Report of Independent Auditors

Plan Administrator CFAN Company Retirement/Savings Plan

We have performed audits of the financial statements of CFAN Company Retirement/Savings Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes (collectively referred to as the “financial statements”).

Management, having determined it is permissible in the circumstances, has elected to have the audits of the financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2022 and 2021, and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor’s Responsibilities for the Audit of the Financial Statements section

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control related matters that we identified during the audit.

Other Matter

Supplemental Schedule Required by ERISA

The supplemental schedule of assets (held at end of year) as of December 31, 2022 (referred to as the “supplemental schedule”), is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

CFAN Company Retirement/Savings Plan

Notes to Financial Statements

December 31, 2022

1. Description of the Plan

The following description of the CFAN Company Retirement/Savings Plan (the Plan) is provided for general information purposes only. CFAN Company (the Company) is the plan sponsor. Participants should refer to the Plan document for more complete information, copies of which may be obtained from the plan sponsor.

General

The Plan is a defined contribution plan covering all eligible employees of the Company. All employees are eligible, except residents of Puerto Rico and leased employees. The Plan is for the exclusive benefit of participants and their beneficiaries and is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended. Fidelity Management Trust Company (Fidelity or Trustee) is the trustee of the Plan's assets and Fidelity Workplace Services LLC administers the participant record-keeping functions of the Plan. The Company is the administrator of the Plan.

Contributions

Each year, participants may contribute up to 60% of their eligible compensation, as defined in the Plan document, subject to certain limitations of the Internal Revenue Code (the Code). The Company contributed 50% of the first 8% of compensation that a participant contributes to the Plan, for those participants who have met the matching requirement and are employed on the last day of the plan year effective January 1, 2022 (previously the day of payroll period). Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollovers). Employees can enroll immediately upon becoming eligible.

The Plan allowed automatic enrollment at a rate of 6% for new employees immediately upon becoming eligible. Effective September 16, 2022, the automatic enrollment increased to 8%. Once enrolled, employees will have an opportunity to make changes to the default investment elections and deferral contribution percentages that were selected for them by the Plan.

Participants direct the investment of their contributions into various investment options offered by the Plan. If a participant does not designate or provide an allocation of funds, the employer contribution will default to the appropriate Freedom Fund account based on the participant's age. Participants may elect any combination of available investment options. The Plan currently offers a variety of mutual funds and a common/collective trust fund (CCT) as investment options for participants.

Notes to Financial Statements (continued)

1. Description of the Plan (continued)

At any time, participants have the opportunity to change their previously elected investment options, and as of the beginning of each payroll period, participants can change the percentage of pay contributed to the Plan, including suspending salary deferrals.

Participant Accounts

Individual accounts are maintained for each Plan participant. Each participant's account is credited with the participant's contributions, the Company's matching contributions and discretionary contributions, and Plan earnings and losses, and is charged with withdrawals and applicable administrative expenses. Plan earnings are allocated based on the participant's share of the net earnings or losses of their respective elected investment options. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately 100% vested in their contributions, plus actual earnings thereon. The employer contribution portion of the participant account vests on a graduated basis, up to 100% after five years of service.

Participant Loans

Except related to the Coronavirus Aid, Relief, and Economic Security (CARES) Act, participants may borrow from their fund accounts a minimum of \$1,000 up to the lesser of a maximum of 50% of their vested account balance or \$50,000. The loans are secured by the balance in the participant's account and bear interest at a reasonable rate, as determined by the Plan sponsor based on the prevailing rates at the time of the loan. The interest rate shall remain fixed for the entire duration of the loan. Except related to the CARES Act, the repayment period of any loan shall be no more than five years, unless such loan is for the purchase of a participant's primary residence, in which case, the repayment period may not extend beyond ten years from the date of the loan. Principal and interest are paid ratably through biweekly payroll deductions. A participant may only have one loan outstanding at any time.

1. Description of the Plan (continued)

Payment of Benefits

Upon separation from service with the Company due to death, disability, retirement, or termination, a participant whose vested account balance exceeds \$5,000 will receive a lump-sum distribution, unless they elect another type of distribution. A participant whose vested account balance is \$5,000 or less will automatically receive an immediate lump-sum distribution equal to their vested account balance.

In-service withdrawals are available in certain limited circumstances, as defined by the Plan. Hardship withdrawals are allowed for participants incurring an immediate and heavy financial need, subject to a \$500 minimum, as defined by the Plan. Hardship withdrawals are strictly regulated by the Internal Revenue Service (IRS) and a participant must exhaust all available loan options and available distributions prior to requesting a hardship withdrawal.

Forfeited Accounts

Upon termination of employment, participants forfeit their non-vested balances. Forfeited balances of terminated participants' non-vested accounts are used to pay plan administrator fees to the Trustee or to reduce future Company contributions. Unallocated forfeitures balances as of December 31, 2022 and 2021, were \$1,892 and \$2,559, respectively, and forfeitures used to reduce Company contributions were \$38,328 for 2022.

Administrative Expenses

Expenses related to the administration of the Plan, such as trustee, legal, accounting, and auditing fees, are paid by the Company. Expenses related to the management of Plan assets by the Trustee are paid by the Plan. Also, fees for certain participant-initiated transactions are paid by the Plan from the participant's account.

Plan Termination

Although it has not expressed any intention to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provision set forth in ERISA. In the event that the Plan is terminated, participants would become 100% vested in their accounts.

2. Significant Accounting Policies

Basis of Accounting

The accompanying financial statements have been prepared in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).

Use of Estimates

The preparation of financial statements in conformity with U.S. GAAP requires the Plan's management to make estimates that affect the amounts reported in the financial statements and accompanying notes and supplemental schedule. Actual results could differ from these estimates.

Risks and Uncertainties

The Plan utilizes various investment instruments, including mutual funds and a CCT. Investment securities, in general, are exposed to various risks, such as interest rate, credit, and overall market volatility. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the statements of net assets available for benefits and participant account balances.

Investment Valuation and Income Recognition

Investments held by the Plan are stated at fair value. Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (an exit price). See Note 4 for further discussion and disclosures related to fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded as earned. Dividends are recorded on the ex-dividend date. Net depreciation includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

Payment of Benefits

Benefit payments to participants are recorded upon distribution.

CFAN Company Retirement/Savings Plan

Notes to Financial Statements (continued)

2. Significant Accounting Policies (continued)

Notes Receivable From Participants

Notes receivable from participants represent participant loans that are recorded at their unpaid principal balance, plus any accrued but unpaid interest. Interest income on notes receivable from participants is recorded when it is earned. Related fees are recorded as administrative expenses and are expensed when they are incurred. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be a distribution, the participant loan balance is reduced and a benefit payment is recorded.

3. Investments

All investment information disclosed in the accompanying financial statements and supplemental schedule, including investments held and notes receivable from participants at December 31, 2022 and 2021, and net depreciation in fair value of investments, interest and dividends, and interest income on notes receivable from participants for the year ended December 31, 2022, was obtained or derived from information provided to the plan administrator and certified as complete and accurate by Fidelity, the Trustee of the Plan.

4. Fair Value Measurements

Accounting Standards Codification (ASC) 820, *Fair Value Measurement and Disclosures*, defines fair value, establishes a framework for measuring fair value in accordance with U.S. GAAP, and expands disclosures about fair value measurements. ASC 820 prioritizes the inputs to valuation techniques used to measure fair value into three broad levels. Level 1 is quoted prices in active markets for identical assets and liabilities. Level 2 is significant inputs other than quoted prices in active markets that are either directly or indirectly observable. Level 3 is unobservable inputs for which little or no market data exists.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

CFAN Company Retirement/Savings Plan

Notes to Financial Statements (continued)

4. Fair Value Measurements (continued)

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine fair value of certain financial instruments could result in a different fair value measurement at the reporting date. There have been no changes in the methodologies used at December 31, 2022 and 2021.

Shares of mutual funds are valued at quoted market prices at year-end. Units of the CCT are valued based on net asset value (practical expedient) on the last business day of the Plan's year-end, as determined by Fidelity, the issuer. The CCT, Fidelity Managed Income Portfolio, is designed to deliver safety and stability by preserving principal accumulated earnings. This fund is primarily invested in guaranteed investment contracts and synthetic investment contracts. Participant-directed redemptions have no restrictions; however, the Plan is required to provide a one-year redemption notice to liquidate its entire share in the fund.

The following tables sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2022 and 2021, respectively:

Assets at Fair Value as of December 31, 2022				
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 25,256,620	\$ —	\$ —	\$ 25,256,620

Assets at Fair Value as of December 31, 2021				
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 35,301,614	\$ —	\$ —	\$ 35,301,614

CFAN Company Retirement/Savings Plan

Notes to Financial Statements (continued)

5. Federal Income Tax Status

The underlying pre-approved plan has received an opinion letter from the IRS dated June 30, 2020, stating that the written form of the underlying pre-approved document is qualified under Section 401 of the IRC. Any employer adopting this form of the plan will be considered to have plan qualified under section 401 of the Code, and, therefore, the related trust is tax-exempt. Once qualified, the Plan is required to operate in conformity with the Code to maintain its qualified status. The plan administrator believes the Plan is being operated in compliance with the applicable requirements of the Code and, therefore, believes the Plan is qualified and the related trust is tax-exempt.

U.S. GAAP requires plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. Plan management has analyzed the tax positions taken by the Plan, and has concluded that there are no uncertain positions taken or expected to be taken. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

6. Related-Party and Party-in-Interest Transactions

The Plan holds units of mutual funds and a CCT managed by Fidelity, the Trustee of the Plan. These transactions qualify as party-in-interest transactions; however, they are exempt from the prohibited transactions rules under ERISA.

7. Reconciliation from Financial Statements to Form 5500

The differences between the amounts presented on the Statements of Net Assets Available for Plan Benefits and Statement of Changes in Net Assets available for Plan Benefits and the related Form 5500 are attributable to the adjustments made by the Plan Administrator to adjust from net asset value to fair value for the Plan's investment in the CCT.

CFAN Company Retirement/Savings Plan

Notes to Financial Statements (continued)

7. Reconciliation from Financial Statements to Form 5500 (continued)

The following is a reconciliation of net assets available for plan benefits per the financial statements to net assets per Form 5500:

	December 31, 2022
Net assets available for plan benefits per the financial statements	\$ 29,616,213
Adjustment for the CCT	(227,393)
Assets per the Form 5500	<u>\$ 29,388,820</u>
	December 31, 2022
Net decrease in net assets available for plan benefits per the financial statements	\$ (8,722,341)
Adjustment for the CCT at December 31, 2022	(227,393)
Total net loss per the Form 5500	<u>\$ (8,949,734)</u>

8. Subsequent Events

The Plan has evaluated subsequent events through October 6, 2023, the date the financial statements were available to be issued and noted no subsequent events other than discussed below.
