REPORT OF INDEPENDENT CERTIFIED PUBLIC ACCOUNTANTS

Trustees
NFI Industries, Inc. Employee Retirement Savings Plan

Scope and nature of the ERISA Section 103(a)(3)(C) audit
We have performed audits of the financial statements of the NFI Industries, Inc. Employee Retirement Savings Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institutions as of December 31, 2022 and 2021, and for the year ended December 31, 2022, stating that the certified investment information, as described in Note C to the financial statements, is complete and accurate.

Opinion
In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Grant Thornton LLP is the U.S. member firm of Grant Thornton International Ltd (GTIL). GTIL and each of its member firms are separate legal entities and are not a worldwide partnership.

Basis for opinion
We conducted our audits in accordance with auditing standards generally accepted in the United States of America (US GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of management for the financial statements
Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor’s responsibilities for the audit of the financial statements
Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with US GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with US GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other matter – supplemental schedules required by ERISA
The supplemental schedule of assets (held at end of year) as of December 31, 2022 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA. Such supplementary information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule other than that agreed to or derived from the certified investment information, has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures. These additional procedures included comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with US GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- The form and content of the supplemental schedule other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

NOTE A - DESCRIPTION OF THE PLAN

The following description of the NFI Industries, Inc. Employee Retirement Savings Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete discussion of the Plan's provisions, including definitions of key terms.

General

The Plan is a defined contribution plan covering substantially all employees of National Freight, Inc., National Distribution Centers, LLC, NFI California Cartage Holding Company, LLC and their related and affiliated companies (collectively, "NFI Industries, Inc. and Affiliates," the "Company," "Plan Sponsor," or "Employer"), except drivers who are owner-operators, were allowed admittance regardless of years of service or hours of credited service. Subsequent to the initial open enrollment, all employees, except drivers who are owner-operators, non-U.S. residents, leased employees, independent contractors and personnel classified by the Company as not having employee status, who had completed two consecutive months of service and attained age 21, were eligible for participation in the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended ("ERISA"). For the 2021 Plan Year, Newport Trust Company, LLC "Newport" was the recordkeeper and custodian of the Plan. On January 1, 2022 Delaware Charter Guarantee and Trust Company (d/b/a Principal Trust Company) "Principal" became the recordkeeper and custodian of the Plan.

In connection with the switch in recordkeeper from Newport to Principal the plan was restated effective January 1, 2022 to adopt the Principal preapproved plan.

Contributions

Participants in the Plan may elect to defer a percentage of their eligible compensation, as defined by the Plan agreement, up to the annual Internal Revenue Service ("IRS") limits, with the elective deferral amounts allocated to the participants' respective accounts under the Plan. Highly compensated employee's elective contributions are limited to 6% of his or her eligible compensation. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants direct the investment of their contributions into various investment options offered by the Plan. A participant may designate all or a part of their elective contributions as Roth contributions.

The Plan provides for a discretionary Employer matching contribution. For 2022 and 2021, the discretionary Employer matching contribution was an amount equal to 50% of employee deferrals to the extent that such deferrals do not exceed 6% of eligible compensation.

Based upon the results of 2022 and 2021 compliance testing, the Company has accrued $849,403 and $486,492 of corrective distributions payable as of December 31, 2022 and 2021, respectively. These excess contributions were refunded to highly compensated participants during the first quarter of 2023 and 2022 respectively.

Participants' Accounts

Individual accounts are maintained for each participant. Each participant's account is credited with the participant's contribution, the discretionary Employer matching contribution, and an allocation of Plan investment earnings and is charged with withdrawals and an allocation of Plan investment losses and administrative expenses. Allocations are based on participants' earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately fully vested in their contributions to the Plan. For vesting purposes, participants are credited with years of service since the date of employment. Participants become fully vested in Employer matching contributions and the income earned on Employer matching contributions upon death, disability or attaining normal retirement age. A participant who dies or retires on account of disability will become fully vested, regardless of any vesting schedule that otherwise might apply. Participants vest in the Employer matching contributions and the income earned on Employer matching contributions based on years of service. A year of service is a 12-consecutive-month period in which an employee has completed 1,000 hours of service. The Plan's vesting schedule is as follows:

Years of Service	Vesting Percentage
Less than 1	0%
1 but less than 2	20%
2 but less than 3	40%
3 but less than 4	60%
4 but less than 5	80%
5 or more	100%

Notes Receivable from Participants

Participants may be granted loans, which bear interest at the prime lending rate plus 1% as of the first of the month prior to the participant's application date. These loans shall be limited to a minimum of $500 and a maximum of 50% of the participant's vested account balance, provided such loans do not exceed $50,000. The loans are to be repaid over a period not greater than 60 months, with the exception of loans for the purchase of a primary residence, where the repayment period may be up to and including 120 months. The loans are secured by the balance in the participant's vested account balance. Interest rates ranged from 4.25% to 9% as of December 31, 2022 and 2021.

Distribution of Benefits

Upon termination of service, a participant may receive a lump-sum amount equal to the value of the participant's vested interest in his or her account. Participants are also permitted to make hardship withdrawals in certain cases of immediate and heavy financial need. Participants may also elect in-service withdrawals after reaching age 59½. Rollover account balances may be withdrawn at any time. Minimum required distributions for participants who have reached age 72 also apply per IRS regulations.

Forfeitures

Forfeited non-vested accounts are used to reduce future Employer matching contributions. During the years ended December 31, 2022 and 2021, forfeitures used to reduce Employer matching contributions amounted to $349,297 and $652,832, respectively. All other forfeitures remain unallocated in the forfeiture account. At December 31, 2022 and 2021, forfeited non-vested accounts totaled $511,639 and $29,124, respectively.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

A summary of the Plan's significant accounting policies consistently applied in the preparation of the accompanying financial statements follows:

Basis of Accounting

The financial statements of the Plan have been prepared on the accrual basis of accounting in conformity with accounting principles generally accepted in the United States of America ("U.S. GAAP").

Use of Estimates

In preparing financial statements in conformity with U.S. GAAP, management is required to make estimates and assumptions that affect the reported amounts of assets and liabilities and the disclosure of contingent assets and liabilities at the date of the financial statements and revenues and expenses during the reporting period. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Plan management determines the Plan valuation policies utilizing information provided by the trustee. See Note D for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains/losses on investments bought and sold, as well as held during the year.

Payment of Benefits

Benefit payments are recorded when paid.

Administrative Expenses

Participants pay an annual fee for administrative costs associated with the recordkeeping and trustee fees. Participants also pay a fee to set up a loan. All of the Plan's other administrative costs are paid by the Plan Sponsor.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2022 or 2021. If a participant ceases to make loan repayments and the Plan administrator deems the participant's loan to be in default, the participant's loan balance is reduced and a benefit payment is recorded.

NOTE C - INFORMATION CERTIFIED BY TRUSTEE

As of December 31, 2022 and 2021 and for the year ended December 31, 2022, the Plan Sponsor has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Principal, the custodian has certified the investment values for the period from January 17, 2022 through December 31,

2022 including the fair value as of December 31, 2022. Newport the trustee through January 17, 2022 has certified the investment values from January 1, 2022 through January 17, 2022 including the fair values as of December 31, 2021. Accordingly, the respective trustees have certified that the following information included in the accompanying financial statements and supplemental schedule is complete and accurate:

- Investments, at fair value, and notes receivable from participants, as shown in the statements of net assets available for benefits as of December 31, 2022 and 2021.
- Net investment income and interest income on notes receivable from participants, as shown in the statement of changes in net assets available for benefits for the year ended December 31, 2022.
- Schedule H, line 4i - schedule of assets (held at end of year) as of December 31, 2022.

The Plan's independent certified public accountants did not perform audit procedures with respect to information certified by the trustee, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP

NOTE D - FAIR VALUE MEASUREMENTS

Financial Accounting Standards Board ("FASB") Accounting Standards Codification ("ASC") 820, *Fair Value Measurements*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability; and
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2022 and 2021.

Mutual funds and money market funds: Valued at closing market price on a daily basis. Such securities are classified within Level 1 of the valuation hierarchy.

Collective trust funds: Valued using the net asset value ("NAV') as a practical expedient to fair value, provided by the administrator of the fund. The NAV is based on the value of the assets owned by the fund, less the liabilities at year end.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables present information about the Plan's investments measured at fair value on a recurring basis as of December 31, 2022 and 2021, and indicate the fair value hierarchy of the valuation techniques utilized by the Plan to determine such value:

	December 31, 2022			
	Level 1	Level 2	Level 3	Total
Investments:				
Mutual funds	$ 48,741,956	$ -	$ -	$ 48,471,956
	$ 48,741,956	$ -	$ -	
Investments measured at NAV [(a)]				135,708,523
Total investments, at fair value				$ 184,450,479

	December 31, 2021			
	Level 1	Level 2	Level 3	Total
Investments:				
Mutual funds	$ 70,716,652	$ -	$ -	$ 70,716,652
	$ 70,716,652	$ -	$ -	70,716,652
Investments measured at NAV [(a)]				134,008,556
Total investments, at fair value				$ 204,725,208

[(a)] Certain investments that are measured at fair value using the NAV per share (or its equivalent) practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the amounts presented in the statements of net assets available for benefits.

Gains and losses (realized and unrealized) included in changes in net assets for the period above are reported in net appreciation in fair value of investments in the statement of changes in net assets available for benefits.

In accordance with the fair value measurements and disclosures guidance, the following table presents the category, fair value, redemption frequency, and redemption notice period for Plan investments, the fair values of which are estimated using the NAV per share as a practical expedient as of December 31, 2022 and 2021:

	2022 Fair Value	2021 Fair Value	Redemption Frequency	Redemption Notice Period
Collective Trust Funds [(a)]	$ 124,148,006	$ 134,008,556	Immediate	None

[(a)] Funds file as direct filing entities and as such, investment strategies are not presented. There are no unfunded commitments as of December 31, 2022 or 2021.

NOTE E - RECONCILIATION TO FORM 5500

Form 5500 reports Plan assets on a cash basis; U.S. GAAP uses the accrual basis. The following is a reconciliation of net assets available for benefits per the financial statements to Form 5500 as of December 31, 2022 and 2021.

	2022	2021
Net assets per the financial statements	$ 188,960,375	$ 208,917,427
Corrective distributions payable	849,403	486,492
Net assets per Form 5500	$ 189,809,778	$ 209,403,920

The following is a reconciliation of the change in net assets available for benefits for the Plan year ended December 31, 2022.

Net decrease per the financial statements	$ (19,957,052)
Change in corrective distributions payable	362,910
Net increase per Form 5500	$ (19,594,142)

NOTE F - PARTY-IN-INTEREST TRANSACTIONS

Parties-in-interests are defined under the Department of Labor's regulations as any fiduciary of the Plan, any party rendering service to the Plan, the Plan Sponsor and certain others.

The Plan allows notes receivable from participants. The Plan pays administrative expenses to its trustee and recordkeeper. These transactions qualify as party-in-interest transactions and are exempt from the prohibited transaction rules.

NOTE G - PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants would become 100% vested in their Employer matching contributions.

NOTE H - TAX STATUS

The underlying non-standardized prototype plan has received an opinion letter from the IRS dated December 31, 2018, stating that the form of the Plan is qualified under the Internal Revenue Code (the "Code") and, therefore, the related trust is tax exempt. The Plan Sponsor has determined that the Plan is eligible to and has chosen to rely on the current IRS prototype plan opinion letter. Once qualified, the Plan is required to operate in conformity with the Code to maintain its qualification. The Plan administrator believes that the Plan, as amended, is being operated in compliance with the applicable requirements of the Code and, therefore, believes that the Plan is qualified and the related trust is tax exempt.

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2022 and 2021, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE I - RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

NOTE J - SUBSEQUENT EVENTS

Subsequent events have been evaluated through October 9, 2023, which is the date the financial statements were available to be issued. Effective January 1, 2023 the Plan was amended to include a Safe Harbor match provision, replacing the existing matching arrangement described in Note A. Under this amendment the Company matches dollar for dollar the first 3% of eligible compensation and 50% of the next 2 % of eligible compensation. Effective January 1, 2023, participants are 100% vested in the value of both past and prospective employer matches.

There were no other subsequent events that would require recognition or additional disclosure in the Plan's financial statements.
