INDEPENDENT AUDITOR'S REPORT

To the Plan Administrator and Participants of
Lighthouse Masonry, Inc. Retirement Savings Plan:

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Lighthouse Masonry, Inc. Retirement Savings Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Lighthouse Masonry, Inc. Retirement Savings Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained certifications from a qualified institution as of December 31, 2022 and 2021, and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 7 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Lighthouse Masonry, Inc. Retirement Savings Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Lighthouse Masonry, Inc. Retirement Savings Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments: administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Lighthouse Masonry, Inc. Retirement Savings Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Lighthouse Masonry, Inc. Retirement Savings Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audits.

Other Matter - Supplemental Schedules Required by ERISA

The supplemental schedules, Schedule H, part IV, Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2022 and Schedule H, part IV, Line 4a – Schedule of Delinquent Contributions for the year ended December 31, 2022, are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the DOL’s Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL’s Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

1. DESCRIPTION OF PLAN

The following description of Lighthouse Masonry, Inc. Retirement Savings Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan under Section 403(b) of the Internal Revenue Code ("IRC") and is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"). The Plan was established for the purpose of providing eligible employees of Lighthouse Masonry, Inc. (the "Company"), and their beneficiaries, funds for retirement. The Plan administrator is responsible for the oversight of the Plan.

Eligibility

Employees of the Company who provide services under federal contracts subject to the Davis-Bacon Act or any other federal, state, or municipal prevailing wage law are eligible to participate in the Plan immediately upon employment on prevailing wage contracts and receive employer Davis-Bacon Act contributions. Other employees who have completed one year of service (1,000 hours) and are 21 or older are eligible to participate in the Plan.

Contributions

The Plan is funded by the employer contributions only. The Company makes contributions to the Plan for participants subject to prevailing wage laws at the rates stipulated by the specific federal, state, or municipal prevailing wage contracts. Participants may also contribute amounts representing distributions from other qualified plans.

The Company may elect to make discretionary nonelective profit-sharing contribution to the Plan. Profit-sharing contributions are allocated to eligible participants based on the method elected by the Company. Participants must be employed on the last day of the Plan year to receive discretionary nonelective profit-sharing contributions. During the year ended December 31, 2022, the Company did not make discretionary profit-sharing contribution to the Plan.

Participant Accounts

Each participant's account is credited with the prevailing wage contribution or allocations of the Company's discretionary nonelective profit-sharing contribution, allocations of (a) Plan earnings or losses, and (b) administrative expenses. Allocations are based on participant account balances, as defined in the Plan document. The benefit to which a participant is entitled is the benefit that can be provided from the vested portion of the participant's account.

Investment Options

Participants direct the investment of contributions into various investment options offered by the Plan. The Plan currently offers pooled separate accounts and guaranteed interest accounts as investment options for participants. Plan management determines funds to be included in the Plan's investment portfolio and monitors its investment performance.

Vesting

Participants are immediately vested in the prevailing wage contributions, plus actual earnings thereon. Vesting in the Company's discretionary nonelective profit-sharing contributions, plus earnings thereon, is based on years of credited service in accordance with the schedule below. A participant is required to provide 1,000 hours of service during the Plan year to be credited with the year of vesting.

The participants vest in the Company's discretionary nonelective profit-sharing contributions as follows:

Years of Service	Vested Percentage
Less than 1 year	0%
At least 1 year, but less than 2	25%
At least 2 years, but less than 3	50%
At least 3 years, but less than 4	75%
At least 4 years, but less than 5	100%

Notes Receivable from Participants
Participants may borrow from their accounts amounts up to the lesser of $50,000 or 50% of their vested account balances, reduced by the highest outstanding loan balance in the participant's account during the previous 12-month period, subject to a minimum of $1,000. Notes must be repaid over a period not to extend beyond five years unless the loan proceeds are used for the purchase of a primary residence. Participants may have one loan outstanding at any time. The notes are secured by the balances in the participants' accounts and bear interest at rates determined as prime interest rates as determined by the plan administrator. The interest rates ranged from 5.25% to 9.00% at December 31, 2022, with participant notes receivable maturing through December 2027. Principal and interest are repaid ratably through weekly payroll deductions. Participant notes are recorded at their unpaid principal balance plus accrued interest.

Payment of Benefits
Upon retirement, termination, death, disability, attainment of age 59 ½, or early retirement upon attainment of age 55, vested plan benefits may be distributed to a participant in a lump-sum distribution. In addition, the Plan provides for participant withdrawals in the event of serious financial hardship.

If at the time of termination, a participant's vested account balance is $5,000 or less, the plan administrator may distribute the vested account balance to the participant without his or her consent. The vested account balance will be rolled over to an individual retirement account established by the Plan administrator.

Forfeitures
Forfeitures are created if the participants are terminated or retire prior to becoming fully vested in the discretionary nonelective profit-sharing contributions. Forfeitures can be used to reduce future prevailing wage or nonelective profit-sharing contributions or to pay for Plan expenses. During 2022, the Plan used $5,535 of forfeitures to reduce prevailing wage contributions. At December 31, 2022 and 2021, forfeited nonvested accounts were $898 and $286, respectively.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting
The financial statements of the Plan have been prepared on the accrual basis of accounting in conformity with accounting principles generally accepted in the United States of America ("GAAP").

Investment Valuation and Income Recognition
The Plan's investments in pooled separate accounts are stated at net asset value, which approximates fair value, and guaranteed interest accounts, which are not benefit responsive, are stated at fair value determined by discounting the related cash flows based on current yields of similar instruments. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for further discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on an accrual basis. Dividends are recorded on the ex-dividend date. Net depreciation in fair value of investments represents both realized and unrealized gains and losses.

Notes Receivable from Participants
Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. If a participant does not make note repayments and the plan administrator considers the participant note to be in default, the note balance is reduced, and the delinquent participant note receivable is recorded as a benefit payment based on the terms of the Plan document. No allowance for credit losses has been recorded as of December 31, 2022 and 2021.

Administrative Expenses
Certain administrative expenses incurred in the operation of the Plan are paid by the Company and are not reflected in the accompanying financial statements. Fees related to the administration of notes receivable from participants and fees related to processing of distributions are charged directly to the participant accounts and are included in administrative expenses. Investment-related expenses are included in net depreciation in fair value of investments and are not readily determinable.

Payment of Benefits
Benefits are recorded when paid.

Estimates
The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect certain reported amounts of assets, liabilities, and changes thereon, and disclosures of contingent assets and liabilities. Actual results could differ from those estimates.

Subsequent Events
Management has evaluated the activity of the Plan through September 29, 2023, the date the financial statements were available to be issued. Based on this evaluation, management has determined that no subsequent events have occurred that require adjustment or disclosure in the financial statements.

3. FAIR VALUE MEASUREMENTS

Accounting standards establish a framework for measuring fair value that utilizes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access. The Plan had no assets or liabilities valued using Level 1 inputs as of December 31, 2022 and 2021.

Level 2 - Inputs to the valuation methodology include quoted prices for similar assets and liabilities in active markets, quoted prices for identical or similar assets or liabilities in inactive markets, inputs other than quoted market prices that are observable for the asset or liability, and inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable, supported by little or no market activity, and significant to the fair value measurement. Level 3 inputs include management's own assumptions about the assumptions that market participants would use in pricing the asset or liability. The Plan had no assets or liabilities valued using Level 3 inputs as of December 31, 2022 and 2021.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. During 2021, the Plan changed its methodology concerned with valuation of guaranteed interest accounts. The investment in guaranteed interest accounts is no longer considered to be fully benefit responsive with guaranteed interest accounts valued at fair value rather than contract value at December 31, 2022 and 2021.

Guaranteed Interest Accounts: The group annuity contracts are valued at fair value by discounting the related cash flows based on current yields of similar instruments with comparable durations considering the creditworthiness of the issuer.

Pooled Separate Accounts: Units held in pooled separate accounts are valued at net asset value ("NAV") of units held by the Plan at year-end, which is based on the quoted prices for similar assets in active markets.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's fair value measurements as of December 31, 2022 and 2021:

	2022			
	Level 1	**Level 2**	**Level 3**	**Total**
Guaranteed interest accounts (a)	$ -	$ 5,215,814	$ -	$ 5,215,814
Pooled separate accounts at NAV (b)				1,570,110
				$ 6,785,924

	2021			
	Level 1	**Level 2**	**Level 3**	**Total**
Guaranteed interest accounts (a)	$ -	$ 5,925,511	$ -	$ 5,925,511
Pooled separate accounts at NAV (b)				2,443,031
				$ 8,368,542

(a) The guaranteed interest accounts are group annuity contracts with Voya Retirement Insurance and Annuity Company for 2022 and 2021.

(b) In accordance with Subtopic 820-10, certain investments that were measured at NAV per share (or its equivalent) have not been classified in the fair value hierarchy.

The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

The following table sets forth the Plan's investments whose fair value was estimated using NAV per share (or its equivalent) as of December 31:

	Fair Value at December 31,		Unfunded	Redemption	Redemption
	2022	2021	Commitment	Frequency	Notice Period
Pooled separate accounts	$ 1,570,110	$ 2,443,031	$ -	Daily	None

4. PLAN OPERATIONS – PROHIBITED TRANSACTIONS

For the year ended December 31, 2022, the Company inadvertently delayed making certain deposits of participant loan repayments as soon as these deposits could be reasonably segregated. Such delayed deposits totaled $6,524. These prohibited transactions have not been corrected as of December 31, 2022 and are included on Schedule H, Part IV, Line 4a - Schedule of Delinquent Participant Contributions for the year ended December 31, 2022.

5. PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their discretionary nonelective profit-sharing contributions.

6. TAX STATUS

The Internal Revenue Service has determined and informed the Plan by a letter dated June 30, 2020, that the Plan and related trust are designed in accordance with applicable sections of the IRC. Although the Plan has been amended since receiving the determination letter, the Plan administrator believes that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believes that the Plan is qualified, and the related trust is tax exempt.

Accounting principles generally accepted in the United State of America require Plan management to evaluate tax positions taken by the Plan and to recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the applicable authorities. The Plan administrator has analyzed the tax positions taken by the Plan and has concluded that, as of December 31, 2022 and 2021, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. In addition, there has been no tax-related interest or penalties for the periods presented in these financial statements.

7. INFORMATION CERTIFIED BY CUSTODIAN (UNAUDITED)

The Plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Voya Retirement Insurance and Annuity Company, the custodian of the Plan, has certified to the completeness and accuracy of all Plan investments as of December 31, 2022 and 2021 and of Plan net investment loss for the year ended December 31, 2022, and the schedule of assets (held at end of year) as of December 31, 2022.

No auditing procedures were performed with respect to the information certified by custodian, except comparing this information with the information reported in the financial statements.

8. TRANSACTIONS WITH PARTIES IN INTEREST

Section 3(14) of ERISA defines a party in interest to include, among others, fiduciaries or employees of the Plan, any person who provides services to the Plan, or an employer whose employees are covered by the Plan. For the year ended December 31, 2022, the Plan's transactions with parties in interest were as follows:

Investments
Certain Plan investments are managed by the Plan's custodian, Voya Retirement Insurance and Annuity Company. Fees paid by the Plan to Voya Retirement Insurance and Annuity Company for certain investment management fees were deducted from the net asset values of the funds held by the Plan.

Expenses
All administrative expenses are to be paid by the Plan unless paid by the Plan sponsor. Also, certain employees of the Company, who are also Plan participants, perform administrative services on behalf of the Plan at no cost to the Plan. The Plan sponsor paid substantially all administrative expenses for the year ended December 31, 2022. Fees related to the administration of notes receivable from participants or to processing of distributions are charged directly to the participant accounts and are included in administrative expenses.

Notes Receivable from Participants
Notes receivable from participants are also party in interest transactions. These party in interest transactions are exempt from the prohibited transactions rules of ERISA.

9. RISKS AND UNCERTAINTIES

The Plan invests in various underlying investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participant account balances and the amounts reported in the statements of net assets available for benefits.
