Independent Auditor's Report

To the Trustee and Participants
MICA Corporation Profit Sharing Retirement Plan and Trust

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the December 31, 2022, Financial Statements

We have performed an audit of the financial statements of MICA Corporation Profit Sharing Retirement Plan and Trust (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2022, and the related statement of changes in net assets available for benefits for the period from February 1, 2022 through December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certification from a qualified institution as of December 31, 2022, and for the period from February 1, 2022 through December 31, 2022, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion on the December 31, 2022 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section:

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (US GAAP).
- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the December 31, 2022 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (US GAAS). Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the December 31, 2022 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with US GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are issued (or when applicable, one year after the date that the financial statements are available to be issued).

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the December 31, 2022 Financial Statements

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the December 31, 2022 Financial Statements* section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with US GAAS will always detect a material misstatement when it exists.

The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgement made by a reasonable user based on the financial statements.

In performing an audit in accordance with US GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

The Participants and Plan Administrator
MICA Corporation Profit Sharing Retirement Plan and Trust

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of US GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with US GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters

December 31, 2022 Supplementary Information Required by ERISA

The supplementary information listed in the table of contents as of December 31, 2022 are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplementary information, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with US GAAS. For information included in the supplementary information that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplementary information, we evaluated whether the supplementary information, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplementary information, other than the information in the supplementary information that agrees to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplementary information related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

MICA Corporation Profit Sharing Retirement Plan and Trust

Notes to Financial Statements

Note 1. Description of the Plan

The following description of the MICA Corporation Profit Sharing Retirement Plan and Trust (the Plan) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions, which is available from Plan management.

General

The Plan is a defined contribution plan covering all full-time employees of MICA Corporation (the Company) and its related entities who have at least one hour of service. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Board of Directors is responsible for oversight of the Plan. The Investment Committee determines the appropriateness of the Plan's investment offerings, monitors investment performance and reports to the Plan's Board of Directors.

Effective May 1, 2022, the plan's fiscal year was amended to a short plan year commencing February 1, 2022 and ending December 31, 2022. The plan year end moving forward will be December 31. The plan amendment additionally changed the trustee of the plan to be Empower Trust Company, LLC and the Plan entered into a service agreement with Empower Retirement Services as recordkeeper.

Contributions

On May 1, 2022, the Plan was restated to allow for participant contributions with a discretionary employer match and participant directed investments. Prior to the restatement, all contributions to the Plan were made at the discretion of the Board of Directors and allocated to participant accounts based the ratio that the participant's salary bears to the total salaries of all participants.

Effective on May 1, 2022, participants may contribute up to 100 percent of pretax annual compensation, as defined in the Plan. Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. Participants may also designate some of their contributions as after tax contributions to a Roth 401(k) option. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover). Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their deferral rate set at 3 percent of eligible compensation, increasing annually by 1 percent until reaching 6 percent, and their contributions invested in a designated balanced fund until changed by the participant. The Company contributes a discretionary amount annually as determined by the Board of Directors of eligible compensation that a participant contributes to the Plan. The matching Company contribution is invested as directed by the participant. Additional profit sharing amounts may be contributed at the option of the Company's Board of Directors and are invested in a portfolio of investments as directed by the participants. At each anniversary date (January 1) the employer contributions and forfeitures of the Trust are allocated to all participants in the ratio that their total salary bears to the total salaries of all the participants.

During the period from February 1, 2022 through December 31, 2022, the Company declared an employer matching contribution to the Plan of \$407,138 and employer profit sharing contribution of \$52,862 and which was paid in 2023. \$433,652 recorded as receivable as of December 31, 2022, and \$26,363 of the profit share was allocated to participants from forfeitures during 2023, accordingly. Contributions are subject to certain limitations.

Notes to Financial Statements

Participant Accounts

Each participant's account is credited with the participant's contribution and allocations of (a) the Company's contribution and (b) Plan forfeitures. The employer absorbs substantially all of the administrative expenses of the Plan. Allocations are based on participant earnings. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Each participant shall have a vested interest in his proportionate share of employer contributions, trust earnings and forfeitures as follows:

- a. Upon completion of two years of service, he shall have a vested interest of 20%. This vested interest shall increase 20% in each of the following four years. After six years of service, the participant shall be fully vested.
- b. In the event of death or disability of a participant such amounts shall be fully vested. A participant, upon reaching his normal retirement date (age 65) or his early retirement date (age 62), provided that the participant has at least six years of credited service, shall be fully vested in their proportionate share of the Trust. The amount will be paid in a single lump-sum payment. Participants who have reached normal retirement age and completed six years of service may elect to receive an in-service distribution of their vested account balance. The employer absorbs substantially all of the administrative expenses of the Plan.

Payment of Benefits

Upon separation of service due to death, disability, retirement or termination of employment, a participant may elect to receive either a lump sum amount equal to the value of the participant's vested interest in his or her account, or rollover their vested portion to an IRA.

If your vested account balance does not exceed \$5,000, the Plan will distribute your account without your consent. If the amount of the distribution exceeds \$1,000 (including any rollover contribution) and you do not elect to either receive or roll over the distribution, your distribution will be directly rolled over to an IRA.

Note 2. Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared using the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America (US GAAP) requires Plan management to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein, and disclosure of contingent assets and liabilities at the date of the financial statements. Actual results could differ from those estimates.

Notes to Financial Statements

Investment Valuation and Income Recognition

Investments are reported at fair value except for the fully benefit-responsive investment contract, which is reported at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Investment Committee determines the Plan's valuation policies utilizing information provided by the investment advisers, custodians, and insurance company. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded at the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payment of Benefits

Benefits are recorded when paid.

Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Investment related expenses are included in net appreciation (depreciation) of fair value of investments.

Plan Management's Review of Subsequent Events

The Plan has evaluated subsequent events through October 6, 2023, the date the financial statements were available to be issued. Effective January 1, 2023, the plan's fiscal year means the 12 consecutive month period ending every December 31.

Note 3. Certified Investments

Certain information related to investments disclosed in the accompanying financial statements and ERISA-required supplementary information, including investments and held at December 31, 2022, and net depreciation in fair value of investments, interest and dividends for the period from February 1, 2022 through December 31, 2022, was obtained by management and agreed to or derived from information certified as complete and accurate by Empower Retirement.

Empower Retirement held the Plan's investment assets and executed investment transactions from May 1, 2022 to December 31, 2022.

The previous trustee of the Plan, an individual designated by the Board of Directors of MICA Corporation, held the Plan's investment assets and executed investment transactions for the period February 1, 2022 to April 30, 2022 and transactions during this period were not certified by Empower Retirement as complete and accurate.

MICA Corporation Profit Sharing Retirement Plan and Trust

Notes to Financial Statements

The Plan has an interest in the GWI Fixed Account – Series Class I, which has invested all of its assets in Empower Investments Fixed Account (EIFA), a general account product of Empower Annuity Insurance Company of America (EAICA). EIFA is a general account product offered through the group annuity contract, principal and interest for participant-initiated benefit payments that are fully guaranteed by the entire general account assets of EAICA. An investment contract is a contract issued by a financial institution to provide a stated rate of return to the buyer of the contract for a specified period of time. A security backed contract has similar characteristics to a traditional investment contract and is comprised of two parts: the first part is a fixed-income security or portfolio of fixed income securities; the second part is a contract value guarantee (wrapper) provided by a third party. Wrappers provide contract value payments for certain participant-initiated withdrawals and transfers, a floor crediting rate, and return of fully accrued contract value at maturity.

Note 4. Fair Value Measurements

Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) 820, *Fair Value Measurement*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability; and
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2022 and January 31, 2022.

Notes to Financial Statements

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Money market funds: Valued using the NAV of the fund shares.

Cash: Held primarily in short-term money market funds, which are valued at cost plus accrued interest.

Stable value fund: Valued at the NAV of the shares held by the Plan at year end, which is based on the fair value underlying investments using information reported by the investment advisor at year end. The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value.

The following table summarizes the Plan's investments at fair value as of December 31, 2022 and January 31, 2022:

Notes to Financial Statements

Note 5. Related Party Transactions and Party in Interest Transactions

Certain Plan investments are shares of mutual funds and collective trust funds accounts managed by Empower Retirement. Empower Retirement is the record keeper and trustee for the Plan and, therefore, these transactions qualify as party in interest transactions. All investment fund earnings or losses posted to each Plan participant's account are net of investment management fees charged by each investment fund under the Plan.

Note 6. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100 percent vested in their Company contributions.

Note 7. Tax Status

Effective May 1, 2022, the Plan adopted a pre-approved plan defined contribution profit sharing plan with Internal Revenue Code Section 401(k) Cash or Deferred Arrangement (CODA) which received a favorable opinion letter from the Internal Revenue Service (IRS) dated November 14, 2022. The Plan has been amended since the date of the last amendment covered by the above mentioned determination letter. However, Plan management believes that the plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code.

US GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 8. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Market risks include global events, which could impact the value of investment securities, such as a pandemic or international conflict. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in values of investment securities will occur in the near term and that some changes could materially affect participant account balances and the amounts reported in the statements of net assets available for benefits.
