Report of Independent Auditor

To the Plan Administrator
ERMI, LLC 401(k) Profit Sharing Plan
Atlanta, Georgia

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of ERMI, LLC 401(k) Profit Sharing Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits for the year ended December 31, 2022 and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of DOL's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained certifications from a qualified institution as of December 31, 2022 and 2021, and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 6 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section:

- The amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments; administering the Plan; and determining the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit* section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and, therefore, is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

The supplemental schedule, Schedule of Assets (Held at End of Year) – Form 5500, Schedule H, Part IV, Line 4i as of December 31, 2022, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

ERMI, LLC 401(k) PROFIT SHARING PLAN

NOTES TO THE FINANCIAL STATEMENTS

DECEMBER 31, 2022 AND 2021

Note 1—Description of the Plan

The following description of the ERMI, LLC 401(k) Profit Sharing Plan (the “Plan”) provides only general information. Participants should refer to the Plan Agreement or the Summary Plan Document for a more complete description of the Plan’s provisions.

General – The Plan is a defined contribution plan established by ERMI, LLC (the “Company” or the “Plan Administrator”), under the provisions of Section 401(k) of the Internal Revenue Code (“IRC”). The Plan covers all eligible employees and is administered by the Company. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”). Assets of the Plan are held by Ascensus Trust Company (the “Trustee”).

Plan Amendments – On January 1, 2021, the Plan was amended to allow the Company to make safe harbor matching contributions and discretionary profit-sharing contributions.

Eligibility – All employees are eligible to participate in the Plan upon completion of 1,000 hours of services within a 12 consecutive month period or are employed at the end of the period of service, if applicable.

Participant Contributions – Participants may elect to defer the pre-tax portion of their annual compensation subject to IRC limitations. Each year, participants may elect to contribute up to the maximum as allowed by the Internal Revenue Services (“IRS”), not to exceed \$20,500 in 2022. As allowed by the IRS, the limit on catch-up elective deferrals for participants aged 50 and over was an additional \$6,500 for the 2022 Plan year. Participants who have a balance in another qualified employee benefit plan, may transfer or rollover the lump sum values of their account directly into the Plan, provided it meets the requirements of the IRC.

Employer Contributions – The Company may make safe harbor matching, discretionary matching, and discretionary profit-sharing contributions equal to the declared percentage of participant deferrals for the period. During 2022, the Company elected to make matching contributions to the Plan of up to 100% on the first 3% contributed and 50% on the next 2% contributed. For the year ended December 31, 2022, the Company recognized safe harbor employer matching contributions in the total amount of \$464,795.

Employer contributions will be allocated to the participants’ accounts in the same ratio as each participant’s compensation bears to the total compensation of all qualifying participants and allocated to investment funds, as the participant’s contributions are allocated. If the participant’s account does not allocate to an investment fund, the employer contributions are then allocated to a target date fund account in the participant’s account.

Investment Options – Participants may direct Ascensus Trust Company, the “Trustee”, as to the investment of their account balances in accordance with guidelines established by the Plan. Participants may change their investment elections at any time. Transfers of account balances between elected investment options may be made at any time.

Participant Accounts – Each participant’s account is credited with the participant’s contribution and allocations of the Company’s contributions and Plan earnings. Participant accounts are charged with withdrawals and an allocation of Plan losses and administrative expenses. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account.

Vesting – All participants’ contributions, discretionary profit-sharing contributions, safe harbor matching contributions, and earnings thereon are fully vested immediately upon contribution.

ERMI, LLC 401(k) PROFIT SHARING PLAN

NOTES TO THE FINANCIAL STATEMENTS

DECEMBER 31, 2022 AND 2021

Note 1—Description of the Plan (continued)

Notes Receivable from Participants – Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum of \$50,000. The loans are secured by the balance in the participant's account. The loan interest rate is set at the prime rate. All Plan notes receivable from participants must be repaid in five years, except those that are used for the purchase of a principal residence, in which case the loan can be extended. In most cases, repayment of the loan will be made through after-tax payroll deductions. If a participant defaults on the loan, the outstanding loan balance plus accumulated interest is deemed a distribution and reported as income to the participant, subject to early withdrawal penalty.

Payment of Benefits – The full value of a participant's account is available to be paid when (1) the participant retires at age 65 or later; (2) the participant becomes permanently disabled; (3) the participant terminates employment; (4) the participant dies while an active participant in the Plan; (5) early retirement distribution is permitted so long as the participant is 59½ years of age and is fully vested. At the time of death, termination, or retirement, if the vested value of the participant's individual account does not exceed \$5,000, the vested balance will be automatically distributed to the participant or their beneficiary or will be distributed to an individual retirement arrangement. Distributions may be deferred to a later date if the participant's vested balance is in excess of \$5,000.

Forfeited Accounts – On December 31, 2022 and 2021, forfeited nonvested accounts totaled \$21,178 and \$36,029, respectively. These accounts will be used to reduce future Company contributions or to pay administrative expenses of the Plan. During the year ended December 31, 2022, \$10,556 of forfeitures were used to pay administrative expenses.

Note 2—Summary of significant accounting policies

Basis of Accounting – The financial statements of the Plan are based on the accrual basis of accounting in conformity with accounting principles generally accepted in the United States of America ("U.S. GAAP").

Use of Estimates – The preparation of financial statements in conformity with U.S. GAAP requires the Plan Administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates. Significant estimates of the Plan include the estimate of the fair value of investments.

Payment of Benefits – Benefits are recorded when paid.

Investment Valuation and Income Recognition – Investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for discussion of fair value measurements.

The Plan presents in the statement of changes in net assets available for benefits the net appreciation (depreciation) in the fair value of its investments which consists of the realized gains or losses and the unrealized appreciation (depreciation) on those investments. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Management fees and operating expenses charged to the Plan for investments in mutual funds are deducted from income earned daily and are not separately reflected. Consequently, management fees and operating expenses are reflected as a reduction of investment return for such investments.

Notes Receivable from Participants – Notes receivable from participants are measured at the unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2022 and 2021.

ERMI, LLC 401(k) PROFIT SHARING PLAN

NOTES TO THE FINANCIAL STATEMENTS

DECEMBER 31, 2022 AND 2021

Note 2—Summary of significant accounting policies (continued)

Contributions Receivable – The number of participant-related contributions that have been deducted from the participant's payroll as of the end of the year but have not been deposited with the Plan until after the end of the year is reflected as participant contributions receivable in the Plan's financial statements. In addition, any contributions due and payable by the Company are reflected as Company contributions receivable in the Plan's financial statements.

Administrative Expenses – Certain expenses of maintaining the Plan are paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation of fair value of investments.

Recently Issued Pronouncements – Plan management is not aware of any recently issued accounting pronouncements applicable to the Plan's financial statements.

Note 3—Fair value measurements

Financial Accounting Standards Board ("FASB") Accounting Standards Codification ("ASC") 820, *Fair Value Measurements*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurement) and the lowest priority to unobservable inputs (Level 3 measurements).

The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets as of the reporting date.

Level 2 – Inputs to the valuation methodology include the following:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability; and
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Note 3—Fair value measurements (continued)

The following are descriptions of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used as of December 31, 2022 and 2021:

Money Market Funds – Valued at cost, which approximates fair value using Level 1 inputs.

Mutual Funds – Valued at quoted prices in active markets based on the last reported sales price of the fund on the last day of business of the year on a national exchange using Level 1 inputs. These investments are valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded. These investments are classified within Level 1 of the valuation hierarchy.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of:

	December 31, 2022			
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 9,017,207	\$ -	\$ -	\$ 9,017,207

Note 4—Income tax status

The Plan is a volume submitter 401(k) profit-sharing plan created by Ascensus, Inc. The IRS has determined and informed Ascensus, Inc. by a letter dated March 31, 2014, that the prototype is designed in accordance with applicable sections of the IRC. Although the Plan has not obtained an individual determination letter and has been amended since receiving Ascensus, Inc.'s opinion letter, the Plan Administrator believes the Plan is designed and is currently being operated in compliance with the applicable provisions of the IRC and has no income subject to unrelated business income tax.

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2022 and 2021, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTES TO THE FINANCIAL STATEMENTS

DECEMBER 31, 2022 AND 2021

Note 5—Plan termination

Although, it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

Note 6—Information prepared and certified by Trustee (unaudited)

The Plan Administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Ascensus Trust Company, the Trustee has certified to the completeness and accuracy of the following data included in the accompanying financial statements:

- Investments, at fair value, and notes receivable from participants as shown in the statements of net assets available for benefits as of December 31, 2022 and 2021.
- Net depreciation in fair value of investments, dividend income, and interest income on notes receivable from participants as shown in the statement of changes in net assets available for benefits for the year ended December 31, 2022.
- Schedule of Assets (Held at End of Year) – Form 5500, Schedule H, Part IV, Line 4i as of December 31, 2022.

The Plan's independent auditor did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedule.

Note 7—Reconciliation of financial statements to Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements to the Form 5500 as of December 31:

	2022	2021
Net assets available for benefits per the financial statements	\$ 9,417,490	\$ 10,592,978
Employer contributions	-	(19,943)
Net assets available for benefits per Form 5500	<u>\$ 9,417,490</u>	<u>\$ 10,573,035</u>

The following is a reconciliation of changes in net assets available for benefits per the financial statements to the Schedule H of Form 5500 for the year ended December 31, 2022:

Decrease in net assets available for benefits per the financial statements	\$ (1,175,488)
Change in employer contributions	19,943
Decrease in net assets per Form 5500	<u>\$ (1,155,545)</u>

Note 8—Parties-in-interest

During the year ended December 31, 2022, fees in the amount of approximately \$13,991 were paid to Ascensus Trust Company by the Plan. Ascensus Trust Company is the Plan Trustee; therefore, the transactions qualify as party-in-interest transactions. In addition, the Company paid audit fees on behalf of the Plan during the year ended December 31, 2022, which also qualifies as a party-in-interest transaction. In addition, the Company provided certain Plan administrative services without compensation during the year ended December 31, 2022. Notes receivable from participants qualify as party-in-interest transactions.

Note 9—Risks and uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits and supplemental schedule.

Note 10—Subsequent events

The Plan has evaluated subsequent events through October 2, 2023, which is the date the financial statements were available to be issued.
