Independent Auditor's Report

Plan Administrator
COSCO SHIPPING (North America) Inc. 401(k) Profit Sharing Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of the COSCO SHIPPING (North America) Inc. 401(k) Profit Sharing Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2022 and 2021, and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meet the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters

Supplemental Schedule Required by ERISA

The supplemental schedule, Schedule H, line 4(i)—schedule of assets (held at end of year), is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meet the requirements of ERISA Section 103(a)(3)(C).

COSCO SHIPPING (North America) Inc. 401(k) Profit Sharing Plan

Notes to Financial Statements

Note 1. Plan Description

The following description of the COSCO SHIPPING (North America) Inc. 401(k) Profit Sharing Plan (the Plan) provides only general information. Participants should refer to the document governing the Plan (the Plan Agreement) for a more complete description of the Plan's provisions.

General: The Plan is a defined-contribution profit sharing plan covering all employees of COSCO SHIPPING (North America) Inc. (the Sponsor or Company) and other participating affiliates who meet the eligibility requirements. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Plan was adopted on August 6, 1982 and restated on January 1, 1986.

The Plan is intended to be a qualified defined-contribution plan that satisfies the requirements of Section 401(k) of the Internal Revenue Code (the IRC). Under the IRC, participants are not liable for federal income taxes on employee contributions, employer contributions or Plan earnings until such time as they are partially or completely withdrawn from the Plan.

Eligibility: Employees who have reached 20 ½ years of age are eligible to participate in the Plan. There is no service requirement required by the Plan. Employees can participate in the Plan and receive matching contributions.

Contributions: Each year, participants may elect to make pre-tax contributions of up to 50% of their annual compensation, as defined in the Plan. Contributions to the Plan include: (a) voluntary employee contributions equal to the amount of total compensation that each participant has elected to defer (up to the maximum amount allowed by law), (b) catch-up contributions for participants who have attained age 50, (c) an employer matching contribution of 50% of the voluntary employee contributions up to 6% of an employee's compensation, (d) amounts representing distributions from other qualified defined benefit or defined contribution plans and (e) profit sharing contributions, which shall be allocated to participants based on participants' compensation. These contributions are at the discretion of the Company. The Company did not make any profit-sharing contribution during the year ended December 31, 2022. Contributions in any calendar year may not exceed the limits under IRC Sections 401(k), 404 and 415.

Participant's accounts: Individual accounts are maintained for each Plan participant. Each participant's account is credited/charged with the participant's deferral, the Company's matching contribution and allocations of the Company's discretionary contributions, if any, of Plan earnings (losses), and of administrative expenses. Allocations are based on account balances. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Participants direct the investment of their account into various investment options offered by the Plan.

The Plan currently offers 14 mutual funds, 13 collective investment trusts, three pooled separate accounts and a Fixed Income Guarantee Option as investment options for participants.

Notes receivable from participants: Participants may borrow from their accounts a minimum amount of \$1,000 up to a maximum amount equal to the lesser of \$50,000 or 50% of their account balance. Loan repayment terms range from one to five years for a general purpose loan, and up to 10 years for the purchase of a primary residence. The loans are secured by the remaining balance in the participant's account and bear interest, which is fixed at prime rate plus 2% at the time the loan is made and is commensurate with local prevailing rates as determined by the Plan Administrator. Principal and interest are paid ratably through periodic payroll deductions.

COSCO SHIPPING (North America) Inc. 401(k) Profit Sharing Plan

Notes to Financial Statements

Note 1. Plan Description (Continued)

Vesting: Participants are immediately vested in their elected deferrals plus actual earnings thereon. Participants are vested in the Company's matching contributions and profit-sharing amounts based upon years of continuous service. A participant vests 25% for each year of participation and is 100% vested after four years of service.

Vesting is based upon years of service as follows:

Years of Continuous Service	Percentage Vested
Less than 1 year	0%
1 year (but less than 2)	25%
2 years (but less than 3)	50%
3 years (but less than 4)	75%
4 years	100%

Payment of benefits: On termination of service due to death, disability or retirement, participants or their beneficiaries may elect to receive a lump-sum amount or systematic installments equal to the value of the participants' vested interest in their accounts.

Forfeitures: Upon termination of a participant's employment, the non-vested portion of the participant's account can be used to offset administrative fees and future employer contributions. Forfeitures included in net assets available for benefits at December 31, 2022 and 2021, amounted to \$0 and \$7, respectively. During the year ended December 31, 2022, no forfeited non-vested amounts were used to reduce employer contributions, and \$26,462 of forfeited non-vested amounts were used to offset administrative expenses of the Plan.

Note 2. Significant Accounting Policies

The Plan's significant accounting policies are as follows:

Basis of accounting: The financial statements of the Plan are prepared under the accrual method of accounting.

Investment valuation and income recognition: Except for certain contracts held by the custodian described in Note 5, investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for a discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Use of estimates: The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America (U. S. GAAP) requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Payment of benefits: Benefits are recorded when paid.

COSCO SHIPPING (North America) Inc. 401(k) Profit Sharing Plan

Notes to Financial Statements

Note 2. Significant Accounting Policies (Continued)

Administrative expenses: A majority of the Plan's administrative expenses are paid by the Sponsor of the Plan.

Notes receivable from participants: Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest.

Related fees are charged directly to the borrowing participant's account and are included in administrative expenses when incurred. If a participant does not make loan repayments and the Plan administrator considers the participant loan to be in default, the loan balance is reduced, and the delinquent participant note receivable is recorded as a benefit payment based on the terms of the Plan document.

Subsequent events: The Plan has evaluated subsequent events through October 6, 2023, the date the financial statements were available to be issued, and there were no material events requiring disclosure.

Note 3. Fair Value Measurements

Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) Topic 820, Fair Value Measurements and Disclosures (FASB ASC 820) provides the framework for measuring fair value. The framework for measuring fair value provides a hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described below:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets.
- Quoted prices for identical or similar assets or liabilities in inactive markets.
- Inputs other than quoted prices that are observable for the asset or liability.
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

COSCO SHIPPING (North America) Inc. 401(k) Profit Sharing Plan

Notes to Financial Statements

Note 3. Fair Value Measurements (Continued)

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in methodologies used at December 31, 2022 and 2021.

Mutual funds (registered investment companies): Valued at the daily closing price as reported by the fund and classified as Level 1 assets. Mutual funds held by the Plan are open-end mutual funds registered with the Securities and Exchange Commission. They are required to publish their daily net asset value and to trade at that price. They are actively traded and have a readily determinable fair value.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes that its valuation methods are appropriate and consistent with those of other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets measured at fair value as of December 31, 2022 and 2021:

Investments as of December 31, 2022				
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 31,486,158	\$ -	\$ -	\$ 31,486,158
Total assets in the fair value hierarchy	\$ 31,486,158	\$ -	\$ -	31,486,158
Investment measured at net asset value (a)				38,200,727
Total investments at fair value				<u>\$ 69,686,885</u>

Investments as of December 31, 2021				
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 45,740,054	\$ -	\$ -	\$ 45,740,054
Total assets in the fair value hierarchy	\$ 45,740,054	\$ -	\$ -	45,740,054
Investment measured at net asset value (a)				43,718,648
Total investments at fair value				<u>\$ 89,458,702</u>

- (a) In accordance with FASB ASC 820, certain investments that were measured at NAV per share (or its equivalent) as a practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statement of net assets available for benefits.

Pooled separate accounts: Valued at the funds' daily Net Asset Value (NAV), which is considered by plan management to be fair value. The unit value of the fund is calculated daily and available to plan administrators and client investors on Principal's website. Underlying holdings are mainly domestic stocks and have observable quoted prices. The funds are primarily valued using independent pricing sources. The NAV price is the basis for current transactions and units in the pooled separate accounts can be redeemed at NAV as of the measurement date. The NAV is used as the practical expedient to estimate fair value and is based on the fair value of the underlying investment held in the pooled separate accounts.

Note 3. Fair Value Measurements (Continued)

Collective trust funds: Valued at the net asset value (the NAV) per unit, as determined by Principal Trust Company (the trustee) at year end. The NAV is used as the practical expedient to estimate fair value and is based on the fair value of the underlying investment held by the fund, less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV.

Management fees and operating expenses charged to the Plan for investments in mutual funds are deducted from income earned on a daily basis and are not separately reflected. Consequently, management fees and operating expenses are reflected in the net appreciation or depreciation in the fair market value of such investments.

The following tables set forth additional information with respect to the Plan's assets measured at reported NAV per unit at December 31, 2022 and 2021:

Fair Value Estimated Using Net Assets Value per Unit as of December 31, 2022

Note 4. Certain Information Certified by the Custodian

The following is a summary of the Plan's asset information as of December 31, 2022 and 2021, and for the year ended December 31, 2022, included throughout the Plan's financial statements and supplemental schedule, that was prepared by or derived from information provided by Delaware Charter Guarantee and Trust Company d/b/a Principal Trust Company (Principal), the custodian, and furnished to the Plan Administrator. The Plan Administrator has obtained certifications from the custodian that information provided to the Plan Administrator by the custodian related to the following assets is complete and accurate. Accordingly, as permitted by 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to information which appears throughout the financial statements and supplemental schedule related to the following assets at December 31:

	2022	2021
Investments, at contract value:		
Group annuity contract	\$ 13,587,645	\$ 12,167,184
Investments, at fair value:		
Mutual funds	31,486,158	45,740,054
Common collective trusts	32,590,514	37,132,888
Pooled separate accounts	5,610,213	6,585,760
Total investments	83,274,530	101,625,886
Notes receivable from participants	1,135,154	1,200,030
Total assets	<u>\$ 84,409,684</u>	<u>\$ 102,825,916</u>

Principal also certified the completeness and accuracy of net depreciation in fair value of investments of \$19,249,293, interest and dividend income of \$509,967, and interest income on notes receivable from participants of \$65,118 for the year ended December 31, 2022.

Note 5. Fully Benefit-Responsive Investment Contract

The Plan entered into a benefit-responsive group annuity contract issued by Principal, which is a member of the Principal Financial Group. Principal maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The group annuity contract issuer is contractually obligated to repay the principal and specified interest rate that is guaranteed to the Plan.

Because the group annuity contract is fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the group annuity contract. Contract value, as reported to the Plan by Principal, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at the contract value.

There are no reserves against contract value for the credit risk of the contract issuer or otherwise. The average yield earned with an adjustment to reflect the actual interest rate credited to participants ranged from 1.55% to 1.75% for the year ended December 31, 2022, and ranged from 1.55% to 1.60% for the year ended December 31, 2021. At December 31, 2022 and 2021, the contract value of the Principal Fund was \$13,587,645 and \$12,167,184, respectively.

Notes to Financial Statements

Note 5. Fully Benefit-Responsive Investment Contract (Continued)

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: (1) amendments to the Plan documents (including complete or partial Plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Sponsor or other Sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The Plan administrator does not believe that any events which would limit the Plan's ability to transact at contract value with participants are probable of occurring.

Note 6. Tax Status

The Plan uses a prototype plan document sponsored by Principal Life Insurance Company (Principal). Principal received an opinion letter from the Internal Revenue Service (IRS), dated March 31, 2014, which states that the prototype document satisfies the applicable provisions of the IRC. Once qualified, the Plan is required to operate in conformity with the IRC to maintain its qualified status. Although the Plan has been amended since the third-party administrator received the opinion letter, the Plan Administrator and the Plan's tax counsel believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan Administrator has analyzed the tax positions taken by the Plan and has concluded that as of December 31, 2022 and 2021 and for the year ended December 31, 2022, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits in progress for any tax periods.

Note 7. Plan Termination

Although it has not expressed any intention to do so, the Sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would vest 100% in their accounts.

Note 8. Party-in-Interest Transactions

Certain Plan investments are shares of registered investment companies, units of pooled separate accounts, notes receivable from participants, shares of collective investment trusts and a guaranteed fund contract managed by Principal, the trustee. In addition, as described in Notes 1 and 2, the Plan has other arrangements with related parties during the normal operations. These transactions are considered exempt party-in-interest transactions under ERISA.

Note 9. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.
