one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- exercise professional judgment and maintain professional skepticism throughout the audit.
- identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Kinross Gold Retirement Plan's internal control. Accordingly, no such opinion is expressed.

- evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Kinross Gold Retirement Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2022 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the 2022 financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters

Supplemental Schedules Required by ERISA

The supplemental schedules of Schedule H, Line 4(i)—Schedule of Assets (Held at End of Year) as of December 31, 2022 and Schedule H, Line 4(a)—Schedule of Delinquent Participant Contributions, for the year ended December 31, 2022, are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosures under ERISA.

- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditor's Report on the 2021 Financial Statements

Predecessor auditors performed an audit of the 2021 financial statements of Kinross Gold Retirement Plan. In accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the prior year audit did not extend to any statements or information related to assets held for investment of the plan that were certified by a qualified institution. Their report dated October 13, 2022 indicated that (a) the amounts and disclosures in the 2021 financial statements, other than those agreed to or derived from the certified investment information, were presented fairly, in all material respects, in accordance with GAAP, and (b) the information in the 2021 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C). Their report also indicated that the form and content of the 2021 supplemental schedule, other than the information in the 2021 supplemental schedule that agreed to or is derived from the certified investment information, was presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA; and the information in the 2021 supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determines meets the requirements of ERISA Section 103(a)(3)(C).

KINROSS GOLD RETIREMENT PLAN

Notes to Financial Statements

December 31, 2022 and 2021

(1) Description of the Kinross Gold Retirement Plan

(a) General

The Kinross Gold Retirement Plan (the Plan) is a defined contribution plan sponsored by Kinross Gold USA, Inc. (the Company) established effective January 1, 1989, and most recently restated effective July 15, 2022, which covers substantially all employees of the Company and certain related employers that have adopted the Plan. It is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA). Participants who have attained age 18 become eligible for participation on the first day of the month on or after their date of hire for purposes of elective deferral contributions. Participants must have completed three months of service to be eligible for employer matching contributions and six months of service to be eligible for employer additional contributions. The Plan is designed and operated to be a “safe harbor” plan under the Internal Revenue Code of 1986, as amended (IRC) Section 401(k)(12). The Company serves as the Plan administrator. Principal Life Insurance Company is the record-keeper and Delaware Charter Guarantee and Trust Company d/b/a Principal Trust Company, a qualified institution, is the custodian of the Plan. Plan participants should refer to the Plan document for a more complete description of the Plan’s provisions.

(b) Contributions

Participants may elect to contribute on a tax-deferred basis from 1% to 50% of eligible compensation not to exceed \$20,500 in 2022 and \$19,500 in 2021. Eligible employees who reach age 50 during the plan year also may elect to make “catch-up” contributions not to exceed \$6,500 in 2022 and 2021, respectively. Each payroll period the Company makes matching contributions equal to 100% of participant deferral contributions up to 6% of eligible compensation, as well as additional contributions equal to 4% of participants’ eligible compensation.

The Plan offers automatic enrollment, whereby an eligible employee is automatically enrolled in the Plan to contribute 3% of the employee’s eligible compensation as pre-tax elective deferrals when the employee first becomes eligible to participate in the Plan, unless he or she elects otherwise.

(c) Participant Accounts

Each participant’s account is credited with the participant’s deferral contributions and employer matching and additional contributions and charged with applicable administrative fees. Earnings (losses) credited to each participant’s account reflect actual earnings (losses) of each particular investment in which the participant’s account is allocated.

(d) Investment Direction

Participants are responsible for the investment direction of their individual accounts in any of the investment options made available by the Plan. If a participant does not make an election as to how the Plan should invest their contributions, the Plan will invest such contributions into the Principal Lifetime Collective Investment Trust (CIT) Tier II with the year closest to the year in which the participant will attain age 65.

(e) Vesting

Participants are immediately 100% vested in all Plan contributions and the earnings thereon.

KINROSS GOLD RETIREMENT PLAN

Notes to Financial Statements

December 31, 2022 and 2021

(f) Payment of Benefits

Each participant is entitled to a lump-sum payment or annuity payments of vested benefits in the Plan upon severance from employment, retirement, or death. In addition, a participant may withdraw benefits from the Plan in certain hardship situations, upon attaining age 59-1/2, and from his or her rollover account generally at any time.

(g) Notes Receivable from Participants

Participants are permitted to borrow up to 50% of their account balances up to a maximum of \$10,000 per participant. Principal and interest repayments are paid ratably through payroll deductions. Notes receivable from participants bear interest at a fixed rate equal to the Wall Street Journal Prime Rate plus 2% (or such other commercially reasonable rate as determined by the Plan administrator from time to time). As of December 31, 2022, interest rates ranged from 4.25% to 9.50% with maturity dates through November 2026. Notes receivable from participants are secured by the participants' accounts.

(h) Administrative Expenses

Participants pay the costs of administering the Plan through a flat fee of \$44 per year with additional fees for certain participant-level services. Certain administrative expenses of the Plan are paid by the Company.

(2) Summary of Significant Accounting Policies

(a) Basis of Presentation

The accompanying financial statements of the Plan have been prepared on an accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP) and under the requirements of ERISA, and they present the net assets available for benefits and changes in those net assets.

(b) Use of Estimates

The preparation of financial statements in conformity with U.S. GAAP requires the Plan administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of additions and deductions from net assets during the reporting period. Actual results could differ from those estimates.

(c) Investment Valuation and Income Recognition

Investments in pooled separate accounts (PSAs) and the Principal Lifetime CITs are stated at the net asset value (NAV) of the units held by the Plan. Mutual funds are valued at the daily closing price as reported by the fund. The Plan's investment in the Principal Stable Value Z Fund (PSVF), a Common Collective Trust (CCT), is stated at fair value.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on an accrual basis. Dividends are recorded on the ex-dividend date. The net appreciation or depreciation in fair value of investments (net realized and unrealized gains and losses) is reflected in the accompanying statements of changes in net assets available for benefits and is determined as the difference between the market value at the beginning of the year (or date purchased during the year) and the selling price or year-end market value.

Notes to Financial Statements

December 31, 2022 and 2021

(d) Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Defaulted participant notes receivable are taxable distributions based upon the terms of the Plan document and applicable Treasury Regulations. No allowance for credit losses have been recorded as of December 31, 2022 or 2021.

(e) Payment of Benefits

Benefits are recorded when paid.

(f) Fair Value Measurements

U.S. GAAP establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under U.S. GAAP are described below:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability; and
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan's administrator believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different estimate of fair value at the reporting date.

The Plan's investments in PSAs and the Principal Lifetime CITs are stated at NAV. These investments are transacted at NAV on a daily basis, and as such are considered to have a readily determinable fair value. The PSAs and the Principal Lifetime CITs held by the Plan are deemed to have observable inputs and are classified as Level 2.

Mutual funds are valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission.

KINROSS GOLD RETIREMENT PLAN

Notes to Financial Statements

December 31, 2022 and 2021

These funds are required to publish their daily NAV and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded and are classified as Level 1.

The PSVF is a stable value fund whose underlying portfolio is composed primarily of fully benefit-responsive investment contracts. Since the Plan indirectly holds the fully benefit-responsive investment contracts through beneficial ownership of this CCT, the Plan is not required to value its investment in this CCT at contract value in accordance with Part 1 of FASB ASU No. 2015-12. Accordingly, the Plan's investment in this CCT is reported at fair value. The Plan values this CCT based on the evaluation of the net assets of this CCT, whereby the assets and liabilities of this CCT are valued based on each underlying investment within this CCT, incorporating valuations that consider the evaluation of sale transactions with third parties, expected cash flows and market-based information. Participant transactions such as purchases and sales may occur daily. If the Plan initiates a full redemption of the collective trust, the issuer reserves the right to require 12 months' notification in order to ensure that securities liquidations will be carried out in an orderly business manner. Having considered the nature of the portfolio of this underlying CCT, its ability to liquidate its underlying investments and other restrictions on the disposition of this investment, the PSVF is classified as Level 2.

Fair value information for investments that are measured at fair value on a recurring basis is as follows as of December 31, 2022:

Assets measured at Fair Value as of December 31, 2022

(g) Changes in Fair Value Levels

The availability of observable market data is monitored to assess the appropriate classification of financial instruments within the fair value hierarchy. Changes in economic conditions may require the transfer of financial instruments from one fair value level to another. There were no transfers between levels during 2022 and 2021.

(3) Information Certified by the Plan's Custodian

The Plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, the custodian has certified that the following data included in the accompanying financial statements and supplemental schedule is complete and accurate:

- a) Investments and notes receivable from participants as shown in the accompanying statements of net assets available for benefits as of December 31, 2022 and 2021;
- b) Net investment income and interest on notes receivable from participants as shown in the accompanying statements of changes in net assets available for benefits for the years ended December 31, 2022 and 2021; and
- c) The schedule of assets (held at end of year) as of December 31, 2022, as shown in the accompanying supplemental schedule.

(4) Income Taxes

Effective July 15, 2022, the Plan was restated using the Principal Non-Standardized Pre-Approved Plan (with minor modifications), which received an Internal Revenue Service (IRS) opinion letter dated June 30, 2020, in which the IRS stated that the pre-approved plan, as then designed, was in compliance with the applicable requirements of the IRC. Effective January 1, 2020 through July 14, 2022, the Plan used the Principal 401(k) Volume Submitter (with modifications), which received an IRS advisory letter dated August 8, 2014, in which the IRS stated that the volume submitter, as then designed, was in compliance with the applicable requirements of the IRC. The Plan administrator believes that the Plan is designed and operated in compliance with the applicable requirements of the IRC.

U.S. GAAP requires plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2022, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

(5) Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan, subject to the provisions of ERISA.

(6) Party-in-Interest Transactions

The Plan engages in transactions involving the acquisition and disposition of investment funds with Principal Trust Company who is a party-in-interest with respect to the Plan. These transactions are covered by an exemption from the "prohibited transactions" provision of ERISA and the IRC.

(7) Risks and Uncertainties

The Plan invests in certain PSAs, mutual funds and CCTs. Investments, in general, are exposed to various risks, such as significant world events, interest rate, credit, and overall market volatility risk. Due to the level of risk associated with certain investments, it is reasonably possible that changes in the value of investments will occur in the near term.

The Plan provides participants the ability to invest in various investment securities, which may, in turn, invest in securities with contractual cash flows, such as asset-backed securities, collateralized mortgage obligations, and commercial mortgage-backed securities, and could potentially include securities backed by subprime mortgage loans. The value, liquidity, and related income of those securities are sensitive to changes in economic conditions, including real estate value, delinquencies or defaults, or both, and may be adversely affected by shifts in the market's perception of the issuers and changes in interest rates.

(8) Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of contributions to net assets per the financial statements to the Schedule H of Form 5500 Annual Report/Report of Employee Benefit Plan for the year ended December 31, 2022:

	2022
Total contributions per the financial statements	\$ 39,216,445
Excess contributions payable	6,575
Participant loans in default - deemed distributions	1,934
Total contributions per Form 5500	<u>\$ 39,224,954</u>

The following is a reconciliation of deductions from net assets per the financial statements to the Schedule H of Form 5500 Annual Report/Report of Employee Benefit Plan for the year ended December 31, 2022:

	2022
Total deductions from net assets per the financial statements	\$ (37,916,660)
Excess contributions payable	(6,575)
Participant loans in default - deemed distributions	(1,934)
Total deductions per Form 5500	<u>\$ (37,925,169)</u>

The Form 5500 has certain items that differ from amounts shown on the accompanying financial statements. These differences relate to classification only and have no effect upon net assets available for benefits for either period.
