INDEPENDENT AUDITOR'S REPORT

To the Plan Administrator of
the Van Eaton Ready Mix 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of Van Eaton Ready Mix 401(k) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Van Eaton Ready Mix 401(k) Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2022 and 2021, and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 7 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section —

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects,

the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Van Eaton Ready Mix 401(k) Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Van Eaton Ready Mix 401(k) Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks.

Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Van Eaton Ready Mix 401(k) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Van Eaton Ready Mix 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedules Required by ERISA

The supplemental schedule of Schedule H; Line 4i - Schedule of Assets (Held at End of Year) is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion –

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Van Eaton Ready Mix 401(k) Plan

Notes to Financial Statements

December 31, 2022

1. Description of the Plan and Accounting Policies

Description of the Plan

The Van Eaton Ready Mix 401(k) Plan (the “Plan”), was established on January 1, 2011, for the benefit of the employees of Van Eaton Ready Mix, Inc. (the “Company”). The Plan is administered by an employee of the Company. John Hancock Life Insurance Company (U.S.A.) serves as the Plan’s trustee (the “Trustee”), and Tri-Star Pension Consulting serves as third-party administrator.

General

The following brief description of the provisions of the Plan is provided for general information purposes only. Participants should refer to the Plan document for more complete information. The Plan is a defined contribution plan covering all employees of the Company. All employees who elect to participate are eligible to participate. Employees may enter in the Plan on the first day of each month upon Employee Commencement Date. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Plan Changes

The Plan was restated effective January 1, 2022, to comply with the legislative and regulatory changes set forth in IRS Notice 2017-37 (Cycle 3 restatement).

Contributions

A participant may elect to defer a portion of his compensation in the form of a pre-tax 401(k) or Roth 401(k) contribution to his deferred compensation account under the Plan. The Plan does not have limits on the allowable amount of compensation that may be contributed but may not be more than the IRS limitation in any Plan year. The Plan allows eligible employees at least 50 years of age to make catch-up contributions subject to IRS limitations. Employee rollover contributions are also permitted at the discretion of the Plan Administrator.

The Company may make discretionary contributions to the Plan for each Plan year. The contributions may vary from year to year or not occur in a Plan Year. The discretionary matching company contribution is an amount determined by the Company, in its sole discretion, equal to a uniform percentage of eligible participants’ deferred compensation contributions for the Plan year or a uniform dollar amount.

Participant Accounts

Separate accounts are maintained for each participant in the Plan. Each participant's account is credited with the participant's 401(k) contributions, matched employer contributions, and plan earnings. All amounts in the participant's accounts are placed in a trust fund and invested by the Trustee. The Trustee must invest the trust fund solely in the interest of and for the exclusive purpose of providing benefits to the participants and their beneficiaries while minimizing the expenses of administering the Plan. The Plan allows participants to direct the Trustee as to the investment of their contributions.

Vesting

A participant is immediately vested in their voluntary and rollover contributions plus actual earnings thereon. However, employer contributions become vested according to the following formula:

<u>Years of Service</u>	<u>Vested Percentage</u>	<u>Forfeited Percentage</u>
Less than 2	0%	100%
2 but less than 3	20%	80%
3 but less than 4	40%	60%
4 but less than 5	60%	40%
5 but less than 6	80%	20%
6 or more	100%	0%

Payment of Benefits

Upon termination of a participant's employment with the Company, the participant may elect to have the vested benefit distributed as soon as administratively feasible following such termination of employment. Hardship withdrawals, in-service distributions (for eligible employees at least 59 ½ years of age), and disability withdrawals are also permitted from fully vested account balances. A participant may elect to receive a distribution as a single lump sum payment or partial withdrawal. Benefits are recorded when paid. There were no distributions requested in 2022, but not paid until 2023.

Forfeited Accounts

Upon termination of employment, participants forfeit their non-vested balances. At December 31, 2022, forfeited non-vested accounts totaled \$13,043. Forfeited amounts are held in a non-interest bearing cash account. Such forfeited balances may be used to reduce future employer contributions or to pay Plan expenses.

The forfeitures were inadvertently under-calculated on one force-out distribution which was rolled over to an individual retirement account (IRA) during the 2021 Plan year. The Plan recovered the additional \$96 in forfeitures on October 12, 2022.

Plan Amendments and Termination

The Company may amend the Plan at any time, including amendments to conform to the Internal Revenue Code, Treasury Regulations and Rulings thereunder. Although it has not expressed any intent to do so, the Company has the right to terminate the Plan at any time upon prior written notice to the Trustee and may direct the Trustee to liquidate the shares of participants in the trust fund subject to the provisions of ERISA. Upon termination or permanent suspension of contributions, the accounts of all participants affected thereby shall become nonforfeitable and shall be distributed.

2. Summary of Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared under the accrual method of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of changes in net assets available for benefits during the reporting period. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value, except as discussed below. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements. Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date, and interest income is recorded on the accrual basis. Net depreciation includes the plan's gains and losses on investments bought and sold as well as held during the year.

Administrative Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. In 2022, total administrative expenses incurred by the Plan were \$31,760.

3. Investments

During 2022, the Plan's investments (including gains and losses on investments bought and sold, as well as held during the year) depreciated in value by \$440,853.

4. Fair Value Measurements

Financial Accounting Standards Board (FASB) *Accounting Standards Codification* (ASC) 820, Fair Value Measurements and Disclosures, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted observable quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Basis of Fair Value Measurement

- | | |
|---------|--|
| Level 1 | Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that are accessible at the measurement date for identical, unrestricted assets or liabilities; |
| Level 2 | Inputs to the valuation methodology include observable inputs other than quoted active market prices, including quoted prices for similar assets and liabilities in active markets, quoted prices for identical or similar assets or liabilities in inactive markets, and inputs derived principally from or corroborated by observable market data by correlation or other means; |
| Level 3 | Inputs to the valuation methodology are unobservable and significant to the fair value measurement. |

A financial instrument's level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. There have been no changes in the methodologies used at December 31, 2022 and 2021. During the year ended December 31, 2022, there were no transfers of financial instruments into or out of Level 3.

Following is a description of the valuation methodologies used for assets measured at fair value:

Pooled Separate Accounts: Pooled separate accounts invest primarily in bonds, stocks, and mutual funds. The net asset value is used as a practical expedient to determine fair value for these investments.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

4. Fair Value Measurements (continued)

The following tables segregate all financial assets and liabilities as of December 31, 2022 and 2021, that are measured at fair value on a recurring basis (at least annually) into the most appropriate level within the fair value hierarchy based on the inputs used to determine the fair value at the measurement date:

Description	Total Investments	Fair Value Measurements at December 31, 2022, Using		
		Quoted Prices In Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)
Investments at Fair Value				
None	\$ -	\$ -	\$ -	\$ -
Total Plan Investments in the Fair Value Hierarchy	-	-	-	-
Investments Measured at Net Asset Value or Equivalent				
Pooled Separate Accounts	2,612,655			
Total Plan Investments at Fair Value	<u>\$ 2,612,655</u>			

Description	Total Investments	Fair Value Measurements at December 31, 2021, Using		
		Quoted Prices In Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)
Investments at Fair Value				
None	\$ -	\$ -	\$ -	\$ -
Total Plan Investments in the Fair Value Hierarchy	-	-	-	-
Investments Measured at Net Asset Value or Equivalent				
Pooled Separate Accounts	2,379,512			
Total Plan Investments at Fair Value	<u>\$ 2,379,512</u>			

In accordance with Subtopic 820-10, certain investments that were measured at NAV per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in these tables are intended to permit reconciliation of the fair value hierarchy to the line items presented on the statements of net assets available for benefits.

4. Fair Value Measurements (continued)

The following table summarizes investments measured at fair value based on NAV per share (or its equivalent) as of December 31, 2022 and 2021:

	<u>Fair Value</u>	<u>Unfunded Commitments</u>	<u>Redemption Frequency (if currently eligible)</u>	<u>Redemption Notice Period</u>
December 31, 2022				
Pooled Separate Accounts	\$ 2,612,655	\$ -	daily	30 days
Total	<u>\$ 2,612,655</u>			
December 31, 2021				
Pooled Separate Accounts	\$ 2,379,512	\$ -	daily	30 days
Total	<u>\$ 2,379,512</u>			

5. Nondiscrimination Tax Testing

Per Internal Revenue Service (“IRS”) regulations, the Plan must perform compliance testing comparing the contributions made by and for highly compensated employees (“HCEs”) (as defined by the IRS) to those made by and for non-highly compensated employees (as defined by the IRS) to ensure the Plan does not disproportionately benefit the HCEs. The Plan performs tests on actual deferral percentages (ADP) and actual contribution percentages (ACP) around both groups of employees. For the year ended December 31, 2022 and 2021, the Plan failed the ACP/ADP nondiscrimination tests. To properly correct the failure, the Plan deemed \$25,471 and \$42,166 in corrective distributions and interest thereon to be refunded to lower the actual deferral percentage of the HCE group to passing levels, respectively. These amounts are reflected within corrective distributions liabilities at December 31, 2022 and 2021. The 2021 liability also includes \$587 necessary to correct a vesting discrepancy on three distributions.

The liabilities at December 31, 2021, were distributed during 2022. \$42,166 was distributed in March 2022, related to Plan year 2021 nondiscrimination testing. Additionally, the \$587 vesting correction was made in the second quarter of 2022. The liability at December 31, 2022, of \$25,471 was distributed in March 2023, related to Plan year 2022 nondiscrimination testing.

6. Tax Status

The Plan has received a determination letter from the Internal Revenue Service dated March 31, 2014, stating that the written form of the underlying Volume Submitter Profit Sharing Plan with CODA plan document is qualified under Section 401(a) of the Internal Revenue Code (the “Code”) and, therefore, the related trust is exempt from taxation. Once qualified, the Plan is required to operate in conformity with the Code to maintain its qualification. As discussed in Note 5, there were certain nondiscrimination testing failures during 2021.

6. Tax Status, continued

The Plan administrator does not expect these matters to affect the Plan's tax status, and the matters have since been corrected.

The Plan has been amended since receiving the determination letter. However, the Plan administrator and the Plan's tax counsel believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code to maintain tax exempt status. Therefore, Plan Administrator believes the Plan is qualified and the related trust is tax exempt.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more-likely-than-not would not be sustained upon examination by the Internal Revenue Service. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2022, and 2021, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

7. Information Certified by the Trustee

John Hancock Life Insurance Company (U.S.A.) is the trustee of the Plan for the period January 1, 2021, through December 31, 2022. The plan administrator has elected the method of annual reporting compliance permitted by 29 CFP 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, the Trustee certified that the following data included in the accompanying financial statements and supplemental schedule is complete and accurate:

- Investments, as shown in the statements of net assets available for benefits as of December 31, 2022 and 2021.
- Net investment income and interest income, as shown in the statement of changes in net assets available for benefits for the year ended December 31, 2022.
- Schedule H, Line 4i - Schedule of Assets (Held at End of Year), as of December 31, 2022.

The Plan's independent accountants did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedule. Company contributions are held and managed by the Trustees, which invest cash received, interest, and dividend income and make distributions to participants.

9. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits.

The lingering impacts of the COVID-19 pandemic continue to affect financial markets and the global economy. The resulting market volatility impacts the valuation of the Plan's investments. The extent of the economic impact on the Plan's participant account balances and the net assets available for benefits cannot be reasonably estimated at this time.

10. Related Party Transactions & Transactions with Parties in Interest

The Plan invests in a fixed annuity fund and various variable annuities that are issued or managed by John Hancock Life Insurance Company (U.S.A.), Empower Retirement, or an affiliate thereof.

Van Eaton Ready Mix, Inc. provides to the Plan certain accounting and administrative services for which no fees are charged. No such officer or employee receives compensation from the Plan. Also, the Plan Administrator representative is currently participating in the Van Eaton Ready Mix 401(k) Plan.

11. Subsequent Events

The Company has evaluated all events subsequent to the balance sheet date of December 31, 2022, through October 5, 2023, the date the financial statements were available to be issued, and determined there were no subsequent events requiring additional disclosure.
