INDEPENDENT AUDITORS' REPORT ON REQUIRED COMMUNICATIONS

To the Trustee
The Reliable of Milwaukee 401(k) Retirement Savings Plan

We have audited the financial statements of The Reliable of Milwaukee 401(k) Retirement Savings Plan ("the plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) as of and for the year ended December 31, 2022, and we have issued our report thereon dated October 2, 2023. As permitted by ERISA Section 103(a)(3)(C), our audit did not extend to any statements or information related to assets for investment of the plan ("investment information") held by Minnesota Life Insurance Company, the investment agent of the plan, which is a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, that prepared and certified the statements or information regarding assets so held in accordance with 29 CFR 2520.103-5. Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements and ERISA-required supplementary information, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of generally accepted accounting principles ("GAAP"). Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects in accordance with GAAP. Professional standards require that we provide you with information about our responsibilities under GAAP, as well as certain information related to the planned scope and timing of our audit. We have communicated such information in our engagement letter to you dated September 21, 2023. We performed the audit according to the planned scope and timing previously communicated to you. Professional standards also require that we communicate to you the following information related to our audit.

Except as discussed in the following paragraph, in planning and performing our audit of the financial statements of the plan, an employee benefit plan subject to ERISA as of and for the year ended December 31, 2022, in accordance with GAAP, we considered the plan's internal control over financial reporting ("internal control") as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of issuing our report on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the plan's internal control. Accordingly, we do not express an opinion on the effectiveness of the plan's internal control.

We were engaged to perform an ERISA Section 103(a)(3)(C) audit of those financial statements as permitted by 29 CFR 2520.103-8 of the Department of Labor ("DOL")'s Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit did not extend to any investment information held by the investment agent that prepared and certified the investment information regarding assets so held in accordance with 29 CFR 2520.103-5. Our audit also did not include a consideration of internal control relating to the investment information.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A material weakness is a deficiency, or a combination of deficiencies in internal control, such that there is a reasonable possibility that a material misstatement of the plan's financial statements will not be prevented, or detected and corrected, on a timely basis.

Our consideration of internal control was for the limited purpose described in the preceding paragraphs and was not designed to identify all deficiencies in internal control that might be material weaknesses. In addition, because of the inherent limitations in internal control, including the possibility of management override of controls, misstatements due to error or fraud may occur and not be detected by such controls. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Significant Audit Matters

Qualitative Aspects of Accounting Practices

Management is responsible for the selection and use of appropriate accounting policies. The significant accounting policies used by the plan are described in Note 1 to the financial statements. No new accounting policies were adopted and the application of existing policies was not changed during the year. We noted no transactions entered into by the plan during the year for which there is a lack of authoritative guidance or consensus. All significant transactions have been recognized in the financial statements in the proper period.

The financial statement disclosures are neutral, consistent and clear.

Form 5500 Procedures

We are required to obtain and read a substantially complete draft of Form 5500 prior to dating our auditors' report. The purpose of this procedure is to identify any material inconsistencies between the draft Form 5500 and the plan's financial statements. After the third party administrator posted any suggested edits we had to the draft Form 5500, we identified no material inconsistencies in performing and completing our audit.

Difficulties Encountered in Performing the Audit

We encountered no significant difficulties in dealing with management in performing and completing our audit.

Corrected and Uncorrected Misstatements

Professional standards require us to accumulate all misstatements identified during the audit, other than those that are clearly trivial, and communicate them to the appropriate level of management. There were no corrected or uncorrected misstatements identified during the audit.

Disagreements with Management

For purposes of this letter, a disagreement with management is a disagreement on a financial accounting, reporting or auditing matter, whether or not resolved to our satisfaction, that could be significant to the financial statements or the auditors' report. We are pleased to report that no such disagreements arose during the course of our audit.

Management Representations

We have requested certain representations from management that are included in the management representation letter dated October 2, 2023.

Management Consultations with Other Independent Accountants

In some cases, management may decide to consult with other accountants about auditing and accounting matters, similar to obtaining a "second opinion" on certain situations. If a consultation involves application of an accounting principle to the plan's financial statements or a determination of the type of auditors' opinion that may be expressed on those statements, our professional standards require the consulting accountant to check with us to determine that the consultant has all the relevant facts. To our knowledge, there were no such consultations with other accountants.

Other Audit Findings or Issues

We generally discuss a variety of matters, including the application of accounting principles and auditing standards, with management each year prior to retention as the plan's auditors. However, these discussions occurred in the normal course of our professional relationship and our responses were not a condition to our retention.

Other Matters

Our responsibility for the ERISA-required supplementary information accompanying the financial statements is to perform adequate procedures to evaluate whether the form and content of the ERISA-required supplementary information, other than that agreed to or derived from the certified investment information, is presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, and whether the information in the supplementary information related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C)

Other Matters for Your Consideration

- ✓ It is our understanding that at the beginning of each year a notice is sent to all employees informing them of the plan's administrative policy to exclude bonuses from 401(k) eligible wages unless they specifically elect to defer on those wages. This notice/communication should be documented internally to show that it was communicated to employees regarding the plan's administrative policy not to defer on bonuses because per the plan documents bonuses are considered 401(k) eligible wages.
- ✓ During our evaluation of payroll controls, we noted that Mona Rogan is responsible for reviewing/approving payroll changes and also has full access to the payroll system including being able to make changes. We recommend that someone without full access to the payroll system be responsible for reviewing/approving payroll prior to it being paid in order to ensure all changes were properly authorized and were made correctly. This prevents unauthorized changes being made after payroll has been finalized.
- ✓ During our participant testing work, we noted that there was one eligible and non-participating employee (Carolina Campos) for whom the company did not maintain a 401k waiver form. Consider establishing procedures such that upon initial eligibility for participation, those employees that elect not to enroll in the plan complete a form documenting them opting out of participating in the plan. Maintaining waiver forms in employee personnel files provide proof that the employer presented all eligible employees with the opportunity to participate in the plan, if so desired.
- ✓ The employer matching contributions are currently set at 25% of the first 4% of the employee compensation contributed to the plan as elective deferral contributions. The plan document defines the employer matching contributions as discretionary as determined by the company's Board of Directors, however, no formal documentation of this is currently maintained. We suggest formally approving the match percentage prior to the plan year since matching contributions are made in connection with every payroll (an amendment can be made at any time subsequent to the approval in the event the board decided to suspend the match during the year). This approval should be documented in the corporate Board of Directors minutes each year so that the company has formal documentation approving the discretionary match percentage.
- ✓ If not already done, we recommend amending the plan to remove Morton Blutstein as a plan trustee and to remove NitroGolf, LLC as a participating employer.

This information is intended solely for the use of the trustee, plan administrator and management of the plan and is not intended to be and should not be used by anyone other than these specified parties.

INDEPENDENT AUDITORS' REPORT

To the Trustee
The Reliable of Milwaukee 401(k) Retirement Savings Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audits

We have performed audits of the accompanying financial statements of The Reliable of Milwaukee 401(k) Retirement Savings Plan ("the plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor ("DOL")'s Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained certifications from a qualified institution as of and for the years ended December 31, 2022 and 2021, stating that the certified investment information, as described in Note 6 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and the procedures performed as described in the Auditors' Responsibilities for the Audits of the Financial Statements section,

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America ("GAAP").
- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audits of the Financial Statements section of our report. We are required to be independent of the plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the plan's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audits of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audits section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- exercise professional judgment and maintain professional skepticism throughout the audit.
- identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the plan's internal control. Accordingly, no such opinion is expressed.
- evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audits, significant audit findings and certain internal control related matters that we identified during the audits.

Supplemental Schedule Required by ERISA

The supplemental schedule of assets (held at end of year) as of December 31, 2022 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and is derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to the auditing procedures applied in the audit of the 2022 financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion,

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

The Reliable of Milwaukee 401(k) Retirement Savings Plan

Notes to Financial Statements

December 31, 2022 and 2021

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Method of accounting - The Reliable of Milwaukee 401(k) Retirement Savings Plan ("the plan") follows the accrual method of accounting wherein additions and deductions are reflected in the period earned or incurred.

Accounting estimates - The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America ("GAAP") requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Actual results could differ from those estimates.

Subsequent events - The financial statements include management's evaluation of the events and transactions occurring subsequent to December 31, 2022 through October 2, 2023, which is the date the financial statements were available to be issued.

Risks and uncertainties - The plan invests in various investments. Investments are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investments, it is at least reasonably possible that changes in the values of investments will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Key parties of the plan - Reliable of Milwaukee is the plan sponsor, employer and the plan administrator. NitroGolf LLC is also a participating employer. Minnesota Life Insurance Company ("Minnesota Life") is the investment agent and custodian of plan assets. Securian Financial Group, the parent of Minnesota Life, is the third-party administrator that maintains participant records and tax counsel that performs various compliance tests. Equitable Advisors is the plan's investment advisor. One stockholder of the plan sponsor is the plan trustee.

Investments - The plan sponsor/employer determines the investments available to plan participants. The participants allocate their contributions and transfer existing balances among the available investment options. Earnings, including the net appreciation (depreciation) in the fair values of investments bought, sold or held during the years, are reflected in the accompanying statements of changes in net assets available for benefits. Participants should refer to the investment account summaries and prospectuses for more information.

Fair value measurements - GAAP establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical investments (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy are described as follows:

- Level 1 - Valuation is based upon quoted prices in active markets for identical investments.
- Level 2 - Valuation is based upon other significant observable inputs (including quoted prices for similar investments).
- Level 3 - Valuation is based upon significant unobservable inputs (including the plan's assumptions in determining the fair value of investments).

Following is a description of the valuation methodology used for investments measured at fair value.

Pooled separate accounts - The pooled separate accounts are direct filing entities valued at the net asset value ("NAV") based on units of the pooled separate accounts. The NAV, as provided by Minnesota Life, is used as a practical expedient to estimate fair value. The NAV is generally based on the fair value of the underlying mutual fund investments held by the pooled separate account less its liabilities. This practical expedient is not used when it is determined to be probable that the pooled separate account will sell the mutual fund investment for an amount different than the reported NAV.

Notes to Financial Statements

December 31, 2022 and 2021

The plan administrator determines by level, within the fair value hierarchy, the plan's investments at fair value as set forth below.

Investments at fair value as of December 31, 2022				
	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
Total investments in the fair value hierarchy	<u>\$ -</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ -</u>
Investments measured at NAV (a)				<u>4,305,106</u>
Total investments at fair value				<u>\$4,305,106</u>

Investments at fair value as of December 31, 2021

Total investments in the fair value hierarchy	<u>\$ -</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ -</u>
Investments measured at NAV (a)				<u>6,137,101</u>
Total investments at fair value				<u>\$6,137,101</u>

(a) In accordance with GAAP, certain investments that are measured at NAV have not been classified in the fair value hierarchy. The fair value amounts presented in the above table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

The following table summarizes investments for which fair value is measured using NAV as a practical expedient. There are no participant redemption restrictions for these investments; the redemption notice period, if any, is applicable only to the plan.

Investment at contract value - The plan has a fully benefit-responsive investment contract through a group annuity contract issued by Minnesota Life. The Guaranteed Return Account invests directly in the general assets of Minnesota Life. These general assets are predominantly invested in high quality fixed income investments. The interest rate credited is agreed upon at least annually, but may not be less than 1.00%. The yield on the Guaranteed Return Account was 1.78% in 2022 and 1.63% in 2021.

The contract meets the fully benefit-responsive investment contract criteria and therefore is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investments contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the plan. Contract value, as reported to the plan by Minnesota Life, represents contributions made under the contract, plus earnings, less participant withdrawals, and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of the investment at contract value.

Notes to Financial Statements

December 31, 2022 and 2021

The contract does not have a maturity date and there are no contract provisions that require a distribution at contract value at any specified time. The plan sponsor can request a lump sum distribution with a market value adjustment or an installment payout, at contract value, over a period of years. The contract will continue in full force until all assets have been distributed or no further payments are due.

The plan's ability to receive amounts due is dependent on the issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments. Certain events might limit the ability of the plan to transact at contract value with the issuer. At this time, the plan sponsor is not aware of any events that are probable of occurring that may limit the ability of the plan to transact at contract value with the contract issuer or limit the ability of the plan to transact at contract value with the participants.

2. DESCRIPTION OF PLAN

The following description of the plan provides only general information. Participants should refer to the plan documents for a more complete description of the plan's provisions.

General - The plan was adopted effective January 1, 2018 as a defined contribution plan with a 401(k) salary deferral arrangement. It is subject to provisions of the Employee Retirement Income Security Act of 1974 ("ERISA") and subsequent amendments.

Eligibility - All employees who have attained the age of twenty-one and have completed three months of service are eligible to participate in the plan. An employee can enter the plan on the first day of the month after meeting the eligibility requirements.

Contributions - Contributions to the plan can be made in the following ways:

- a. Participants may contribute a percentage of their compensation subject to certain limitations (elective deferral contribution). After meeting the eligibility requirements, new employees are automatically enrolled in the plan and have 4% of compensation withheld as elective deferral contributions. Participants have the option to increase, decrease or stop the deferral by completing the necessary documentation. The plan also permits Roth elective deferral contributions.
- b. Rollover contributions are accepted by the plan from other qualified plans.
- c. Employer matching contributions may be made at the employer's discretion. Employer matching contributions equal to 25% of the first 4% of employee compensation contributed to the plan as elective deferral contributions were made in 2022 and 2021. These contributions are funded bi-weekly coinciding with the employer's payroll.
- d. Additional employer profit sharing contributions may be made and allocated at the employer's discretion. In order to share in the profit sharing allocation, the participant must be employed on the last day of the plan year. This requirement is waived upon death, disability or attainment of normal retirement age during the year to which the contribution relates. No such additional employer discretionary profit sharing contributions were made in 2022 and 2021.

Participant accounts - Earnings, including the fair value appreciation (depreciation), are allocated to participant accounts on a daily basis based upon the performance of the investment options selected. Each participant's account is credited with the participant's elective deferral and rollover contributions and an allocation of the employer's contribution. Participants are allowed to change their investment options on a daily basis and change their deferral percentage each month. Participants can stop making contributions at any time.

Vesting - Participants are always 100% vested in their elective deferral contributions, rollover contributions, employer contributions and related earnings.

Notes to Financial Statements

December 31, 2022 and 2021

Payment of benefits - Benefit payments may commence upon termination of employment, death, disability or attainment of normal retirement age. Distributions may be in the form of a single lump sum, partial or installment payments. In addition, hardship withdrawals are permitted under the plan. In-service withdrawals can commence upon attaining the age of 59 ½.

Administrative expenses - Certain administrative fees of the plan are paid by the employer. Certain other administrative fees are paid by the plan from plan assets and recorded as administrative expenses in the accompanying financial statements. Such expenses include participant directed charges for distribution and loan fees and nonparticipant directed charges for service, administrative and advisory fees. Nonparticipant directed charges are allocated to the participants on an account value basis.

Notes receivable from participants - Participants may obtain loans from their accounts with the approval of the plan administrator. The required minimum loan amount is \$1,000 and the maximum loan amount is the lesser of \$50,000 or 50% of the vested account balance. Participants may only have two loans outstanding at any given time. The maximum loan term for a general purpose loan is five years. The loan terms may be extended if the loan proceeds are used to purchase a primary residence. Notes receivable from participants are secured by the balance in the participant's account and bear interest at rates set by the plan administrator. As of December 31, 2022, the notes receivable from participants have various repayment schedules through April 2027 with interest rates from 4.25% to 6.50%. The notes receivable from participants are valued at their unpaid principal balance plus any accrued but unpaid interest, which approximates fair value.

3. PARTY-IN-INTEREST TRANSACTIONS

The plan's investments are managed by Minnesota Life. Minnesota Life is the investment agent and, as such, these transactions qualify as party-in-interest transactions. Direct fees paid by the plan to Minnesota Life were \$22,000 in 2022 and \$7,000 in 2021. In addition, Minnesota Life provides certain administrative services to the plan pursuant to a service agreement between the plan sponsor and Minnesota Life. Minnesota Life receives revenue from mutual fund service providers for services Minnesota Life provides to the funds. This revenue is used to offset certain amounts owed to Minnesota Life for its administrative services to the plan.

Notes receivable from participants also qualify as party-in-interest transactions.

All of the above party-in-interest transactions are exempt from the prohibited transaction rules of ERISA.

4. TERMINATION OF PLAN

Although it has not expressed any intent to do so, the plan sponsor has the right to terminate the plan subject to the provisions of ERISA and subsequent amendments.

5. INCOME TAX STATUS

Prior to April 1, 2022 the plan was operating under a Minnesota Life volume submitter profit sharing plan that received a favorable opinion letter on March 31, 2014. The plan was restated effective April 1, 2022. At this time, the plan adopted a Minnesota Life non-standardized pre-approved profit sharing plan that received a favorable opinion letter on June 30, 2020. There were no functional changes to the plan in connection with the restatement. The letters from the Internal Revenue Service stated that the plans, as then designed, were in compliance with the applicable requirements of the Internal Revenue Code. The plan administrator has not obtained a separate Internal Revenue Service opinion or determination letter for the plan, however, the plan administrator and tax counsel believe the plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code.

Notes to Financial Statements
December 31, 2022 and 2021

GAAP requires plan management to evaluate tax positions taken by the plan and recognize tax liabilities (or assets) for any uncertain tax positions taken by the plan that more likely than not would not be sustained upon examination by the applicable authorities. Plan management analyzed the requirements for accounting for such uncertain tax positions taken and determined the plan was not required to recognize any tax liabilities (or assets) related to uncertain tax positions taken as of December 31, 2022 and 2021. The plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits in progress.

6. INFORMATION CERTIFIED BY THE AGENT

Management has obtained certifications from Minnesota Life, a qualified institution under the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, that state the following information with respect to assets held for investment of the plan is complete and accurate.

- a. Investments held and the fair and contract values of such as of December 31, 2022 and 2021;
- b. Net appreciation (depreciation) in fair values of pooled separate accounts and interest income on Guaranteed Return Account during 2022 and 2021;
- c. Contributions to, withdrawals from, purchases, sales and inter-fund transfers between accounts during 2022 and 2021; and
- d. Individual participant account statements (which include beginning account balances, contributions, net investment income (loss), withdrawals, transfers and ending account balances) during 2022 and 2021.
