Independent Auditor's Report

To the Participants and Plan Administrator of the
Accent Family of Companies 401(k) Plan
Tomball, Texas

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Accent Family of Companies 401(k) Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained certifications from a qualified institution as of December 31, 2022 and 2021, and for the year ended December 31, 2022, stating that the certified investment information described in Note 4 to the financial statements is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America ("GAAP").
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Management's Responsibilities for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events that, considered in the aggregate, raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the Financial Statements* section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but it is not absolute assurance; therefore, it is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgement made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

To the Participants and Plan Administrator of the
Accent Family of Companies 401(k) Plan

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, we express no such opinion.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events that, considered in the aggregate, raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP. Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters

Supplemental Information Required by ERISA

The supplemental information listed in the index as of December 31, 2022, is presented for purposes of additional analysis and is not a required part of the financial statements, but is supplemental information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental information, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental information that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental information, we evaluated whether the supplemental information, other than the information agreed to or derived from the certified investment information, including their form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

To the Participants and Plan Administrator of the
Accent Family of Companies 401(k) Plan

In our opinion:

- The form and content of the supplemental information, other than the information in the supplemental information that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental information related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Accent Family of Companies 401(k) Plan

Notes to the Financial Statements December 31, 2022 and 2021

Note 1 – Plan Description

The following description of the Accent Family of Companies 401(k) Plan (the “Plan”) provides only general information. Participants should refer to the Plan Document or Summary Plan Description for a more complete description of the Plan’s provisions.

General

The Plan is a defined contribution 401(k) plan that provides retirement savings benefits to eligible employees of Accent Packing, Inc., and its participating employers ADSG, Inc., APS Trucking Company, Inc., and Accent Building Materials, Inc. (collectively, the “Company,” “Plan Sponsor,” or “Employer”). The Plan, which commenced effective June 1, 2017, is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”) and the Internal Revenue Code (“IRC”). The Plan was amended and restated effective June 1, 2022, to comply with the latest rules and regulations.

Plan Custodians and Trustee

The Plan’s assets are held by Principal Life Insurance Company (“Principal”), Delaware Charter Guarantee and Trust Company d/b/a Principal Trust Company and Principal Global Investors Trust Company (“Principal Trust Company”) (collectively, the “Custodians”). Among other duties, the Custodians receive contributions, hold and invest fund assets in accordance with the directions of participants, and make disbursements as directed by the Company. An officer of the Company serves as the Plan’s Trustee.

Eligibility and Plan Entrance Date

All employees of the Company, except those under collective bargaining agreements, leased employees, and non-resident aliens who receive no U.S.-source income, who have completed six months of service and are age 18 or older are eligible to participate in the Plan beginning on the first day of each calendar month coincident with, or following, completion of these eligibility requirements.

Participant Contributions

Participants may elect to contribute, on a pre-tax or Roth basis, up to 100% of their annual eligible compensation as defined by the Plan, subject to the annual deferral limit established by the IRC, which was \$20,500 for 2022. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions of up to the maximum amount allowed annually by the IRC, which was \$6,500 for 2022. Participants may also transfer amounts representing distributions from other qualified defined benefit or defined contribution plans (“rollovers”), subject to approval by the Company.

Employer Contributions

The Plan provides for Safe Harbor Employer matching contributions. In the 2022 Plan year, the Employer made Safe Harbor Employer matching contributions to the Plan on behalf of participants in an amount equal to 100% of the first 3% of each participant’s eligible compensation and 50% of the next 2% of each participant’s eligible compensation contributed to the Plan as employee contributions for a maximum of 4%. Contributions are subject to certain Internal Revenue Service (“IRS”) limitations.

Participant Accounts

Each participant account is credited with the participant’s contributions, Safe Harbor Employer matching contributions, and allocations of Plan earnings. Participant accounts are charged with an allocation of administrative expenses. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account.

Accent Family of Companies 401(k) Plan

Notes to the Financial Statements December 31, 2022 and 2021

Note 1 – Plan Description (continued)

Vesting

Participants are vested immediately in their contributions, Safe Harbor Employer matching contributions, and actual earnings on the contributions.

Participant-Directed Investments

All assets of the Plan are participant-directed investments. Participants have the option of directing their account balances to one or more investment options offered by the Plan. The Plan has selected various investment options, as more fully described in the Plan Document, to which participants may designate the allocation of their account balances. The investment options vary in types of investments, rates of return, and investment risk.

Payment of Benefits

Upon termination of service due to death, disability, or retirement, a participant may elect to receive a lump sum amount equal to the value of the participant's vested interest in his or her account. If the vested account balance is less than or equal to \$5,000, the Plan permits involuntary lump sum cash distributions. A participant may withdraw all or a portion of their account in the event of a financial hardship, as defined by the Plan. Additionally, in-service withdrawals are permitted upon attainment of age 59 ½.

Note 2 – Summary of Significant Accounting Policies

Basis of Accounting

The Plan's financial statements are prepared on the accrual basis of accounting in conformity with accounting principles generally accepted in the United States of America ("GAAP").

Investments held by a defined contribution plan are required to be reported at fair value, except for fully benefit-responsive investment contracts ("FBRICs"). Contract value is the relevant measure for the portion of the net assets available for benefits of a defined contribution plan attributable to FBRICs because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan.

Use of Estimates

The preparation of financial statements in accordance with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, changes in those assets and liabilities, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value, except for FBRICs, which are reported at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Plan management determines the Plan's valuation policies utilizing information provided by the investment advisors, Custodians, and insurance company. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Interest income is recorded on the accrual basis. The net depreciation in the fair value of investments includes the Plan's gains and losses on investments bought, sold, and/or held during the year.

Accent Family of Companies 401(k) Plan

Notes to the Financial Statements December 31, 2022 and 2021

Note 2 – Summary of Significant Accounting Policies (continued)

Payment of Benefits

Benefit payments to participants are recorded when paid.

Administrative Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Certain expenses specifically incurred by, or attributable to, a participant will be paid from that participant's account and are included in administrative expenses. Investment related expenses are included in net depreciation of fair value of investments.

Note 3 – Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1), and the lowest priority to unobservable inputs (level 3). Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs. The three levels of the fair value hierarchy under Financial Accounting Standards Board ("FASB") Accounting Standards Codification ("ASC") 820 are described as follows:

- **Level 1** – Inputs to the valuation methodology are quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access at the measurement date.
- **Level 2** – Inputs to the valuation methodology include quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; or inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.
- **Level 3** – Inputs in the valuation methodology are unobservable and significant to the fair value measurement.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2022 and 2021:

- **Mutual Funds** – Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value ("NAV") and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded and are classified within level 1 of the fair value hierarchy.

Accent Family of Companies 401(k) Plan

Notes to the Financial Statements December 31, 2022 and 2021

Note 3 – Fair Value Measurements (continued)

- **Pooled Separate Accounts** – Valued using the NAV of units held by the Plan at year-end as provided by Principal. The NAV is based on the fair value of the underlying assets owned by the fund, net of the investment management fee, and is used as a practical expedient to estimate fair value. This practical expedient would not be used if it is determined to be probable that the fund will sell the investment for an amount different from the reported NAV. If the Plan initiates a full redemption of the pooled separate account, the issuer reserves the right to require 12 months notification in order to ensure that securities liquidations will be carried out in an orderly business manner. Participant transactions (purchases and sales) may occur daily, and there are no significant restrictions on participant redemptions or any unfunded commitments.
- **Common Collective Trust Funds** – Primarily consist of FBRIcs that are valued at the NAV of units of the collective trust. NAV is used as the practical expedient to estimate fair value; however, the practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different from the reported NAV. Participant transactions (purchase and sales) may occur daily and there are no unfunded commitments. There are no significant restrictions on participant redemptions; however, if the Plan initiates a full redemption of the collective trust, the issuer reserves the right to withdrawal from the trust in order to ensure that securities liquidations will be carried out in an orderly manner.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2022 and 2021. Classification within the fair value hierarchy table is based on the lowest level of any input that is significant to the fair value measurement:

Assets at Fair Value as of December 31, 2022				
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 1,782,409	\$ -	\$ -	\$ 1,782,409
Investments measured at NAV (a)	-	-	-	5,736,804
Investments at fair value	<u>\$ 1,782,409</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 7,519,213</u>
Assets at Fair Value as of December 31, 2021				
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 1,760,426	\$ -	\$ -	\$ 1,760,426
Investments measured at NAV (a)	-	-	-	5,954,778
Investments at fair value	<u>\$ 1,760,426</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 7,715,204</u>

- (a) In accordance with ASC 820-10, certain investments (pooled separate accounts and common collective trusts) that were measured at NAV per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

Accent Family of Companies 401(k) Plan

Notes to the Financial Statements December 31, 2022 and 2021

Note 4 – Information Prepared and Certified by the Plan’s Custodians

As permitted by 29 CFR 2520.103-8 of the Department of Labor’s (“DOL”) Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Sponsor has elected the method of annual reporting compliance. Accordingly, the Custodians have certified that the following data included in the accompanying financial statements and supplemental schedules are complete and accurate:

<u>December 31,</u>	<u>2022</u>	<u>2021</u>
Investments at fair value	\$ 7,519,213	\$ 7,715,204
Investments at contract value	287,302	530,666

<u>Year Ended December 31,</u>	<u>2022</u>
Net depreciation in fair value of investments	\$ (1,438,091)
Interest	5,975
Dividends	43,855

The Plan’s independent auditor did not perform auditing procedures with respect to this information except for comparing such information with the related information included in the financial statements and supplemental schedules.

Note 5 – Guaranteed Investment Contract

The Plan has entered into a traditional FBRIC with Principal. The Separate Account Guaranteed Interest Contract (“SAGIC”) maintains the contributions in a general account, which is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The contract is included in the financial statements at contract value as reported to the Plan by the SAGIC. Contract value represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

As described in Note 2, because the SAGIC is fully benefit-responsive, contract value is the relevant measurement for the portion of the net assets available for benefits attributable to the guaranteed investment contract. There are no reserves against contract value for credit risk of the contract issuer or otherwise. The crediting interest rate is reviewed on a quarterly basis for resetting. The SAGIC does not allow for a crediting interest rate below 0%.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include, but are not limited to, the following: (i) amendments to the Plan documents (including complete or partial Plan termination or merger with another plan); (ii) changes to the Plan’s prohibition on competing investment options or deletion of equity wash provisions; (iii) bankruptcy of the Plan Sponsor or other Plan Sponsor events that cause a significant withdrawal from the Plan; or (iv) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The Plan Administrator does not believe any events which would limit the Plan’s ability to transact at contract value with participants are probable of occurring. The SAGIC does not permit the insurance company to terminate the agreement unless the Plan is not in compliance with the investment agreement.

Notes to the Financial Statements December 31, 2022 and 2021

Note 6 – Related Party and Party-in-Interest Transactions

Certain Plan investments are shares of mutual funds or units of pooled separate accounts and common collective trusts that are managed by the Custodians. These transactions qualify as party-in-interest transactions as defined by ERISA. Such transactions are permitted under the provisions of the Plan and are exempt from the prohibition of party-in-interest transactions under ERISA. As described in Note 2, the Plan paid certain expenses related to Plan operations and investment activity.

Note 7 – Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time, and to terminate the Plan subject to the provisions of ERISA. In the event of termination, all remaining assets in the affected participants' accounts shall be distributed to the participants and beneficiaries of the Plan in the order provided for by ERISA.

Note 8 – Tax Status

Effective June 1, 2022, the Plan operates under an adoption agreement in connection with a non-standardized, preapproved profit-sharing plan, sponsored by Alliance Benefit Group of Houston, Inc. (the "Prototype Plan"). The Alliance Benefit Group Plan document has been filed with the appropriate agency and obtained an opinion letter from the IRS dated June 30, 2020, stating that the Prototype Plan and related trust, as then designed, constituted a qualified plan under Section 401 of the IRC, and therefore was not subject to tax.

Prior to June 1, 2022, the Plan operated under an adoption agreement in connection with a volume submitter profit-sharing plan, sponsored by the Alliance Benefit Group of Houston, Inc. (the "Volume Submitter Plan"). The Volume Submitter Plan document was filed with the appropriate agency and the Volume Submitter Plan sponsor had obtained a determination letter from the IRS dated September 30, 2020, stating that the Volume Submitter Plan constituted a qualified plan under Section 401 of the IRC and that the related trust was tax exempt as of the financial statement date. The Plan has not filed individually with the IRS for a letter regarding the Plan's qualified tax status, however the Plan Administrator believes that the Plan was designed and operated in compliance with the applicable requirements of the IRC, and thus believes that the Plan is qualified, and the related trust is tax-exempt.

GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. Plan management has analyzed the tax positions taken by the Plan, and has concluded that, as of December 31, 2022, there are no uncertain positions taken or expected to be taken. The Plan has recognized no interest or penalties related to uncertain tax positions. The Plan is subject to routine audits by taxing authorities; however, there are currently no audits for any tax periods in progress. Plan management believes it is no longer subject to income tax examinations for years prior to 2019.

Note 9 – Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Because of the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term, and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Notes to the Financial Statements December 31, 2022 and 2021

Note 10 – Prohibited Transactions

The Company failed to remit to the Plan's Custodians certain participant contributions totaling \$7,024 within the period prescribed by DOL Rules and Regulations. Delays in remitting contributions to the Custodians were due to unintentional administrative errors. The Company is in the process of correcting these contributions and compensating affected participants for potential lost earnings due to the delays.

Note 11 – Subsequent Events

The Plan has evaluated all events and transactions that occurred through July 10, 2023, the date these financial statements were available to be issued.

Effective January 1, 2023, the Cavert Wire Company, Inc. 401(k) Profit Sharing Plan (the "Cavert Plan") merged with and into the Plan. Prior to the merger, Cavert Wire Company, Inc. maintained a separate 401(k) plan for the benefit of Cavert Wire Company Inc.'s employees. The assets of the Cavert Plan were valued on December 31, 2022, then sold or transferred to Principal and Principal Trust Company, Custodians for the Plan on January 3, 2023. The net assets of the Cavert Plan transferred as a result of the merger amounted to \$3,605,836 after taking into consideration employer and participant contributions.

Effective January 1, 2023, the Plan was amended and restated to permit participants to take loans from the Plan.
