Independent Auditor's Report

To the Plan Administrator
Applied Card Systems, Inc. 401(k) Retirement Savings Plan
Boca Raton, FL

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Applied Card Systems, Inc. 401(k) Retirement Savings Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA (ERISA Section 103(a)(3)(C) audit). As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency (qualified institution), provided that the investment information is prepared and certified to by the qualified institution in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Management has obtained a certification from a qualified institution as of December 31, 2022 and 2021, and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and the procedures performed as described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (GAAP); and
- the certified investment information in the accompanying financial statements agrees to, or is derived from, in all material respects, the information prepared and certified by a qualified institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

BDO USA, P.C., a Virginia professional corporation, is the U.S. member of BDO International Limited, a UK company limited by guarantee, and forms part of the international BDO network of independent member firms.

BDO is the brand name for the BDO network and for each of the BDO Member Firms.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is responsible for maintaining a current plan instrument, including all plan amendments. Management is also responsible for administering the Plan and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit* section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter — Supplemental Schedule Required by ERISA

The supplemental schedule of assets (held at end of year) as of December 31, 2022 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- the certified investment information in the supplemental schedule agrees to, or is derived from, in all material respects, the information prepared and certified by a qualified institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Notes to Financial Statements

1. Description of Plan

The following description of the Applied Card Systems, Inc. 401(k) Retirement Savings Plan (the “Plan”) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan’s provisions.

General

The Plan, originally adopted April 1, 1998 and since amended, is a defined contribution plan covering all employees of Applied Card Systems, Inc., Applied Card Systems of Pennsylvania, Inc., Applied Bank, Backroom Services, Inc., Roch Capital Inc., and J’S MVP 2200 Concord Pike, LLC (collectively, the “Company”) who have completed one month of service and are age 18 or older. Entry into the Plan is limited to the first day of each calendar month during the Plan year. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”), as amended.

The Plan is administered by a committee consisting of officers appointed by the board of directors of the Company. No officer or employees receives compensation from the Plan. The Plan’s assets are managed by Great-West Trust Company, LLC and Great-West Life Annuity Insurance Company (“Great-West”).

Contributions

Each year, participants may contribute an amount of pretax annual compensation, as defined by the Plan, up to the maximum limits of the Internal Revenue Code (“IRC”). Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans (“rollovers”).

The Company may make a discretionary contribution to the profit-sharing component of the Plan. This contribution is allocated to each participant in the ratio of that participant’s compensation to the total of all participants’ compensation and is vested based on years of continuous service. There were no discretionary contributions made during the Plan year ended December 31, 2022.

Participants direct the investment of all contributions offered by the Plan.

Participant Accounts

Each participant’s account is credited with the participant’s contribution and an allocation of the Company’s discretionary contribution, if any, and investment earnings, and is charged with withdrawals and an allocation of investment losses and administrative expenses. Allocations are based on participant earnings or account balances, as defined in the Plan document. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account.

Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Company’s discretionary contribution portion of their accounts plus actual earnings thereon is based on years of continuous service. A participant vests in the Company’s discretionary contribution based on the years of service as follows:

Notes to Financial Statements

<i>Years of Service</i>	<i>Vesting %</i>
1 or less	0%
2	25%
3	50%
4	100%

Forfeited Accounts

Forfeited non-vested accounts totaled \$7 and \$8,490 at December 31, 2022 and 2021, respectively. Forfeitures may be used to satisfy Plan related administrative expenses, reduce future Company contributions, or be allocated to participant accounts at the Company's discretion. In 2022, administrative expenses were reduced by \$8,486 from forfeited non-vested accounts. No forfeited non-vested accounts were allocated to participant accounts for the year ended December 31, 2022.

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. The notes are secured by the balance in the participants' accounts and bear interest at 1% above the prime rate at the date of origination. Participants may not have more than two outstanding notes at any one time. Principal and interest are paid ratably through bi-weekly payroll deductions. Note terms range from one to five years, or greater for the purpose of acquiring a principal residence.

Payment of Benefits

Upon termination of service due to death, disability or retirement, a participant is entitled to receive the value of his or her account in a lump-sum distribution, annuity or annual installments. A participant who is otherwise terminated is entitled to receive his or her vested accrued benefit. A terminated participant whose accrued benefit is not greater than \$5,000 shall receive his or her payment in a lump sum. Those with an accrued benefit greater than \$5,000 may choose to receive payment in either a lump sum or in monthly installments. Participants who reach age 59½ or who are disabled may withdraw all or a portion of their salary deferral contributions. Hardship withdrawals from a participant's deferral and rollover contribution accounts are permitted when certain criteria are met.

2. Summary of Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting in conformity with accounting principles generally accepted in the United States of America ("U.S. GAAP").

Use of Estimates

The preparation of financial statements in accordance with U.S. GAAP requires management to make estimates and assumptions that affect reported amounts of assets, liabilities, and changes therein, as well as disclosures of contingent assets and liabilities. Actual results may differ from those estimates.

Applied Card Systems, Inc.
401(k) Retirement Savings Plan

Notes to Financial Statements

Investment Valuation and Income Recognition

Investments, with the exception of the fully benefit-responsive investment contract, are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Plan management determines valuation policies utilizing information provided by Great-West. See Note 4 for discussion of fair value measurements.

The fully benefit-responsive investment contract is valued at contract value (Note 5). Contract value equals the accumulated cash contributions and interest credited to the Plan's contracts.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation/(depreciation) includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

Investment Fees

Net investment returns reflect certain fees paid by the investment funds to their affiliated investment advisors, transfer agents and others as further described in each fund prospectus or other published documents. These fees are deducted prior to allocation of the Plan's investment earnings activity and thus are not separately presented as an expense in the accompanying financial statements.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. For participant loans that become delinquent, are not cured and result in default, the amount of the unpaid loan principal and interest due to the Plan will be treated as a deemed distribution. Deemed distributions are reported as a taxable distribution and remain part of the participant's account balance until a distributable event occurs (i.e. as termination of employment).

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to certain individual participant transactions are charged directly to the participant's account. Other administrative expenses such as investment management, consulting fees and record keeping fees are paid by the Plan and may be allocated to participants.

A Plan Expense Account ("PEA") is maintained by Great-West which may be used to pay Plan expenses. Asset based payments are calculated based upon an average daily balance of the investments for the month. During the year ended December 31, 2022, the PEA paid \$27,978 for certain Plan expenses.

3. Certified Investments

The Plan Administrator has elected the method of annual reporting compliance permitted by ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Great-West, a qualified institution, has certified to the completeness and accuracy of all investments and notes receivable from participants reported in accompanying Statements of Net Assets Available for Benefits as of December 31, 2022 and 2021, and the supplemental Schedule H, Line 4(i)-Schedule of Assets (Held at End of Year) as of December 31, 2022, and the related investment transactions and investment income and interest income on notes receivable from participants reported in the Statement of Changes in Net Assets Available for Benefits for the year ended December 31, 2022.

At the request of the Plan Administrator, the Plan's independent auditors did not perform auditing procedures with respect to certified investment information, except for comparing such certified investment information included in the above named financial statements and ERISA-required supplemental schedule.

4. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include quoted prices for similar assets or liabilities in active markets, quoted prices for identical or similar assets or liabilities in inactive markets, inputs other than quoted prices that are observable for the asset or liability and inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methods used for assets measured at fair value. There have been no changes in the methods used at December 31, 2022 and 2021.

Mutual funds: Valued at the quoted net asset value ("NAV") of shares held by the Plan at year end. NAV is the price used to sell the investment on the open market and are deemed to be actively traded.

**Applied Card Systems, Inc.
401(k) Retirement Savings Plan**

Notes to Financial Statements

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methods or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets as of December 31, 2022 and 2021:

Assets at Fair Value as of December 31, 2022				
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 12,737,397	\$ -	\$ -	\$ 12,737,397
Total Investments	\$ 12,737,397	\$ -	\$ -	\$ 12,737,397

Assets at Fair Value as of December 31, 2021				
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 16,626,601	\$ -	\$ -	\$ 16,626,601
Total Investments	\$ 16,626,601	\$ -	\$ -	\$ 16,626,601

The availability of observable market data is monitored to assess the appropriate classification of financial instruments within the fair value hierarchy. Changes in economic conditions or model-based valuation techniques may require the transfer of financial instruments from one fair value level to another. In such instances, the transfer is reported at the beginning of the reporting period.

5. Investment Contract with Insurance Company

The Plan has entered into a fully benefit-responsive investment contract with Great-West (the "Issuer"). The Issuer maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals, losses on underlying investments and administrative expenses. The Issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. As described in Note 2, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the investment contract. Contract value, as reported to the Plan, represents contributions made under the contract, plus or minus earnings (losses), less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. Fair value approximates contract value at December 31, 2022 and 2021, totaling \$2,696,956 and \$1,884,524, respectively.

There were no reserves against contract value for credit risk of the contract issuer or otherwise. The methodology for calculating the interest crediting rate is based on the earnings of the underlying assets in the entire medium-long term new portfolio compared to the minimum interest crediting rate, as stated in the contract, and prevailing market conditions. The interest crediting

Applied Card Systems, Inc. 401(k) Retirement Savings Plan

Notes to Financial Statements

rate is reset quarterly. The crediting rate was 2.00% as of December 31, 2022 and 1.85% as of December 2021.

Certain events limit the ability of the Plan to transact at contract value with the Issuer. Such events include the following: (1) amendments to the Plan document (including complete or partial plan termination or merger with another plan), (2) bankruptcy of the Company or other Company events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (3) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The plan administrator does not believe that the occurrence of any such value event, which would limit the Plan's ability to transact at contract value with plan participants, is probable.

6. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its discretionary contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants will become fully vested in their Company contributions and earnings thereon.

7. Tax Status

Effective June 24, 2021, the Plan has adopted a Pre-approved Plan sponsored by Great-West Trust Company, LLC. The Internal Revenue Service (IRS) ruled on June 30, 2020 that the Prototype Plan qualifies under Section 401(a) of the IRC and, therefore, is not subject to tax under present income tax law. The Plan Administrator and the Plan's tax counsel believe that the Plan is designed and is currently operated in compliance with the applicable provisions of the IRC.

Prior to June 24, 2021, the Plan had adopted a Prototype Plan sponsored by Great-West Trust Company, LLC. The IRS ruled on March 31, 2014 that the Prototype Plan qualifies under Section 401(a) of the IRC and, therefore, is not subject to tax under present income tax law.

GAAP require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Company has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

8. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, credit, and overall market volatility. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the fair values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

9. Party-In-Interest Transactions

Included in the Plan's investments is a fully benefit-responsive investment contract and mutual funds managed by an affiliate of Great-West, as defined by the Plan. Additionally, the Plan issues

**Applied Card Systems, Inc.
401(k) Retirement Savings Plan**

Notes to Financial Statements

notes receivable to its participants which are secured by the participants' account balances. These transactions qualify as party-in-interest transactions which are exempt from the prohibited transaction rules. Transactions through the PEA would qualify as party-in-interest transactions.

10. Reconciliation to Form 5500

The following is a reconciliation of the Plan's net assets available for benefits per the financial statements to the Form 5500 at December 31, 2022 and 2021:
