INDEPENDENT AUDITORS' REPORT

To the Trustees
Orthopedic Surgeons of Wisconsin, S.C. Retirement Plan

Qualified Opinion

We have audited the financial statements of Orthopedic Surgeons of Wisconsin, S.C. Retirement Plan ("the plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), which comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

In our opinion, except for the matters discussed in the Basis for Qualified Opinion section of our report, the accompanying financial statements present fairly, in all material respects, the net assets available for benefits of the plan as of December 31, 2022 and 2021, and the changes in its net assets available for benefits for the years then ended, in accordance with accounting principles generally accepted in the United States of America ("GAAP").

Basis for Qualified Opinion

Management, having determined it is permissible in the circumstances, has elected to have the audits of investments summarized in Note 6 to the financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor ("DOL")'s Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit procedures need not extend to any statements or information related to assets held for investment of the plan by a bank or similar institution or insurance carrier that is regulated, supervised and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution"). Management has obtained certifications from qualified institutions as of and for the years ended December 31, 2022 and 2021, stating that the certified investment information, as described in Note 6 to the financial statements, is complete and accurate.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

We conducted our audits in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audits of the Financial Statements section of our report. We are required to be independent of the plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the plan's ability to continue as a going concern for one year after the date that the financial statements are issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audits of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- exercise professional judgment and maintain professional skepticism throughout the audit.
- identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the plan's internal control. Accordingly, no such opinion is expressed.
- evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the plan's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audits, significant audit findings and certain internal control related matters that we identified during the audits.

Supplemental Schedule Required by ERISA

The supplemental schedule of assets (held at end of year) as of December 31, 2022 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and is derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to the auditing procedures applied in the audit of the 2022 financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion,

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Orthopedic Surgeons of Wisconsin, S.C. Retirement Plan

Notes to Financial Statements

December 31, 2022 and 2021

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Method of accounting - Orthopedic Surgeons of Wisconsin, S.C. Retirement Plan ("the plan") follows the accrual method of accounting wherein additions and deductions are reflected in the period earned or incurred.

Accounting estimates - The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America ("GAAP") requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Actual results could differ from those estimates.

Subsequent events - The financial statements include management's evaluation of the events and transactions occurring subsequent to December 31, 2022 through September 28, 2023, which is the date the financial statements were available to be issued.

Risks and uncertainties - The plan invests in various investments. Investments are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investments, it is at least reasonably possible that changes in the values of investments will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Key parties of the plan - Orthopedic Surgeons of Wisconsin, S.C. is the plan sponsor, employer and plan administrator. Prior to August 16, 2021, Transamerica Life Insurance Company ("Transamerica") was the custodian of certain plan assets (see Note 6) and the investment agent that maintained investment and participant records. Effective August 16, 2021, the plan liquidated the investments held by Transamerica and transferred the funds to Voya Retirement Insurance and Annuity Company ("Voya") which became the custodian of certain plan assets (see Note 6) and the investment agent that maintains investment and participant records. Sikich LLP is the third-party administrator and tax counsel that performs various compliance tests. Two shareholders of Orthopedic Surgeons of Wisconsin, S.C. are the plan trustees. Pegasus Partners, Ltd. is the plan's investment advisor for the non-participant-directed investments held with Voya. The participant-directed investments are maintained independently by the individual participants.

Investments - The plan sponsor determines the Voya investments available to plan participants. The participant-directed investments are selected by eligible participants electing this option. The participants allocate their contributions and transfer existing balances among the available investment options, including the participant-directed investment option. Participants should refer to the investment account summaries and prospectuses for more information. Earnings, including the net appreciation (depreciation) in fair value of investments bought, sold and held during the years are reflected in the statements of changes in net assets available for benefits.

Fair value measurements - GAAP establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical investments (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements).

The three levels of the fair value hierarchy are described as follows:

- Level 1 - Valuation is based upon quoted prices in active markets for identical investments.
- Level 2 - Valuation is based upon other significant observable inputs (including quoted prices for similar investments).
- Level 3 - Valuation is based upon significant unobservable inputs (including the plan's assumptions in determining the fair value of investments).

Orthopedic Surgeons of Wisconsin, S.C. Retirement Plan

Notes to Financial Statements
December 31, 2022 and 2021

Following is a description of the valuation methodologies used for investments measured at fair value.

Pooled separate accounts - The Voya pooled separate accounts are valued at the net asset value ("NAV") which is based on the fair value of the underlying investments held by the pooled separate account less its liabilities. The NAV, as certified by Voya, is used as a practical expedient to estimate fair value. This practical expedient is not used when it is determined to be probable that the pooled separate account will sell the investment for an amount different than the reported NAV. The pooled separate accounts are not direct filing entities.

Participant-directed investments - Consists of equity and bond mutual funds, exchange-traded funds, certificates of deposit, money market funds, REIT funds, and corporate bonds. All of these assets are classified as level 1 investments, valued at the closing price reported in the active market in which individual securities are traded. Also included as a level 1 investment is an investment in a variable annuity which is valued at the published values of the underlying mutual fund investments.

In addition, one participant has two investments that are considered level 3 investments. The first is an investment in an LLC which invests in senior-secured first lien floating rate loans to private equity-owned U.S. middle market companies. The market value of this investment, as reported by the LLC, is \$285,000 as of December 31, 2022 and 2021. The second is an investment in a limited partnership which invests in senior-secured and one-stop unitranche loans primarily to private equity-owned U.S. middle market companies. The market value of this investment, as reported by the limited partnership, is \$762,000 and \$653,000 as of December 31, 2022 and 2021.

The plan administrator determines by level, within the fair value hierarchy, the plan's investments at fair value as set forth below.

Investments at fair value as of December 31, 2022

	Level 1	Level 2	Level 3	Total
Participant-directed investments	\$18,265,363	\$ -	\$1,047,393	\$19,312,756
Total investments in the fair value hierarchy	\$18,265,363	\$ -	\$1,047,393	19,312,756
Investments measured at NAV (a)				6,696,074
Total investments at fair value				\$26,008,830

Investments at fair value as of December 31, 2021

	Level 1	Level 2	Level 3	Total
Participant-directed investments	\$20,623,228	\$ -	\$ 937,446	\$21,560,674
Total investments in the fair value hierarchy	\$20,623,228	\$ -	\$ 937,446	21,560,674
Investments measured at NAV (a)				7,228,769
Total investments at fair value				\$28,789,443

- (a) In accordance with GAAP, certain investments that are measured at NAV have not been classified in the fair value hierarchy. The fair value amounts presented in the above table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

Orthopedic Surgeons of Wisconsin, S.C. Retirement Plan

Notes to Financial Statements
December 31, 2022 and 2021

Investment at contract value - The plan has a fully benefit-responsive guaranteed investment contract through an annuity contract issued by Voya. Voya maintains the contributions in a general account. The guaranteed investment contract issuer is contractually obligated to repay the principal and a stated interest rate for the life of the contract. The contract provides two stated interest rates; a current rate, determined at least monthly, and a guaranteed minimum floor rate, determined at least annually. The guaranteed minimum floor rate may change after a defined period. The average yield earned by the fund was 1.15% in 2022 and 1.00% in 2021.

This contract meets the fully benefit-responsive investment contract criteria and therefore is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the plan. Contract value, as reported to the plan, represents contributions made under the contract, plus earnings, less participant withdrawals, and administrative expenses. Participants may ordinarily direct the withdrawal of all or a portion of the investment at contract value at any time. However, there may be limitations on participant transfers, which are made at contract value, from this investment to other investments within the plan. The transfer limit, if imposed, varies but will never be less than 10% of the balance in the investment as of the date of the transfer, reduced by any transfers made during the same year. The plan administrator has determined this transfer limit does not have a practical effect in determining the fully benefit responsiveness of this contract.

The contract does not have a maturity date and there are no contract provisions that require a distribution at contract value at any specified time. The plan sponsor can request a lump sum distribution with a market value adjustment or an installment payout, at contract value, over a period of years. The contract will continue in full force until all assets have been distributed or no further payments are due.

The plan's ability to receive amounts due is dependent on the issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments. Certain events might limit the ability of the plan to transact at contract value with the issuer. As of the date the financial statements are available to be issued, the plan administrator is not aware of any events that may limit the ability of the plan to transact at contract value with the contract issuer and that would also limit the ability of the plan to transact at contract value with the participants.

2. DESCRIPTION OF PLAN

The following brief description of the plan is provided for general information purposes only. Participants should refer to the plan documents for more complete information.

General - The plan was established on January 1, 2003 as a defined contribution plan with a 401(k) salary deferral arrangement. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA") and subsequent amendments.

Eligibility - Employees are eligible to participate in the plan once they have completed one year of service and have reached age 18. An employee can enter the plan on the first day of the quarter after meeting the eligibility requirements.

Contributions - Contributions to the plan can be made as follows:

- a. Participants may contribute a percentage of their compensation subject to certain limitations (elective deferral contribution). The plan also permits Roth elective deferral contributions.
- b. Rollover contributions are accepted by the plan from other qualified plans.

December 31, 2022 and 2021

- c. A safe harbor contribution is made by the employer for all employees eligible to participate in the plan, with the exception of highly compensated employees (HCE's) who are not eligible to receive safe harbor contributions. The safe harbor contribution is equal to 3% of the employee's eligible compensation in 2022 and 2021.
- d. A profit sharing contribution may be made at the employer's discretion. Owners of Orthopedic Surgeons of Wisconsin, S.C. received \$40,500 and \$38,500 each as a profit sharing contribution in 2022 and 2021. Non-owner HCE's received a profit sharing contribution equal to 5% of their eligible compensation in 2022 and 2021. Non-HCE's received a profit sharing contribution equal to 2% of their eligible compensation in 2022 and 2021.

Participant accounts - Earnings, including the fair value appreciation or depreciation, are allocated to participant accounts on a daily basis based upon the performance of the investment options selected. Each participant's account is credited with the participant's elective deferral, employer contributions and rollover contributions. Participants are allowed to transfer funds between the various investment options daily and change their deferral percentage each pay period.

Vesting - Participants are always 100% vested in their elective deferral, rollover contributions, employer safe harbor contributions and related earnings. Participants begin vesting in employer profit sharing contributions and related earnings upon two years of service, at which time they are 25% vested. Participants become 50% vested after three years of service and are fully vested after four years of service. Upon death, disability or qualified retirement, participants become 100% vested.

Payment of benefits - Benefit payments may commence upon termination of employment, death, disability, or attainment of normal retirement age. Distributions may be in the form of a single lump sum payment, partial withdrawals or installment payments. In-service distributions are allowed upon reaching age 59 ½. Hardship withdrawals are permitted under the plan.

Administrative expenses - Certain administrative expenses of the plan are paid by the employer. Certain other fees are paid using plan assets and recorded as administrative expenses in the accompanying financial statements. Such expenses include participant directed charges for distribution fees, loan fees and investment advisory fees on the participant-directed investments.

Notes receivable from participants - Actively employed participants may borrow from their accounts a minimum of \$500 up to a maximum of the lesser of \$50,000 or 50% of their vested account balance. Participants may have three loans outstanding at any given time. The maximum loan term for a general purpose loan is five years. The loan terms may be extended if the loan proceeds are used to purchase a primary residence. As of December 31, 2022, the notes receivable from participants have various repayment schedules through October 2027 with interest rates ranging from 4.25% to 8.00%. The notes receivable from participants are valued at their unpaid principal balance plus any accrued but unpaid interest, which approximates fair value.

Forfeitures - Forfeitures from employer profit sharing contributions can be used to reduce future employer contributions. Forfeitures used to reduce employer contributions were \$15,000 in 2021. Forfeitures used in 2022 were insignificant. Unapplied forfeitures were insignificant as of December 31, 2022 and 2021.

3. PARTY-IN-INTEREST TRANSACTIONS

Voya/Transamerica manages/managed certain plan investments (see Note 6) and is/was the investment agent that holds/held custody of these investments, therefore, these transactions qualify as party-in-interest transactions. Direct fees paid by the plan to Voya were insignificant in 2022 and 2021.

Voya/Transamerica provide/provided certain administrative services to the plan pursuant to services agreements between them and the plan sponsor. Voya/Transamerica received revenue from mutual fund service providers for services provided to the funds. This revenue is used to offset certain amounts owed for their administrative services to the plan.

Orthopedic Surgeons of Wisconsin, S.C. Retirement Plan

Notes to Financial Statements

December 31, 2022 and 2021

If the revenue received by Transamerica from such mutual fund service providers exceeded the amount owed under the services agreement, Transamerica remitted the excess, in the form of service credits, to the plan on a monthly basis. Such service credits were applied to pay plan administrative expenses or were allocated to the accounts of the participants. Service credits received by the plan from Transamerica were \$7,000 in 2021. Service credits used to pay plan administrative expenses were \$7,000 in 2021.

Notes receivable from participants also qualify as party-in-interest transactions.

All of the above party-in-interest transactions are exempt from the prohibited transaction rules of ERISA.

4. TERMINATION OF PLAN

Although it has not expressed any intent to do so, the employer has the right to terminate the plan subject to the provisions of ERISA. In the event of plan termination, participants would become 100% vested in their profit sharing contributions and related earnings.

5. INCOME TAX STATUS

The plan is operating under a Sikich LLP non-standardized pre-approved profit sharing plan that received a favorable opinion letter on June 30, 2020, in which the Internal Revenue Service stated that the plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code. The plan administrator has not obtained a separate Internal Revenue Service opinion or determination letter for the plan, however, the plan administrator and tax counsel believe that the plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code.

GAAP requires plan management to evaluate tax positions taken by the plan and recognize tax liabilities (or assets) for any uncertain tax positions taken by the plan that more likely than not would not be sustained upon examination by the applicable authorities. Plan management analyzed the requirements for accounting for such uncertain tax positions taken and determined the plan was not required to recognize any tax liabilities (or assets) related to uncertain tax positions taken as of December 31, 2022 and 2021. The plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits in progress.

6. INFORMATION CERTIFIED BY THE INVESTMENT AGENTS

Management has obtained certifications from Voya and Transamerica, qualified institutions under the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, that state the following information with respect to assets held for investment of the plan are complete and accurate. Voya and Transamerica hold/held the plans fixed account/stable account and pooled separate accounts.

- a. Investments held by the agents for the plan and the fair values and contract values of such as of December 31, 2022 and 2021;
- b. Interest income and the net appreciation (depreciation) in fair values of investments during 2022 and 2021; and
- c. Contributions to, withdrawals from, purchases, sales and interfund transfers of investments during 2022 and 2021.
