INDEPENDENT AUDITOR'S REPORT

To the Plan Administrator and Trustees of
Holt Homes, Inc. 401(k) Plan
Vancouver, Washington

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Holt Homes, Inc. 401(k) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statements of changes in net assets available for benefits for the years ended December 31, 2022 and 2021, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA (ERISA Section 103(a)(3)(C) audit). As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency (qualified institutions), provided that the investment information is prepared and certified by the qualified institutions in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Management has obtained certifications from qualified institutions as of December 31, 2022 and 2021, and for the years then ended, stating that the certified investment information, as described in Note 6 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and the procedures performed as described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (GAAP); and
- the certified investment information in the accompanying financial statements agrees to, or is derived from, in all material respects, the information prepared and certified by qualified institutions that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is responsible for maintaining a current plan instrument, including all plan amendments. Management is also responsible for administering the Plan and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit* section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter — Supplemental Schedules Required by ERISA

The supplemental schedules, Schedule H, Line 4i – Schedule of Assets (Held at End of Year) and Schedule H, Line 4a - Schedule of Delinquent Participant Contributions, as of and for the year ended December 31, 2022, are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- the certified investment information in the supplemental schedules agrees to, or are derived from, in all material respects, the information prepared and certified by qualified institutions that management determined meet the requirements of ERISA Section 103(a)(3)(C).

HOLT HOMES, INC. 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2022 AND 2021

NOTE 1 – DESCRIPTION OF PLAN

The following brief description of the Holt Homes, Inc. 401(k) Plan (“the Plan”) is provided for general information purposes only. Participants should refer to the Plan agreement for a more complete description of the Plan’s provisions.

General - The Plan is a defined contribution plan covering all employees of The Holt Group, Inc. (“the Company”), who are not nonresident aliens, interns, part-time, temporary or seasonal employees, or covered by a collective bargaining agreement, who have completed three months of service and are twenty-one years of age or older. The Plan is subject to the provisions of the Employee Retirement Income Securities Act of 1974 (ERISA).

Plan Amendment - Effective July 14, 2022, the Plan was amended in order to implement SECURE Act and other law changes. The provisions of the Plan are described below as amended.

Contributions - Contributions consist of employee elective deferral contributions, Roth deferrals and discretionary match and safe harbor contributions provided by the Company. Employees may voluntarily contribute up to 100% of their compensation, limited to \$20,500 in 2022 and \$19,500 in 2021, as prescribed by the Internal Revenue Code (“IRC”). Participants aged 50 and older may elect to make additional catch-up contributions of \$6,500 in 2022 and 2021. The Plan includes an auto-enrollment and annual increase provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their deferral rate set at 3% of eligible compensation and their contributions invested in a designated balanced fund until changed by the participant. Under the annual increase program, the elective deferral rate increases by 1% each year until that deferral amount reaches 10%, or the participant elects not to have the increases applied. Participants may also contribute amounts representing distributions from other qualified plans. Company matching contributions are discretionary and are determined annually by the Trustees. The Company made a discretionary match contribution at a rate of 100% of the participant’s elective deferral contribution up to 1.5% of eligible compensation for the years ended December 31, 2022 and 2021. The Company also made safe harbor contributions at a rate of 3% of eligible compensation for qualified employees for the years ended December 31, 2022 and 2021. Contributions are subject to certain limitations as prescribed by the IRC.

Participant Accounts - A separate account is maintained for each participant, which is credited with the participant’s contributions, the Company’s contributions, and an allocation of Plan earnings and expenses. Company discretionary matching and safe harbor contributions are allocated among participants based on elective deferrals and eligible participants’ compensation, respectively. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account.

Vesting - Participants are immediately vested in their voluntary contributions plus actual earnings thereon. Vesting in the Company’s discretionary match contribution is based on years of continuous service. A participant is 20% vested after one year of service, increasing by 20% each year after until the participant is 100% vested after five years of credited service. Participants become 100% vested in the Company’s safe harbor contributions after two years of credited service. Participants also become 100% vested in Company contributions upon retirement, death or disability.

Payment of Benefits - On termination of service, death, disability, or retirement, a participant may elect distribution as a lump sum or partial withdrawal amount equal to the vested interest in their account. The Plan provides for hardship distributions which are available only for the purpose of meeting immediate and heavy financial needs. Account balances that are under \$5,000 may be automatically paid out. Balances between \$75 and \$5,000 that are automatically paid out may be transferred to an IRA.

Expenses - Administrative expenses may be paid by the Company. Expenses not paid by the Company are deducted from investment earnings before allocation to participants' accounts. Expenses of plan administration, including computer services, professional fees, office supplies and payroll expenses of administrative and clerical personnel are provided by the Company without charge to the Plan.

Forfeitures - At December 31, 2022 and 2021, forfeited accounts amounted to \$21,598 and \$23,251, respectively. The forfeited accounts of nonvested terminated participants are used to reduce future Company contributions. For the years ended December 31, 2022 and 2021, \$48,796 and \$3,811, respectively, of forfeited nonvested accounts were used reduce employer contributions.

Asset Holding Account - Unallocated amounts, such as participant revenue credits, are used to fund Plan expenses. At December 31, 2022 and 2021, \$7,213 and \$1,692, respectively, was held in the Asset Holding Account. For the years ended December 31, 2022 and 2021, \$13,694 and \$14,925, respectively, were used to pay Plan expenses.

Subsequent Events - The Plan's management has performed an evaluation of subsequent events through October 6, 2023, which is the date these financial statements were available to be issued.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting - The financial statements of the Plan are prepared under the accrual method of accounting.

Contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan.

Investment Valuation and Income Recognition - Investments are reported at fair value except for the benefit-responsive investment contract, which is reported at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year and management and operating expenses associated with the Plan's investments.

Benefit Payments - Benefits are recorded when paid. Accordingly, benefits payable to persons who have elected to withdraw from the Plan but not yet paid have not been accrued. At December 31, 2022 and 2021, there were no amounts payable to participants.

Notes Receivable from Participants - Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. No allowance for credit losses has been recorded as of December 31, 2022 or 2021. Related fees are recorded as administrative expenses and are expensed when they are incurred. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Estimates - The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

NOTE 3 – RECENTLY ISSUED ACCOUNTING PRONOUNCEMENTS

On December 23, 2022, Congress passed the Consolidated Appropriations Act of 2023 which included SECURE Act 2.0. SECURE Act 2.0 contains over 90 new retirement provisions, with varying effective dates through 2027. Since SECURE Act 2.0 provisions include both required and optional elements, the Plan administrator will determine the optional provisions to elect and amend the Plan document accordingly. Most of the significant provisions will become effective in 2024 and thereafter. Accordingly, there is no material impact to the Plan's 2022 financial statements.

NOTE 4 – FAIR VALUE MEASUREMENTS

Accounting Standards Codification ("ASC") 820, *Fair Value Measurements and Disclosures*, establishes a framework for measuring fair value. The framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under ASC 820 are described as follows:

Basis of Fair Value Measurement

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets in active markets that the Plan has the ability to access at the measurement date.

Level 2 – Inputs to the valuation methodology include:

- Quoted prices for similar assets in active markets;
- Quoted prices for identical or similar assets in inactive markets;
- Inputs other than quoted prices that are observable for the asset; and
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2022 and 2021.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the SEC. These funds are required to publish their daily net asset value ("NAV") and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2022 and 2021:

Investment Assets at Fair Value as of December 31, 2022				
	Level 1	Level 2	Level 3	Total
December 31, 2022:				
Mutual funds	\$ 5,454,862	\$ -	\$ -	\$ 5,454,862
Total investments at fair value	<u>\$ 5,454,862</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 5,454,862</u>
Investment Assets at Fair Value as of December 31, 2021				
	Level 1	Level 2	Level 3	Total
December 31, 2021:				
Mutual funds	\$ 5,509,925	\$ -	\$ -	\$ 5,509,925
Total investments at fair value	<u>\$ 5,509,925</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 5,509,925</u>

NOTE 5 – GROUP ANNUITY CONTRACT

The Plan holds a group annuity contract with Empower Annuity Insurance Company of American (formerly known as Great-West Life & Annuity Insurance Company) (the Issuer). The Key Guaranteed Portfolio Fund is a traditional fully benefit-responsive insurance contract and accordingly is reported at contract value in the accompanying financial statements. The Issuer maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract Issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. The crediting interest rate is based on a formula agreed upon with the Issuer. Such interest rates are reviewed on a quarterly basis for resetting. The guaranteed investment contract does not permit the insurance company to terminate the agreement prior to the scheduled maturity date.

Contract value is the relevant measurement for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the Plan. Contract value, as reported to the Plan by the insurer, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of the investment at contract value.

The Plan's ability to receive amounts due is dependent on the Issuer's ability to meet its financial obligations. The Issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Certain events limit the ability of the Plan to transact at contract value with the Issuer. Such events include, (1) amendments to the Plan documents (including complete or partial Plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletions of equity wash provisions, (3) bankruptcy of the Plan sponsor or other Plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA, or (5) premature termination of the contract. No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuer and that also limit the ability of the Plan to transact at contract value with the participants.

In addition, certain events allow the Issuer to terminate the contract with the Plan and settle at an amount different from contract value. Such events include, (1) an uncured violation of the Plan's investment guidelines, (2) a breach of material obligation under the contract, (3) a material misrepresentation, or (4) a material amendment to the agreement without the consent of the Issuer.

The guaranteed investment contract does not permit the Issuer to terminate the agreement prior to the scheduled maturity date. The average yield based on actual earnings was .93% and .90% for the years ended December 31, 2022 and 2021, respectively. The average yield earned and credited to participant accounts was .94% and .90% for the year ended December 31, 2022 and 2021, respectively.

NOTE 6 – INFORMATION CERTIFIED BY TRUSTEES AND CUSTODIANS OF THE PLAN

The following is a summary of unaudited information regarding the Plan, included in the Plan's financial statements and supplemental schedule, Schedule H, Line 4i – Schedule of Assets (Held at End of Year), that was certified by the trustee and custodian of the Plan, Empower Annuity Insurance Company of America and Empower Trust Company, LLC, as of December 31, 2022 and for the year then ended, and the former trustee and custodian of the Plan, Great-West Life & Annuity Insurance Company and Great-West Trust Company, LLC, as of December 31, 2021 and for the year then ended, and furnished to the Plan administrator. The Plan administrator has obtained certifications from the trustees and custodians that such information is complete and accurate at December 31:

	2022	2021
Mutual funds, at fair value	\$ 5,454,862	\$ 5,509,925
Group annuity contract, at contract value	\$ 326,525	\$ 318,407
Notes receivable from participants	\$ 73,199	\$ 23,421
Net appreciation (depreciation) in fair value of investments	\$ (1,181,491)	\$ 233,154
Interest and dividends	\$ 320,031	\$ 396,018
Interest income on notes receivable from participants	\$ 1,844	\$ 1,226

NOTE 7 - NOTES RECEIVABLE FROM PARTICIPANTS

The Plan makes loans to participants based on their vested account balances. Loans must be repaid within five years unless used to acquire a primary residence. Loans are payable through payroll deductions. Interest is charged at rates set by the Plan Administrator commensurate with local prevailing rates and range from 4.25% to 7.25% at December 31, 2022. Loans are secured by the vested account balance of the participant.

NOTE 8 – RELATED PARTY AND PARTY-IN-INTEREST TRANSACTIONS

Administration of the Plan is performed by members of the Company's management, who are also trustees of the Plan. Certain plan investments are shares of mutual funds or a group annuity contract managed by Empower Trust Company, LLC and Empower Annuity Insurance Company of America (collectively, Empower), and Great-West Trust Company, LLC and Great-West Life & Annuity Insurance Company (collectively, Great-West). Empower is the current trustee and custodian of the Plan and Great-West is the former trustee and custodian of the Plan, and therefore, these transactions qualify as exempt party-in-interest transactions. Fees for investment management services charged by the trustees and custodians, that are not paid by the Company, are netted against Plan earnings and are up to 1.15% annually on all assets.

NOTE 9 – PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their employer contributions.

NOTE 10 – CONCENTRATIONS, RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Market risks include global events which could impact the value of investment securities, such as a pandemic or international conflict. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits. There were two investments that individually represented more than 10% of the investments held as of December 31, 2022 and 2021. See the supplemental schedule of assets (held at end of year) for the complete listing of investments held as of that date.

NOTE 11 – TAX STATUS

The Plan uses a Non-Standardized Pre-Approved Profit Sharing/Money Purchase/CODA Plan document sponsored by Pension Plan Specialists PC. The Plan document obtained an opinion letter dated June 30, 2020, in which the Internal Revenue Service stated that the Plan document, as then designed, was in compliance with the applicable requirements of the IRC. The Plan has been amended since receiving the opinion letter, however, the plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the organization has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2022, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 12 – PROHIBITED TRANSACTIONS

During 2020, employee withholdings totaling \$773 were not remitted to the Plan within the appropriate time period required by the Department of Labor. These transactions constitute prohibited transactions as defined by ERISA. The Company is aware of the occurrence and is in the process of taking the appropriate steps to correct the situation.
