INDEPENDENT AUDITOR'S REPORT

To the Board of Trustees
Neptune Aviation Services Savings and Investment Plan
Missoula, Montana

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the financial statements of Neptune Aviation Services Savings and Investment Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of Neptune Aviation Services Savings and Investment Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2022 and 2021, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- the amounts and disclosures in the financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the

information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Neptune Aviation Services Savings and Investment Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Neptune Aviation Services Savings and Investment Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists.

The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Neptune Aviation Services Savings and Investment Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Neptune Aviation Services Savings and Investment Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter—Supplemental Schedules Required by ERISA

The supplemental schedule of Schedule of Assets (Held at End of Year) for the year ended December 31, 2022 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying

accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

**NEPTUNE AVIATION SERVICES
SAVINGS AND INVESTMENT PLAN**

Notes to Financial Statements

Note 1 - Description of Plan

The following description of the Neptune Aviation Services Savings and Investment Plan (the Plan) provides only general information. Participants should refer to the Plan agreement, as amended, for a more complete description of the Plan's provisions.

General - The Plan is a defined contribution plan covering all employees of Neptune Aviation Services (the Company) who have completed six months of service and have attained the age of 21 years or older. The Plan is subject to provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Company's board of directors oversees governance of the Plan, determines the appropriateness of the Plan's investment offerings, and monitors investment performance.

Contributions - Participants may contribute the maximum percentage allowable of annual compensation, as defined in the Plan, subject to the Internal Revenue Service (IRS) limitations. The Plan currently allows for both pre-tax and Roth 401(k) deferrals. Participants who have attained the age of 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan currently offers mutual funds and a fixed annuity contract as investment options for participants. The Plan also includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless the affirmatively elect not to participate in the Plan. The Company contributes 100% of the first 3%, plus 50% of the next 2% of base compensation that a participant contributes. Additional profit sharing amounts may be contributed at the discretion of the Company's board of directors. Contributions are subject to certain limitations.

Participant Accounts - Each participant's account is credited with the participant's contribution and allocations of (a) the Company's contribution and (b) Plan earnings (losses). Earnings allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting - Participants are immediately fully vested in their salary deferrals plus actual earnings thereon. Vesting in the Company's contribution portion of their accounts is based on years of continuous service. Participants vest at a rate of 20% per year beginning in the second year of service.

Note Receivable from Participants - Other than CARES and SECURES Act provisions, participants may borrow from their accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. Loans are secured by the balance in the participant's account and bear interest at rates of 4.25% - 7.25%, which are commensurate with local prevailing rates as determined quarterly by the plan administrator. The maximum loan term is five years unless the loan term qualifies as a home loan, in which case the maximum term of the loan must be commensurate with the repayment periods allowed by persons in the business of making residence loans under similar circumstances. Principal and interest are paid ratably through payroll deductions.

Payment of Benefits - On termination of service due to death, disability, or retirement, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested account balance, or equal installments. Annuities are not allowed except

for certain circumstances. For termination of service for other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution. In addition, hardship distributions out of the participant's voluntary contributions and nonelective contributions account are permitted if certain criteria are met. In-service distributions are allowed by the Plan upon attaining age 59 $\frac{1}{2}$.

Forfeitures - Forfeitures of terminated participants' nonvested accounts are used to reduce the contributions of the employer or to pay administrative expenses of the Plan. During the year ended December 31, 2022, no forfeitures were used to reduce employer contributions. Unused forfeited nonvested accounts totaled \$301 and \$61 at December 31, 2022 and 2021.

Plan Amendment - On November 14, 2022, the Plan was restated in order to comply with the requirements for Cycle 3 Pre-Approved Plans, pursuant to Rev. Proc. 2017-41. This restatement brings the Plan in compliance with the 2017 IRS Cumulative List (IRS Notice 2017-37), the American Taxpayer Relief Act of 2012, the Tax Cuts and Jobs Act of 2017 and other applicable guidance.

Note 2 - Summary of Significant Accounting Policies

Date of Management's Review - Subsequent events have been evaluated through September 29, 2023 which is the date the financial statements were available to be issued.

Use of Estimates - The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

Basis of Accounting - The financial statements of the Plan are prepared under the accrual method of accounting.

Notes Receivable from Participants - Notes receivable from participants are measured at their unpaid principal balances plus any accrued but unpaid interest. Related fees are charged directly to the borrowing participant's account and are included in administrative expenses when incurred. As of December 31, 2022 and 2021, no allowance for credit losses has been recorded. Delinquent participant loans are reclassified as distributions based on the terms of the Plan document.

Investment Valuation and Income Recognition - Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Company's board of directors determines the Plan's valuation policies. See Note 3 for a discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Interest income is recorded on the accrual basis. Net appreciation and depreciation includes the plan's gains and losses on investments bought and sold as well as held during the year.

**NEPTUNE AVIATION SERVICES
SAVINGS AND INVESTMENT PLAN
Notes to Financial Statements**

Note 2 - Summary of Significant Accounting Policies (Continued)

Fully benefit responsive investment contracts are reported at contract value, which is the amount participants would normally receive if they were to initiate permitted transactions under the terms of the contract.

Payment of Benefits - Benefits are recorded when paid.

Administrative Expenses - All significant expenses with regard to the operation and administration of the Plan are paid by the Company and are therefore excluded from these financial statements.

Reclassifications – Certain prior year amounts have been reclassified to conform to the current year presentation.

Note 3 – Fair Value Measurements

The fair value measurement accounting literature establishes a fair value hierarchy that prioritizes inputs used to measure fair value. The hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority, Level 2 inputs consist of observable inputs other than quoted prices for identical assets, and Level 3 inputs are unobservable and have the lowest priority.

The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. Level 2 inputs are used for investments for which Level 1 inputs were not available. There are no plan assets requiring the use of Level 3 inputs for the periods presented.

Level 1 – The fair value of mutual funds is based on quoted net asset values of the shares as reported by the fund. The mutual funds held by the Plan are open-end mutual funds registered with the U.S. Securities and Exchange Commission. The funds must publish their daily net asset value and transact at that price. The mutual funds held by the Plan are considered to be actively traded.

Level 2 – Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly, such as:

- Quoted prices for similar assets or liabilities in active markets.
- Quoted prices for identical or similar assets or liabilities in inactive markets.
- Inputs other than quoted prices that are observable for the asset or liability.
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs that are unobservable inputs for the asset or liability.

**NEPTUNE AVIATION SERVICES
SAVINGS AND INVESTMENT PLAN**

Notes to Financial Statements

Note 3 – Fair Value Measurements (Continued)

Following is a description of the valuation methodologies used for assets measured at fair value. There has been no change in the methodologies used as of December 31, 2022.

Mutual Funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Stable Value Fund: The fair value of the investment contract with the insurance company is valued using a market approach on yields currently available on comparable insurer's financial ratings.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation method is appropriate and consistent with other market participants, the use of difference methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth, by level within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2022 and 2021:

Fair Value Measurements at Reporting Date Using:			
		Quoted Prices in Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)
<u>December 31, 2022</u>	<u>Fair Value</u>		
Mutual funds	\$ 18,698,404	\$ 18,698,404	\$ -
Stable Value Fund	1,651,400	-	1,651,400
Total assets at fair value	<u>\$ 20,349,804</u>	<u>\$ 18,698,404</u>	<u>\$ 1,651,400</u>
Fair Value Measurements at Reporting Date Using:			
		Quoted Prices in Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)
<u>December 31, 2021</u>	<u>Fair Value</u>		
Mutual funds	\$ 21,892,891	\$ 21,892,891	\$ -
Stable Value Fund	969,923	-	969,923
Total assets at fair value	<u>\$ 22,862,814</u>	<u>\$ 21,892,891</u>	<u>\$ 969,923</u>

Gains and losses (realized and unrealized) included in changes in net assets available for benefits for the year ended December 31, 2022 are reported in net appreciation/(depreciation) in fair value of investments.

**NEPTUNE AVIATION SERVICES
SAVINGS AND INVESTMENT PLAN**

Notes to Financial Statements

Note 3 – Fair Value Measurements (Continued)

The Plan's policy is to recognize transfers of investments into or out of Level 3. For the years ended December 31, 2022 and 2021, there were no transfers of investments into or out of Level 3.

Note 4 – Investments

The following information in the financial statements and supplemental information was certified to be complete and accurate by Empower Trust Company, LLC, the trustees of the Plan, within the meaning of 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA:

- Investments reflected on the accompanying statement of net assets available for benefits as of December 31, 2022 and 2021.
- Net depreciation in the fair value of investments, dividends, and interest reflected on the accompanying statement of changes in net assets available for benefits for the year ended December 31, 2022.
- Investments reflected on the supplemental schedule of assets (held at end of year).

Note 5 – Fully Benefit-Responsive Investment Contract

The plan invests in a fully benefit-responsive investment (FBRIC) with Empower Annuity Insurance Company of America. The FBRIC, Key Guaranteed Portfolio Fund ("KGPF"), is a general account product offered through a group annuity contract which fully guarantees all principal and interest. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. Empower Annuity Insurance Company of America is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. The investment is carried at contract value. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The crediting interest rate is based on a formula agreed upon with the issuer, but may not be less than 0%. Such interest rates are reviewed on a quarterly basis for resetting. Certain events limit the Plan's ability to transact at contract value with Empower Annuity Insurance Company of America including plan termination and other events as specified in the contract. The plan administrator does not believe that any events which would limit the Plan's ability to transact at contract value with participants or the issuer are probable of occurring. The contract does not permit Empower Annuity Insurance Company of America to terminate the agreement prior to the scheduled maturity date.

The average yield earned by the Plan for the fund can be derived by averaging the quarterly gross interest rates for the fund year over year. The average yield of the investment is 0.93% for the year ended December 31, 2022.

**NEPTUNE AVIATION SERVICES
SAVINGS AND INVESTMENT PLAN**

Notes to Financial Statements

Note 6- Related Party Transactions

The Plan administrator is an employee of the Plan sponsor, and a participant in the Plan. There are no transactions between the parties other than contributions to the Plan.

Certain Plan investments are investment contracts managed by Empower Trust Company, LLC. Empower Trust Company, LLC performs the recordkeeping and administrative services for the Plan and, therefore, these transactions qualify as party in interest transactions. Fees for the investment management services during the plan year ended December 31, 2022 were \$27,159.

The FBRIC is managed by Empower Annuity Insurance Company of America, the trustee as defined by the plan. Therefore, these transactions qualify as party-in-interest transactions. Fees incurred and paid by the Plan for the investment management services are included in the fees noted in the preceding paragraph for the year ended December 31, 2022.

Certain plan services are provided by First Interstate Wealth Management. First Interstate Wealth Management is a service provider, as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions. Fees for the services provided during the plan year ended December 31, 2022 were approximately \$9,275.

Certain plan services are provided by DA Davidson & Company. DA Davidson & Company is a service provider, as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions. Fees for the services provided during the plan year ended December 31, 2022 were approximately \$40,084.

All of these party-in-interest transactions are exempt from the prohibited transaction rules of ERISA.

Note 7 - Tax Status

The Plan has adopted the provisions of the Empower Retirement LLC Non-Standardized 401(k) Profit Sharing Prototype Plan. The Internal Revenue Service has determined and informed Empower Retirement LLC by letter dated November 14, 2022, that the prototype Plan is designed in accordance with applicable sections of the Internal Revenue Code (IRC).

Accounting principles generally accepted in the United States of America require the plan administrator to evaluate tax positions taken by the Plan and recognize a tax liability for any uncertain positions that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by tax authorities; however, there are currently no audits for any tax periods in progress.

Note 8 - Plan Termination

Although it has not expressed any intention to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their employer contributions.

SAVINGS AND INVESTMENT PLAN**

Notes to Financial Statements

Note 9 - Risks and Uncertainties

The Plan provides for investment options in various investment securities. Investment securities are exposed to various risks, such as interest rate, market volatility, and credit risks. It is reasonably possible, given the level of risk associated with investment securities that changes in the near term could materially affect a participant's account balance and the amounts reported in the statement of net assets available for benefits.
