INDEPENDENT AUDITOR'S REPORT

To the Participants and Plan Administrator of the
MMC Group, L.P. 401(k) Profit Sharing Plan
Irving, Texas

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the accompanying financial statements of MMC Group, L.P. 401(k) Profit Sharing Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the 2021 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2022 and 2021, and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of MMC Group, L.P. 401(k) Profit Sharing Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about MMC Group, L.P. 401(k) Profit Sharing Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements. In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of MMC Group, L.P. 401(k) Profit Sharing Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about MMC Group, L.P. 401(k) Profit Sharing Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

The supplemental schedule of Assets (Held at End of Year) as of December 31, 2022 is presented for purposes of additional analysis and is not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

MMC Group, L.P. 401(k) Profit Sharing Plan

Notes to Financial Statements

1. Description of the Plan

The following description of the MMC Group, L.P. 401(k) Profit Sharing Plan (the "Plan") provides only general information. Participants and all others should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan established effective October 1, 1998. The Plan was amended January 1, 2022. The Plan is subject to the provisions of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 ("ERISA"), as amended, and the Internal Revenue Code ("IRC"), as amended.

Administration

MMC Group, L.P. (the "Company" or the "Plan Sponsor") has appointed employees of the Company to administer the Plan. The Plan investments are managed by John Hancock Life Insurance Company (the "Custodian") as agent for the trustees.

Eligibility

All employees of the Company who have completed three months of service and reached the age of eighteen are eligible to participate in the Plan. Employees will become a participant on the first day of the month following the completion of the eligibility requirements.

Participant Contributions

Annual employee contributions are limited to a maximum of 75% of each participant's annual compensation subject to a dollar limitation. Total elective deferrals made by an employee are further limited by the Internal Revenue Service to a maximum contribution adjusted annually by the Secretary of the Treasury for inflation (\$20,500 for 2022 and \$19,500 for 2021) and may be made on either a pre-tax basis or a post-tax basis as a "Roth Deferral". Employee contributions to the Plan are made through regular payroll deductions. Participants may stop their elective deferred contributions at any time. Participants may increase or decrease the amount of their contributions monthly.

Employer Contributions

The Company may match, in its sole discretion, contribute and allocate to each eligible participant's account, a percentage of the participant's elective deferrals. Matching contributions, if any, shall be determined as of the end of the Plan year. Additional profit sharing amounts may be contributed at the option of the Company's Board of Directors. The Company made \$5,252 profit sharing contributions during the year ended December 31, 2022.

Rollovers

Participants may elect to make rollover contributions to the Plan from other qualified plans.

MMC Group, L.P. 401(k) Profit Sharing Plan

Notes to Financial Statements

Participants' Accounts

Participant accounts are credited with (1) participant contributions, (2) Company matching contributions, if applicable, (3) Company discretionary profit sharing contributions, if applicable, and (4) Plan earnings and forfeitures. Allocations of any profit sharing contributions to participant accounts are based on participant compensation. Plan earnings are allocated pro rata within each investment based on the participant's account balance, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are 100% vested in their contributions and allocated earnings thereon. The Company's matching and profit sharing contributions vest as follows: less than one year of service-0%, 1 year-20%, 2 years-40%, 3 years-60%, 4 years-80%, after 5 years-100%. A participant's account becomes 100% vested upon death, attaining normal retirement age, retirement due to disability, or if the Plan terminates.

Forfeitures

If a participant withdraws from the Plan before becoming fully vested, the portion of the participant's account attributed to the Company's matching or profit sharing contributions, which has not vested, will be forfeited and applied first to the payment of the Plan's administrative expenses and any excess applied to reduce either the matching or profit sharing contributions. There were no unused forfeiture balance as of December 31, 2022 and 2021.

Notes Receivable from Participants

Participants may borrow from their accounts a minimum of \$1,000 and up to a maximum equal to the lesser of 50% of their vested account balance, reduced by any outstanding loan balance, or \$50,000. Loans bear interest equal to the Wall Street Journal's prime rate, at the inception of the loan, plus two percentage points at the inception of the loan (ranging from 4.25% to 6.50% at December 31, 2021). Delinquent participant loans are reclassified as distributions based upon the terms of the Plan document. Participant loans are collateralized by the respective participant's account balance and are repaid through payroll deductions. The maximum term of the participant loan is five years, not to exceed five years, unless the loan was obtained to purchase a participant's principal residence with a maximum term of 15 years.

Benefit Payments to Participants

A participant's vested account balance is paid to the participant or the participant's beneficiary in a lump sum cash payment as of the valuation date following retirement (normal retirement age under the Plan is 65), death or disability, or other termination of employment. If, however, the amount of the participant's vested account balance is greater than \$5,000, then a participant can elect to have his vested account balance paid to him in installments over a fixed period. In addition, the Plan permits in-service distributions to participants who have attained age 59 1/2 of amounts up to the value of his vested account balance.

MMC Group, L.P. 401(k) Profit Sharing Plan

Notes to Financial Statements

Hardship Withdrawals

Upon demonstration of immediate and heavy financial need, as defined in the Plan document, hardship withdrawals are allowed from the participant's salary deferrals contributed to the Plan, as well as the participant's Plan account attributable to certain Company matching contributions and Company profit sharing contributions.

Administrative Expenses

A substantial portion of the administrative expenses of the Plan is paid by the Company as defined in the Plan document. Administrative expenses include third party administration and audit services.

Termination of the Plan

While the Company has not expressed any intent to discontinue the Plan, it may, by action of the Board of Directors of the Company, terminate the Plan. In the event the Plan is terminated, the participants become 100% vested in their account balances.

CARES Act

On March 27, 2020, President Trump signed into law the "Coronavirus Aid, Relief, and Economic Security (CARES) Act." The CARES Act, among other things, includes several relief provisions available to tax-qualified retirement plans and their participants. Plan management evaluated the relief provisions and elected not to offer them to the Plan participants.

2. Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are presented on the accrual basis of accounting and are prepared in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP").

Investment Valuation and Income Recognition

The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The valuation methodologies used for assets measured at fair value are described further in Note 5. There have been no changes in the methodologies used at December 31, 2022 and 2021.

Purchases and sales of investments are recorded on a trade-date basis. Interest income is recorded on an accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation or depreciation of investments is comprised of realized and unrealized gains and losses on investments bought and sold as well as held during the year.

Payment of Benefits

Benefits paid to participants are recorded when paid.

MMC Group, L.P. 401(k) Profit Sharing Plan

Notes to Financial Statements

Use of Estimates

The preparation of financial statements, in conformity with U.S. GAAP, requires the Plan administrator to make estimates and assumptions that affect the reported amounts of net assets available for plan benefits and changes therein. Actual results could differ from those estimates.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus accrued but unpaid interest. Delinquent participant loans are recorded as deemed distributions based on the terms of the Plan document. There was no allowance as of December 31, 2022 or 2021 as the loans are fully collateralized by the participants' accounts.

3. Information Certified by the Custodian (Unaudited)

The Plan administrator has elected the method of compliance permitted by ERISA Section 103(a)(3)(C), pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, the Custodian, a qualified institution, has certified the following data included in the accompanying financial statements and supplemental schedule is complete and accurate.

- Investments and notes receivable from participants, as reflected in the Statements of Net Assets Available for Benefits as of December 31, 2022 and 2021;
- Net investment income/loss and interest from participant notes receivable, as reflected in the Statement of Changes in Net Assets Available for Benefits for the year ended December 31, 2022;

<i>Year ended December 31,</i>		2022
Net depreciation in fair value of investments	\$	748,616
Interest from participant notes receivable	\$	2,921

- Investment values disclosed in Note 5; and
- Investments, as reflected in Schedule H, line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2022.

The Plan's independent auditors did not perform any auditing procedures with respect to this certified information, except for comparing such information to the related information included in the financial statements and supplemental schedule.

4. Income Tax Status

The Plan is using a non-standardized prototype plan document, which has received an opinion letter dated March 31, 2008 stating that the form of the Plan is acceptable under section 401 of the Internal Revenue Code (the Code) for use by employers for the benefit of their employees. The Plan has since been amended but the Plan Sponsor believes the Plan is currently designed and operated in compliance with the applicable requirements of the Code. Therefore, no provision for income taxes has been included in the Plan's financial statements.

MMC Group, L.P. 401(k) Profit Sharing Plan

Notes to Financial Statements

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

5. Fair Value Measurements

The accounting standards establish a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurement) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy are described below:

- Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets.
- Level 2 Inputs to the valuation methodology include quoted prices for similar assets and liabilities in active markets, and inputs that are observable for the asset or liability, either directly or indirectly, for substantially the full term of the financial instrument.
- Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

Pooled Separate Accounts: These accounts are valued on a net unit value basis as determined by the custodian on the last business day of the Plan year. The fair values of these investments are determined by reference to the respective fund's underlying assets, with the custodian specifying the source(s) to use for underlying investment asset prices. The investments underlying the Plan's pooled separate accounts primarily include domestic and international equities and domestic fixed income securities. The net assets value prices of the individual pooled separate accounts are not quoted on any market; however, the unit prices are based on the underlying investments, which are traded in an active market, and are reported at net asset value within the financial statements.

The following table sets forth the Plan's Level 1 assets at fair value, as determined by Plan management, as of December 31, 2022 and 2021:

	December 31,	
	2022	2021
Investments at net asset value:		
Pooled separate accounts	\$ 3,551,620	\$ 4,045,364

As of December 31, 2022 and 2021, there were no restrictions on redemption or unfunded commitments for any of the major classes of assets, as well as no transfers between Level 1 and 2 investments.

Notes to Financial Statements

6. Related-Party Transactions and Party-in-Interest Transactions

At December 31, 2022 and 2021, there were outstanding loans of \$75,283 and \$58,138, respectively, due from Plan participants. All of these loans were made in accordance with the Plan document which permits loans to be made with prescribed terms, amounts and collateral. None of these loans were determined to be a prohibited transaction as defined by ERISA.

Certain Plan investments are managed by the custodian. Also, the Plan Sponsor pays certain fees on behalf of the Plan. These transactions qualify as exempt party-in-interest transactions.

7. Risks and Uncertainties

The Plan provides for investments in various investment securities, which in general are exposed to volatility and various risks, such as interest rate, credit, and overall market volatility. Due to the level of risk associated with certain investments, it is reasonably possible that changes in the values of investments will occur in the near term and that such changes could materially affect participants' account balances and the amounts recorded in the Statements of Net Assets Available for Benefits and changes therein.

8. Reconciliation of Financial Statements to Form 5500
