INDEPENDENT AUDITOR'S REPORT

To the Plan Administrator and Fiduciary Committee
Modern Litho, Inc. Retirement Plan
Jefferson City, Missouri

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of Modern Litho, Inc. Retirement Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statements of changes in net assets available for benefits for the years ended December 31, 2022 and 2021, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Modern Litho, Inc. Retirement Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2022 and 2021, and for the years ended December 31, 2022 and 2021, stating that the certified investment information, as described in Note 10 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section –

- The amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- The information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Modern Litho, Inc. Retirement Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Modern Litho, Inc. Retirement Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Modern Litho, Inc. Retirement Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Modern Litho, Inc. Retirement Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedules Required by ERISA

The supplemental schedule of assets (held at end of year) as of or for the year ended December 31, 2022, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain

additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion –

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

MODERN LITHO, INC. RETIREMENT PLAN

NOTES TO FINANCIAL STATEMENTS DECEMBER 31, 2022 AND 2021

NOTE 1. DESCRIPTION OF PLAN:

The following brief description of Modern Litho, Inc. (Company) Retirement Plan (Plan) provides only general information. Participants should refer to the Plan agreement for a more comprehensive description of the Plan's provisions.

General

The Plan is a defined contribution plan, subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA). The Plan was established effective April 1, 1987, and most recently restated on January 1, 2022. The Plan sponsor is Modern Litho, Inc. (the Company). The Plan covers all employees who are age 21 or older and who have completed six months of eligibility service, as defined. Participants are permitted to enter the plan on January 1 or July 1 of the plan year coinciding with or next following their fulfillment of the eligibility requirements. Employee participation in the Plan is voluntary.

The Board of Trustees oversees governance of the Plan. The Plan's Investment Committee determines the appropriateness of the Plan's investment offerings, monitors investment performance, and reports to the Plan's Board of Trustees.

Contributions

Participants may contribute a portion of their compensation, as defined in the Plan. Participants may defer up to \$20,500 of their eligible compensation to the Plan. Participants who meet certain age requirements are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan currently offers various mutual funds and an insurance investment contract as investment options for participants. The Plan includes an auto-enrollment provision whereby all newly eligible employee are automatically enrolled in the Plan, unless they affirmatively elect not to participate, with a default rate set at 5% of eligible compensation for 2022 and 2021. Contributions are subject to certain statutory limitations.

Employer discretionary and matching contributions into the Modern Litho, Inc. Retirement Plan are determined annually at the discretion of the Company's Board of Directors. For 2022 and 2021, the Company contributed a matching contribution equal to 50% of the amount of the participants deferred compensation not to exceed 2.5% of the participant's compensation.

NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2022 AND 2021

NOTE 1. DESCRIPTION OF THE PLAN (continued):

Participant Accounts

Each participant's account is credited with the participant's contribution and allocations of (a) the Company's contribution, (b) Plan earnings (losses), and (c) forfeitures of terminated participants' nonvested accounts, and (d) charged with an allocation of administrative expenses. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Payment of Benefits

Distributions to plan participants are available upon termination of employment, disability, death, hardship, after attaining age 59 1/2, or retirement. Participants may elect to receive a distribution of the balance in their account as a lump-sum payment or annual installment payments.

Unallocated Accounts

At December 31, 2022 and 2021, forfeited nonvested accounts totaled \$1,901 and \$14,737, respectively. Per the Plan, these funds may be used to reduce employer contributions, add to employer discretionary contribution, add to the employer matching contribution, or allocate to Participants.

Vesting

Participants are immediately vested in their elective deferral, rollover, the Company's "Safe Harbor" contributions, the Company's qualified non-elective contributions, and related earnings. Vesting in the Company's matching contributions and related earnings is based on years of continuous service. All accounts are fully vested at the normal retirement age, at death, or if become disabled. Participants vest 0% in the first year, then 20% per year of service and are 100% vested when they attain six years of service.

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. The loans are secured by the balance in the participant's account and bear interest at rates ranging from 3.25% to 5.50%, which are commensurate with local prevailing rates as determined quarterly by the Plan administrator. The loan must provide at least quarterly payments, the term of the loan generally may not exceed five (5) years, and participants may have one loan outstanding at a time. Generally, the Administrator will require the participant repay the loan through payroll deductions.

MODERN LITHO, INC. RETIREMENT PLAN

NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2022 AND 2021

NOTE 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES:

Date of Management's Review of Subsequent Events

Subsequent events were evaluated through October 2, 2023, which is the date the financial statements were available to be issued.

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting and in accordance with Generally Accepted Accounting Principles (GAAP).

Investment contracts held by a defined contribution plan are required to be reported at fair value. Contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the plan.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Loan fees may be charged against the account of the participant to whom the loan is granted and the Plan Administrator may adopt any administrative rates or procedures that it deems necessary or appropriate with respect to the granting and administering of loans. As of December 31, 2022 and 2021, no allowance for credit losses has been recorded. If a participant does not make loan repayments and the plan administrator considers the participant loan to be in default, the loan balance is reduced, and the delinquent participant note receivable is recorded as a benefit payment based on the terms of the Plan document.

Investment Valuation and Income Recognition

Investments are reported at fair value, except for fully benefit-responsive investment contracts, which are reported at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Investment Committee determines the Plan's valuation policies. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the plan's gains and losses on investments bought and sold as well as held during the year.

MODERN LITHO, INC. RETIREMENT PLAN

NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2022 AND 2021

NOTE 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued):

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States (“GAAP”) requires the plan administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosures of contingent assets and liabilities. Accordingly, actual results may differ from those estimates.

Payment of Benefits

Benefits are recorded when paid.

Operating Expenses

Investment-related expenses are included in net appreciation in fair value of investments. Fees for the administration of notes receivable from participants are included in administrative expenses and charged directly to the participant’s account.

NOTE 3. FAIR VALUE MEASUREMENTS:

The Plan’s investments are reported at fair value in the accompanying statement of net assets available for benefit. The methods used to measure fair value may produce an amount that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The fair value measurement accounting literature establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels:

- Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the plan has the ability to access and have the highest priority.
- Level 2 Inputs to the valuation methodology consist of observable inputs other than quoted prices for identical assets (Level 1).
- Level 3 Inputs to the valuation methodology are unobservable and have the lowest priority.

MODERN LITHO, INC. RETIREMENT PLAN

NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2022 AND 2021

NOTE 3. FAIR VALUE MEASUREMENTS (continued):

The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. Level 2 inputs are used for investments for which Level 1 inputs were not available. Level 3 inputs would only be used if Level 1 or Level 2 inputs were not available. There are no plan assets requiring the use of Level 3 inputs for the periods presented.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2022 and 2021.

Level 1 Fair Value Measurements

The fair value of mutual funds is based on quoted net asset values of the shares as reported by the fund. The mutual funds held by the Plan are open-end mutual funds registered with the U.S. Securities and Exchange Commission. The funds must publish their daily net asset value and transact at that price. The mutual funds held by the Plan are considered to be actively traded. The fair values of common stocks are based on the closing price reported on the active market where the individual securities are traded.

Level 2 Fair Value Measurements

The fair value of The Standard Stable Asset A is valued at contract value for daily transactions including transfers between funds. Contract value approximates fair value.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting due date.

The following tables set forth, by level within the fair value hierarchy, the Plan's investments at value as of December 31, 2022 and 2021:

Total Assets at Fair Value	<u>\$ 23,048,632</u>	<u>\$ 20,114,035</u>	<u>\$ 2,934,597</u>

The following table reconciles the beginning and ending balances of fair value measurements using observable inputs (Level 2) of the group annuity contract with the insurance company for the years ended December 31, 2022 and 2021:

	<u>December 31, 2022</u>	<u>December 31, 2021</u>
Beginning balance	\$ 2,934,597	\$ 2,946,761
Additions:

Total Deductions	<u>653,196</u>	<u>1,476,795</u>
Ending balance	<u>\$ 2,701,985</u>	<u>\$ 2,934,597</u>

Gains and losses (realized and unrealized) included in changes in net assets available for benefits for the year ended December 31, 2022 and 2021, are reported in net appreciation in fair value of investments. The Plan's policy is to recognize transfers into and out of Level 2 as of the date of the event or change in circumstances that caused the transfer. \$457,480 and \$854,499 were net amounts transferred from/to Level 1 and Level 2 in 2022 and 2021, respectively. No Level 3 investments were obtained for the years ended December 31, 2022 and 2021.

MODERN LITHO, INC. RETIREMENT PLAN

NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2022 AND 2021

NOTE 4. TAX STATUS:

The Plan obtained its latest determination letter March 31, 2014, in which the Internal Revenue Service stated that the plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code (IRC). Although the plan has been amended since receiving the determination letter, the plan administrator and the plans tax counsel believe that the plan is designed and is currently being operated in compliance with the applicable provisions of the Internal Revenue Code (IRC). Therefore, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require the plan administrator to evaluate tax positions taken by the Plan and recognize a tax liability for any uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by tax authorities; however, there are currently no audits for any tax periods in progress.

NOTE 5. THE STANDARD STABLE ASSET A:

The Standard Stable Asset A is available through a rider to Standard Insurance Company's group annuity contract. As such, it is an insurance contract whose key features are:

1. Contract value represents contributions made, less withdrawals and administrative expenses, plus interest credited. Daily liquidity at contract value is available for participant contributions and withdrawals.
2. The plan's The Standard Stable Asset A's contract value is a general liability against Standard Insurance Company on the plan's behalf.
3. There are no particular segregated or identifiable assets of Standard Insurance Company ascribed to the plan's The Standard Stable Asset A.

For the plan years ending on the following dates, contract value and crediting rates for the plan's The Standard Stable Asset A were:

	<u>December 31, 2022</u>	<u>December 31, 2021</u>
Contract Value as of:	\$ 2,701,985	\$ 2,934,597
Crediting Rate* for Plan Year Ending on:	2.23%	2.21%

* Calculated as the percentage increase in the fund's NAV of The Standard Stable Asset A over the plan year with assets invested.

MODERN LITHO, INC. RETIREMENT PLAN

NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2022 AND 2021

NOTE 5. THE STANDARD STABLE ASSET A (continued):

- Contract value represents contributions made, less withdrawals and administrative expenses, plus interest credited. Net deposits invested in the Standard Stable Asset A become part of Standard Insurance Company's general account, and there are no particular segregated or identifiable assets ascribed to the plan's investment. Net deposits and interest credited become liabilities against Standard Insurance Company on the plan's behalf. Daily liquidity is available for participant contributions and withdrawals at contract value regardless of market conditions. Contract value is guaranteed by the full faith and credit of Standard Insurance Company; there are no wrap contracts supporting the liquidity of the fund. The fund is neither a mutual fund nor a bank product. Standard Insurance Company's obligations are not insured by the FDIC or any other federal government agency.
- Crediting rates for the plan's The Standard Stable Asset A are set by Standard Insurance Company using a process similar to that used by banks or other insurance companies for similar products. We quarterly declare a crediting rate for all assets in the fund during the coming quarter. This crediting rate takes into account yield forecasts from our asset advisory group and the margins required for our business. The crediting rate is declared in advance and is reset quarterly. The fund's declared crediting rate will never be below 1 percent annually. Management approval is required for all crediting rates. The fund's NAV increases with the daily equivalent of the crediting rate. Past crediting rates are not indicative of future rates.

As an asset in a retirement plan, the plan's The Standard Stable Asset A provides participants with liquidity at contract value for daily transactions including transfers between funds. We believe contract value is an appropriate measurement for the plan's The Standard Stable Asset A for reporting and financial statement purposes, and contract value approximates fair value.

NOTE 6. PLAN TERMINATION:

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts. Any unallocated assets of the Plan shall be allocated to participant accounts and distributed in such a manner as the Company may determine.

NOTE 8. ACCOUNTS OF INDIVIDUALS WHO HAVE WITHDRAWN:

Net assets available for benefits at December 31, 2022 and 2021 include \$2,770,811 and \$2,504,332, respectively, allocated to the accounts of individuals who, as of or prior to that date, had withdrawn from participating in the earnings and operations of the Plan, generally as a result of terminating employment.

NOTE 9. RISKS AND UNCERTAINTIES:

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

NOTE 10. INFORMATION PREPARED AND CERTIFIED BY TRUSTEE:

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan administrator instructed us not to perform any auditing procedures with respect to the information summarized below.

Notes Receivable from Participants	2,333	2,651

NOTE 11. RELATED PARTY AND PARTY IN INTEREST TRANSACTIONS:

The Plan sponsor and employer is Modern Litho, Inc.

Certain Plan investments are shares of mutual funds managed by StanCorp Financial Group and Standard Retirement Services. StanCorp Financial Group and Standard Retirement Services provide investment management services to participants. Therefore, these transactions qualify as party-in-interest transactions. Fees paid by Plan participants to StanCorp Financial Group and Standard Retirement Services totaled \$29,153 and \$15,264 for the years ended December 31, 2022 and 2021, respectively.

Investment management services were provided by LPL Financial Corporation. Fees paid by the Plan to LPL Financial Corporation were \$24,997 and \$24,980, for investment management services for the years ended December 31, 2022 and 2021, respectively. These transactions qualify as party-in-interest transactions.

The Standard Insurance Company provided third party administrative services and held the Plan's investments starting in December 2014 through the current date. The Plan paid administrative expenses of \$38,788 and \$46,711 to the StanCorp Financial Group during the years ended December 31, 2022 and 2021, respectively. These transactions qualify as party-in-interest transactions.

Seaver & Forck CPAs is the Plan auditor. Audit fees paid by the Plan were \$11,000 and \$7,600 for the years ended December 31, 2022 and 2021, respectively.

All these party-in-interest transactions are exempt from the prohibited transaction rules of ERISA.

NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2022 AND 2021

NOTE 12. VESTING ERRORS:

The Standard, Third Party Administrator, identified an issue within their recordkeeping system where the system was not correctly accruing hours for purposes of Years of Service and vesting. Consequently, nineteen terminated participants were underpaid and the Plan's forfeiture account received an additional \$19,310 in error. The Plan used the forfeitures so those dollars are not available to make the corrective contributions into the termed participants accounts. The Standard will prefund the forfeiture account in order to make the corrective contributions, plus earnings. The Standard identified the error in 2021. \$12,569 is the excess forfeitures for 2019 and 2020. \$6,741 is excess forfeitures for 2021. Management will use the Self Correction Program (SCP) in order to fix the mistake. To qualify to use SCP, generally the mistake must be fixed within two years after the end of the Plan year in which the failure occurred.

NOTE 13. EMPLOYER CORRECTIVE CONTRIBUTION:

In December 2022, employer matching contributions were erroneously removed from thirty-one participant accounts by The Standard, the Plan's Third Party Administrator. An employer contribution receivable of \$11,393 was recorded to report the corrective employer matching funds, plus calculated lost earnings through the correction date.
