INDEPENDENT AUDITOR'S REPORT

The Plan Administrator and Participants
Brinly-Hardy Company Retirement Savings Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audits

We have performed audits of the accompanying financial statements of Brinly-Hardy Company Retirement Savings Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to the Plan's assets held for investment (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of and for the years ended December 31, 2022 and 2021, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audits of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (GAAP).

- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audits of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audits does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audits of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audits section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audits, significant audit findings, and certain internal control-related matters that we identified during the audits.

Supplemental Schedules Required by ERISA

The supplemental schedules, Schedule H, Line 4a – Schedule of Delinquent Participant Contributions for the year ended December 31, 2022, and Schedule H, Line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2022, are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling

such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

BRINLY-HARDY COMPANY RETIREMENT SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS

Years ended December 31, 2022 and 2021

1. Plan description

The following brief description of the Brinly-Hardy Company Retirement Savings Plan (the Plan) provides only general information. Participants should refer to the Plan Agreement for a more comprehensive description of the Plan's provisions. Copies of the Plan Agreement are available from Brinly-Hardy Company (the Company).

General – The Plan is a contributory defined contribution profit sharing plan covering substantially all Company employees who are age 21 or older and have completed six months of service. The Plan is subject to the applicable provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA). Hand Benefits & Trust Company (HB&T) is the Plan's trustee and investment custodian.

Contributions – Participants may contribute up to the maximum salary deferral set by law. Participants may also contribute amounts representing rollover distributions from other qualified plans. The Plan allows participants to make after-tax Roth deferrals, and the Company to make discretionary matching and profit-sharing contributions which are determined by the Company's management. Generally, a participant must be employed by the Company at the Plan's year end and be credited with a minimum of 1,000 hours of service during the plan year to share in the allocation of the Company's profit-sharing contributions. The Plan has an automatic enrollment feature for all employees eligible to participate which calls for a 2% deferral rate unless the employee affirmatively elects out of participation or elects a different deferral percentage. For the years ended December 31, 2022 and 2021, the Company matched each participant's contribution up to 2% of each participant's annual allowable compensation as defined in the Plan Agreement. No profit-sharing contributions were made to the Plan for the year ended December 31, 2022. Profit-sharing contributions totaling \$124,449 were made to the Plan for the year ended December 31, 2021, and are reported as employer contributions receivable on the accompanying 2021 statement of assets available for benefits.

Participant accounts – All contributions are allocated at the discretion of the participant among selected investments. Each participant's interest in each of the investment accounts is accounted for in five separate accounts: one each relating to the participant's pre-tax contributions, Roth contributions, rollover contributions, the Company's matching contributions, and the Company's profit-sharing contributions. Each participant's account is credited with the participant's contributions and allocations of the Company's contributions and plan earnings, and charged with allocations of investment-related fees, and administration expenses. Allocations of plan earnings, investment-related fees, and certain administration expenses are based on the value of each participant's account balance compared to the value of all participants' account balances. Allocations of profit-sharing

contributions are based on the ratio each participant's compensation bears to the total of all participants' compensation for the plan year. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting – Participants are immediately vested in their contributions and related earnings. Vesting in the Company's matching and profit-sharing contributions and related earnings are based on years of service. A participant is fully vested with regard to the Company's matching and profit-sharing contributions and related earnings after five years of credited service. Participant rollover contributions from previous plans are fully vested. A participant becomes fully vested in the event of death, disability, or attainment of normal retirement age as defined in the Plan Agreement.

Participant loans – Generally, participants may borrow from their participant fund account a minimum of \$1,000 to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance reduced by the highest outstanding loan balance during the one-year period immediately preceding the date the loan was made. Participants may have one loan outstanding at any given time. Loan terms generally may not exceed 60 months unless the loan is for the purchase of a primary residence. Loans are secured by the vested balance in the participant's account and bear interest at the highest prime rate published in the "Money Rates" section of the *Wall Street Journal* on the last business day of the calendar month prior to the commencement of the billing cycle when the funds are borrowed. Principal and interest are paid ratably through payroll deductions. As of December 31, 2022 and 2021, participant loan interest rates for outstanding loans range from 4.25% to 6.5%. Participant loan maturity dates range from February 2023 through July 2027 as of December 31, 2022.

Payment of benefits – In the event of death, disability, retirement, or termination, a participant's benefit will be distributed in accordance with specific provisions of the Plan Agreement. In-service distributions and hardship withdrawals are also permitted upon meeting certain requirements as defined by the Plan Agreement.

Forfeitures – As of December 31, 2022 and 2021, forfeited nonvested accounts total \$11 and \$23, respectively. Nonvested portions of the Company's matching and profit-sharing accounts may be applied to reduce the Company's future matching contributions or plan administration expenses. During the years ended December 31, 2022 and 2021, forfeitures totaling \$28,721 and \$19,406, respectively, were applied to reduce the Company's contributions.

Administration – Certain administrative functions are performed by Company officers and employees. No such officers or employees receive compensation from the Plan. Certain accounting, legal, and other expenses to maintain the Plan's records are paid by the Company and are therefore not reported as expenses on the accompanying statements of changes in assets available for benefits. Administration expenses reported on the accompanying statements of changes in net assets available for benefits represent certain fees charged directly to the Plan by the Plan's third-party administrator and its investment advisor.

2. Summary of significant accounting policies

Basis of accounting – The Plan's financial statements are prepared on the accrual basis of accounting in conformity with accounting principles generally accepted in the United States of America (GAAP).

Estimates – The preparation of financial statements in conformity with GAAP requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Contributions – Participant contributions are recorded when the Company computes payroll deductions. The Company's contributions are recorded based on amounts actually received or committed to be paid for the year.

Participant loans – Loans to participants are reported at their unpaid principal balances plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. No allowance for credit losses has been recorded as of December 31, 2022 and 2021 as delinquent loans are reclassified as deemed distributed loans. Delinquent status is based on a participant's failure to follow the related loan's payment terms. Fees related to the administration of participant loans are expensed as incurred and charged directly to the participant accounts and included in administration expenses on the accompanying statements of changes in net assets available for benefits.

Investment valuation and income recognition – As more fully described in Note 4, the Plan's investments are valued at fair value.

Realized gains and losses on investments in mutual funds are recognized upon the sale of the related investments, and unrealized appreciation or depreciation is recognized at period end when the carrying values of the related investments are adjusted to their estimated fair values. Net realized and unrealized appreciation or depreciation in fair values of the Plan's investments in mutual funds includes gains and losses on investments bought and sold, as well as held during the year. Purchases and sales of securities are recorded on a trade-date basis. Dividend income is recorded on the ex-dividend date. Interest income is recorded on the accrual basis. Certain investment-related fees charged to the Plan are deducted from income earned on investments and are not separately reflected on the accompanying statements of changes in net assets available for benefits. Consequently, investment return is reflected net of those investment-related fees on the accompanying statements of changes in net assets available for benefits.

Benefit and withdrawal payments – Benefit and withdrawal payments are recorded when paid.

Fair value measurements – The Plan applies the *Fair Value Measurement* topic of the Accounting Standards Codification (ASC) which requires determination of fair value based on the price that would be received to sell an asset or paid to transfer a liability in an orderly

transaction between market participants as of the measurement date. The *Fair Value Measurement* topic emphasizes that fair value is a market-based measurement, not an entity-specific measurement, and it applies in conjunction with other ASC topics that require or permit fair value measurements and disclosures. Impacted assets and liabilities are measured and disclosed in one of three categories based on the significance and source of the inputs to their valuation. The hierarchy consists of three broad levels: Level 1, Level 2, and Level 3. Level 1 inputs have the highest priority and consist of observable unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access. Level 2 inputs include: a) quoted prices for similar assets or liabilities in active markets; b) quoted prices for identical or similar assets or liabilities in inactive markets; c) inputs other than quoted prices that are observable for the asset or liability; and d) inputs that are derived principally from or corroborated by observable market data by correlation or other means. Level 3 inputs have the lowest priority, are unobservable, and include judgments about the assumptions that market participants would use in pricing the asset or liability.

An asset's or liability's fair value measurement level within the hierarchy is based on the lowest level of any input that is significant to its fair value measurement. Valuation techniques used maximize the use of observable inputs and minimize the use of unobservable inputs. The Plan's management uses specific valuation techniques based on the available inputs to measure the fair values of the Plan's impacted assets and liabilities. When available, the Plan's management measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value.

These methods may produce fair value calculations that may not be indicative of net realizable values, or reflective of future fair values. Furthermore, while the Plan's management believes the valuation methods utilized are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine fair values of certain assets could result in different fair value measurements as of December 31, 2022 and 2021.

Subsequent events – The Plan's management has evaluated subsequent events through September 20, 2023, the date the financial statements were available for issue.

3. Certified investments

The Plan's administrator has elected the method of annual reporting as permitted by ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, certain information related to investments disclosed in the accompanying financial statements and ERISA-required supplemental schedule, including investments held as of December 31, 2022 and 2021, and net realized and unrealized (depreciation) appreciation in fair value of investments in mutual funds, and interest and dividend income for the years ended December 31, 2022 and 2021, was obtained by management and agreed to or derived from

information certified as complete and accurate by HB&T, the Plan's trustee. This information has not been audited by the Plan's independent auditors.

4. Investments and fair value measurements

The Plan's investments are credited with earnings on the underlying investments, and charged for plan withdrawals, investment-related fees, and administration expenses.

The Plan's shares in mutual funds are publicly traded and are valued at the last sale price on the measurement date for the security reported on the principal exchange on which traded (Level 1 input). The mutual funds may be redeemed on a daily basis. Unfunded commitments are not applicable to mutual funds.

The Plan's money market funds are valued at cost which approximates fair value and may be redeemed on a daily basis. Unfunded commitments are not applicable to money market funds.

There have been no changes in the valuation methodologies used to value the Plan's investments as of December 31, 2022 and 2021.

The following table sets forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2022 and 2021:

	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
	<u>2022</u>

Total investments, at fair value	<u>\$ 6,126,648</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 6,126,648</u>

5. Plan termination

Although it has not expressed any intent to do so, the Company has the right under the Plan Agreement to discontinue its contributions, and at any time to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants would become fully vested in their accounts.

6. Income tax status

The Plan operates under a non-standardized pre-approved profit sharing plan sponsored by Benefit Plans Administrative Services LLC (BPAS). The Internal Revenue Service (IRS) ruled in an opinion letter dated June 30, 2020 that the non-standardized plan was qualified under applicable sections of the Internal Revenue Code (IRC). The Plan has been amended since the date of the IRS opinion letter. However, the Plan's trustee, sponsor, and administrator are not aware of any occurrences that would adversely affect the Plan's qualified status, and believe the Plan is currently designed and operating in compliance with the applicable IRC requirements, is qualified, and the related trust is tax-exempt.

GAAP requires the Plan's management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken uncertain tax positions that more likely than not would not be sustained upon examination by the IRS. The plan administrator has analyzed the tax positions taken by the Plan and has concluded that as of December 31, 2022 and 2021, there are no uncertain positions taken, or expected to be taken, that would require recognition of a tax liability, or disclosure in the financial statements. The Plan is subject to routine audits by the IRS; however, there are currently no audits for any tax periods in progress. The Plan administrator believes the Plan is no longer subject to income tax examinations for years prior to the year ended December 31, 2019.

7. Party-in-interest assets and transactions

The Plan's investments are managed by HB&T, the Plan's trustee. Therefore, the Plan's investments qualify as party-in-interest assets. Participant loans also qualify as party-in-interest assets. In addition, transactions conducted by HB&T, fees paid to BPAS, the Plan's third-party administrator and recordkeeper, fees paid to Sigma Planning Corporation for investment advisory and other investment-related services, and Company contributions qualify as party-in-interest transactions. These transactions are permitted under the plan provisions and are specifically exempt from the prohibition of party-in-interest transactions under ERISA.

8. Delinquent participant contributions

The Company failed to remit certain participant contributions to the Plan on a timely basis totaling \$14,742 and \$2,988 for the years ended December 31, 2022 and 2021, respectively. As a result, the Company engaged in prohibited transactions as defined by DOL Reg. 2510.3-102. These transactions did not have a significant impact on the Plan's net assets available for benefits as of December 31, 2022 and 2021, respectively, or changes thereto for the respective years then ended.

9. Corrective distributions

During the years ended December 31, 2022 and 2021, payments totaling \$12,752 and \$5,118, respectively, were made to certain participants to return to them excess deferral contributions as required to satisfy the Plan's relevant nondiscrimination provisions.

10. Risks and uncertainties

The Plan invests in various investment securities. Investment securities, in general, are exposed to various risks, such as interest rate and credit risks, and overall market volatility. Market risks include global events such as pandemics or international conflicts which could impact the value of investment securities. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that reductions in the values of the Plan's investment securities reported as of December 31, 2022 will occur in the near term and that such reductions would materially affect participant account balances and amounts reported on the accompanying December 31, 2022 statement of net assets available for benefits.

The Plan's exposure to concentrations risk is limited by diversification of investments across all investment elections. In addition, the investments within each mutual fund investment election are further diversified into various financial investments.
