Independent Auditor's Report

To the Trustee and Plan Administrator of
Edupoint Educational Systems, LLC 401(k) Retirement Savings Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Edupoint Educational Systems, LLC 401(k) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Edupoint Educational Systems, LLC 401(k) Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2022 and 2021, and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Edupoint Educational Systems, LLC 401(k) Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's

election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Edupoint Educational Systems, LLC 401(k) Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Edupoint Educational Systems, LLC 401(k) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Edupoint Educational Systems, LLC 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter—Supplemental Schedules Required by ERISA

The supplemental schedules of Schedule of Assets (Held at Year End) for December 31, 2021 are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Edupoint Educational Systems, LLC 401(k) Retirement Savings Plan

Notes to Financial Statements

Note 1: Description of Plan

The following brief description of Edupoint Educational Systems, LLC's ("the Company") 401(k) Retirement Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

The Plan is a defined contribution plan covering substantially all employees of the Company. Employees are eligible for participation in the Plan after three consecutive months of service. The minimum age requirement is 21 years old per the Plan agreements. Participants may enter the Plan on the first day of the following month after eligibility requirements are met. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"). The Plan was adopted on March 1, 2000, and was most recently amended and filed on March 1, 2021. The Plan is intended to be a qualified defined contribution plan which satisfies the requirements of Section 401(k) of the Internal Revenue Code ("the Code"). Under the Code, participants are not liable for federal income taxes on employee contributions, company contributions, or plan earnings until such time as they are partially or completely withdrawn from the Plan.

Contributions

Each year, participants may contribute pretax annual compensation to the Plan. Contributions are subject to certain limitations and are invested at the direction of the participant. Participants may also rollover amounts from other qualified plans. All assets in the Plan are subject to participants' investment direction. The Company may also make discretionary profit sharing contributions based on certain formulas as defined in the Plan. Employees are eligible to receive profit sharing contributions from the Company after meeting the participation requirements.

The Plan utilizes Roth deferrals, the participant may contribute to the elected Roth deferrals which are subject to federal income taxes in the year of deferral and in return are not subject to federal income taxes when distributed to the participant within qualified distribution guidelines of The Plan.

The Plan utilizes a "safe harbor" design under Internal Revenue Service ("IRS") 401(k) plan regulations in which employee pre-tax and employer matching contributions are not subject to discrimination testing. Participants can contribute both pre-tax and after-tax contributions to the Plan, with an overall limit of 75% of the participant's semi-monthly base pay. Federal law limited the total dollar amount participants contribute on a pre-tax basis to \$20,500 in 2022. A participant must choose to make after-tax contributions to the Plan. Employees may change the rate of contribution or discontinue contributions at any time.

Participants who were age 50 or older by December 31, 2022, as applicable, and who reached the contribution limit of \$20,500 for such year(s), were eligible to contribute an additional \$6,500 in catch-up contributions to the Plan for such year(s).

Participants may roll over into the Plan amounts representing distributions from other qualified retirement plans or conduit Individual Retirement Account.

Participants are immediately vested in their contributions, as well as the employer Safe Harbor match contributions, plus actual earnings thereon. The vesting schedule below only applies to discretionary match or profit sharing contributions and not the Safe Harbor match contributions. Employees of the Company may perform certain administrative functions for the Plan. Employees do not receive compensation from the Plan. Administrative expenses can be paid directly by the Company or through the Plan.

Notes Receivable from Participants

Loans are available under the Plan. Loan amounts are limited to the lesser of \$50,000 or 50% of the participant's vested account balance, and cannot be less than \$1,000. Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan's administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Fair Values of Financial Instruments

The Plan has adopted FASB ASC 820-10, *Fair Value Measurements*, which provides a framework for measuring fair value under GAAP. FASB ASC 820-10 defines fair values, establishes a consistent framework for measuring fair value and expands disclosure requirements for fair value measurements.

Under FASB ASC 820-10, assets and liabilities are grouped in three levels, based on the markets in which the assets and liabilities are traded and the reliability of the assumptions used to determine fair value. These levels are:

- Level 1 – Valuation is based upon quoted prices for identical instruments traded in active markets.
- Level 2 – Valuation is based upon quoted prices for similar instruments in active markets, quoted prices for identical or similar instruments in markets that are not active, and model-based valuation techniques for which all significant assumptions are observable in the market.
- Level 3 – Valuation is generated from model-based techniques that use significant assumptions not observable in the market. These unobserved assumptions reflect the Company's own estimates of assumptions that market participants would use in pricing the asset or liability. Valuation techniques include use of option pricing models, discounted cash flow models and similar technique

Note 2: Summary of Significant Accounting Policies (concluded)

Under FASB ASC 820-10, the Plan bases fair values on the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Fair value measurements for assets and liabilities where there exists limited or no observable market data and, therefore, are based primarily upon the Plan's estimates, are often calculated based on current pricing policy, the economic and competitive environment, the characteristics of the asset or liability and other such factors. Therefore, the results cannot be determined with precision and may not be realized in an actual sale or immediate settlement of the asset or liability. Additionally, there may be inherent weaknesses in any calculation technique, and changes in the underlying assumptions used, including discount rates and estimates of future cash flows, that could significantly affect the results of current or future values.

Fair value measurements for assets and liabilities recorded at fair value on a recurring basis at December 31, 2022 are as follows:

	Fair Value	Level 1	Level 2	Level 3
Guaranteed Investment Contract	\$ 20,676,208	\$ -	\$ 20,676,208	\$ -
Total Assets	<u>\$ 20,676,208</u>	<u>\$ -</u>	<u>\$ 20,676,208</u>	<u>\$ -</u>

Fair value measurements for assets and liabilities recorded at fair value on a recurring basis at December 31, 2021 are as follows:

	Fair Value	Level 1	Level 2	Level 3
Guaranteed Investment Contract	\$ 22,986,773	\$ -	\$ 22,986,773	\$ -
Total Assets	<u>\$ 22,986,773</u>	<u>\$ -</u>	<u>\$ 22,986,773</u>	<u>\$ -</u>

The guaranteed investment contract with Great-West Trust Company, LLC maintains the contributions in a general account. The guaranteed investment contract issuer is contractually obligated to repay the principle and a specified interest rate that is guaranteed to the Plan. The guaranteed investment contract has a portfolio investment rate design in which all deposits are credited with the same interest rate on a daily basis, with no set maturity. This type of investment is considered fairly valued at contract value.

The pooled separate accounts invest exclusively in one underlying mutual fund traded on an established market. All pooled separate account investments are valued daily using publically available quoted market prices and are classified as level 1 investment. Those pooled separate accounts directly investing in fixed maturity securities are measured based on the pricing data provided by outside valuation service providers who generally use the mean of bid and ask prices, but may also use alternative observable pricing inputs for certain securities and are classified as level 2 investments.

Note 2: Summary of Significant Accounting Policies (concluded)

The Plan presents, in the statement of changes in net assets available for benefits, the net appreciation in the fair value of its investments which consists of the realized gains and the unrealized appreciation on those investments.

Investment Valuation and Income Recognition

Purchases and sales of investments are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold, as well as unrealized gains and losses in investments still held at year-end.

Note 6: Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

Note 7: Plan Expenses

Any excess contribution refunds are corrective action taken by the Company to ensure the Plan does not discriminate in favor of highly compensated employees. Note 10: ERISA Bond Requirements

The Employee Retirement Income Security Act of 1974 (ERISA) generally requires that every person who handles funds or other property of the Plan be bonded. The bond coverage is to be determined by the balance of the total plan assets, and is required to be at least equal to the lesser of 10% of the Plan's assets at the beginning of the plan year or \$1,000,000. At December 31, 2022 and 2021, the Plan's sponsor maintained bond coverage in the amount of \$1,000,000, which is sufficient to meet the required coverage according to ERISA.

Note 11: Timeliness of Contributions

Employee contributions are due to the Plan as soon as they can be reasonably segregated from the employer's general assets. For the years ended December 31, 2022 and 2021, the Plan had no instances in which the contributions were not remitted to the Plan in a timely manner.

Note 12: Subsequent Events

The Plan's administration has evaluated subsequent events through October 9, 2023 the date at which the financial statements were available to be issued, and determined no events have occurred that required disclosure.
