Independent Auditors' Report

To the Plan Administrator
VME Process, Inc. 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of VME Process, Inc. 401(k) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the 2022 and 2021 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of December 31, 2022 and 2021 and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 8 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of VME Process, Inc. 401(k) Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about VME Process, Inc. 401(k) Plan's ability to continue as a going concern for one year after the date that the financial statements are issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of VME Process, Inc. 401(k) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about VME Process, Inc. 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

Auditor's Responsibilities for the Audit of the Financial Statements - continued

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedules Required by ERISA

The supplemental schedule of Assets (Held at End of Year), is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

**VME PROCESS, INC. 401(K) PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2022 AND 2021**

NOTE 1: DESCRIPTION OF PLAN

The following description of the VME Process, Inc. 401(k) Plan (the “Plan”) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan’s provisions.

GENERAL

The Plan is a defined contribution plan available to employees of the Plan Sponsor, VME Process, Inc. and VME Fabricators Inc. (the “Company” or “Employer”) who have completed three months of service and are age eighteen or older. It is subject to the provisions of the Employee Retirement Income Security Act of 1974, (“ERISA”), as amended.

PLAN ADMINISTRATION

The custodian of the Plan, Charles Schwab Bank, is responsible for managing the Plan’s investment assets. The Plan’s third-party administrator (TPA), July Business Services, Inc., performs the Plan’s administrative duties such as preparation of the Form 5500, participant recordkeeping, compliance testing, and enrollment and transaction processing. Employees of the Company may perform certain other administrative functions; however, such employees receive no compensation from the Plan.

CONTRIBUTIONS

Each year, participants may contribute up to 100% of pretax annual compensation, as defined in the Plan. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover). Participants direct the investment of their contributions into various investment options offered by the Plan. Under a safe harbor arrangement, the Company contributes 100% of the first 3%, and 50% of the next 2% of base compensation that a participant contributes to the Plan. The Company may choose to make a discretionary matching contribution to those participants who make salary deferrals, regardless of the participant’s hours worked during the year or whether the participant terminates during the year. Any discretionary matching contribution is determined as a percentage of participant’s salary deferrals made during the plan year or as a uniform dollar amount. The Company may choose to make an additional discretionary contribution called a Qualified Matching Contribution (QMAC) to non-highly compensated employees, as defined by the Plan. To receive a QMAC, participants must satisfy minimum age and service conditions only. Any QMAC made is allocated uniformly to all eligible participants and participants are 100% vested in QMAC. The company may choose to make a discretionary employer contribution to eligible participants who must be employed on the last day of the plan year and who work at least 1,000 hours during the plan year, unless the following exceptions are incurred: 1) participant dies during the plan year; 2) participant terminates employment as a result of a disability; or 3) participant terminates employment after attaining normal retirement age. The discretionary employer contribution is determined as a percentage of compensation or as a dollar amount. The Company also may choose to make a special discretionary contribution called a Qualified Nonelective Employer Contribution (QNEC) to eligible, non-highly compensated employees, as defined by the Plan. To receive a QNEC, participants must satisfy minimum age and service conditions only. Any QNEC contributed to the plan is allocated as a uniform percentage of plan compensation or as a uniform dollar amount and participants are 100% vested in QNEC. Contributions are subject to certain IRS limitations.

PARTICIPANT ACCOUNTS

Each participant’s account is credited with the participant’s contribution and allocation of (a) the Company’s contribution and (b) the Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account.

VESTING

Participants are fully vested in their voluntary contributions plus actual earnings thereon as well as the safe harbor matching contributions. Participants are also fully vested in any qualified matching contributions and qualified nonelective employer contributions. Any employer discretionary contribution or discretionary match is subject to vesting.

**VME PROCESS, INC. 401(K) PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2022 AND 2021**

NOTE 1: DESCRIPTION OF PLAN - CONTINUED

Vesting in the Company's discretionary contributions or discretionary matching contribution portion of their accounts is based on years of service. A participant is vested as follows:

<u>Years of Vesting Service</u>	<u>Vesting Percentage</u>
1	20%
2	40%
3	60%
4	80%
5	100%

PAYMENT OF BENEFITS

Participants are entitled to the benefits that can provided from their individual account balances, subject to vesting, upon retirement, death, or termination. Payment is required to be made as soon as administratively feasible after one of these events occurs. The participant may elect to defer distribution until April 1 of the calendar following the calendar year in which such a participant reaches age 70 ½ years of age.

The Plan sponsor makes mandatory distributions to separated participants with balances less than \$1,000 if the participant does not make an alternative election. These amounts are distributed to an Individual Retirement Account ("IRA") on behalf of the participant.

Participants may withdraw vested amounts from the Plan while the participant is still employed with the Company if the participant satisfies the Plan's requirements for in-service distributions. When a participant reaches the age of 59½, the participant may withdraw salary deferrals, matching contributions, employer contributions, safe harbor contributions, and rollover contributions. Hardship distributions are permitted, subject to certain limits.

If a participant's employment is terminated due to disability, the participant will be eligible to receive a distribution of the vested account balance under the Plan's normal distribution rules. If the participant dies before taking a distribution of the entire vested account balance, the remaining benefit will be distributed to the designated beneficiary or beneficiaries.

NOTES RECEIVABLE FROM PARTICIPANTS

Under the terms of the Plan, participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum of 50% of the participant's vested account balance or \$50,000, whichever is less. Participant loans are secured by the balance in the participant's accounts and bear interest at the prime rate plus 1%. Interest rates range from 4.25% to 6.50% for loans outstanding at December 31, 2022 and 2021. Principal and interest is paid ratably through bi-weekly payroll deductions for hourly employees and monthly payroll deductions for salaried employees.

FORFEITED ACCOUNTS

Benefit payments to terminated employees partially vested in the Plan include their vested portion of employer contributions. Forfeitures may be used to reduce employer contributions or to pay administrative expenses of the Plan, as determined by the Company at its sole discretion. At December 31, 2022 and 2021, there were no forfeited non-vested accounts.

NOTE 2: SUMMARY OF ACCOUNTING POLICIES

BASIS OF ACCOUNTING

The Plan's financial statements are prepared on the accrual basis of accounting.

USE OF ESTIMATES

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

INVESTMENT VALUATIONS AND INCOME RECOGNITION

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See note 8 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis of accounting. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

NOTE RECEIVABLES FROM PARTICIPANTS

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2022 or 2021.

CONTRIBUTIONS

Employee and safe harbor contributions are recorded in the period during which the Company makes payroll deductions from the Plan participants' earnings.

EXPENSES

The Plan pays administrative expenses that consist primarily of administrative fees paid to the custodian and recordkeeper. These expenses are reported on the statement of changes in net assets available for benefits as administrative expenses. All other administrative expenses, such as professional fees, are paid by the Company on behalf of the Plan, and are excluded from these financial statements. Fees related to the administration of notes receivable from participants, distributions, and Qualified Domestic Relation Orders are charged directly to the participant's account and are included in administrative expenses.

BENEFIT PAYMENTS

Benefits are recorded when paid for financial statement purposes.

SUBSEQUENT EVENTS

The Plan has evaluated subsequent events through October 5, 2023, the date the financial statements were available to be issued.

(UNAUDITED)**

#

Certain information related to investments disclosed in the accompanying financial statements and ERISA-required supplemental schedule, including interest bearing cash, investments held at December 31, 2022 and 2021, and net appreciation in fair value of investments, interest and dividends, for the year ended December 31, 2022, was obtained by management and agreed to or derived from information certified as complete and accurate by Charles Schwab Trust Bank (the trustee of the Plan).

NOTE 4: PLAN TERMINATION AND AMENDMENTS

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts. The Company also has the right to amend the Plan at any time.

NOTE 5: TRANSACTIONS WITH PARTIES IN INTEREST

One of the Plan's investments represents a money market fund managed by an affiliate of Charles Schwab. This institution serves as the custodian of the Plan, and, therefore, this investment qualifies as party-in-interest transaction. Fees paid by the Plan for investment management services were included as a reduction of the return earned on the fund. The Plan also utilizes an independent retirement service provider as recordkeeper for the Plan; these services qualify as party-in-interest transactions. Fees paid by the Plan for recordkeeping services amount to \$29,711 and \$37,106 for the years ended December 31, 2022 and 2021, respectively.

NOTE 6: TAX STATUS

On June 30, 2020, the IRS stated that the volume submitter profit sharing plan adopted by the Plan, as then designed, qualifies under Internal Revenue Code (IRC) Section 401(a). The Plan has not received a determination letter specific to the Plan itself; however, the Plan administrator and the Plan's tax counsel believe that the Plan was designed and was being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

GAAP requires plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the plan has taken an uncertain position that more likely than not would not be sustained upon examination by the applicable authorities. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 7: RISKS AND UNCERTAINTIES

The Plan invests in various instrument securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

NOTE 8: FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – Inputs to the valuation methodology include

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability; and
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

NOTE 8: FAIR VALUE MEASUREMENTS – CONTINUED

The asset or liability’s fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2022 and 2021.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the SEC. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The preceding methods may produce a fair value calculation that may not be indicative of net realizable value or reflective of future values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan’s assets at fair value as of December 31, 2022 and 2021:

Assets at Fair Value as of December 31, 2022				
	Level 1	Level 2	Level 3	Total
Investments at fair value:				
Mutual Funds	\$ 5,061,946	\$ -	\$ -	\$ 5,061,946

NOTE 9- SECURE ACT 2.0

On December 23, 2022 Congress passed the Consolidated Appropriation Act of 2023, which included SECURE Act 2.0. SECURE Act 2.0 contains over 90 new retirement provisions, with varying effective dates through 2027. Since SECURE Act 2.0 provisions include both required and optional elements, the plan administrator will determine the optional provisions to elect and amend in the Plan Document accordingly. Most of the significant provisions will become effective on January 1, 2024. Accordingly, there is no material impact to the Plan’s 2022 financial statements.
