INDEPENDENT AUDITOR'S REPORT

Plan Administrator
Trantech Radiator Products, Inc.
401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of Trantech Radiator Products, Inc. 401(k) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits for the year then ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Trantech Radiator Products, Inc. 401(k) Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of December 31, 2022 and 2021, and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section-

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Trantech Radiator Products, Inc. 401(k) Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Trantech Radiator Products, Inc. 401(k) Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Trantech Radiator Products, Inc. 401(k) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Trantech Radiator Products, Inc. 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

The supplemental schedule, Schedule H, Line 4i - Schedule of Assets (HELD AT END OF YEAR), is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion-

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

NOTES TO FINANCIAL STATEMENTS

NOTE 1 - DESCRIPTION OF PLAN

The following description of the Trantech Radiator Products, Inc. 401(k) Plan (the “Plan”) is provided for general information purposes only. Participants should refer to the Plan agreement for a more complete description of the Plan’s provisions.

1. General - The Plan is a defined contribution plan covering all eligible employees of Trantech Radiator Products, Inc. (“Plan Sponsor”). Employees may elect to contribute, subject to defined limitations, a percentage of total compensation to the Plan in lieu of being paid such amounts in cash pursuant to Section 401(k) of the Internal Revenue Code. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”), as amended. The Plan is administered by representatives of the Plan Sponsor. The Plan’s trustee is Capital Bank and Trust Company (“Trustee”).
2. Eligibility - Employees must complete ninety days of service and be eighteen years old or older to participate in the Plan. Employees whose employment is governed by a collective bargaining agreement under which retirement benefits were the subject of good faith bargaining are not eligible to participate in the Plan, unless such agreement expressly provides for participation in the Plan.
3. Contributions - Each year, participants may contribute up to the Internal Revenue Service (“IRS”) maximum percentage of pretax annual compensation, as defined in the Plan. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. The Plan Sponsor may elect to contribute to the Plan in the form of discretionary matching contributions. The Plan Sponsor’s discretionary match contribution is 25% of the first 6% deferred by the participant. Additional amounts may be contributed at the option of the Plan Sponsor.
4. Rollover Contributions - At the discretion of the Plan Administrator, an eligible employee may be permitted to deposit into the Plan distributions the employee has received from other plans and certain IRAs.
5. Participant Accounts - Each participant’s account is credited with the participant’s contributions, Plan Sponsor matching contributions, allocation of any Plan Sponsor discretionary contributions, earnings or losses of the investments selected by the participants, fees, or administrative expenses related to participant loans or withdrawals, and an allocation of administrative expenses. Allocations of Plan earnings are based on participant earnings or account balances, as defined in the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account. Each participant directs the investment of their account to any of the investment options available under the Plan.
6. Retirement, Death and Disability - A participant is entitled to 100% of his or her account balance upon retirement, death or disability.
7. Vesting - Participants are immediately 100% vested in their salary deferrals as well as any Plan Sponsor contributions to their participant accounts plus actual earnings thereon.

NOTE 1 - DESCRIPTION OF PLAN (continued)

8. Investment Options - Upon enrollment in the Plan, a participant may direct their contributions to different investment alternatives using information provided by the Plan's administrator. The Plan offers various investment alternatives that are selected for the Plan by the Plan Sponsor. Participants are able to change their investment elections at any time.
9. Notes Receivable from Participants - Participants may borrow from their Plan accounts a minimum of \$1,000 up to a maximum of \$50,000 or 50% of their account balance, whichever is less. The notes receivable are secured by the balance in the participant's account and bear an interest rate equal to the prime rate as of the first day of the business month the note receivable is originated plus 1%. At December 31, 2022 and 2021, interest rates ranged from 4.25% to 9.50%. Principal and interest are paid by the borrower to the Plan over the term of the note receivable through payroll deductions.
10. Payment of Benefits - On termination of service due to death, disability, or retirement, a participant may elect to receive either a lump-sum payment equal to the value of the participant's account, or maintain the account in the Plan. Participants may withdraw funds from their accounts for financial hardship prior to termination of service. For the years ended December 31, 2022 and 2021, there were no distributions requested prior to year-end but not processed until after year end.
11. Administrative Expenses - Certain costs incurred in the administration of the Plan are paid from Plan assets and are allocated to each participant's account. Certain administrative functions are performed by employees of the Plan Sponsor. No such employee receives compensation from the Plan. Other costs of Plan administration are paid by the Plan Sponsor.
12. Forfeited Accounts - At December 31, 2022 and 2021, forfeited nonvested account balance was \$3,090 and \$439, respectively. Forfeitures result when compliance testing requires refunds of excess contributions. In the event excess contributions are refunded, the match portion of the contributions becomes a forfeiture at the distribution date and is used to pay administrative expenses or reduce the employer's matching contribution.

NOTE 2 - SUMMARY OF ACCOUNTING POLICIES

The policies and principles that significantly affect the determination of net assets and changes in the net assets are summarized below:

Basis of Accounting

The financial statements of the Plan are prepared under the accrual method of accounting with the exception of benefits paid to participants, which are recorded when paid, in accordance with accounting principles generally accepted in the United States of America ("GAAP").

TRANTECH RADIATOR PRODUCTS, INC. 401(k) PLAN
NOTES TO FINANCIAL STATEMENTS

NOTE 2 - SUMMARY OF ACCOUNTING POLICIES (continued)

Estimates

The preparation of financial statements in conformity with GAAP requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

The Plan presents in its statement of changes in net assets available for benefits the net appreciation (depreciation) in the fair value of investments, which consists of realized gains or losses and unrealized appreciation (depreciation) on those investments.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the plan document.

Excess Contributions Payable

Amounts payable to participants for contributions in excess amounts allowed by the IRS are recorded as a liability with a corresponding reduction to contributions. Excess contributions, if any, are refunded to participants during the following Plan year.

Payment of Benefits

Benefit payments to participants are recorded when paid.

Subsequent Events

The Plan has evaluated subsequent events through October 9, 2023, the date the financial statements were available to be issued.

NOTE 4 - FAIR VALUE MEASUREMENTS

GAAP establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. Fair value measurements must be classified and disclosed in one of the three levels of the fair value hierarchy as described as follows:

- Level 1 - Financial instruments with unadjusted, quoted prices listed on active market exchanges.
- Level 2 - Financial instruments valued using inputs that include quoted prices for similar assets or liabilities in active markets, and inputs that are observable for the asset or liability, either directly or indirectly, for substantially the full term of the financial instrument.
- Level 3 - Financial instruments that are not actively traded on a market exchange and require using significant unobservable inputs in determining fair value.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2022 and 2021.

Mutual Funds: Mutual Funds are reported at share prices/net asset value (NAV). The NAV for mutual funds is obtained from a file feed from the National Securities Clearing Corporation, and/or directly from the fund house, or a secondary pricing source, such as Interactive Data Corporation.

Common Collective Trusts: The Common Collective Trust is valued using the NAV, as provided by the administrator of the fund. The NAV is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund (including guaranteed investment contracts ("GICs"), synthetic GICs, bank investment contracts ("BICs"), separate account GICs, repurchase agreements, other collective investment trusts, and cash and cash equivalents), less its liabilities, and then divided by the number of shares outstanding. This practical expedient is not used when it is determined to be probable that the fund will sell the investments for an amount different than the reported NAV. Trusts participating in the fund are subject to restriction on withdrawals from the fund. Withdrawals needed for benefit payments and loan advances of participating employee benefit plans are generally permitted daily. Withdrawals for other purposes require twelve-month advance notice to the fund. There were no unfunded commitments as of December 31, 2022 and 2021.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

NOTE 4 - FAIR VALUE MEASUREMENTS (continued)

The following tables summarize the valuation of the Plan's financial assets and liabilities measured at fair value on a recurring basis as of December 31, 2022 and 2021, based on the level of input utilized to measure fair value:

		Fair Value Measurements Using		
	Total	(Level 1)	(Level 2)	(Level 3)

Common collective trusts *	<u>1,345,651</u>			
Total assets	<u>\$ 8,542,898</u>			

- * The common collective trust is measured at fair value in the table above using the NAV per share (or its equivalent) practical expedient and has not been categorized in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy table to the amounts presented in the Statements of Net Assets Available for Benefits.

The following tables set forth a summary of the Plan's investments with a reported NAV for years ended December 31, 2022 and 2021:

TRANTECH RADIATOR PRODUCTS, INC. 401(k) PLAN
NOTES TO FINANCIAL STATEMENTS

NOTE 4 - FAIR VALUE MEASUREMENTS (continued)

** Participant transactions (purchases and sales) may occur daily. However, in high volume liquidation demand periods, the Trustee may, at their discretion, delay liquidation requests so that it is in the best interest of all participants in the fund. If the Plan initiates a full redemption of the KeyBank EB MaGIC Fund, the issuer reserves the right to require 12 months' notification in order to ensure that securities liquidations will be carried out in an orderly business manner.

NOTE 5 - RIGHTS UPON PLAN TERMINATION

Although it has not expressed any intent to do so, the Plan Sponsor has the right under the Plan to discontinue its contributions at any time and terminate the Plan subject to the provisions of ERISA. In the event of plan termination, no further contributions will be made to the Plan.

NOTE 6 - PARTY-IN-INTEREST TRANSACTIONS

The Plan's investments include shares of mutual funds managed by Capital Bank and Trust Company and its affiliates. Capital Bank and Trust Company and its affiliates earn fees for managing its mutual funds, and these fees are deducted from the earnings reported by the mutual funds. Certain fees associated with administering the Plan are also paid to Capital Bank and Trust Company. Capital Bank and Trust Company is the Plan trustee, and, therefore, these transactions qualify as party-in-interest transactions. Notes receivable from participants are also party-in-interest transactions.

NOTE 7 - TAX STATUS

The Plan is a prototype plan sponsored by Capital Bank and Trust Company. The prototype plan has received an opinion letter from the IRS. The Plan administrator has not sought a determination letter on the adoption of the Trantech Radiator Products, Inc. 401(k) Plan. While the Plan cannot rely on the prototype's determination letter, the Plan Sponsor believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the Internal Revenue Code.

The prototype plan received a favorable determination letter on June 30, 2020. The Plan administrator and the Plan's tax counsel believe the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code. Therefore, no provision for income taxes has been included in the Plan's financial statements.

GAAP requires the Plan Sponsor to evaluate tax positions taken by the plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by regulatory agencies. The Plan Sponsor does not believe there are any material uncertain tax positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

TRANTECH RADIATOR PRODUCTS, INC. 401(k) PLAN
NOTES TO FINANCIAL STATEMENTS

NOTE 8 - RISKS AND UNCERTAINTIES

The Plan provides for various investment options including any combination of mutual funds and common collective trust funds. The underlying investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in the values of the investment securities will occur in the near term and that such changes could materially affect the amounts reported in the statements of net assets available for benefits and participants' individual account balances.

NOTE 9 - RECONCILIATION OF FORM 5500 TO THE FINANCIAL STATEMENTS

The Annual Return/Report of Employee Benefit Plan (the "Form 5500") is prepared on the modified cash basis. Accordingly, certain balances included on Schedule H (Part I and II) of the Form 5500 differ from those included in these financial statements. The following is a reconciliation of net assets available for benefits per the Form 5500 at December 31, 2022 and 2021 to the financial statements:

	2022	2021
Net assets available for benefits per the Form 5500	\$ 6,613,512	\$ 8,800,519
Adjustment for deemed distributions not included for tax purposes but included in GAAP financial statements	73,015	69,999
Net assets available for benefits per the financial statements	<u>\$ 6,686,527</u>	<u>\$ 8,870,518</u>

The following is a reconciliation of changes in net assets available for benefits per the Form 5500 for the year ended December 31, 2022 to the financial statements:

Total changes in net assets available for benefits reflected on Form 5500	\$ (2,187,007)
Adjustment for interest earned on deemed distributed loans	<u>3,016</u>
Total changes in net assets available for benefits reflected in the financial statements	<u>\$ (2,183,991)</u>
