Independent Auditor's Report

To the Plan Administrator, Trustees and Participants
Robert Fox, Inc. 401(k) Plan
Mineola, New York

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2022 Financial Statements

We have performed an audit of the financial statements of Robert Fox, Inc. 401(k) Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022, the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements ("2022 financial statements").

Management, having determined it is permissible in the circumstances, has elected to have the audit of the Plan's 2022 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor ("DOL")'s Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2022 stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion on the 2022 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the 2022 Financial Statements section:

- The amounts and disclosures in the accompanying 2022 financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP").
- The information in the accompanying 2022 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Other Matter - Auditor's Report on the 2021 Financial Statements

Predecessor auditors performed an audit of the 2021 financial statements of the Plan. In accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, the prior year audit did not extend to any statements or information related to assets held for investment of the plan that were certified by a qualified institution. Their report dated October 14, 2022 indicated that (a) the amounts and disclosures in the 2021 financial statements, other than those agreed to or derived from the certified investment information, were presented fairly, in all material respects, in accordance with U.S. GAAP, and (b) the information in the 2021 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C). Their report also indicated that the form and content of the 2021 supplemental schedule, other than the information in the 2021 supplemental schedule that agreed to or is derived from the certified investment information, were presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA; and the information in the 2021 supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2022 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the 2022 Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2022 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2022 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2022 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2022 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters - 2022 Supplemental Schedule Required by ERISA

The supplemental schedule of Form 5500, Schedule H, Part IV, Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2022 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information is presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

ROBERT FOX, INC. 401(k) PLAN

Notes to Financial Statements

As of December 31, 2022 and 2021 and for the Year Ended December 31, 2022

NOTE 1 – DESCRIPTION OF THE PLAN

The following description of the Robert Fox, Inc. 401(k) Plan (the “Plan”) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan’s provisions.

General

The Plan is a participant-directed defined contribution plan established on January 1, 1997 by Robert Fox, Inc. and its wholly-owned subsidiary, Orchard Apparel Group, Ltd. (collectively referred to as the “Company,” the “Employer,” or the “Plan Sponsor”) to provide benefits for all eligible employees, as defined in the Plan document. All employees are eligible to participate in the Plan, except for residents of Puerto Rico and independent contractors. Assets of the Plan are held by a trust established under the Plan with TD Ameritrade Trust Company (“Trustee” or “TD Ameritrade”). The Trustee invests all contributions and allocates to each participant account its proportionate share of investment income. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”).

Contributions

Each year, participants may contribute to the Plan, on a pre-tax basis up to 100% of compensation, with dollar limits established by the Internal Revenue Code (“IRC”). The Plan requires an automatic deferral contribution of 3% of compensation for new employees, unless the participant elects not to make a contribution or elects a different percentage. Such contributions are excluded from the participant’s Federal taxable income until received as a withdrawal or distribution from the Plan. Participants may also elect to contribute to the “after tax,” Roth 401(k) Deferral Contribution. Except, with respect to the application of income taxes to Roth Deferral Contributions, Roth Deferral Contributions are subject to the same rules applicable to “pre-tax” Deferral Contributions, as described above. Participants may also contribute amounts representing distributions from other qualified plans (rollovers). During 2022 and 2021, the maximum annual 401(k) pre-tax contribution limit was \$20,500 and \$19,500, respectively, and the maximum annual catch-up contribution for participants aged 50 and older was \$6,500. For the year ended December 31, 2022, participant salary deferrals amounted to \$357,067.

The Plan provides for a discretionary employer matching contribution on a percentage of a participant’s compensation. For 2022, the employer matching contribution was 25% of the first 4% of base compensation that a participant contributed to the Plan and totaled \$53,547. Employee rollover contributions from other qualified plans and catch-up contributions are excluded from the Company’s salary match. The Company may make qualified non-elective contributions (“QNECs”) in addition to employer matching contributions and employer discretionary matching contributions. The Company did not make any QNECs or discretionary matching contributions to the plan during 2022.

Participant Accounts

Each participant’s account is credited or charged with the participant’s contribution and allocations of (i) employer’s 401(k) matching contributions and (ii) the participant’s share of earnings or losses on contributions and administrative expenses. Each participant directs all amounts credited into their account into one or more of the investment options available under the Plan. Accordingly, as a participant-directed plan, each participant’s investments determine their share of earnings or losses. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account.

Notes to Financial Statements (Continued)
As of December 31, 2022 and 2021 and for the Year Ended December 31, 2022

NOTE 1 – DESCRIPTION OF THE PLAN (Continued)

Vesting

Participants are immediately vested in their contributions, rollovers and QNECs plus actual earnings thereon. Vesting in the Employer's matching and non-elective contribution portion of their accounts plus actual earnings thereon is based on a 6-year graded vesting schedule, as follows:

<u>Years of Service</u>	<u>Vesting %</u>
Less than 2	0%
2 years	20%
3 years	40%
4 years	60%
5 years	80%
6 or more	100%

Investment Options

Participants direct the investment of their contributions in 1% increments, into various investment options offered by the Plan. Participants may change their contribution investment options daily, transfer part or all of past investments to other funds daily, and may elect to change their deferral percentage or stop making contributions at any time.

Notes Receivable from Participants

Participants may borrow from their vested fund account balance at a minimum of \$1,000 and up to a maximum equal to the lesser of (a) \$50,000 reduced by the highest outstanding Plan loan balance during the preceding year or (b) one-half of the value of their vested fund account balance reduced by any outstanding loan balance. The maximum payment term allowed for any loan will be five years (unless the loan is for the purchase of a principal residence in which case the term may not exceed 10 years) with interest fixed at the prime rate (7.50% and 3.25% as of December 31, 2022 and 2021, respectively) plus 1% at the time of the approval of the loan. The loans are measured at their unpaid principal balance plus any accrued but unpaid interest. A participant may have no more than three loans outstanding at any time. The loans are secured by the balance in the participant's account, bear interest from 4.25% to 7.25% and mature at various dates through August 2027. Principal and interest are paid ratably through payroll deductions.

Forfeited Accounts

When certain terminations of participants in the Plan occur, the non-vested portion of the participant's account, as defined by the Plan, represents a forfeiture. However, if the participant is re-employed and fulfills certain requirements, as defined in the Plan, the participant's account will be reinstated. Unvested forfeitures may be used to pay expenses of the Plan, then to reduce the Employer's matching contribution. During the year ended December 31, 2022, \$765 in forfeitures were used to reduce employer matching contributions.

NOTE 1 – DESCRIPTION OF THE PLAN (Continued)

Hardship and In-Service Withdrawals

The Plan Administrator may authorize a lump-sum distribution of the participant's salary deferrals (excluding any investment earnings) but not to exceed the amount necessary to meet the financial need created by the hardship provided the participant submits positive evidence of an immediate and heavy financial need as defined in the Plan. The minimum hardship withdrawal is \$500. In-service distributions of the participant's vested interest are available for any reason upon attaining age 59½.

Deemed Distributions

Deemed distributions are recorded when a participant ceases to make repayment under the terms of the loan agreement. These amounts are no longer included in net assets available for benefits and totaled \$7,291 for the year ended December 31, 2022. This amount is included within benefits paid to participants on the statement of changes in net assets available for benefits.

Benefit Payments

On termination of service due to death, disability or retirement, as defined in the Plan, participants are generally entitled to a fully vested lump-sum payment of their account balance. For termination of service due to other reasons, participants are entitled to the value of the vested interest in their account as a lump-sum distribution. Under the terms of the Plan, if the vested value of the account of a participant is \$1,000 or less, the Plan Administrator will direct the Trustee to distribute it to the participant as a lump sum distribution without the participant's consent. As of December 31, 2022 and 2021, all employees who elected to withdraw from the Plan had been paid.

Expenses of the Plan

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment-related expenses are included in net depreciation of fair value of investments. Certain administrative functions are performed by officers or employees of the Plan Sponsor. No such officer or employee receives compensation from the Plan.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared in accordance on the accrual method of accounting in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP").

Use of Estimates

The preparation of financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

As of December 31, 2022 and 2021 and for the Year Ended December 31, 2022

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2022 or 2021. Delinquent notes receivable from participants are recorded as a distribution based upon the terms of the plan.

Payment of Benefits

Benefits are recorded when paid.

Investment Valuation and Income Recognition

All Plan investments are held by the Trustee. The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for a discussion of fair value measurements. The assets of the Plan are subject to market fluctuations which could affect balances available for benefits.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Management fees and operating expenses charged to the Plan for investments in the mutual funds are deducted from income earned on a daily basis and are not separately reflected. Consequently, management fees and operating expenses are reflected as components of net appreciation or decline in fair market value of investments for such investments.

Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the value of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits.

Subsequent Events

The Plan has evaluated subsequent events for recognition or disclosure through the date these financial statements were issued, October 6, 2023.

NOTE 3 – INFORMATION CERTIFIED BY THE TRUSTEE

The Plan Administrator has elected the method of compliance as permitted by 29 CFR 2520.103-8 of the Department of Labor ("DOL")'s Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, TD Ameritrade, the Trustee of the Plan, has certified to the completeness and accuracy of:

- Investments from participants reflected on the accompanying statements of net assets available for benefits as of December 31, 2022 and 2021;
- Net depreciation in the fair value of the investments and interest and dividends reflected on the accompanying statement of changes in net assets available for benefits for the year ended December 31, 2022;
- Investments reflected on the schedule of assets (held at end of year) as of December 31, 2022.

NOTE 4 – FAIR VALUE MEASUREMENTS

The Financial Accounting Standards Board (“FASB”) established a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements).

The three levels of the fair value hierarchy are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability’s fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodology used for assets measured at fair value.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (“NAV”) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Money market fund: Valued at quoted market prices of shares held by the Plan.

Common collective trust: Valued at the NAV of units of a bank collective trust. The NAV, as provided by the Trustee, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily. Were the Plan to initiate a full redemption of the collective trust, the investment advisor reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidations will be carried out in an orderly business manner.

Notes to Financial Statements (Continued)
As of December 31, 2022 and 2021 and for the Year Ended December 31, 2022

NOTE 4 – FAIR VALUE MEASUREMENTS (Continued)

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets required to be measured at fair value on a recurring basis:

As of December 31, 2022:	<u>Level 1</u>	<u>Total</u>
Mutual funds	\$ 5,508,499	\$ 5,508,499
Money market fund	<u>30,575</u>	<u>30,575</u>
Total assets in the fair value hierarchy	<u>\$ 5,539,074</u>	
Investments measured at NAV practical expedient		<u>459,950</u>
Investments at fair value		<u>\$ 5,999,024</u>
As of December 31, 2021:	<u>Level 1</u>	<u>Total</u>
Mutual funds	\$ 6,693,091	\$ 6,693,091
Money market fund	<u>21,500</u>	<u>21,500</u>
Total assets in the fair value hierarchy	<u>\$ 6,714,591</u>	
Investments measured at NAV practical expedient		<u>440,974</u>
Investments at fair value		<u>\$ 7,155,565</u>

(1) In accordance with FASB Accounting Standards Codification (“ASC”) Subtopic 820-10 “Fair Value Measurements,” certain investments that were measured at NAV per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented on the statements of net assets available for benefits.

The following table sets forth additional disclosures for the fair value measurements of investments in certain entities that calculate NAV per share (or its equivalent):

As of December 31, 2022 and 2021 and for the Year Ended December 31, 2022

NOTE 5 – EXEMPT PARTY-IN-INTEREST

At December 31, 2022, certain Plan investments were managed by TD Ameritrade and, therefore, these transactions qualify as party-in-interest transactions. Administrative fees paid by the Plan to the Trustee were \$40,683 for the year ended December 31, 2022. Notes receivable from participants also qualify as party-in-interest transactions.

NOTE 6 – PLAN TERMINATION

Although it has not expressed any intent to do so, the Employer has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of the ERISA. In the event of plan termination, participants will become 100% vested in their accounts.

NOTE 7 – TAX STATUS

The Company adopted a Non-Standardized Pre-Approved Profit-Sharing Plan with a Cash or Deferred Arrangement (“CODA”) sponsored by TD Ameritrade. TD Ameritrade received an opinion letter from the Internal Revenue Service (“IRS”), dated June 30, 2020, as to the Plan’s qualified status. Although the Plan has been amended since receiving the opinion letter, the Plan Administrator believes that the Plan is designed and is being operated in compliance with the applicable provisions of the IRC, and accordingly no provision for income taxes has been included in the Plan’s financial statements.

U.S. GAAP requires plan management to evaluate tax positions taken by the plan and recognize a tax liability if the plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan’s management does not believe it has any uncertain tax positions.

The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to tax examinations for years prior to 2019.
