Independent Auditors' Report

To the Trustees of Moynihan Lumber Profit Sharing Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2022 Financial Statements

We have performed an audit of the financial statements of the Moynihan Lumber Profit Sharing Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2022, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements ("2022 Financial Statements").

Management, having determined it is permissible in the circumstances, has elected to have the audit of the 2022 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion on the 2022 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the 2022 Financial Statements section:

- the amounts and disclosures in the accompanying 2022 financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying 2022 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2022 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the 2022 Financial Statements section of our report. We are required to be independent of the Moynihan Lumber Profit Sharing Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2022 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Moynihan Lumber Profit Sharing Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the 2022 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2022 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Moynihan Lumber Profit Sharing Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Moynihan Lumber Profit Sharing Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2022 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters

2022 Supplemental Schedule Required by ERISA

The supplemental schedule of assets (held at end of year) as of December 31, 2022, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Moynihan Lumber Profit Sharing Plan

Notes to Financial Statements Years Ended December 31, 2022 and 2021

1. Description of Plan

The following description of the Moynihan Lumber Profit Sharing Plan (the “Plan”) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan’s provisions.

General

The Plan is a defined contribution plan covering all eligible employees of Moynihan North Reading Lumber, Inc., Moynihan Lumber of Beverly, Inc., and Moynihan Lumber of Plaistow LLC (collectively, the “Company”) who have attained the age of twenty-one and completed six consecutive months of service and 500 hours beginning on the date the employee first performs an hour of service for the employer. Participants commence participation in the Plan on the earlier of the 1st day of the Plan year or six months after the date at which the eligibility requirements are met. The Plan is subject to the Employee Retirement Income Security Act of 1974 (“ERISA”).

Contributions

Each participant may contribute up to 100% of the participant’s annual pre-tax compensation each year, limited by law to a maximum amount of \$20,500 for the year 2022. Individuals who will be at least age 50 by December 31, 2022, may make an additional “catch-up” contribution, up to a maximum amount of \$6,500 in 2022. Profit sharing contributions by the Company shall be discretionary and are to be paid to the trustee on or before the time required by law for filing the employers’ Federal income tax returns for the year with respect to which the contribution is made. At December 31, 2022 and 2021, employer profit sharing contributions totaled approximately \$831,911 and \$875,000, respectively.

Participant Accounts

Each participant’s account is credited with the participant’s contribution and an allocation of (a) the Company’s contribution and (b) Plan earnings and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account.

Vesting

Participants are immediately vested in their voluntary contributions, plus actual earnings thereon. Participants vest in the Company’s contributions portion of their accounts, plus earnings thereon, based on years of continuous service. A participant is 100% vested after five years of credited service with 20% of the employer contribution vesting for each year of service.

Participant Loans

Participants may borrow from their accounts no minimum amount and up to a maximum of \$50,000 or 50% of their account balances, whichever is less. The loans are collateralized by the balances in the participants’ accounts and bear interest equal to 1% above prime as determined by the Plan administrator. For the year ended December 31, 2022, participant loans bear interest ranging from 4.25% to 6.50%. Principal and interest are repaid ratably through payroll deductions.

Payment of Benefits

Upon death, retirement, disability, or termination of employment, the participant will become entitled to the total vested value of his or her account, determined as of the valuation date. The Plan also provides for in-service withdrawals by qualified participants. Distributions will be paid by either a lump sum, installments over a number of years, based upon the election of the participant or the Plan, as defined in the Plan or the Internal Revenue Code (“IRC”).

Moynihhan Lumber Profit Sharing Plan

Forfeited Accounts

Forfeitures of discretionary contributions are used to restore forfeitures, reduce the Company's future contributions, or pay the Plan's administrative expenses. Forfeitures are restricted to participants who are employed by the entity under which the forfeiture arose. Forfeitures were not used during 2022 to pay administrative expenses. At December 31, 2022 and 2021, forfeited funds totaled approximately \$8,035 and \$7,972, respectively. At December 31, 2022, the forfeited amount \$8,000 was used to reduce the profit sharing contributions by the Company.

2. Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared under the accrual method of accounting.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Purchases and sales of securities are recorded on a trade-date basis. See Note 6 for discussion on fair value measurements. Interest income is recorded on an accrual basis. Dividends are recorded on the ex-dividend date. The net depreciation in the fair value of its investments includes the Plan's gains and losses on investments bought and sold, as well as held during the year ended December 31, 2022.

Notes Receivable from Participants

Notes receivable from participants are valued at their unpaid principal balance plus accrued interest, if any. If a participant ceases to make loan repayments and the Plan administrator deems the participant loan to be in default, the participant loan balance is reduced, and a benefit payment is recorded.

Payment of Benefits

Benefits are recorded when paid.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Administrative Expenses

The Company may elect to pay the administrative expenses of the Plan. Administrative expenses consist of investment fees and plan maintenance fees, which are paid by the Plan. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses.

3. Information Certified by the Trustee

As permitted by 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, all of the investment and investment income information in the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements were derived from information certified as complete and accurate by Hand Benefits & Trust Company, as trustee.

4. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

5. Fair Value Measurements

The Financial Accounting Standards Board established a framework for measuring fair value under accounting standards generally accepted in United States of America. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3).

The three levels of the fair value hierarchy are described as follows:

- Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
- Level 2 - Inputs to the valuation methodology include: (a) quoted prices for similar assets or liabilities in active markets; (b) quoted prices for identical or similar assets or liabilities in inactive markets; (c) inputs other than quoted prices that are observable for the asset or liability; and (d) inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.
- Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at December 31, 2022 and 2021:

- Mutual funds: Valued at unadjusted quoted market prices in an active market which represent the net asset value of the shares held by the Plan at year-end.

Moynihhan Lumber Profit Sharing Plan

- Collective investment trust: Comprised primarily of fully-benefit responsive investment contracts and is valued at the net asset value of units of the bank collective trust. The net asset value is used as a practical expedient to estimate the fair value. The practical expedient would not be used if it is determined to be probable that the fund will sell the investment for an amount different from the reported net asset value. The collective investment trusts do not have any unfunded commitments relating to its investments, or any significant restrictions or redemptions. Participant-directed redemptions can be made on any business day and do not have a redemption notice period.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Investments at fair value as of December 31, 2022, are as follows:

	Total	Level 1	Level 2	Level 3
Mutual funds	\$ 9,518,227	\$ 9,518,227	\$ -	\$ -
Total assets in fair value hierarchy	9,518,227	9,518,227	-	-
Common collective trust				
Collective investment trust, measured at net asset value (a)	154,546	-	-	-
Total investments at fair value	\$ 9,672,773	\$ 9,518,227	\$ -	\$ -

Investments at fair value as of December 31, 2021, are as follows:

	Total	Level 1	Level 2	Level 3
Mutual funds	\$ 10,500,381	\$ 10,500,381	\$ -	\$ -
Total assets in fair value hierarchy	10,500,381	10,500,381	-	-
Common collective trust				
Collective investment trust, measured at net asset value (a)	128,115	-	-	-
Total investments at fair value	\$ 10,628,496	\$ 10,500,381	\$ -	\$ -

- (a) In accordance with Subtopic 820-10, certain investments that were measured at net asset value per share (or its equivalent) as a practical expedient to fair value have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statement of net assets available for benefits.

6. Tax Status

The Internal Revenue Service has determined and informed the Company, by a letter dated March 31, 2014, that the adopted volume submitter profit sharing Plan is designed in accordance with applicable sections of the Internal Revenue Code ("IRC"). Plan management believes that the Plan, as currently amended, is currently designed and operated in compliance with the applicable requirements of the IRC and, therefore believes that the Plan is qualified.

Moynihhan Lumber Profit Sharing Plan

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more-likely-than-not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2022, there were no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes the Plan is no longer subject to tax examinations for years prior to 2018.

7. Party-in-Interest Transactions

For the year ended December 31, 2022, the Plan made direct payments to the trustee, third party administrator, and paid audit fees. The expenses paid by the Plan to these parties totaled \$99,996 for the year ended December 31, 2022.

8. Risk and Uncertainties

The Plan provides for various investment options. Investment securities are exposed to various risks, such as interest rate, credit, and overall market volatility. Due to the level of risk associated with investment securities, it is at least reasonably possible that changes in the values of investment securities may occur in the near term, and those changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

9. Concentrations

Balances in two investments each accounted for approximately more than 10% of total investments as of both December 31, 2022 and 2021.

10. Subsequent Events

Effective April 4th, 2023, the Plan was amended appointing additional trustees.

Subsequent events have been evaluated through October 6, 2023, the date the financial statements were available for issuance.
