Independent Auditors' Report

**The Plan Administrator
Lipscomb University Defined Contribution Retirement Plan:**

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of the Lipscomb University Defined Contribution Retirement Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statements of changes in net assets available for benefits for the year end December 31, 2022 and the period from June 1, 2021 through December 31, 2021, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained certifications from a qualified institution as of and for the year ended December 31, 2022 and the period from June 1, 2021 through December 31, 2021, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the *Auditors' Responsibilities for the Audit of the Financial Statements* section of our report,

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America ("GAAP").
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the *Auditors' Responsibilities for the Audit of the Financial Statements* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or are available to be issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit* section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audits, significant audit findings, and certain internal control-related matters that we identified during the audits.

Other Matter - Supplemental Schedule Required by ERISA

The supplemental schedule of assets (held at end of year) as of December 31, 2022 is presented for the purpose of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

LIPSCOMB UNIVERSITY DEFINED CONTRIBUTION RETIREMENT PLAN

Notes to the Financial Statements

December 31, 2022 and 2021

(1) Description of plan

The following description of the Lipscomb University Defined Contribution Retirement Plan (the "Plan") provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

(a) General

The Plan is a defined contribution plan which was adopted on August 1, 1990 to provide retirement benefits for employees of Lipscomb University (the "Plan Sponsor") and its wholly-owned subsidiary, the Institute for Christian Studies, Austin, Texas dba Lipscomb University - Austin Center. The Plan covers all regular faculty and staff ("participants") upon his or her hire date. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended ("ERISA").

Effective June 1, 2021, the Plan Sponsor amended the Plan to change the Plan's fiscal year to January 1 through December 31.

(b) Contributions

Participants may voluntarily make qualified retirement contributions to the Plan which are excludable from income by the participants for federal income tax purposes under Section 403(b) of the Internal Revenue Code of 1986, as amended ("IRC"), upon date of hire. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. Participant contributions may not exceed the participant's statutory limitation under IRC Section 415 or Section 402(g), whichever is less. For participants age 50 and over, this amount will include any additional catch-up contributions permitted under IRC 414(v).

The Plan allows for Plan Sponsor discretionary matching contributions for all participants that have reached age 21 and completed one year of service, as determined by the Plan Sponsor's Board of Trustees. For the year ended December 31, 2022, the Plan Sponsor contributed an amount equal to 100% of the participant's contribution up to 5% of compensation. For the seven-month period ended December 31, 2021, the Plan Sponsor contributed an amount equal to 100% of the participant's contribution up to 3% of compensation through July 31, 2021. Effective August 1, 2021, the Plan Sponsor contributed an amount equal to 100% of the participant's contribution up to 5% of compensation.

(c) Participant accounts

Each participant's account is credited or charged with the participant's contributions, Plan Sponsor contributions, and allocations of investment earnings and losses and administrative expenses. Participant allocations are based on participant compensation or account balances as defined in the plan agreement. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account balance.

Notes to the Financial Statements

December 31, 2022 and 2021

(d) Vesting

Participants are immediately vested in their salary deferral and the Plan Sponsor's contributions plus actual earnings or losses thereon.

(e) Participant notes receivable

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their account balance. The loans are secured by the balance in the participant's account and bear interest at a fixed rate of 2% above the Wall Street Journal's published prime rate at origination, which are commensurate with local prevailing rates as determined quarterly by the plan administrator at the time the note is initiated. Principal and interest are paid ratably through payroll deductions.

(f) Payment of benefits

On termination of service due to death, permanent disability, retirement or other reasons, a participant may elect to receive a lump-sum payment, partial payments, installment payments or a lifetime monthly payment (subject to the participant's vested account balance) that may continue to a designated beneficiary if the participant dies after retirement. If the value of a terminated participant's account is less than \$5,000, the total balance will be distributed as an automatic lump-sum payment.

(g) Hardship withdrawals

The Plan permits distributions in the event of a hardship, as defined in the plan agreement. These distributions are taxable and subject to a tax penalty equal to 10% of the hardship distribution amount if the participant is younger than age 59½. Hardship withdrawals are limited to the participant's elective account balance.

(h) Administrative expenses

Certain expenses of maintaining the Plan are paid directly by the Plan Sponsor and are excluded from these financial statements. Fees incurred by the Plan for the investment management services or recordkeeping are included in net appreciation (depreciation) in fair value of investments.

(i) Plan termination

Although it has not expressed any intent to do so, the Plan Sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA.

Notes to the Financial Statements

(2) Summary of significant accounting policies

(a) Basis of accounting

The financial statements of the Plan are prepared using the accrual basis of accounting.

(b) Investment valuation and income recognition

Investments are stated at fair value (except for the fully-benefit responsive investment contracts, which are reported at contract value) as reported by Teachers Insurance and Annuity Association of America and College Retirement Equity Fund ("TIAA-CREF"). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Administrative Committee determines the Plan's valuation policies utilizing information provided by the investment adviser, TIAA-CREF. See Note 4 for discussion of fair value measurements and Note 5 for discussion of the investment contracts at contract value.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividend income is recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

(c) Participant notes receivable

Participant notes receivable are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant notes are reclassified as distributions based upon the terms of the plan document.

(d) Payment of benefits

Benefits are recorded when paid.

(e) Use of estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

(f) Events occurring after reporting date

The Plan Sponsor has evaluated events and transactions that occurred between December 31, 2022 and October 9, 2023, which is the date that the financial statements were available to be issued, for possible recognition or disclosure in the financial statements.

Notes to the Financial Statements

December 31, 2022 and 2021

(3) Certified information

Certain information related to investments and participant notes receivable reported and disclosed in the accompanying financial statements and supplemental schedule, including the fair (or contract) value of investments, held at December 31, 2022 and 2021, and net appreciation (depreciation) in fair value of investments, interest and dividend income and interest income from participant notes receivable for the year ended December 31, 2022 and for the seven-month period ended December 31, 2021, was obtained or derived from information supplied to the plan administrator and certified as complete and accurate by TIAA-CREF.

(4) Fair value measurements

Financial Accounting Standards Board ("FASB") Accounting Standards Codification ("ASC") 820, *Fair Value Measurement*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described below:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access at the measurement date.

Level 2 - Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability; and
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2022 and 2021.

- (i) *Money market funds*: Valued at the net asset value ("NAV") of shares held by the Plan at year end in an active market.

LIPSCOMB UNIVERSITY DEFINED CONTRIBUTION RETIREMENT PLAN

Notes to the Financial Statements

December 31, 2022 and 2021

- (ii) *Registered investment company shares:* Valued at the NAV of shares held by the Plan at year end in an active market.
- (iii) *Investment contracts:* The TIAA-CREF Traditional Non-Benefit Responsive contracts are valued based on the market approach at contract value, which is calculated as the accumulated cash contributions and interest credited to the Plan's contracts, less any withdrawals. Contract value approximates fair value. TIAA-CREF seeks to construct a portfolio that optimizes returns within the regulatory constraints and capital requirements of life insurance company general accounts. The contracts generally have liquidity restrictions applicable to participant withdrawals and transfers. These vary based on the type of annuity contract and include but are not limited to restrictions on lump sum withdrawals and annual installments, a waiting period to withdraw funds after certain events, and the payment of surrender charges. See Note 5 for additional provisions of the investment contracts.
- (iv) *Self-directed brokerage accounts:* Valued at the fair value of the underlying investments which consist primarily of mutual funds.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan's management believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2022 and 2021.

Fair Value Measurements as of December 31, 2022 using the following inputs				
	Level 1	Level 2	Level 3	Total

(a) Investments in a pooled separate account are measured at NAV as a practical expedient to estimate fair value and, therefore, have not been classified in the fair value hierarchy.

The following table summarizes investments for which the fair value is measured using the NAV practical expedient as of December 31, 2022 and 2021. There are no participant redemption restrictions for these investments; the redemption notice period is applicable only to Plan level transactions.

The following table represents the Plan's Level 3 financial instruments, the valuation techniques used to measure the fair value of those financial instruments, and the significant unobservable inputs and the ranges of values for those inputs as of December 31, 2022 and for the year then ended and December 31, 2021 and for the seven-month period ended. The fixed annuity contract is offered through the following sub-contracts: the Retirement Annuity ("RA"), the Group Retirement Annuity ("GRA"), the Group Supplemental Retirement Annuity ("GSRA") and the Supplemental Retirement Annuity ("SRA").

There were purchases of Level 3 investments of \$965,643 and \$638,345 during the year ended December 31, 2022 and the seven-month period ended December 31, 2021, respectively. Additionally, there were sales of Level 3 investments of \$706,597 during the year ended December 31, 2022.

(5) Fixed annuity contracts with insurance company

The Plan holds fixed annuity contracts with TIAA-CREF, which maintains the Plan's contributions in their respective general accounts which are credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses.

The TIAA Traditional Non-Benefit Responsive contracts do not meet the definition of fully-benefit responsive, and therefore, are reported in the financial statements at fair value, which approximates contract value as reported to the Plan by TIAA-CREF. Contract value represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. There are no reserves against contract value for credit risk of the contract issuer or otherwise.

The TIAA Traditional Benefit Responsive contract and the TIAA Stable Value contract meet the fully benefit-responsive investment contract criteria, and therefore, are reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value, as reported to the plan by TIAA-CREF, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

LIPSCOMB UNIVERSITY DEFINED CONTRIBUTION RETIREMENT PLAN

Notes to the Financial Statements

December 31, 2022 and 2021

The crediting interest rate is based on a formula agreed upon with the issuer, but may not be less than 1% to 3%, depending on the subcontract. Such interest rates are reviewed on a monthly basis for resetting. The fixed annuity contract with TIAA-CREF is offered through a variety of sub contracts which determines the applicability of certain account features, such as the degree of liquidity of the participant's account and the options for receiving income upon retirement. The sub contract, Retirement Annuity ("RA"), does not allow lump-sum cash withdrawals from the fixed annuity contract and transfers must be spread over a period of 10 annual installments. For the sub contract Group Retirement Annuity ("GRA"), lump-sum withdrawals are available from the fixed annuity contract only within 120 days after termination of employment and are subject to a surrender charge. All other withdrawals and transfers from the RA or GRA fixed annuity contract to other investment options available to the Plan must be spread over a period of 10 annual installments (or five annual installments for withdrawals after termination of employment). Sub contracts Group Supplemental Retirement Annuities ("GSRA") and Supplemental Retirement Annuities ("SRA") are not subject to any liquidity restrictions.

The Plan's ability to receive amounts due is dependent on the issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Certain events might limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: (1) amendments to the plan documents (including complete or partial plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Plan Sponsor or other Plan Sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA, or (5) premature termination of the contract. There are no events with probability of occurring that might limit the ability of the Plan to transact at contract value with the contract issuers and that also would limit the ability of the Plan to transact at contract value with the participants.

In addition, certain events allow the issuer to terminate the contract with the Plan and settle at an amount different from contract value. Such events include (1) an uncured violation of the Plan's investment guidelines, (2) a breach of material obligation under the contract, (3) a material misrepresentation, or (4) a material amendment to the agreement without the consent of the issuer.

(6) Income tax status

The Plan Sponsor adopted a volume-submitter 403(b) plan which received a favorable opinion letter from the Internal Revenue Service ("IRS") on March 31, 2017, which stated that the volume-submitter plan was designed in accordance with the applicable sections of the IRC. The volume-submitter plan has been amended since receiving the opinion letter and the Plan itself has not received a determination letter from the IRS stating that the Plan is qualified under Section 403(b) of the IRC. However, the Plan Sponsor believes that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and is, therefore, qualified and exempt from taxation.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability or asset if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2022 and 2021, there were no uncertain positions taken or expected to be taken that would require recognition of a liability or asset or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

(7) Related party and party-in-interest transactions

The Plan's investments consist of a pooled separate account, investment contracts, money market funds, registered investment company shares and self-directed brokerage accounts which are managed by TIAA-CREF, and therefore, these transactions qualify as party-in-interest transactions. As described in Note 1, the Plan paid expenses to various service providers and holds participant notes receivable which also qualify as party-in-interest transactions.

(9) Risks and uncertainties

The Plan utilizes various investment instruments. Investment securities, in general, are exposed to various risks, such as interest rate, credit, and overall market volatility. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the statements of net assets available for benefits.
