Independent Auditor's Report

To the Participants and Administrator of
MCIC Vermont, LLC 401(k) Retirement Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of financial statement of MCIC Vermont, LLC 401(k) Retirement Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2022 and 2021 and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- the amounts and disclosures in the financial statements, referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern over the twelve months from the report date.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedules Required by ERISA

The supplemental schedule of the Plan, as listed in the accompanying index, are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

MCIC Vermont, LLC 401(k) Retirement Plan

Notes to Financial Statements December 31, 2022 and 2021

Note 1: Description of Plan

The following description of the MCIC Vermont, LLC 401(k) Retirement Plan (the Plan) provides only general information. Participants should refer to the Plan document, which provides a more complete description of the Plan's provisions. The Plan was amended and restated effective January 1, 2020.

General

The Plan is a defined contribution plan of MCIC Vermont, LLC (the Plan Sponsor or the Company) and covers all employees. An eligible employee can begin participating in the Plan on the first day of the month coinciding with or next following the employee's date of hire. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The retirement advisory committee is responsible for oversight of the Plan, determines the appropriateness of the Plan's investment offerings, and monitors investment performance.

In March 2022, the Plan was amended to allow eligible employees to begin participating in the Plan on the day the employee reached the eligibility requirements.

Contributions

The Plan includes a provision under Internal Revenue Code (IRC) Section 401(k) whereby participants may make pre-tax or Roth after-tax contributions to the Plan from 1% up to 100% of their compensation up to a maximum dollar amount as established by the Internal Revenue Service (IRS). Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions up to \$6,500. Aggregate limits as prescribed by the IRS were \$20,500 for participants under the age of 50 and \$27,000 for participants age 50 and older in 2022. The Plan Sponsor may make a discretionary matching contribution equal to a discretionary percentage of a participant's elective deferrals. During the 2022 Plan year, the Company made discretionary matching contributions of 200% of a participant's contribution up to the first 4% of the participant's eligible compensation. Contributions are subject to certain other Plan and statutory limitations. The Company made discretionary matching contributions totaling \$1,018,820 for the Plan year ending December 31, 2022.

The Company may deposit discretionary contributions to the Plan known as profit sharing contributions. The profit sharing contributions, if any, will be allocated pro rata based on compensation for all eligible employees who are employed on the last day of the plan year, regardless of the amount of service completed during the Plan year, or eligible employee who retired, died or became disabled during the plan year. During 2022, the Plan Sponsor did not make a profit sharing contribution.

Participant Accounts

Each participant account is credited with pre-tax or after-tax contributions made by the participant, the participant's portion of the Plan Sponsor's discretionary match, discretionary profit sharing contributions (if any), and an allocation of the Plan's earnings. Earnings, expenses, and gains and losses on investments are allocated based on account balances, as defined in the Plan document.

Administration

During 2022, T. Rowe Price Trust Company (T. Rowe Price or the Custodian) served as the custodian of the Plan pursuant to the Plan document and related amendments. The Custodian received all contributions made under the Plan, held plan assets and paid benefits to participants as directed by the Plan administrator.

The Company serves as the Plan administrator. The Plan administrator has the responsibility to administer the Plan for the exclusive benefit of the participants and their beneficiaries. These duties include, but are not limited to, establishing procedures, maintaining records, interpreting provisions of the Plan and making determinations regarding questions which may affect eligibility for benefits. The Plan administrator has engaged T. Rowe Price as a third-party administrator to assist in the recordkeeping of the Plan.

Investment Options

Participants are required to make participant-directed allocations of their accounts in increments totaling 100% among various investment options, including certain options for which T. Rowe Price or its affiliates serve as investment advisors (see Note 6), selected by the Plan administrator.

Vesting

Participants are immediately vested in their voluntary contributions and the earnings thereon. Vesting in the remainder of their account, including all employer contributions and the earnings thereon, is based upon the following schedule beginning on the later date of Plan inception or the participant's date of hire:

Years of Service	Percentage
Less than 2 years	0%
Greater than 2 years	100%

The Plan requires participants to complete 1,000 hours of service to qualify as a year of service. Should participants terminate employment with the Company by reason of death, early retirement age (55) with ten years of service, normal retirement age (60), or total and permanent disability, they immediately become fully vested in the remainder of their accounts.

Forfeited Accounts

Non-vested account balances of terminated employees are forfeited upon the complete distribution of the vested portion of their account, as further defined in the Plan document. At December 31, 2022 and 2021, forfeited nonvested accounts totaled \$42,946 and \$28,149, respectively. These accounts will first be used to pay administrative expenses, then to reduce future employer contributions.

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum of the lesser of \$50,000 or 50% of their account balance. The loans are secured by the balance in the participant's account and bore interest at rates ranging from 4.25% - 7.25% for 2022. The loan interest rate is set by the Plan administrator. The administrator will determine a reasonable rate by reviewing the interest rates charged for similar types of loans issued by other lenders. A participant can have one loan outstanding at a time, and all outstanding loan balances will become due and payable in their entirety upon occurrence of a distributable event (other than satisfaction of the conditions for an in-service distribution). Principal and interest are paid ratably through monthly payroll deductions.

Withdrawals

Upon normal retirement, disability or death, a participant or beneficiary may receive the value of the account through a lump sum distribution, or partial withdrawals.

Participants withdrawing from the Plan due to termination of employment with the Plan Sponsor or attaining age fifty-nine and one half, other than due to retirement, death or disability, may receive the value of their vested account by transfer to another qualified plan or individual retirement account or through a lump sum distribution. In addition, hardship withdrawals are allowed on all fully vested accounts. In general, if the participant's account balance, as defined in the Plan document, is greater than \$5,000, the account may not be distributed without the participant's consent. However, regardless of the participant's election as to the payment method, the Plan may, upon termination of service of a participant for any reason, pay the benefits owed in a lump sum if the account balance is \$5,000 or less, as defined in the Plan document.

Distributions from the Plan will normally be subject to income taxes and in certain circumstances may also be subject to IRS penalties unless transferred to another qualified Plan or individual retirement account.

Note 2: Significant Accounting Policies

Basis of Accounting

The accompanying financial statements are prepared using the accrual method of accounting in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).

Use of Estimates

The preparation of financial statements in conformity with U.S. GAAP requires the Plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on a daily basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Risk and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate risk, market risk, and credit risk. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in risks in the near term would materially affect participants' account balances and the amounts reported in the accompanying statements of net assets available for benefits and statement of changes in net assets available for benefits.

Benefit Payments

Benefit payments to participants are recorded upon distribution.

Administrative Expenses

The Plan incurs quarterly recordkeeping fees which are offset by pricing credits that the Custodian provides to the Plan in recognition of amounts the Custodian receives from plan investment options. Although the pricing credits generally cover the Plan recordkeeping fees, to the extent that they do not cover these fees, the Plan's recordkeeping fees may be deducted from participant accounts on a pro-rata basis. If any pricing credits remain after the payment of the Plan's recordkeeping fees and any other Plan administrative expenses, subject to any Plan Sponsor imposed de minimis rules, the pricing credits are allocated to participant accounts in proportion to their account balances invested in those investment options.

Other administrative expenses of the Plan are paid out of the assets of the Plan unless paid by the Plan Sponsor, as defined in the Plan document. These expenses include, but are not limited to, legal and accounting fees. However, individual transaction fees for withdrawals or notes receivable from participants are paid from the participant's account. A proportionate share of fees and expenses paid by the Plan is charged to each participant's account.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued, but unpaid interest. Delinquent notes receivable from participants are reclassified as distributions based upon the terms of the Plan document.

Note 3: Information Prepared and Certified by the Custodians of the Plan (Unaudited)

The Plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the Plan administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to the following information certified by T. Rowe Price, for the years ended December 31, 2022 and 2021, respectively, except for comparing such information to the information included in the Plan's financial statements.

	2022	2021

Statement of Changes in Net Assets Available for Benefits:		
Investment income (loss):		
Interest and dividends	\$ 1,430,580	
Net depreciation in fair value of investments	(6,323,773)	

Note 4: Fair Value Measurements

Accounting Standards Codification (ASC) 820-10, *Fair Value Measurements and Disclosures*, provides a framework for measuring fair value. This framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements).

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2022 and 2021.

Mutual funds and money market funds are valued at quoted market prices as provided by the Custodian. Net appreciation (depreciation) in fair value of the mutual funds and money market funds represents the change in value during the year, including realized and unrealized gains and losses.

The common collective trust is a stable value fund comprised primarily of fully benefit responsive guaranteed investment contracts that are valued at net asset value (NAV). The NAV is used as a practical expedient to estimate fair value and is based on the value of the underlying assets owned by the fund, minus any liabilities, and then divided by the number of shares outstanding. This practical expedient would not be used if it is determined to be probable that the investment will sell for an amount different from the reported NAV. Participant transactions (purchases and sales) have no restrictions; however, the issuer reserves the right to require the Plan to provide a one-year redemption notice to liquidate its entire share in the fund. There are currently no unfunded commitments on this investment.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables are set forth by level, within the fair value hierarchy, the Plan's investments at fair value:

Investments at fair value as of December 31, 2022:

	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
Mutual funds	\$ 22,173,460	\$ -	\$ -	\$ 22,173,460
Common collective trust measured at NAV ^(a)	<u>-</u>	<u>-</u>	<u>-</u>	<u>642,362</u>
Total investments at fair value	<u>\$ 22,173,460</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 22,815,822</u>

Investments at fair value as of December 31, 2021:

	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
Mutual funds	\$ 24,486,857	\$ -	\$ -	\$ 24,486,857
Money market fund	28,149	-	-	28,149
Common collective trust measured at NAV ^(a)	<u>-</u>	<u>-</u>	<u>-</u>	<u>443,866</u>
Total investments at fair value	<u>\$ 24,515,006</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 24,958,872</u>

^(a) In accordance with Subtopic ASC 820-10, these investments were measured at NAV per share (or its equivalent) as a practical expedient and have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

Note 5: Income Tax Status

The Plan obtained its latest determination letter on August 19, 2020, in which the IRS stated that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code (IRC). The Plan has been amended since receiving the determination letter; however, the Plan administrator believes that the Plan is designed, and currently being operated, in compliance with the applicable requirements of the IRC and that the Plan was qualified and tax exempt as of December 31, 2022.

U.S. GAAP requires the Plan Sponsor to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2022, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements.

The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes the Plan is no longer subject to income tax examinations for years prior to 2019.

Note 6: Party-in-Interest Transactions

Certain Plan funds are invested in shares of mutual funds and the common collective trust managed by T. Rowe Price, the third-party administrator of the Plan. T. Rowe Price also performed services for, sold products to, and managed and maintained certain investments for the Plan for which fees were charged to the Plan. Such transactions, while considered party-in-interest transactions under ERISA regulations, are permitted under the provisions of the Plan and are specifically exempt from the prohibition of party-in-interest transactions under ERISA.

Note 7: Plan Termination

Although it has expressed no intent to do so, the Company reserves the right to change or terminate the Plan at any time subject to the provisions of ERISA. In the event of termination of the Plan, the value of each participant's account as of the date of termination shall immediately become non-forfeitable and fully vested.

Note 8: Subsequent Events

The Plan Sponsor has evaluated for subsequent events between December 31, 2022 and the report date, the date the financial statements were available for issuance, and has concluded that all subsequent events requiring recognition or disclosure have been incorporated into these financial statements.
