INDEPENDENT AUDITORS' REPORT

To the Participants and Administrator of the Discovery Place, Inc. Retirement Savings Plan
Charlotte, NC

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the financial statements of Discovery Place, Inc. Retirement Savings Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Management has obtained certifications from qualified institutions as of December 31, 2022 and 2021, and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 5 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan ability to continue as a going concern for one year after the date that the financial statements.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other

Excluded Assets from Investments

As permitted by the Department of Labor's Field Assistance Bulletin No. 2010-02, Annual Reporting Requirements for 403(b), the Plan has excluded from investments in the accompanying statement of net assets available for benefits certain custodial accounts issued to current and former employees prior to January 1, 2010. If the identified contracts, as reported by the custodian, were included, net assets available for benefits would increase by approximately \$67,710 and \$75,616 as of December 31, 2022 and 2021, respectively. Further, investment income of approximately (\$7,906) related to such accounts, as identified by plan administrator, have also been excluded in the accompanying statement of changes in net assets available for benefits for the year ended December 31, 2022.

Supplemental Schedules Required by ERISA

The supplemental schedule of Assets Held as of December 31, 2022, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

DISCOVERY PLACE, INC. RETIREMENT SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS DECEMBER 31, 2022 AND 2021

1. DESCRIPTION OF THE PLAN

The following description of the Discovery Place, Inc. Retirement Savings Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General – The Plan is a defined contribution plan covering all eligible employees of Discovery Place, Inc. (the "employer"). The Principal Life Insurance Company and TIAA-CREF serve as the custodians of the Plan (the "custodians"). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Eligibility – Employees who normally work 20 hours per week or more are immediately eligible to participate in the Plan. To be eligible to receive employer contributions an employee must have reached age 21 and completed one year of service. A year of service is defined by the Plan as 12 consecutive months of employment with at least 1,000 hours of service.

Contributions – Eligible employees may contribute from their pretax annual compensation the maximum allowed by the Internal Revenue Code. Eligible employees may also contribute amounts representing distributions from other qualified defined benefit or contribution plans.

Participant Direction of Investments – Participants may direct the investment of their account balances under the Plan. The Custodians will invest the participant's account balance under the Plan in accordance with their direction. Participants may modify their investment options daily.

Participant Accounts – Each participant's account is credited with the participant's contribution and related Company matching contribution, and plan earnings. Participant accounts are also charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined in the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting – Participants are immediately 100 percent vested in their contributions plus actual earnings thereon and the employer's contributions plus earnings thereon.

Payment of Benefits – Upon death, retirement, disability financial hardship or termination of employment, a participant or his or her beneficiary may elect to receive a lump sum payment, partial payments, installment payments, annuity contract, or may elect to rollover the asset balance directly into an IRA or into another qualified plan sponsored by an employer.

A participant may request a withdrawal from his or her account balance based upon financial hardship as defined by IRC regulations. In the event such a withdrawal is made, the distribution is subject to a 10% excise tax if the participant has not attained age 59 ½. Also, upon making such a withdrawal, a participant is suspended from plan participation for a period of six months.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting – The accompanying financial statements have been prepared using the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America.

Use of Estimates – The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and

DISCOVERY PLACE, INC. RETIREMENT SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS DECEMBER 31, 2022 AND 2021

liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Investment Valuation and Income Recognition – Investments are reported at fair value, except for fully benefit-responsive investment contracts, which are reported at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Plan management determines the Plan's valuation policies utilizing information provided by the custodians. See Note 3 for discussion of fair value measurements.

Contract value is the relevant measure for the portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual the ex-dividend date. Net depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Contributions – Contributions are reported in the year services are rendered to the Company by the Plan participants.

Payment of Benefits – Benefits are recorded upon distribution.

Administrative Expenses – The Plan's administrative expenses are paid by either the Plan or the Company, as provided by the plan document. Certain administrative functions are performed by employees of the Company. No such employee receives compensation from the Plan. Expenses relating to specific participant transactions are charged directly to the participant's account.

Subsequent Events – The plan administrator has evaluated subsequent events October 9, 2023, the date the financial statements were available to be issued.

3. FAIR VALUE MEASUREMENTS

Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) 820, Fair Value Measurements and Disclosures, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 – Inputs consist of unadjusted quoted prices for identical assets in active markets that the plan has the ability to access.

Level 2 – Inputs consist of 1) quoted prices for similar assets in active markets, 2) quoted prices for identical or similar assets in inactive markets, 3) inputs other than quoted prices that are observable, and 4) inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset has a specified (contractual) term, the level 2 input must be observable for substantially the full term.

DISCOVERY PLACE, INC. RETIREMENT SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS DECEMBER 31, 2022 AND 2021

Level 3 – Inputs consist of unobservable inputs where there is little or no market activity, and the reporting entity makes estimates and assumptions related to the pricing of the asset including assumptions regarding risk.

The assets fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value.

Mutual Funds – These investments are public investment vehicles valued using the NAV provided by the administrator of the fund. The NAV is based on the value of the underlying assets owned by the fund, minus its liabilities, and then divided by the number of shares outstanding. The NAV is a quoted price in an active market and therefore considered to be readily determinable and classified within Level 1 of the valuation hierarchy.

Pooled Separate Accounts (“Real Estate Fund”) – These assets are not available in an exchange or an active market; however, the fair value is determined based on the NAV of the underlying assets as traded in an exchange or active market. The Real Estate Fund generally invests in real estate properties and real estate-related investments. The value of the fund is principally derived from the market value of the underlying real estate holdings or other real estate-related investments. Real estate holdings are valued principally using external appraisals, which are estimates of property values based on a professional’s opinion. The fund sometimes holds securities as well. These are generally priced using values obtained from independent pricing sources. Unit values are calculated each day. The fund represents investment in an asset mix that seeks to generate favorable long-term returns primarily through rental income and appreciation of real estate and real estate-related investments owned by the fund. The fund will also invest in non-real estate-related publicly traded securities and short-term higher quality liquid investments that are easily converted to cash to enable the fund to meet participant redemption requests, purchase or improve properties, or cover expense needs. The Real Estate Fund is measured at fair value using the NAV per share and is classified within Level 1 of the valuation hierarchy.

Guaranteed Investment Contracts (“Non-fully Benefit-Responsive Contract”) – These investments are guaranteed fixed income annuities backed by TIAA’s claims paying ability whereby the annuity guarantees principal and a minimum interest rate, plus opportunity for additional amounts in excess of the guaranteed rate. The annuity contracts are not traded and significant other observable inputs are not available. These contracts are reported at fair value, which approximates contract value, and are classified within Level 3 of the valuation hierarchy.

DISCOVERY PLACE, INC. RETIREMENT SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS DECEMBER 31, 2022 AND 2021

The Plan's investments are reported at fair value as follows:

Assets at Fair Value as of Decemeber 31, 2022				
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 3,919,263	\$ -	\$ -	\$ 3,919,263
Pooled separate accounts	-	76,485	-	76,485
Guaranteed investment contracts	-	-	257,236	257,236
Investments at fair value	<u>\$ 3,919,263</u>	<u>\$ 76,485</u>	<u>\$ 257,236</u>	<u>\$ 4,252,984</u>

Assets at Fair Value as of Decemeber 31, 2021				
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 6,082,938	\$ -	\$ -	\$ 6,082,938
Pooled separate accounts	-	73,597	-	73,597
Guaranteed investment contracts	-	-	250,436	250,436
Investments at fair value	<u>\$ 6,082,938</u>	<u>\$ 73,597</u>	<u>\$ 250,436</u>	<u>\$ 6,406,971</u>

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

4. FULLY BENEFIT-RESPONSIVE INVESTMENT CONTRACTS

The Plan holds guaranteed investment contracts with The Principal Life Insurance Company and TIAA-CREF, custodians of the Plan. The Principal Fixed Income Guaranteed Option and the TIAA Traditional Benefit Responsive BR1 meet the fully benefit-responsive investment contract criteria and therefore are reported at contract value. Contract value is the relevant measure for a fully benefit-responsive investment contract because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value represents contributions made under each contract, plus earnings, less participant withdrawals, and administrative expenses. The following represents the disaggregation of contract value between types of investment contracts held by the Plan.

	2022	2021
Principal Fixed Income Guaranteed Option	\$102,648	\$250,080
TIAA Traditional Benefit Responsive BR1	19,930	19,279
Investments at contract value	<u>\$ 122,578</u>	<u>\$ 269,359</u>

The Principal Life Insurance Company is contractually obligated to repay the Principal and interest at a specified interest rate to the Plan. The guaranteed interest rate was 1.75% as of December 31, 2022 and 1.55% as of December 31, 2021. The TIAA is contractually obligated to repay the Principal

DISCOVERY PLACE, INC. RETIREMENT SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS DECEMBER 31, 2022 AND 2021

and interest at specified interest rates to the Plan. The guaranteed interest minimum rate was 3% as of December 31, 2022 and December 31, 2021.

The Plan's ability to receive amounts due in accordance with fully benefit-responsive investment contracts is dependent on the third-party issuers' ability to meet its financial obligations. The issuers' ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Certain events limit the ability of the Plan to transact at contract value with the issuers. Such events include the following: (1) amendments to the plan document (including complete or partial plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) premature termination of the contracts, (4) bankruptcy of the plan sponsor or other plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (5) the failure of the Plan to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The plan administrator does not believe that the occurrence of any such value event, which would limit the Plan's ability to transact at contract value with participants, is probable.

In addition, certain events allow the issuer to terminate the contracts with the Plan and settle at an amount different from contract value. Those events may be different under each contract. Examples of such events include the following: (1) an uncured violation of the Plan's investment guidelines, (2) a breach of material obligation under the contract, (3) a material representation or (4) a material amendment to the agreements without the consent of the issuer.

5. INFORMATION CERTIFIED BY CUSTODIANS

The plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, the Principal Life Insurance Company and TIAA-CREF, the custodians of the Plan, have certified that the following data included in the accompanying financial statements and supplemental schedule is complete and accurate with respect to investments as of December 31, 2022 and 2021, and for the year ended December 31, 2022:

- Investments, at fair value
- Net appreciation in fair value of investments
- Interest and dividend income
- Schedule of Assets (Held at End of Year)

The Plan's independent public accountants did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedule.

6. EXEMPT PARTY-IN-INTEREST TRANSACTIONS

Plan investments consist of mutual funds, guaranteed investment contracts and a pooled separate account managed by the Principal Life Insurance Company and TIAA. The Principal Life Insurance Company and TIAA are the custodians, as defined by the Plan and, therefore, these transactions qualified as exempt party-in-interest transactions.

NOTES TO FINANCIAL STATEMENTS DECEMBER 31, 2022 AND 2021

7. TAX STATUS

The Internal Revenue Service ("IRS") is developing a determination letter program for Section 403(b) plans; however, the procedures for a Section 403(b) plan determination letter program have not been issued. The Plan is designed through a prototype plan and the prototype sponsor, as well as the Plan's sponsor, believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC. Therefore, the Plan Administrator believes that the Plan was qualified, and the related trust was tax-exempt as of the financial statement date.

GAAP requires Plan Management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2022 and 2021, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements.

8. EXCLUDED ASSETS FROM INVESTMENTS

As permitted by the Department of Labor's Field Assistance Bulletin No. 2010-02, Annual Reporting Requirements for 403(b), the Plan has excluded from investments in the accompanying statement of net assets available for benefits certain custodial accounts issued to current and former employees prior to January 1, 2010. If the identified contracts, as reported by the custodian, were included, net assets available for benefits would increase by approximately \$67,710 and \$75,616 as of December 31, 2022 and 2021, respectively. Further, investment income of approximately (\$7,906) related to such accounts, as identified by plan administrator, have also been excluded in the accompanying statement of changes in net assets available for benefits for the year ended December 31, 2022.
