Independent Auditor's Report

Plan Administrator
P. Kaufmann Employees' 401(k) Profit-Sharing Trust

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of P. Kaufmann Employees' 401(k) Profit-Sharing Trust (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2022 and 2021, and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).

- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

RSM US LLP is the U.S. member firm of RSM International, a global network of independent audit, tax, and consulting firms. Visit rsmus.com/aboutus for more information regarding RSM US LLP and RSM International.

Basis for Opinion
We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements
Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. GAAP, and for the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements
Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter—Supplemental Schedule Required by ERISA
The supplemental schedule of Schedule H, line 4i—schedule of assets (held at end of year), is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements, or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Note 1. Plan Description

The following description of the P. Kaufmann Employees' 401(k) Profit-Sharing Trust (the Plan) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General: The Plan is a defined contribution plan covering all full-time employees of P. Kaufmann, Inc. (the Sponsor) who are eligible, as defined. The Plan and Trust, of which it is a part, are intended to satisfy all the requirements for a qualified retirement plan under the appropriate provisions of the Internal Revenue Code (IRC) and similar state tax laws. The Plan is subject to the applicable provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Eligibility: All employees not covered by a collective bargaining agreement are eligible to become a participant in the Plan on the earlier of January 1 or July 1 following completion of three months of service; and are eligible to receive an employer contribution on the earlier of January 1 or July 1 following completion of one year of service.

Contributions: Each participant may elect to make salary deferral contributions, up to the annual limit as defined by the IRC, on a tax-deferred basis into one or a combination of funds. Pursuant to the Tax Reform Act of 1986 as amended, the maximum tax-deferred contribution an employee may make for the year ended December 31, 2022, was $20,500. Pursuant to the Economic Growth and Tax Relief Reconciliation Act of 2001, participants aged 50 and over may make an additional tax-deferred catch-up contribution of $6,500 for the year ended December 31, 2022.

The Sponsor may elect to make discretionary profit sharing contributions or nonelective sponsor contributions to the Plan subject to a maximum amount, as defined in the Plan.

Participants share of Sponsor contributions are allocated to the investments based on the participant's investment options in effect at the time of the Sponsor contribution. Participant contributions are remitted each payroll period to the trustee, whereas Sponsor matching or profit sharing contributions, if any, are remitted annually.

Participant accounts: Individual accounts are maintained for each participant. Each participant's account is credited with the participant and the Sponsor contributions and allocations of the Plan earnings and charged with distributions and an allocation of the Plan losses and administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting: Participants will, at all times, be fully vested in their contributions. Sponsor contributions, if any, vest based upon the participant's years of service, as defined in the Plan and as shown below.

Years of Service	Percent Vested
Less than 2 years	0%
2 but less than 3 years	20%
3 but less than 4 years	40%
4 but less than 5 years	60%
5 but less than 6 years	80%
6 or more years	100%

Note 1. Plan Description (Continued)

Employees who are age 65 or older, or who become disabled or die while employed by the Sponsor, are automatically 100% vested in the value of the Sponsor contributions credited to their accounts regardless of their years of service.

Participant investment options: Participants are allowed to invest in a variety of investment choices as more fully described in the Plan's literature. Participants may change their allocation on a daily basis.

Payment of benefits: If a participant's account balance becomes distributable for any reason other than death, payment of their vested account shall commence as soon as administratively practicable after the participant requests payment. Such participant's benefit shall be payable, in cash, in a lump-sum payment or substantially equal annual, or more frequent installments over a period not to exceed the joint life expectancy of the participant and their beneficiary. The Plan Administrator shall also permit a participant to take partial distributions or installment distributions pursuant to the minimum distribution requirements of the Plan.

The method of distribution shall be selected by the participant on a form prescribed by the Plan Administrator. If no such selection is made by the participant, payment shall be made in the form of a lump sum distribution. No distribution shall be made if the participant is rehired by the Employer before payments commence.

Notes receivable from participants: Participants may borrow from their fund accounts a minimum of $1,000, up to a maximum of $50,000 or 50% of their vested account balance, whichever is less, and are subject to applicable Department of Labor (DOL) and Internal Revenue Service (IRS) regulations. The loans are secured by the balance in the participant's account and bear interest at rates of prime plus 1%, currently ranging from 4.00% to 7.25%, which are commensurate with local prevailing rates as determined periodically by the Plan Administrator.

Forfeitures: At December 31, 2022, there was $14,133 in forfeited amounts, which will be included with the next Sponsor contribution and allocated to participants pursuant to the terms of the Plan. At December 31, 2021, there was $19,364 in forfeited amounts, which was included with the 2021 Sponsor Contribution made in 2022 and allocated to participants pursuant to the terms of the Plan.

Termination: The Sponsor may terminate, amend, modify or suspend the Plan in whole or in part at any time. No such change is currently being contemplated; however, in any such event the affected participant's rights to their accrued benefits are nonforfeitable.

Administrative expenses: Most administrative expenses related to the Plan are paid by the Sponsor except for various asset management fees, which are paid by each particular investment fund and certain recordkeeping fees paid by the Plan.

Income taxes: Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan. Management evaluated the Plan's tax positions and concluded that the Plan had maintained its tax-exempt status and had taken no uncertain tax positions that require recognition or disclosure in the financial statements. Therefore, no provision or liability for income taxes has been included in the financial statements. The Plan Administrator believes it is no longer subject to income tax examinations for years prior to 2018.

Note 2. Summary of Significant Accounting Policies

The Plan's significant accounting policies are as follows:

Basis of accounting: The accompanying financial statements are prepared on the accrual basis of accounting.

Investment valuation and income recognition: Investments held by the Plan are required to be reported at fair value, except for fully benefit-responsive investment contracts, which are required to be reported at contract value. Contract value is the relevant measure for the portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan.

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) of investments includes the Plan's gains and losses on investments bought and sold, as well as held, during the year.

Notes receivable from participants: Notes receivable from participants are measured at their unpaid principal balance plus any accrued interest. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan.

Use of estimates: The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires Plan management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein. Actual results could differ from those estimates.

Risks and uncertainties: The Plan provides for various investment options that may invest in equity, fixed income or other investment securities. These investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk and uncertainty associated with certain investment securities, it is possible that participants' account balances and the amounts reported in the statements of net assets available for benefits and the statement of changes in net assets available for benefits could be materially affected in the near term.

Payments of benefits: Benefit payments to participants are recorded upon distribution.

Note 3. Information Certified and Provided by VOYA Retirement Insurance and Annuity Company (Trustee)

The following is a summary of the Plan's asset information as of December 31, 2022 and 2021, and for the year ended December 31, 2022, included throughout the Plan's financial statements and supplemental schedule, that was prepared by or derived from information provided by VOYA Retirement Insurance and Annuity Company (VOYA) and furnished to the Plan Administrator. The Plan Administrator has obtained certifications from the trustee that information provided to the Plan Administrator by the trustee related to the following assets is complete and accurate. Accordingly, as permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to information that appears throughout the financial statements and supplemental schedule related to the following assets:

	December 31	
	2022	2021
Investments at fair value:		
Mutual funds	$ 50,962,225	$ 63,974,039
Investments at contract value:		
Guaranteed investment contract	9,101,379	9,356,505
Total investments	$ 60,063,604	$ 73,330,544
Notes receivable from participants	$ 405,999	$ 498,286

The trustee also certified to the completeness and accuracy of $15,209,004 of net depreciation in fair value of investments, $3,187,976 of interest and dividend income and $20,939 of interest income on notes receivable from participants for the year ended December 31, 2022.

Note 4. Fair Value Measurements

The Financial Accounting Standards Board Accounting Standards Codification provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under this guidance are described below:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets
- Quoted prices for identical or similar assets or liabilities in inactive market
- Inputs other than quoted prices that are observable for the asset or liability
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Note 4. Fair Value Measurements (Continued)

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable input and minimize the use of unobservable inputs.

Following is a description of the valuation methodology used for assets measured at fair value. There have been no changes in the methodology used at December 31, 2022 and 2021.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The method described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2022 and 2021.

	Investments at Fair Value as of December 31, 2022			
	Level 1	Level 2	Level 3	Total
Mutual funds	$ 50,962,225	$ -	$ -	$ 50,962,225

	Investments at Fair Value as of December 31, 2021			
	Level 1	Level 2	Level 3	Total
Mutual funds	$ 63,974,039	$ -	$ -	$ 63,974,039

To assess the appropriate classification of investments within the fair value hierarchy, the availability of market data is monitored. Changes in economic conditions or valuation techniques may require the transfer of investments from one fair value level to another. In such instances, the transfer is reported at the end of the reporting period.

Note 5. Investment Contract With Insurance Company

The Plan has a fully benefit-responsive guaranteed investment contract with VOYA. VOYA maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

Note 5. Investment Contract With Insurance Company (Continued)

As described in Note 2, because the guaranteed investment contract is fully benefit-responsive, contract value is the relevant measurement attributed for that portion of the net assets available for benefits attributable to the guaranteed investment contract. Contract value, as reported to the Plan by VOYA, represents contributions made under the contract plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. There are no reserves against contract value for credit risk of the contract issuer or otherwise.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: (1) amendments to the Plan's documents (including complete or partial Plan termination or merger with another plan, (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Plan Sponsor or other Plan Sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the plan or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The Plan Administrator does not believe that any events which would limit the Plan's ability to transact at contract value with participants, are probable of occurring.

Note 6. Related Party and Party-in-Interest Transactions

Certain Plan investments are shares of mutual funds managed by VOYA; therefore, these transactions qualify as party-in-interest transactions, as defined by ERISA.

Note 7. Tax Status

The trust established under the Plan to hold the Plan's assets is qualified pursuant to section 401(k) of the IRC, and accordingly, the trust's net investment income is exempt from income taxes. The Plan obtained its latest determination letter on November 30, 2020, in which the IRS stated that the Plan, as then designed, was in compliance with the applicable requirements of the IRC. Although the Plan has been amended since the latest determination letter, the Plan Administrator believes the Plan continues to be designed and operated in compliance with the applicable requirements of the IRC.

Note 8. Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements to Form 5500 as of December 31, 2022 and 2021:

	December 31	
	2022	2021
Net assets available for benefits per the financial statements	$ 60,469,603	$ 74,328,830
Differences in:		
Investments	405,999	498,286
Notes receivable from participants	(405,999)	(498,286)
Net assets available for benefits per Form 5500	$ 60,469,603	$ 74,328,830

Note 9. Subsequent Events

The Plan has evaluated events through October 6, 2023, the date the financial statements were available to be issued.
