INDEPENDENT AUDITOR'S REPORT

To the Administrative Committee of
The Roberts Company 401(k) Retirement Plan
Winterville, NC 28590

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of The Roberts Company 401(k) Retirement Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits for the year ended December 31, 2022 and 2021, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of The Roberts Company 401(k) Retirement Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2022 and 2021, and for the year ended December 31, 2022, stating that the certified investment information, as described in Note D to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of The Roberts Company 401(k) Retirement Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about The Roberts Company 401(k) Retirement Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of The Roberts Company 401(k) Retirement Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about The Roberts Company 401(k) Retirement Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedules Required by ERISA

The supplemental schedules of Assets Held at End of Year is presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In Our Opinion

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

The Roberts Company 401(k) Retirement Plan

Notes to Financial Statements December 31, 2022 and 2021

A. Description of Plan

The following description of The Roberts Company 401(k) Retirement Plan ("Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

1. **General.** The Plan is a defined contribution plan. Effective January 1, 2013 for those participants who had not met the eligibility requirements prior to the plan amendment effective date, the minimum age for eligibility is eighteen years of age and employees must complete three months of service. The entry dates are the first day of the month coinciding with the date eligibility is satisfied.
2. **Contributions.** Participants define a percentage of pretax annual compensation that is contributed to the Plan. Participants may also contribute amounts representing distributions from other qualified defined benefit contribution plans. The Company utilizes a safe harbor matching contribution method and provides matching contributions of 100 percent of the first 3 percent of compensation that a participant contributes to the Plan plus 50 percent of the amount that is greater than 3% but does not exceed 5% of compensation. At its discretion, the Company may contribute additional matching contributions and/or nonelective contributions. The total Company matching contributions shall not exceed 4 percent of a participant's compensation for the Plan year.

Effective July 31, 2021: The plan reinstated a discretionary match. The Employer may make a discretionary additional matching contribution. If the Employer makes a discretionary additional matching contribution, the discretionary additional matching contribution will not apply as to elective deferrals exceeding% of your compensation. The total amount of this discretionary additional matching contribution will not exceed 4% of your compensation. For purposes of calculating this matching contribution, your compensation and deferrals will be computed for each payroll period. The nonelective contribution will be "allocated" or divided among participants eligible to share in the contribution for the Plan Year. Your share of the nonelective contribution is determined by the following fraction:

Effective January 1, 2022: The plan adopted a Safe Harbor 401(k) Plan. This Plan is referred to as a "safe harbor 401(k) plan." Before the beginning of each Plan Year, participants will be provided with a comprehensive notice of the rights and obligations under the Plan. The Employer will make a safe harbor matching contribution equal to 100% of

The Roberts Company 401(k) Retirement Plan

Notes to Financial Statements December 31, 2022 and 2021

salary deferrals that do not exceed 3% of compensation plus 50% of your salary deferrals between 3% and 5% of compensation. This safe harbor matching contribution is 100% vested. Safe harbor matching contribution, your compensation and deferrals will be computed for each payroll period.

3. **Participant Accounts.** Each participant's account is credited with the participant's contribution and allocations of (a) the Company's contribution and (b) Plan earnings. Allocations are based on participant earnings or account balances as defined. Forfeited balances of terminated participants' non-vested accounts reduce The Company's match. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. Administrative expenses are paid directly by the Company. Each participant is, however, responsible for their fees associated with loans.
4. **Vesting.** Participants are immediately vested in their contributions plus actual earnings thereon. Participants are also immediately vested in rollover and safe harbor contributions. The Company adopted a three-year cliff schedule for vesting purposes. Vesting for Qualified Non-elective Contributions is 0% until the participant has completed three years of service at which time the participant will be 100% vested. A participant is credited with one year of service for each plan year the participant completes at least 1,000 hours of service. Employees are immediately vested 100% for all safe harbor contributions and qualified matching contributions.

Prior to January 1, 2013 vesting in the Company's matching contribution portion of their accounts plus actual earnings thereon was based on years of continuous service. A participant was 100 percent vested after six years of credited service. The following was the vesting schedule for employer contributions and earnings on those contributions prior to January 1, 2013.

<u>Years of Service</u>	<u>Vesting Percentage</u>
Less than two years	0%
Two years	20%
Three years	40%
Four years	60%
Five years	80%
Six years or more	100%

The Roberts Company 401(k) Retirement Plan

Notes to Financial Statements December 31, 2022 and 2021

Employees who have three or more years of vesting service must be allowed to choose to stay under the current vesting schedule or to move to the new vesting schedule. Any employee with less than three years of service may move to the new schedule. In addition, any benefit that has been accrued cannot be reduced. Employees who have two years of service are 20% vested under the current vesting schedule. Under the current vesting schedule, employees will remain 20% vested until they have completed three years of service at which time, they will become 100% vested. For nonelective and matching contributions, participants are 100% vested after 3 three years of service. Effective January 1, 2022 the plan adopted a safe harbor matching plan. Under this arrangement participants are always 100% vested in employer safe harbor contributions.

Description of Plan (continued)

5. **Investment Options.** Upon enrollment in the Plan, a participant may direct contributions in any of twenty-two options.

	American Century Small Cap Value Investment Option
	BlackRock Global Allocation
	BlackRock Mid Cap Dividend
	ClearBridge Mid Cap
	Fidelity Advisor Total Bond
	Invesco Diversified Dividend
	Invesco Oppenheimer International Growth
	Invesco Real Estate
	Invesco Small Cap Growth
	Janus Henderson Enterprise
	MFS Research International
	PIMCO Real Return
	PIMCO Total Return

	T. Rowe Price Growth Stock
	T. Rowe Price Retirement 2020
	T. Rowe Price Retirement 2030
	T. Rowe Price Retirement 2040
	T. Rowe Price Retirement 2050
	T. Rowe Price Retirement Balanced
	Fixed Account
	Self Directed Brokerage Accounts

In addition, the plan allows for participant directed investment accounts where the assets are held by a trustee other than the service provider.

6. **Payment of Benefits.** On termination of service due to death, disability or retirement, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account, or systematic withdrawals over a period of years. The plan also allows for age 59 ½ in service distributions. In addition, if certain criteria are met, the participants may elect a hardship distribution.

The Roberts Company 401(k) Retirement Plan

Notes to Financial Statements December 31, 2022 and 2021

Description of Plan (continued)

7. **Participant Loans.** The plan allows for participants to take loans on their vested balance in the retirement plan. The maximum amount of the total of all outstanding loans for a participant cannot exceed fifty percent of the participants vested balance and must bear a reasonable rate of interest. The term for the loans cannot exceed a five year pay back period unless the loan is used for the purchase of the participants primary residence, in which case, the loan can extend beyond the five year period. Effective January 1, 2013, each participant is allowed to only have one outstanding loan at any time. Participants with more than one outstanding loan are allowed to continue paying down the existing loan after the change.
8. **Eligibility.** Employees who reach age 18 and complete three months of service from their hire date are allowed to make and receive contributions based on the plan entry dates. The plan entry date will be the first day of the month coinciding with the date you satisfy the eligibility requirements.
9. **Forfeitures.** Employer match contributions that are forfeited by participants withdrawing from the plan are distributed as follows: 1) Non-vested non elective contributions reduce employer match obligations and expenses 2) non vested employer match contributions are allocated among other participants deferring.

B. Summary of Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared under the accrual method of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results may differ from those estimates.

The Roberts Company 401(k) Retirement Plan

Notes to Financial Statements December 31, 2022 and 2021

Summary of Accounting Policies (continued)

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value as determined by market prices. Shares of mutual funds are valued at the net asset value of shares held by the plan at year end. Purchases and sales of securities are recorded on a trade date basis and dividends are recorded on the ex-dividend date.

Investment securities in general, are subject to various risks, such as interest rate, credit and overall market volatility. Due to levels of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and such changes could materially affect the amounts reported in the statement of net assets available for benefits.

Payment of Benefits

Benefits are recorded when paid.

Fair Value Measurement ASC 820

The plan reports assets at fair value as the exchange price that would be received for an asset or paid to transfer a liability in the principal or most advantageous market for the asset or liability in an orderly transaction value hierarchy which requires an entity to maximize the use of observable inputs when measuring fair value.

The standard describes three levels of inputs that may be used to measure fair value.

Level 1 – Inputs to the valuation methodology are quoted prices available in active markets for identical investments as of the reporting date.

Level 2 – Inputs to the valuation methodology are other than quoted prices in active markets, which are either directly or indirectly observable as of the reporting date, and fair value can be determined through the use of models or other valuation methodologies.

Level 3 – Inputs to the valuation methodology are unobservable inputs in situations where there is little or no market activity for the asset or liability including assumptions regarding risk.

The Roberts Company 401(k) Retirement Plan

Notes to Financial Statements December 31, 2022 and 2021

Summary of Accounting Policies (continued)

A financial instrument's level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. The following is a description of the valuation methodologies used for instruments measured at fair value, including the general classification of such instruments pursuant to the valuation hierarchy.

Pooled Separate Accounts – These investments are public investment vehicles valued using the Net Asset Value (NAV) provided by the administrator of the fund. The NAV is based on the value of the underlying assets owned by the fund, minus its liabilities, and then divided by the number of shares outstanding. The NAV is a quoted price in an active market and classified within level 1 of the valuation hierarchy.

C. Investments

Investments that represent 5% or more of the Plan's net assets at December 31 are as follows:

<u>Description</u>	<u>2022 Value</u>	<u>2021 Value</u>
SSGA S & P 500 Index	911,512	1,251,975
Fixed Account	1,728,900	1,624,903
Invesco Diversified Dividend	513,834	499,591
T. Rowe Price Growth Stock	1,916,426	3,900,848
PIMCO Total Return	265,168	499,833
Oppenheimer International	425,232	548,232

T Rowe Price Retirement Income	468,746	597,521

D. Information prepared and certified by Empower Annuity Insurance Company of America Plan's Trustee

The plan administrator has elected the method of compliance as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the Plan administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to the following information certified by Empower Annuity Insurance Company of America at December 31, 2022 and 2021, except for comparing such information certified by the custodian to

The Roberts Company 401(k) Retirement Plan

Notes to Financial Statements December 31, 2022 and 2021

information included in the Plan's financial statements and supplemental schedule of assets (held at end of year).

During 2022 and 2021, the Plan's investments, (including gains and losses on investments bought and sold, as well as held during the year) appreciated (depreciated) in value as follows:

	2022	2021
Pooled Separate Accounts & SDBA	<u>\$ 7,050,048</u>	<u>\$ 10,667,411</u>

The trustee also certified to the completeness and accuracy of \$1,531,189 of net appreciation in fair value of investments for the year ended December 31, 2021 and net depreciation value of \$2,558,623 for the year ended December 31, 2022.

E. Fair Value of Financial Investments, Carried at Fair Value

See "Adoption of New Accounting Standard" in Note B above for discussions of the methodologies and assumptions used to determine the fair value of the Plan's investments.

Below are the Plan's financial instruments carried at fair value on a recurring basis by the SFAS fair value hierarchy levels described in Note B.

F. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100 percent vested in their accounts.

G. Tax Status

The Roberts Company 401(k) Retirement Plan adopted the Empower Annuity Insurance Company of America defined contribution pre-approved plan. The Internal Revenue Service has determined that the Plan is designed in accordance with applicable sections of the Internal Revenue Code (IRC). Since this determination, the plan administrator and the plan's tax counsel believe that the plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code.

The plan administrator has evaluated the effect of the guidance provided by the provisions of generally accepted accounting principles related to Accounting for Uncertainty in Income Taxes. The plan administrator has evaluated all tax positions that could have a significant effect on the financial statements and determined the Company had no uncertain income tax positions as of December 31, 2022, and 2021.
