INDEPENDENT AUDITOR'S REPORT

To the Trustees of
Kessler Foundation 401(k) Savings Plan:

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Kessler Foundation 401(k) Savings Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021 and the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Kessler Foundation 401(k) Savings Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained certifications from qualified institutions as of December 31, 2022, and 2021, and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying financial statements related to assets held by and certified to by qualified institutions agrees to, or is derived from, in all material respects, the information prepared and certified by institutions that management determined meet the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Kessler Foundation 401(k) Savings Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Kessler Foundation 401(k) Savings Plan's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Kessler Foundation 401(k) Savings Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Kessler Foundation 401(k) Savings Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters – Supplemental Schedule Required by ERISA

The supplemental schedule, Schedule H, Part IV, Line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2022, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from, and relates directly to, the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Kessler Foundation 401(k) Savings Plan
Notes to Financial Statements
December 31, 2022 and 2021

1. DESCRIPTION OF PLAN

The following description of the Kessler Foundation 401(k) Savings Plan (the "Plan") is provided for general information purposes only. Participants should refer to the Plan agreement for more complete information.

General

The Plan is a defined contribution plan qualifying under Section 401(k) of the Internal Revenue Code ("IRC") and subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"). The Plan was established for the purpose of providing eligible employees of Kessler Foundation (the "Employer") and their beneficiaries, funds for retirement.

Eligibility

Employees are eligible to contribute salary deferrals into the Plan and to receive a safe harbor matching contribution following the completion of 500 hours of service during the first six months of employment and attaining 21 years of age. If an employee does not complete 500 hours within the first six months of employment, then the service requirement will be met upon completion of one year of service. The Plan excludes employees covered by a collective bargaining agreement, non-resident aliens with no U.S. source income, residents of Puerto Rico, and leased employees. Participants may enter the Plan on the first day of the month following satisfaction of the eligibility criteria. In order to be eligible for the discretionary Employer contribution, employees must also be employed on the last day of the Plan year and work at least 1,000 hours during the year.

Participant Contributions

Participants in the Plan may contribute through payroll deductions an amount up to 100% of compensation, limited to annual amounts as determined by the Internal Revenue Service and may contribute amounts representing distributions from other qualified plans. Any participant, age 50 or over, may make an additional "catch-up" contribution as determined by the Internal Revenue Service. A participant may suspend contributions at any time or may increase or decrease their level of participation on the first day of each month of the Plan year. Eligible employees are automatically enrolled in the Plan at a deferral rate of 4% of compensation, unless they elect otherwise. The deferral rate is automatically increased by 1% each year up to a maximum rate of 10%.

Employer Contributions

The Employer makes a safe harbor matching contribution equal to 100% of a participant's elective deferral which does not exceed 4% of the employees' compensation per calendar year.

The Employer may also make an additional discretionary Employer contribution into the Plan to be determined annually and allocated to each qualifying participant's individual account. For the year ended December 31, 2022, the Employer elected to make a discretionary Employer contribution equal to 4% of compensation for all eligible employees.

Participant Accounts

Individual accounts are established for each participant. The Plan offers a variety of funds as investment options. Participants are no longer permitted to contribute to the TIAA CREF funds. Each participant's account is credited with the participant's pre-tax and post-tax contributions and the proportionate share of dividends, interest and investment gains since the preceding valuation date. The participant's account is reduced by withdrawals, losses on investments, administrative expenses and any forfeitures. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Kessler Foundation 401(k) Savings Plan
Notes to Financial Statements
December 31, 2022 and 2021

Vesting

A participant is always 100% vested in his or her own salary deferral contributions and their allocation of the safe harbor matching contributions. All other Employer contributions vest based upon the following schedule:

<u>Years of Service</u>	<u>Vested Percentage</u>
Less than 2	0%
2	100%

A participant's "vested percentage" is based on vesting years of service. A participant earns and accumulates a year of vesting for each Plan year that he or she completes 1,000 hours of service, as defined in the Plan. Any unvested portion of the Employer contribution allocation of a participant's account shall be forfeited at termination. A participant will automatically become 100% vested upon reaching normal retirement age or upon death or disability during employment.

Payment of Benefits

Normal retirement under the Plan is age 65. In service withdrawals prior to age 59 ½ are not permitted from the Plan except in the instances of death, disability, hardship, or termination of employment. A participant may choose to have their benefit distributed upon retirement. If a participant works past the normal retirement date, payment of benefits can be deferred. Upon termination of service, a participant can elect to receive the vested portion of their account in the form of an annuity or installment payments or as a lump-sum distribution. The beneficiary of any participant with accrued benefits in the Plan is entitled to 100% of such benefits.

Notes Receivable From Participants

The Plan accounts held at Principal allow for loans to be extended to participants for financial hardship or financial needs. All loans are considered a direct investment of the participant and payments of principal and interest are credited to the participant's account. The minimum a participant may borrow is \$1,000 and the maximum, including the outstanding balance of existing Plan loans, is 50% of their vested account balance, not to exceed \$50,000. A participant is limited to two outstanding loans at any time. The loans bear interest ranging from 3.25% to 7.50% and have various maturity dates through June 2037. Principal and interest are paid ratably through biweekly payroll deductions, generally over periods not exceeding sixty months, with the exception of the purchase of a primary residence which carries terms up to 20 years.

Plan Loans

Plan loans issued directly from funds owned by TIAA CREF and not directly from a participant's account require a portion of the participant's account to be held in reserve, or held as collateral, to cover 110% of the outstanding loan in case of default. The collateral is held in the TIAA CREF Traditional Annuity as either part of a Group Supplemental Retirement Annuity ("GRSA") contract or as a separate Retirement Loan contract. As these loans are not from Plan assets, they are not includable in the statements of net assets available for benefits. As of December 31, 2022, \$1,429 was held as collateral.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The accounting records of the Plan are prepared under the accrual basis of accounting.

Estimates

The preparation of financial statements in conformity with generally accepted accounting principles in the United States of America requires the Plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Kessler Foundation 401(k) Savings Plan

Notes to Financial Statements

December 31, 2022 and 2021

Valuation of Investments and Income Recognition

Investments are reported at fair value except for the Principal Fixed Income Option, which is recorded at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Fair value measurements are discussed in Note 3. Contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to fully benefit responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. For the Plan's fully benefit responsive investments, contract value approximates fair value.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net depreciation includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

Administrative Services

The expenses necessary to administer the Plan, including but not limited to, retaining necessary professional assistance from an attorney, an accountant, or an actuary are either paid by the Employer, or incurred by the Plan and allocated to each participant at the Employer's option. All other expenses including but not limited to investment advisor fees, account maintenance fees, transaction fees and investment fund management fees, have been paid by the Plan. Participants are charged service fees for any loan and distribution transactions they request. Certain fees assessed by investment fund managers have been offset against net investment income. For the year ended December 31, 2022, the Plan paid administrator fees of \$39,447.

Payment of Benefits

Benefits are recorded when paid.

Forfeited Accounts

At December 31, 2022 and 2021, the Plan had \$-0- and \$13,342, respectively, of forfeited non-vested accounts. During the 2022 year, approximately \$12,874 of forfeitures were applied to Employer contributions. Forfeitures can be used to pay Plan expenses or may be allocated towards Employer contributions at the election of the Employer.

Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market volatility and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Notes Receivable From Participants

Notes receivable from participants are measured at their unpaid principal balance, plus any accrued but unpaid interest. No allowance for credit losses has been recorded as of December 31, 2022 and 2021. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan document.

3. FAIR VALUE MEASUREMENTS

Financial Accounting Standards Board (“FASB”) Accounting Standards Codification (“ASC”) 820, *Fair Value Measurements and Disclosures*, establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Observable inputs other than Level 1 prices, such as quoted prices for similar assets or liabilities; or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets or liabilities.

Level 3 - Unobservable inputs that are supported by little or no market activity and that are financial instruments whose values are determined using pricing models, discounted cash flow methodologies, or similar techniques, as well as instruments for which the determination of fair value requires significant judgment or estimation.

The asset or liability’s fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for the Plan’s assets measured at fair value. There have been no changes in the methodologies used for periods presented in these financial statements.

Mutual Funds: Shares of mutual funds are valued at quoted market prices which represent the net asset value of shares held by the Plan at year-end.

Common/Collective Trusts: The units of common/collective trusts are stated at fair value as determined by the issuer of the fund based on the fair value of the underlying investments. Net asset value (“NAV”) of the underlying fund is reported by the investment advisor using the audited financial statements of the common/collective trusts at year end.

Pooled Separate Accounts: Units held in pooled separate accounts are valued on net asset value of the shares held by the Plan at year end, which is based on the unit prices quoted by the fund, representing the fair value of the underlying investments.

Group Fixed Annuity Contract: Shares of the account are valued at fair value which approximates contract value, which equals the accumulated cash contributions, interest credited to the Plan’s contract, transfers, and withdrawals, if any.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

4. INFORMATION CERTIFIED BY THE CUSTODIANS (UNAUDITED)

No auditing procedures were performed by the independent auditors as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA with respect to information certified as complete and accurate by the custodians, TIAA and CREF, Principal Life Insurance Company and Principal Trust Company, except for comparing such information with the information reported in the financial statements.

Based on the information provided and certified by the custodians, there are no fixed income obligations, leases, or debt instruments in default or deemed uncollectible, as defined by ERISA, as of December 31, 2022.

Notes to Financial Statements
December 31, 2022 and 2021

The following information as of December 31 was prepared from reports certified by the custodians:

	<u>2022</u>	<u>2021</u>
Investments at fair value	\$ 22,994,956	\$ 27,045,275
Investments at contract value	<u>1,696,654</u>	<u>1,414,569</u>
Total investments	<u>\$ 24,691,610</u>	<u>\$ 28,459,844</u>
Notes receivable from participants	<u>\$ 247,600</u>	<u>\$ 308,138</u>
Net depreciation in fair value of investments	\$ (4,799,609)	
Dividends	\$ 273,671	
Interest income on notes receivable from participants	\$ 10,194	

5. INVESTMENT CONTRACT WITH INSURANCE COMPANY

The Plan entered into a fully-benefit responsive investment contract with Principal Life Insurance Company. The accounts are credited with earnings on the underlying investments and charged for withdrawals and administrative expenses. The Plan's units are included in the financial statements at contract value as reported to the Plan by Principal Life Insurance Company. Contract value represents contributions made under the contract, plus earnings, less Plan withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. This contract has surrender charges if it is terminated by the contract holder, or a plan terminates its interest in such contract within certain time periods.

6. PLAN TERMINATION

The Employer intends to continue the Plan indefinitely for the benefit of its employees, but reserves the right to modify, amend, or terminate the Plan at any time. In the event of termination of the Plan, all amounts credited to participants' accounts shall be 100% vested and non-forfeitable. All participants shall receive a total distribution of their accounts as described in the Plan. Any amount in the forfeiture account upon termination shall be allocated on a pro-rata basis to the participants' accounts.

7. INCOME TAX STATUS

The Plan adopted a prototype non-standardized profit sharing 401(k) plan. By letter dated June 30, 2020, the Internal Revenue Service ("IRS") has determined that the prototype plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code ("IRC"). The Plan has been amended since receiving this opinion letter. However, the Plan administrator and the Plan's tax counsel believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRS. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2022 and 2021, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. In addition, there are no tax related interest or penalties for the periods presented in these financial statements.

8. PARTY IN INTEREST TRANSACTIONS

Most Plan investments are managed by TIAA CREF and Principal, the custodians of the Plan. These transactions qualify as party-in-interest transactions. In addition, the Plan has certain investment related expenses, which have been offset by net investment income. Notes receivable from participants also qualify as exempt party-in-interest transactions.

9. SUBSEQUENT EVENTS

The Plan has evaluated subsequent events occurring after the statement of net assets available for benefits date through the date of September 13, 2023, the date for which the financial statements were available to be released. Based upon this evaluation, the Plan has determined that no subsequent events have occurred that require disclosure in or adjustment to the financial statements.
