The financial statements comprise the statement of net assets available for benefits as of December 31, 2022, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of Viz Media, LLC 401(k) Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 5 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Viz Media, LLC 401(k) Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Viz Media, LLC 401(k) Plan's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Viz Media, LLC 401(k) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Viz Media, LLC 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters

Supplemental Schedule Required by ERISA

The supplemental schedule, Schedule H, Part IV, Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2022, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

**Viz Media, LLC 401(k) Plan
Notes to Financial Statements
December 31, 2022 and 2021**

1. DESCRIPTION OF PLAN

The following description of the Viz Media, LLC 401(k) Plan (the “Plan”), provides only general information. Participants should refer to the Plan document for a more complete description of the Plan’s provisions.

General

The Plan was amended and restated effective January 1, 2022, as a defined contribution plan qualifying under Section 401(k) of the Internal Revenue Code. The Plan covers all employees of Viz Media, LLC (the “Company” or “Sponsor”). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”) and is open to all employees, excluding interns, certain nonresident aliens and employees who are covered by a collective bargaining agreement, of the Plan Sponsor.

Eligibility

An employee of the Company becomes an eligible participant in the Plan on the first day of the calendar month and the attainment of 18 years of age with no minimum service requirement.

Contributions

Participants have the option of contributing pre-tax salary deferrals to the Plan, in which case federal income taxes are deferred in accordance with Section 401(k) of the Internal Revenue Code (“IRC”). Participants who have attained age 50 before the end of the Plan year may make additional “catch-up” contributions. Employees who are newly eligible to participate in the Plan will be automatically enrolled to contribute 3% of compensation, unless they elect a different deferral percentage or decline to participate in the Plan. Participants may also contribute amounts representing distributions from other qualified plans, as defined in the Plan’s provisions (rollover contributions).

The Company may make a discretionary matching contribution to eligible participants which is determined annually as a percentage of the salary deferrals made during the Plan year. The matching contributions may be contributed during or after the Plan year. For the year ended December 31, 2022, the match percentage was 100% of the participant’s deferral up to 3% of the compensation. Additionally, the Plan Sponsor could also make discretionary profit-sharing contributions to the Plan for the related year. For the year ended December 31, 2022, the Plan Sponsor contributed \$850,866 of profit-sharing contributions into the Plan.

All participant and employer contributions are subject to the limitations specified by the Plan and the IRC.

Participant Accounts

Each participant’s account is credited with the participant’s contributions, the Company’s discretionary matching and profit-sharing contributions, if any, as well as allocation of the Plan’s earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account.

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum of the lesser of \$50,000 or 50% of their total vested account balance on the date the loan is granted. Loan terms may not exceed five years, except for the purchase of the participant’s principal place of residence, as defined. The loans are secured by the balance in the participant’s account and bear a reasonable rate of interest that is based on the prime rate plus 1% point published in The Wall Street Journal on the first business day of each month. Repayment of principal and interest is made through payroll deductions. At December 31, 2022, the interest rates ranged from 4.25% to 5.75% with maturities at various dates through 2025.

December 31, 2022 and 2021

Payment of Benefits

Upon termination of service due to retirement, death, disability, or for other reasons, a participant may elect to receive either a lump-sum amount equal to or partial distributions of a portion of the vested balance in his or her account as specified in the Plan.

Forfeitures Accounts

Forfeitures of nonvested employer contributions of terminated participants can be used to offset employer matching contributions. As of December 31, 2022 and 2021, the amount of nonvested forfeitures was insignificant.

Vesting

Participants are 100% vested in their account attributable to their salary deferrals and rollovers plus actual earnings thereon. Participants are 100% vested in the Company's matching contributions immediately after such amounts are contributed to the Plan. Additionally, participants are 50% vested after one year of service and fully vested after two or more years of service in their discretionary employer contributions.

Investment Options

Upon enrollment in the Plan, a participant may direct participant and employer contributions in any of the Plan's investment options.

Administrative Expenses

Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Presentation

The financial statements are prepared in accordance with accounting principles accepted in the United States of America ("GAAP"). The Plan uses the accrual basis of accounting for the presentation of financial statements.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan's management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein, and disclosure of contingent assets and liabilities at the date of the financial statements. Accordingly, actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value (except for fully benefit-responsive investment contracts, which are reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation or depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

**Viz Media, LLC 401(k) Plan
Notes to Financial Statements
December 31, 2022 and 2021**

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan document.

Payment of Benefits

Benefits are recorded when paid.

Subsequent Events

The Plan has evaluated subsequent events through October 3, 2023, the date which the financial statements were available to be issued. Based upon this evaluation, the Plan has determined that no subsequent events have occurred, which required adjustment or disclosure in the financial statements.

3. FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs. The three levels of the fair value hierarchy under Topic 820 are described below:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices in active markets for identical assets or liabilities that the Plan can access at the measurement date.

Level 2 – Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly, such as:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability; and
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs that are unobservable inputs for the asset or liability.

The following is a description of the valuation methodologies used for the Plan's assets measured at fair value. There have been no changes in methodologies used for the periods presented in these financial statements.

Pooled Separate Accounts: Units held in pooled separate accounts are valued at the net asset value (NAV) or shares held by the Plan at year end, which is based on the unit prices quoted by the fund representing the fair value of the underlying investments.

The method described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

4. ANNUITY CONTRACT WITH INSURANCE COMPANY

The Plan invested in a GIO with Equitable Life Insurance Company (Equitable). Equitable maintains the contributions in a general account. The general account is credited with earnings on the underlying investments and charged for participant withdrawal and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified minimum interest rate that is guaranteed to the Plan. The GIO does not provide for a defined maturity date. In addition, although the GIO provides for a minimum guaranteed interest rate, the actual rate of interest credited during the time over which funds are invested in the GIO option is declared periodically and therefore, is subject to change. Further, withdrawals for participant benefits from the GIO are permitted as specified in the contract and are not subject to any market value adjustment. The value in the GIO at any time will equal participants' contributions and transfers to the GIO, plus interest, less withdrawals and transfers out of the GIO and any administrative charges. All interest rates are effective annual rates. The annual minimum guaranteed interest rate will never be less than the lifetime minimum guaranteed interest rate which is 1.0%. As of December 31, 2022 and 2021, the GIO credit rate was 1.50% for both years.

5. INVESTMENTS AND INFORMATION PROVIDED AND CERTIFIED BY THE PLAN'S TRUSTEE

No auditing procedures were performed by the independent auditor with respect to the information certified as complete and accurate by Equitable Life Insurance Company, the Plan's trustee, except for comparing such information with the information reported in the financial statements. Based on information provided and certified by the trustee, there are no fixed income obligations, leases, or debt instruments in default or deemed uncollectible, as defined by ERISA, as of December 31, 2022 and 2021. Accordingly, the trustee of the Plan assets has certified to the completeness and accuracy of:

- Investments and notes receivable from participants reflected on the accompanying statements of net assets available for benefits as of December 31, 2022 and 2021 as well as the supplemental schedule of assets (held at end of year) as of December 31, 2022.
- Net depreciation in fair value of investments, interest and dividends income and interest income on notes receivable from participants reflected on the accompanying statement of changes in net assets available for benefits for the year ended December 31, 2022.

6. PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event the Plan terminates, participant will become 100% vested in their employer discretionary contributions.

Viz Media, LLC 401(k) Plan
Notes to Financial Statements
December 31, 2022 and 2021

7. TAX STATUS

The Plan adopted the non-standardized pre-approved prototype profit sharing plan with CODA, for which the Internal Revenue Service determined and informed the sponsoring organization by a letter dated June 30, 2020, that the Plan and related trust are designed in compliance with applicable sections of the IRC, and that employers adopting the non-standardized prototype profit sharing plan could rely on such determination. Although the Plan has been amended since receiving the advisory letter, the Plan administrator believes the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Plan management has evaluated tax positions taken by the Plan and recognizes a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan and has concluded that as of December 31, 2022 and 2021, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. Furthermore, there are no tax related interest or penalties included in the financial statements presented.

8. PARTY-IN-INTEREST TRANSACTIONS

The Plan's investments were held and managed by the trustee. Certain investment transactions and balances are considered to be transactions with a party-in-interest. Fees paid by the Plan to the trustee of \$52,142 for the year ended December 31, 2022, are considered to be party-in-interest transactions. Loans to participants represent exempt party-in-interest transactions.

9. RISK AND UNCERTAINTIES

The Plan provides for various investment options in any combination of investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investments securities, it is at least reasonably possible that changes in risks in the near-term would materially affect participants account balances and the amounts reported in the statements of net assets available for benefits and the statement of changes in net assets available for benefits.
