## Independent Auditor's Report

To the Plan Administrator of  
Ball Metalpack, LLC 401(k) Retirement Savings Plan  
Broomfield, Colorado

### *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit*

We have performed audits of the financial statements of Ball Metalpack, LLC 401(k) Retirement Savings Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statements of net assets available for benefits as of January 1, 2023, December 31, 2022 and December 31, 2021, and the related statement of changes in net assets available for benefits for the 1-day period ended January 1, 2023 and for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA (ERISA Section 103(a)(3)(C) audit). As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency (qualified institution), provided that the investment information is prepared and certified to by the qualified institution in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Management has obtained certifications from a qualified institution as of December 31, 2022 and 2021, and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

### *Opinion*

In our opinion, based on our audits and the procedures performed as described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (GAAP); and
- the certified investment information in the accompanying financial statements agrees to, or is derived from, in all material respects, the information prepared and certified by a qualified institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

### ***Basis for Opinion***

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

### ***Emphasis of Matter – Plan Merger***

As further discussed in Note 1 to the financial statements, the Plan was merged into another qualified retirement plan effective January 1, 2023. Our opinion is not modified with respect to this matter.

### ***Responsibilities of Management for the Financial Statements***

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is responsible for maintaining a current plan instrument, including all plan amendments. Management is also responsible for administering the Plan and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

### ***Auditor's Responsibilities for the Audit of the Financial Statements***

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit* section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

***Other Matter – Supplemental Schedule Required by ERISA***

The supplemental schedule of assets (held at end of year) as of December 31, 2022 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- the certified investment information in the supplemental schedule agrees to, or is derived from, in all material respects, the information prepared and certified by a qualified institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

## Independent Auditor's Report

To the Plan Administrator of  
Ball Metalpack, LLC 401(k) Retirement Savings Plan  
Broomfield, Colorado

### *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit*

We have performed audits of the financial statements of Ball Metalpack, LLC 401(k) Retirement Savings Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statements of net assets available for benefits as of January 1, 2023, December 31, 2022 and December 31, 2021, and the related statement of changes in net assets available for benefits for the 1-day period ended January 1, 2023 and for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA (ERISA Section 103(a)(3)(C) audit). As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency (qualified institution), provided that the investment information is prepared and certified to by the qualified institution in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Management has obtained certifications from a qualified institution as of December 31, 2022 and 2021, and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

### *Opinion*

In our opinion, based on our audits and the procedures performed as described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (GAAP); and
- the certified investment information in the accompanying financial statements agrees to, or is derived from, in all material respects, the information prepared and certified by a qualified institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

### ***Basis for Opinion***

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

### ***Emphasis of Matter – Plan Merger***

As further discussed in Note 1 to the financial statements, the Plan was merged into another qualified retirement plan effective January 1, 2023. Our opinion is not modified with respect to this matter.

### ***Responsibilities of Management for the Financial Statements***

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is responsible for maintaining a current plan instrument, including all plan amendments. Management is also responsible for administering the Plan and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

### ***Auditor's Responsibilities for the Audit of the Financial Statements***

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit* section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

***Other Matter – Supplemental Schedule Required by ERISA***

The supplemental schedule of assets (held at end of year) as of December 31, 2022 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- the certified investment information in the supplemental schedule agrees to, or is derived from, in all material respects, the information prepared and certified by a qualified institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

### 1. Plan Description

The following brief description of the Ball Metalpack, LLC 401(k) Retirement Savings Plan (the “Plan”) provides only general information. Participants should refer to the Plan Document or Summary Plan Description for a more complete description of the Plan’s provisions.

#### *General*

The Plan was adopted by Ball Metalpack, LLC, and participating employers Ball Metal Foods Container Oakdale LLC, Ball Aerosol and Specialty Container, Inc. (collectively, the “Company” or “Employer”) effective December 31, 2018. The Plan was established under the provisions of Section 401(a) of the Internal Revenue Code (“IRC”), which includes a qualified deferred arrangement as described in Section 401(k) of the IRC, for the benefit of eligible employees. The Plan was subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”), as amended.

Effective January 1, 2022, the Plan was amended and restated for regulatory purposes. There were no significant changes to the Plan provisions as part of the restatement.

#### *Plan Merger*

On January 26, 2022, the Sonoco Metal Packaging completed the acquisition of the Company. On December 14, 2022, the Company passed a resolution to merge the Plan into the Sonoco Retirement and Savings Plan (Sonoco Plan) effective January 1, 2023. Effective December 31, 2022, the Plan was amended to freeze the Plan in preparation for the merger. All participants were fully vested in their account balances. On December 31, 2022, investments of \$126,762,919 were liquidated in preparation for transferring on January 1, 2023. The Vanguard Retirement Savings Trust collective investment trust was transferred to the Sonoco Plan in kind. On January 1, 2023, investments and cash of \$131,565,554 and notes receivable from participants of \$3,608,841 were transferred to the Sonoco Plan. Additionally, contributions receivable of \$129,898 were transferred to the Sonoco Plan.

#### *Trustee and Administration of the Plan*

The trustee of the Plan was Vanguard Fiduciary Trust Company (“Vanguard”). Vanguard was also the recordkeeper of the Plan. The administrator of the Plan was the Company. Vanguard held all assets of the Plan in accordance with the provisions of the trust agreement and service provider contract with the Company. The Company and investment advisor determined the appropriateness of the Plan’s investment offerings and monitored performance.

#### *Eligibility*

The Plan covered substantially all employees of the Company that had reached the age of 18. Non-resident aliens, leased employees, and part-time, temporary, or seasonal employees whose scheduled service was less than 1,000 hours of service in a year were not eligible to participate in the Plan. Newly eligible employees were automatically enrolled in the Plan at a pre-tax deferral rate of 6 percent of eligible compensation, unless they made an affirmative election to defer at a different rate. Participant deferrals were automatically increased by 1 percent every March, to a maximum of 15 percent. Participants could elect out of the automatic increase or change the maximum automatic increase at any time.

## Notes to Financial Statements

---

### ***Participant Contributions***

Eligible participants could contribute on a pre-tax or after-tax Roth basis up to 75 percent of their qualifying annual compensation, as elected in their salary deferral agreements. Deferral contributions (pre-tax and after-tax Roth) are subject to certain Internal Revenue Code (“IRC”) limitations. The Plan also allowed catch-up contributions for participants age of 50 or older subject to certain IRC limitations.

Salary deferral agreements were made, terminated, or changed according to procedures and limitations set up by the plan administrator and the Plan Document. Participants could change their contribution percentages at any time. A participant could cease making pre-tax, after-tax Roth and catch-up contributions at any time.

### ***Employer Contributions***

The Company generally made a matching contribution each pay period that was based on the percentage of eligible pay that the participant contributed. The Company matching contribution and the ratio of the Company matching contribution to the participant contribution differed depending on the employee group in which the participant belonged. The Plan included matching provisions in accordance with the provisions of the applicable union contracts.

The Company made additional Company contributions for some employee groups covered by union contracts. Generally, these contributions were made each pay period and were based on the eligible hours worked by the employee during the pay period or eligible compensation paid during that pay period and were governed by the applicable union contracts.

### ***Rollover Contributions***

Rollover contributions transferred from other qualified retirement plans or from Individual Retirement Accounts (“IRA”) were accepted as permitted by the Plan Document.

### ***Participant Accounts and Investment Options***

Each participant’s account was credited with the participant’s deferral, rollover, and Company contributions; an allocation of net plan earnings or losses; and charged with an allocation of expenses paid by the Plan. The investment earnings or losses were allocated to each participant’s account in the proportion that the balance of each participant’s account bears to the total balance of all participants in each investment option.

Participants could direct the investment of their account balances into various investment options offered by the Plan. The Plan offered a menu of mutual funds and a stable value collective investment trust. Participants could make investment option changes at any time. The benefit to which a participant is entitled is the benefit that could be provided from the participant’s vested account balance.

# Ball Metalpack, LLC 401(k) Retirement Savings Plan

## Notes to Financial Statements

---

### ***Participant Notes Receivable***

Participants were permitted to borrow from their accounts a minimum of \$1,000 up to a maximum of the lesser of \$50,000 or 50 percent of their vested interest in the Plan. Participants could only have one outstanding note at any given time. Notes bore a reasonable rate of interest, which was fixed through the term of the note. The maximum note term was five years unless used for the purchase of a principal residence, which could be for a longer term. The notes were subject to certain restrictions, as defined by the Plan Document, and applicable restrictions under the IRC.

### ***Vesting***

Participants were immediately 100 percent vested in their deferral, rollover and Company contributions, and the allocated earnings thereon.

### ***Forfeitures***

Forfeitures could be used to offset future employer contributions. As of December 31, 2022 and 2021 and for the year ended December 31, 2022, forfeited amounts of we de minimis. All forfeitures were transferred to the Sonoco Plan on January 1, 2023.

### ***Benefit Payments***

A participant's vested interest in the Plan was payable upon death, attainment of normal retirement age (65), becoming disabled, as defined, or termination of service. Upon termination of service, a participant could elect to receive either a lump-sum amount, installments or leave the account in the Plan until they met the minimum required distribution age or rollover the vested balance to another qualified plan or IRA. For terminated participants whose account balance was less than \$1,000, a lump-sum cash distribution was made if the participant did not elect to rollover the balance to another qualified plan or IRA. For terminated participants whose account balance was greater than \$1,000 but less than \$5,000, the account balance was rolled over into an IRA in the name of the participant if the participant did not elect another form of distribution. In-service distributions, including hardship withdrawals and withdrawals at age 59 ½, were also allowed by the Plan if certain criteria are met.

## **2. Summary of Significant Accounting Policies**

### ***Basis of Accounting***

The accompanying financial statements have been prepared on the accrual basis of accounting.

### ***Use of Estimates***

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America ("GAAP") requires the Plan's management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosures of contingent assets and liabilities. Actual results could differ from those estimates.

# Ball Metalpack, LLC 401(k) Retirement Savings Plan

## Notes to Financial Statements

---

### ***Investment Valuation and Income Recognition***

Investments were reported at fair value as further described in Note 4, *Fair Value Measurements and Disclosures*. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's management determines the Plan's valuation policies utilizing information provided by the investment advisor.

Purchases and sales were recorded on a trade-date basis. Interest income (loss) was recorded on the accrual basis. Dividend income and capital gains were recorded on the ex-dividend date. The net appreciation (depreciation) in the fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Management fees and operating expenses (in the form of an expense ratio) charged to the Plan for investments in the mutual funds and a collective investment trust were deducted from income earned on a daily basis and reflected as a reduction of investment return for such investments.

### ***Contributions***

Employee contributions and related Company contributions, if any, were recorded in the period payroll deductions were made. Special Profit-Sharing contributions were recorded in the period the eligible compensation which the contribution was based on was paid to the participant.

### ***Notes Receivable from Participants***

Participant notes receivable were measured at their unpaid principal balance plus any accrued but unpaid interest. Interest was recorded on an accrual basis. Related fees were recorded as administrative expenses and were expensed as incurred. If a participant ceased to make loan repayments and the plan administrator deemed the participant loan balance to be in default, the participant loan balance was reduced, and a benefit payment was recorded.

### ***Benefit Payments***

Benefits were recorded when paid.

### ***Expenses of the Plan***

Certain expenses of maintaining the Plan were paid directly by the Company and are excluded from these financial statements. The Plan paid for certain loan and distribution transaction fees, investment advisory and recordkeeping fees that were charged directly to the participant's account and are included in administrative expenses. Plan recordkeeping fees were paid as part of the expense ratios - the cost of running the fund, expressed as a percentage of the fund's assets, as of the most recent fund prospectus - charged by the Plan investments.

### ***Risks and Uncertainties***

The Plan provided for various investments in mutual funds and a collective investment trust. Investments, in general, were exposed to various risks such as interest rate, credit and overall market volatility risk. Additionally, the value, liquidity and related income of the investment securities were sensitive to changes in economic conditions in interest rates.

### 3. Certified Investment Information

The plan administrator has elected the method of annual reporting compliance permitted by ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulation for Reporting and Disclosure under ERISA. Accordingly, Vanguard, a qualified institution, has certified the following information included in the accompanying financial statements as complete and accurate:

- Investments and notes receivable from participants as reported in the Statement of Net Assets Available for Plan Benefits as of December 31, 2021;
- Net investment loss and interest earned on notes receivable from participants as reported in the Statement of Changes in Net Assets Available for Plan Benefits for the year ended December 31, 2022;
- Investment amounts included in the Notes to the Financial Statements as of December 31, 2021; and

At the request of the plan administrator, the Plan's independent auditors did not perform auditing procedures with respect to this certified investment information, except for comparing the certified investment information with the related information presented and disclosed in the financial statements, reading the disclosures relating to the investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

### 4. Fair Value Measurements and Disclosures

Accounting Standards Codification ("ASC") 820, provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under ASC 820 are described as follows:

**Level 1:** Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

**Level 2:** Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

**Level 3:** Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

# Ball Metalpack, LLC 401(k) Retirement Savings Plan

## Notes to Financial Statements

A financial instrument's level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs. The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2022 and 2021.

*Mutual Funds:* Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value ("NAV") and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

*Collective Investment Trust:* The Vanguard Retirement Savings Trust III is a collective investment trust that is composed entirely of the Vanguard Retirement Savings Master Trust and is valued at NAV as a practical expedient to estimate fair value. This practical expedient would not be used if it is determined to be probable that the fund will sell the investment for an amount different from the reported net asset value. Participant transactions (purchases and sales) may occur daily. If the Plan initiates a full redemption of the fund, the issuer reserves the right to require a 12-month notification in order to ensure that securities liquidations will be carried out in an orderly business manner. This investment was transferred in kind to the Sonoco Plan and therefore there was no redemption of the fund. This investment is a direct filing entity.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's investments measured at fair value on a recurring basis as of December 31, 2021:

<b>December 31, 2022</b>	<b>Level 1</b>	<b>Level 2</b>	<b>Level 3</b>	<b>Total</b>
<i>Investments measured at net asset value (a)</i>				<b>\$ 4,802,635</b>
<i>Total investments at fair value</i>				<b>\$ 4,802,635</b>
<b>December 31, 2021</b>	<b>Level 1</b>	<b>Level 2</b>	<b>Level 3</b>	<b>Total</b>
Mutual funds	\$ 167,950,906	\$ -	\$ -	\$ 167,950,906
Total assets in the fair value hierarchy	\$ 167,950,906	\$ -	\$ -	167,950,906
Investments measured at net asset value (a)				8,428,275
Total investments at fair value				\$ 176,379,181

(a) In accordance with Subtopic 820-10, certain investments that were measured at NAV per share (or its equivalent) practical expedient have not been classified in the fair value hierarchy.

### *Investments Measured Using the Net Asset Value per Share Practical Expedient*

The following table summarizes investments for which fair value is measured using the net asset value per share practical expedient as of December 31, 2022 and 2021. There are no participant redemption restrictions for these investments; the redemption notice period is applicable only to the Plan.

<i>Investment Type</i>	<i>Fair Value - December 31, 2022</i>	<i>Fair Value - December 31, 2021</i>	<i>Unfunded Commitments</i>	<i>Redemption Frequency</i>	<i>Redemption Notice Period</i>
Collective Investment Trust	\$ 4,802,635	\$ 8,428,275	None	Daily	Up to 12 months

### **5. Related Party and Party-In-Interest Transactions**

Certain Plan investments were managed by Vanguard. Vanguard was the recordkeeper and trustee as defined by the Plan. Administrative fees of \$156,111 were paid to Vanguard and fees of \$118,326 were paid to the investment advisor from the Plan during the year ended December 31, 2022. Vanguard would also receive other indirect fees. The Plan also issued loans to participants which were secured by the vested balance of the participants' accounts. Certain other fees in the form of an expense ratio charged to each investment option were paid by the Plan and deducted from earnings on investments. The above transactions qualify as party-in-interest transactions, which are exempt from the prohibited transaction rules.

### **6. Income Tax Status**

The Plan adopted a volume submitter plan and trust document sponsored by Vanguard Fiduciary Trust Company. The sponsor of the volume submitter plan received an advisory letter from the IRS dated June 30, 2020, stating that the volume submitter plan is qualified under the applicable sections of the IRC. The plan administrator believes that the Plan, as amended, is designed and being currently operated in compliance with the applicable sections of the IRC. Accordingly, no income taxes have been accrued in the accompanying financial statements.

GAAP requires plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain tax position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no IRS examinations for any tax periods in progress.
