INDEPENDENT AUDITORS' REPORT

Plan Administrator
Pro-Vigil 401(k) Profit Sharing Plan and Trust
San Antonio, Texas

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit
We have performed audits of the financial statements of Pro-Vigil 401(k) Profit Sharing Plan and Trust (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, the related statements of changes in net assets available for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of and for the years ended December 31, 2022 and 2021, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion
In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion
We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Emphasis of Matter – Plan Merger
As discussed in Note 1 to the financial statements, in October 2022, Pro-Vigil, Inc. approved the Plan to be merged into the SaveWise Pooled Employer Plan (SaveWise Plan) in November 2022. The majority of the Plan's assets were transferred to the SaveWise Plan effective November 30, 2022. Our opinion has not been modified with respect to this matter.

Responsibilities of Management for the Financial Statements
Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements
Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters - Supplementary Information
The supplementary information as of and for the year ended December 31, 2022, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplementary information, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplementary information that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplementary information, we evaluated whether the supplementary information, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplementary information, other than the information in the supplementary information that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplementary information related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

1. Plan Description

The following brief description of the Pro-Vigil 401(k) Profit Sharing Plan and Trust (the Plan) is provided for general information purposes only. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan was a defined contribution plan subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Plan was established to provide retirement benefits to the employees of Pro-Vigil, Inc. (the Company).

Effective in October 2022, the Company approved the Plan to be merged into a new plan called the SaveWise Pooled Employer Plan (SaveWise Plan). Newport Group is the custodian of the SaveWise Plan. The merger into the SaveWise Plan initiated a "Black Out" period that continued through January 2023. During the blackout period, funds could not be applied to the employee selected funds or withdrawn from the Plan or the SaveWise Plan until Newport Group had time to accurately complete the merger conversion. Plan assets of $2,949,631 were transferred to the SaveWise Plan by November 30, 2022. The guaranteed interest account will be transferred to the SaveWise Plan over a five year period.

Employees, excluding union and nonresident aliens, were eligible to make pre-tax and designated after-tax Roth salary reduction contributions on the first day of the quarter after attaining 21 years of age and completing one month of service. Participants were also eligible to receive discretionary matching and profit-sharing contributions.

Contributions

Participants could elect to defer up to 100% of their annual compensation as defined by the Plan, up to the maximum dollar amounts allowable by law. Participants could also contribute amounts representing distributions from other qualified plans. All employees were automatically enrolled with a 3% deferral contribution once they become eligible for the Plan. At any time, a participant could elect not to contribute or may increase or decrease his or her deferral rate. The Company could also make discretionary matching and profit-sharing contributions. Participants who were eligible to make deferral contributions and who attained age 50 before the close of the calendar year were eligible to make catch-up contributions. Contributions were subject to certain limitations.

Participant Accounts

Each participant's account was credited with the participant's contributions and an allocation of a) the Company's discretionary matching and profit-sharing contributions, b) Plan earnings and losses and c) an allocation of administrative expenses paid by the Plan. The Company's discretionary matching contributions were allocated among participants based upon each eligible participant's elected salary deferral. The Company's discretionary profit-sharing contributions were allocated based on the eligible compensation of participants. Plan earnings or losses were allocated on the basis of actual results of the investments selected by each participant. Investments were maintained in individual member accounts maintained in individual member accounts maintained by Voya Retirement Insurance and Annuity Company (Voya).

Vesting

Participants were immediately vested in their participant contributions, plus actual earnings thereon. Vesting in the Company's discretionary matching and profit-sharing contributions credited to participants' accounts was based on years of continuous service. Participants hired prior to October 1, 2015 were 20% vested after two years of credited service, and vesting increases 20% per year until a participant was 100% vested after six years of credited service. Participants hired on or after October 1, 2015 were 100% vested after three years of credited service.

Notes Receivable from Participants

Participants could borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 reduced by the participant's highest outstanding loan balance during the previous twelve months or 50% of their vested account balances, subject to Plan provisions. Notes receivable terms ranged from 1 - 5 years or longer for the purchase of a primary residence. Notes receivable were secured by the balance in the participants' accounts and bear interest at the prime rate plus 1.00%. Principal and interest were paid ratably through bi-weekly payroll deductions.

Payment of Benefits

Upon death, termination, retirement, or disability, a participant or beneficiary could elect to receive a lump-sum amount equal to the value of the vested funds allocated to the participant's account. The Plan required that distribution payments between $1,000 and $5,000 be directly rolled over to an individual retirement account designated by the plan administrator in the event the participant does not elect otherwise. Distributions under $1,000 were paid out to the participant in the event the participant did not elect a payout option. Participants could also receive hardship and in-service distributions, as permitted in the Plan document. Benefits were recorded when paid.

Forfeitures

Upon a participant's termination of employment before normal retirement, disability or death, the portion of their Company contribution not then vested were forfeited. The forfeited portion of any participant's account could be used to reduce Company contributions or to pay Plan expenses or may be re-allocated to participants. At December 31, 2022 and 2021, forfeited non-vested accounts totaled $0 and $3,129, respectively. During 2022 and 2021, forfeitures of $47,158 and $118,706, respectively, were used to reduce discretionary matching contributions.

2. Summary of Significant Accounting Policies

A summary of the significant accounting policies consistently applied in the preparation of the accompanying financial statements is set forth below.

Basis of Presentation

The accompanying financial statements have been prepared on the accrual basis and in conformity with accounting principles generally accepted in the United States of America.

Presentation of Participant-Directed Funds

The Plan's presentation of participant-directed investments is in accordance with the Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) 962, *Plan Accounting – Defined Contribution Pension Plans*.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Investment Valuation and Income Recognition

Investments, except for fully benefit-responsive investment contracts, were reported at fair value. Fair value is the price that would be received to sell an investment in an orderly transaction between market participants at the measurement date. The Company determines the Plan's valuation policies utilizing information provided by the investment advisors and custodian. See Note 4 for further discussion of fair value measurements.

Fully benefit-responsive investment contracts are reported at contract value. Contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. The Company invests in investment contracts through a guaranteed interest account.

Purchases and sales of investments were recorded on a trade-date basis. Interest income was recorded on the accrual basis. Dividends were recorded on the ex-dividend date. Net appreciation (depreciation) included the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants were measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant notes were reclassified as distributions based upon the terms of the Plan document.

Expenses

Certain expenses of maintaining the Plan were paid directly by the Company and were excluded from these financial statements. Fees related to the administration of notes receivable from participants and benefits paid to participants were charged directly to the participants' accounts and were included in administrative expenses. Investment related expenses were included in net appreciation (depreciation) in fair value of investments on the accompanying statements of changes in net assets available for benefits.

Risks and Uncertainties

The Plan invests in various investment securities. Investment securities were exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities would occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Subsequent Events

Subsequent events are events or transactions that occur after the statement of net assets available for benefits date, but before the financial statements are available to be issued and may require potential recognition or disclosure in the financial statements. The Plan and Plan Sponsor has considered such events or transactions through September 27, 2023, noting no items requiring disclosure.

3. Information Certified by Voya

The plan administrator has elected the method of compliance as permitted by 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the plan administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to the following information certified by Voya, the custodian of the Plan, except for comparing such information certified by the custodian to information included in the Plan's financial statements and supplementary information.

The following table presents the value of the participant-directed Plan assets that were certified by Voya as of December 31:

	2022	2021
Investments at Fair Value	$ -	$ 2,987,208
Investments at Contract Value	131,767	242,093
	$ 131,767	$ 3,229,301

Voya has certified to the completeness and accuracy of the following related to the aforementioned investments for the years ended December 31:

	2022	2021
Net Appreciation (Depreciation) in Fair Value of Investments	$ (500,306)	$ 359,414
Interest and Dividends from Investments	1,056	2,227
Net Investment Income (Loss)	$ (499,250)	$ 361,641

4. Fair Value Measurements

FASB ASC 820, *Fair Value Measurements and Disclosures*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access at the measurement date.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy was based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used as of December 31, 2022 and 2021.

Pooled Separate Accounts: Valued at the Net Asset Value (NAV) of its underlying investments. The pooled separate accounts include underlying investments in mutual funds which have observable level 1 or level 2 pricing inputs, including quoted prices for similar assets in active or non-active markets. FASB ASC 820, *Fair Value Measurement and Disclosures*, allows NAV per share to estimate the fair value as long as certain requirements are met. It is the Plan's assessment that these accounts meet those requirements. Since the participants have the ability to redeem the accounts at NAV as of the measurement dates on a daily basis, the accounts are properly categorized as a Level 2 fair value measurement.

The methods described above could produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

There were no Plan investments valued at fair value as of December 31, 2022.

The following table presents by level, within the fair value hierarchy, the plan's investments at fair value as of December 31, 2021.

	Level 1	Level 2	Level 3	Total
Pooled Separate Accounts	$ -	$ 2,987,208	$ -	$ 2,987,208

The following table summarizes investments measured at fair value based on the NAV per share as of December 31, 2021:

December 31, 2021	Fair Value	Unfunded Commitments	Redemption Frequency	Redemption Notice Period
Pooled Separate Accounts	$ 2,987,208	None	Daily	1 Day

5. Investment Contract with Insurance Company

The Plan has entered into an investment contract with Voya. Voya maintained the contributions in pooled separate accounts and a guaranteed interest account. The accounts were credited with earnings on the underlying investments and charged for Plan withdrawals and administrative expenses charged by Voya.

The pooled separate accounts, as reported to the Plan by Voya, were included in the financial statements at fair value, which represents contributions made under the contract, plus earnings, less withdrawals and administrative expenses.

As the guaranteed interest account is fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the guaranteed interest account. Contract value, as reported to the Plan by Voya, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

The Plan's ability to receive amounts due in accordance with fully benefit-responsive contracts is dependent on the third-party issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic developments. No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuers and that also would limit the ability of the Plan to transact at contract value with the participants.

6. Tax Status

The Plan is qualified as a profit sharing plan under Section 401(a) of the Internal Revenue Code and was exempt from federal income taxation under Section 501(a) of the Internal Revenue Code of 1986, as amended.

The plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the applicable taxing authority. The plan administrator has analyzed the tax positions taken by the Plan and has concluded that there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for years prior to 2019.

7. Related-Party Transactions

Certain Plan investments were pooled separate accounts with underlying shares in mutual funds and a guaranteed interest account managed by Voya. Voya is the custodian of the Plan; therefore, these transactions qualified as party-in-interest transactions.
