INDEPENDENT AUDITORS' REPORT

To the Plan Administrator and Plan Participants
Newberry College DC Retirement Plan
Newberry, South Carolina

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the Financial Statements

We have performed an audit of the financial statements of Newberry College DC Retirement Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements (financial statements).

Management, having determined it is permissible in the circumstances, has elected to have the audit of the financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA (ERISA Section 103(a)(3)(C) audit). As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency (qualified institution), provided that the investment information is prepared and certified to by the qualified institution in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Management has obtained a certification from a qualified institution as of December 31, 2022 and 2021, and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion on the Financial Statements

In our opinion, based on our audit and the procedures performed as described in the *Auditors' Responsibilities for the Audit of the Financial Statements* section of our report:

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (GAAP); and
- the certified investment information in the accompanying financial statements agrees to, or is derived from, in all material respects, the information prepared and certified by a qualified institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the *Auditors' Responsibilities for the Audit of the Financial Statements* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion on the financial statements.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the Financial Statements* section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore, is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

Auditors' Responsibilities for the Audit of the Financial Statements, continued

In performing an audit in accordance with GAAS, we, continued:

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter—Supplemental Schedule Required by ERISA

The supplemental schedule of Schedule H, Line 4i—Schedule of Assets Held at End of Year as of December 31, 2022, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

Other Matter—Supplemental Schedule Required by ERISA, continued

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- the certified investment information in the supplemental schedule agrees to, or is derived from, in all material respects, the information prepared and certified by a qualified institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

NEWBERRY COLLEGE DC RETIREMENT PLAN

Notes to Financial Statements

December 31, 2022 and 2021

1. DESCRIPTION OF PLAN:

The following brief description of the Newberry College DC Retirement Plan (the Plan) is provided for general informational purposes only. Participants should refer to the Plan document, as amended, for a more complete description of the Plan's provisions.

GENERAL

The Plan, established September 1, 1956, and most recently amended March 15, 2022, is a defined contribution employee benefit plan providing retirement benefits to eligible employees of Newberry College (the College) under section 403(b) of the Internal Revenue Code. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The College's board of trustees is responsible for oversight of the Plan. The board of trustees determines the appropriateness of the Plan's investment offerings and monitors investment performance.

PARTICIPATION

All employees except student employees are eligible upon employment to make elective deferrals into the Plan. Prior to March 15, 2022, employees who worked a minimum of 37.5 hours per week were eligible to receive matching contributions after they had completed one year of service. Effective March 15, 2022, the Plan was amended to reduce the service requirement for eligibility to receive matching contributions to 90 days.

CONTRIBUTIONS

The Plan is a contributory plan whereby a participant who meets the qualifications for participation can contribute a percentage of their compensation to the Plan, subject to limitations as defined by the Internal Revenue Code. Participants are required to contribute at least 4% of their compensation in order to receive an employer match of 5% of their compensation. Participants direct the investment of their contributions into various investment options offered by the Plan.

Employee contributions are subject to the maximum amount allowed by law (\$20,500 and \$19,500 per participant for 2022 and 2021, respectively). Participants with 15 years of service at a qualified institution or who are age 50 or older before the close of the Plan year are eligible to make catch-up contributions, subject to certain Internal Revenue Code limits (\$6,500 per participant for 2022 and 2021). Participants may also contribute rollover amounts representing distributions from other defined benefit or defined contribution plans.

PARTICIPANT ACCOUNTS

Each participant's account is credited with the participant's contribution, the College's contribution, and an allocation of Plan earnings. Plan earnings are allocated to each participant based on participant account balances as defined in the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's account. All amounts are participant directed.

VESTING

Participants are immediately vested in both employee and employer contributions.

NEWBERRY COLLEGE DC RETIREMENT PLAN

Notes to Financial Statements

December 31, 2022 and 2021

1. DESCRIPTION OF PLAN, continued:

NOTES RECEIVABLE FROM PARTICIPANTS

Participants may borrow from their TIAA-CREF accounts up to a maximum amount equal to the lesser of \$50,000 or 50% of their vested account balance. Loan transactions are treated as transfers between the investment fund and notes receivable from participants. These loans are carried at the loan's unpaid principal balance plus accrued interest and are recorded as notes receivable from participants in the statements of net assets available for benefits. Participant loans from TIAA-CREF accounts as of December 31, 2022 and 2021, totaled \$67,028 and \$26,236, respectively.

PLAN LOANS

Participants have the ability to enter into loans directly with TIAA, using their account balance as collateral for the loan. Interest rates for outstanding loans were 4.00-4.22% at December 31, 2022 and 2021. The participant must retain 110% of the loan as collateral in the TIAA Traditional Annuity to secure the loan in event of default. Interest is paid directly to TIAA. As of December 31, 2022 and 2021, \$3,387 and \$6,344, respectively, of TIAA Traditional Annuity balances were held as collateral for these loans. The loans are not considered assets of the Plan, and therefore, are not included in the statements of net assets available for benefits.

PAYMENT OF BENEFITS

Upon attainment of age 59 1/2 or disability, participants may elect to receive in-service benefit payments from employee deferrals and rollovers, and related earnings. Upon severance of employment or death, participants and/or beneficiaries may receive distributions from all sources in their account. Payments from the TIAA Traditional Account are made according to the predetermined installment schedule. Payments from other Plan assets can be made according to the permitted format of the individual investment contract. In addition, the Plan allows for hardship withdrawals from employee deferrals, if certain criteria are met.

2. SIGNIFICANT ACCOUNTING POLICIES:

BASIS OF ACCOUNTING

The financial statements of the Plan are prepared on the accrual basis of accounting.

USE OF ESTIMATES

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America (GAAP) requires the Plan's management to use estimates and assumptions that affect the accompanying financial statements and disclosures. Actual results could differ from these estimates.

NEWBERRY COLLEGE DC RETIREMENT PLAN

Notes to Financial Statements

December 31, 2022 and 2021

2. SIGNIFICANT ACCOUNTING POLICIES, continued:

INVESTMENT VALUATION AND INCOME RECOGNITION

Investments are reported at fair value, except for fully benefit-responsive contracts, which are reported at contract value. Fair value is the price that would be received by selling an asset or paying to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for a discussion of fair value measurements and Note 5 for a discussion of guaranteed investment contracts.

Purchases and sales of investments are recorded on the trade date. Interest income is recorded when earned. Dividends are recorded on the ex-dividend date. Net depreciation in the fair value of investments consists of the realized gains or losses and the unrealized appreciation on those investments.

PAYMENT OF BENEFITS

Benefits are recorded when paid.

ADMINISTRATIVE EXPENSES

Certain transaction fees are charged to individual participant accounts. Investment related expenses are included in net appreciation of fair value of investments. All other expenses of maintaining the Plan are paid by the College.

3. INFORMATION PREPARED AND CERTIFIED BY THE QUALIFIED INSTITUTION:

The Plan administrator has elected the method of compliance as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, investments and related investment income included in the accompanying financial statements as of December 31, 2022 and 2021, and for the year ended December 31, 2022, and supplemental schedule as of December 31, 2022, have been compiled from statements certified as complete and accurate by the TIAA and CREF (the qualified institution) in accordance with DOL regulations. TIAA, FSB is the custodian of the portion of Plan assets invested in mutual fund shares and has authorized TIAA to certify investments held by TIAA, FSB. TIAA and CREF are custodians of the remaining assets in the Plan.

NEWBERRY COLLEGE DC RETIREMENT PLAN

Notes to Financial Statements

December 31, 2022 and 2021

4. FAIR VALUE MEASUREMENTS:

The Plan uses appropriate valuation techniques to determine fair value based on inputs available. When available, the Plan measures fair value using quoted prices in active markets for identical assets, Level 1, because they generally provide the most reliable evidence of fair value. Investments measured using significant other observable inputs are classified as Level 2. Significant unobservable inputs, Level 3, are only used when Level 1 or Level 2 inputs were not available.

Fair values of assets measured on a recurring basis at December 31, 2022 and 2021, are as follows:

	Fair Value	Active Markets for Identical Assets (Level 1)	Other Significant Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)
Investments at December 31, 2022:				
Variable annuity contracts	\$ 7,506,333	\$ 7,506,333	\$ -	\$ -
Non-benefit-responsive				
fixed annuity contracts	5,671,118	-	-	5,671,118

	<u>\$ 17,604,931</u>	<u>\$ 11,933,813</u>	<u>\$ -</u>	<u>\$ 5,671,118</u>

4. FAIR VALUE MEASUREMENTS, continued:

VALUATION TECHNIQUES

Mutual funds and CREF variable annuity contracts are valued using Level 1 inputs, and are primarily valued using market quotations or prices obtained from independent pricing sources. Pooled separate account units are valued using Level 1 inputs, and are primarily valued using market quotations or prices obtained from independent pricing sources. Non-benefit-responsive fixed annuity contracts are reported at contract value, which represents fair value. The contract value equals the accumulated cash contributions and interest credited to the Plan's contracts, less any withdrawals. Crediting rates are a combination of a guaranteed rate and an annually established discretionary rate. Additionally, the discretionary rate applied to contributions received during a reporting period may vary from the discretionary rate applied to account balances at the end of the prior reporting periods. Contract value approximates a discounted cash flow value calculated using an appropriate risk-adjusted market discount rate which correlates closely with the TIAA Traditional Annuity's historical crediting rates.

Changes in valuation techniques: None.

The following table sets forth a summary of certain changes in the fair value of the Plan's Level 3 assets for the year ended December 31, 2022:

Fixed annuity contracts:	
Purchases	\$ 311,206
Sales	\$ (657,162)

5. GUARANTEED INVESTMENT CONTRACTS WITH INSURANCE COMPANY:

The Plan has benefit-responsive guaranteed investment contracts with TIAA. TIAA maintains the contributions in general accounts. The accounts are credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuers are contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

Because the guaranteed investment contracts are fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the guaranteed investment contracts. Contract value, as reported to the Plan by TIAA, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The contract value of benefit-responsive guaranteed investment contracts at December 31, 2022 and 2021, was \$905,897 and \$822,614, respectively. The crediting interest rate is based on a formula agreed upon with the issuer, but it may not be less than three percent, except for the stable value account, which has no minimum rate. Such interest rates are reviewed on a quarterly basis resetting.

NEWBERRY COLLEGE DC RETIREMENT PLAN

Notes to Financial Statements

December 31, 2022 and 2021

5. GUARANTEED INVESTMENT CONTRACTS WITH INSURANCE COMPANY, continued:

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: (1) amendments to the Plan documents (including complete or partial Plan termination or merger with another Plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Plan sponsor or other Plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The Plan administrator does not believe that any events which would limit the Plan's ability to transact at contract value with participants are probable of occurring.

The guaranteed investment contracts do not permit the insurance company to terminate the agreements prior to the scheduled maturity date.

6. RISK AND UNCERTAINTIES:

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

7. PLAN TERMINATION:

Although it has not expressed any intent to do so, the College has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA.

8. TAX STATUS:

On August 7, 2017, the IRS stated that the volume submitter plan adopted by the Plan qualifies under Section 403(b) of the Internal Revenue Code (Code). The Plan has not received a determination letter specific to the Plan itself; however, the Plan administrator believes that the Plan was designed and is being operated in compliance with the applicable requirements of the Code, and, therefore, believes that the Plan is qualified.

9. PARTIES-IN-INTEREST:

Certain assets of the Plan are invested in funds managed by TIAA-CREF, the Plan's third party administrator. Such investments involving TIAA and CREF qualify as party-in-interest transactions. Indirect fees incurred by the Plan for the investment management services of \$46,126 are included in net depreciation in fair value of the investment for the year ended December 31, 2022. The Plan sponsor pays directly any other fees related to the Plan's operations.

10. SUBSEQUENT EVENTS:

Subsequent events were evaluated through October 6, 2023, which is the date the financial statements were available to be issued.
