Independent Auditor's Report

To the Plan Administrator
Gary W. Clem, Inc. DBA Almaco Retirement Plan
Nevada, Iowa

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Gary W. Clem, Inc. DBA Almaco Retirement Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Gary W. Clem, Inc. DBA Almaco Retirement Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2022 and 2021, and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (GAAP).
- The information in the financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Gary W. Clem, Inc. DBA Almaco Retirement Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Gary W. Clem, Inc. DBA Almaco Retirement Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Gary W. Clem, Inc. DBA Almaco Retirement Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Gary W. Clem, Inc. DBA Almaco Retirement Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

The supplemental Schedule H, Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2022, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Notes to Financial Statements

Note 1: Description of Plan

The following description of the Gary W. Clem, Inc. DBA Almaco Retirement Plan (the "Plan") provides only general information. Participants should refer to the plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all employees of Gary W. Clem, Inc. DBA ALMACO (the "Company") except leased employees. An employee becomes eligible to participate in the Plan on the first plan entry date (first day of the plan year quarter) following date of hire and upon obtaining the age of 21. An employee becomes eligible for the Company discretionary match and discretionary profit sharing contribution upon completing one year and 1,000 hours of service and upon obtaining the age of 21. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

Contributions

Participants are allowed to contribute pretax compensation, up to the annual maximum allowed by the Internal Revenue Service (IRS) each year. Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. The Plan also allows Roth contributions. Participants may also contribute amounts representing distributions from other qualified retirement plans (rollovers). Participants direct the investment of contributions into various investment options offered by the Plan.

The Company may contribute a discretionary matching contribution as determined annually. For 2022, the Company made matching contributions equal to 100% of each participant's salary deferrals not exceeding 4% of each participant's compensation. Catch-up contributions are matched. Rollovers are not matched. Discretionary matching contributions were \$388,491 in 2022.

The Company may also contribute a discretionary profit sharing contribution determined by the Company with respect to each plan year. The contribution is allocated based on a uniform percentage of each participant's compensation. There were no discretionary profit sharing contributions in 2022.

Contributions are subject to certain limitations.

Participant Accounts

Each participant's account is credited with the participant's contributions, Company discretionary matching contributions, and allocations of (a) the Company's discretionary profit sharing contributions, (b) plan earnings (losses), and (c) administrative expenses. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Note 1: Description of Plan (Continued)

Vesting

Participants are fully vested in their salary deferral, rollover, and safe harbor matching contributions (which ceased effective October 1, 2017), plus actual earnings (losses) thereon. The Company's discretionary matching and profit sharing contributions plus actual earnings (losses) thereon vest at a rate of 20% per year beginning with the second year of service. Participants become fully vested after six years.

Notes Receivable From Participants

Participants may borrow from their fund accounts a minimum of \$500 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. Loan terms range from one to five years. Loans may exceed five years for the purchase of a primary residence. The loans are secured by the balance in the participant's account and bear interest at 1% over the prime interest rate. The interest rates on existing loans range from 4.25% to 8.00% at December 31, 2022. Principal and interest are paid ratably through payroll deductions.

Effective April 5, 2020, the Plan implemented certain provisions of the Coronavirus Aid, Relief, and Economic Security Act (the "CARES Act") that was signed into law on March 27, 2020, including increased loan limits for qualified loans from \$50,000 or 50% of the participant's vested balance to \$100,000 or 100% of the participant's vested balance for loans granted from March 27, 2020 to September 22, 2020, and delayed loan repayments for up to one year for qualifying individuals who had an outstanding loan balance with payments due between March 7, 2020 and December 31, 2020. Written amendments to the Plan to reflect these operational changes will be adopted at a later date in accordance with applicable law and IRS guidance.

Payment of Benefits

On termination of service due to death, disability, or retirement, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in their account or annual installments over a period of time if the account balance is greater than \$5,000. If the participant's vested account balance does not exceed \$5,000, it can be distributed only in a single lump-sum payment. For termination of service due to other reasons, a participant may receive the value of the vested interest in their account as a lump-sum distribution. In addition, hardship distributions are permitted if certain criteria are met. The Plan also allows for in-service distributions upon attaining age 59 1/2.

Effective April 5, 2020, the Plan adopted the provision to waive the 10% early distribution penalty tax (for distributions made before age 59 1/2) for coronavirus-related distributions up to \$100,000 per individual as provided for under the CARES Act. Written amendments to the Plan to reflect this operational change will be adopted at a later date in accordance with applicable laws and IRS guidance.

Notes to Financial Statements

Note 1: Description of Plan (Continued)

Forfeitures

Plan forfeitures arise as a result of participants who terminate service with the Plan before becoming 100% vested in the Plan's discretionary matching and profit sharing contributions. The Company may decide in its discretion how to treat forfeitures under the Plan. The amount of unallocated forfeitures from nonvested accounts at December 31, 2022 and 2021, was \$18,768 and \$8,000, respectively. Forfeitures in the amount of \$1,693 were used during 2022 to reduce the Company's discretionary matching contribution for the year ended December 31, 2021.

Note 2: Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements of the Plan are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America (GAAP).

Use of Estimates

The preparation of financial statements in accordance with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results may differ from these estimates.

Investment Valuation and Income Recognition

The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Net depreciation in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable From Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2022 and 2021. Delinquent participant notes receivable are recorded as benefit payments on the basis of the terms of the plan document.

Excess Contributions Payable

At December 31, 2022 and 2021, amounts payable to participants totaling \$19 and \$36, respectively, for contributions in excess of amounts allowed by the IRS are recorded as a liability. The Plan distributed the excess contributions to the applicable participants prior to March 15, 2023 and 2022, respectively.

Note 2: Summary of Significant Accounting Policies (Continued)

Payment of Benefits

Benefits are recorded when paid.

Plan Expenses

The Plan absorbs various plan expenses, including third-party administration and investment management fees. Audit fees are paid by the Company. Expenses that are paid by the Company are excluded from these financial statements.

Subsequent Events

The Plan has evaluated subsequent events through October 9, 2023, which is the date the financial statements were available to be issued.

Note 3: Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs. The three levels of the fair value hierarchy are described as follows:

Level 1 - Inputs to the valuation methodology are quoted prices (unadjusted) in active markets for identical assets or liabilities that the Plan can access at the measurement date.

Level 2 - Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly, such as:

- Quoted prices for similar assets or liabilities in active markets.
- Quoted prices for identical or similar assets or liabilities in inactive markets.
- Inputs other than quoted prices that are observable for the asset or liability.
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs that are unobservable inputs for the asset or liability.

Note 3: Fair Value Measurements (Continued)

Following is a description of the valuation methodologies used for assets measured at fair value. There has been a change in the methodology used for collective trust investments as of December 31, 2022 and 2021, due to a change in judgment. The funds were previously determined to be estimated at fair value using net asset value (NAV) as a practical expedient, exclusive of an adjustment to contract value; however, during 2022, plan management has determined the funds have a readily determinable fair value and, therefore, these funds use Level 1 inputs.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily NAV and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Collective investment trusts: The Plan's five collective trust funds consist of short term money market funds, mutual funds, and exchange traded funds measured at fair value on a recurring basis using quoted prices for identical assets in active markets as of the measurement date.

Collective investment trust - Galliard Stable Value Return Fund C: The estimated fair value of the collective trust funds is NAV as a practical expedient, exclusive of the adjustment to contract value. The use of NAV as fair value is deemed appropriate since the collective trust fund does not have a finite life, unfunded commitments relating to these types of investments, or significant restrictions on redemptions. The practical expedient is used for valuation, unless it is probable that the fund will sell a portion of the investment at an amount different from the net asset valuation.

The following tables set forth by level, within the fair value hierarchy, the Plan's investment assets at fair value as of December 31, 2022 and 2021. Classification within the fair value hierarchy table is based on the lowest level of any input that is significant to the fair value measurement:

	Assets at Fair Value as of December 31, 2022

Note 4: Information Prepared and Certified by the Custodian

The plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Certain information disclosed in the accompanying financial statements and supplemental schedule, including investments, notes receivable from participants, and non-interest-bearing cash held at December 31, 2022 and 2021, and net depreciation in fair value of investments, dividends, and interest income on notes receivable from participants for the year ended December 31, 2022, was obtained or derived from information supplied to the plan administrator and certified as complete and accurate by Charles Schwab Trust Bank ("Charles Schwab"), the Custodian of the Plan.

Note 5: Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants would become 100% vested in their Company discretionary matching and profit sharing contributions.

Note 6: Tax Status

The Company adopted a non-standardized pre-approved profit sharing plan with an IRS notification letter which states the pre-approved plan document is in compliance with the applicable sections of the Internal Revenue Code (IRC). The Plan has been amended since receiving the notification letter; however, the plan administrator believes the Plan is designed and being operated in compliance with the applicable requirements of the IRC and has no income subject to unrelated business income tax. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Notes to Financial Statements

Note 7: Party-in-Interest Transactions

Certain plan investments are managed by Charles Schwab. Charles Schwab is the Custodian, as defined by the Plan, and therefore these transactions qualify as party-in-interest transactions. Fees for investments management services during the year ended December 31, 2022, were offset against earnings. Specific detail for management fees is not available from the Custodian.

Steel Capital Management, Inc. (SCMI) is the Plan's investment advisor and receives compensation from the Plan for investment advisory services. In addition, EPIC Retirement Plan Services (RPS) is the Plan's third-party administrator and receives compensation from the Plan for recordkeeping services. Therefore, these transactions qualify as party-in-interest transactions. Fees paid by the Plan to SCMI and RPS were \$40,818 and \$25,570, respectively, for the year ended December 31, 2022.

Notes receivable from participants also qualify as party-in-interest transactions, which are exempt from the prohibited transaction rules of ERISA.

Note 8: Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.
