Independent Auditor's Report

Board of Trustees
Gogo Inc. 401(k) Profit Sharing
Plan & Trust
Broomfield, Colorado

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Gogo Inc. 401(k) Profit Sharing Plan & Trust, an employee benefit plan subject to the *Employee Retirement Income Security Act of 1974* (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Gogo Inc. 401(k) Profit Sharing Plan & Trust's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2022 and 2021, and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Gogo Inc. 401(k) Profit Sharing Plan & Trust and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Gogo Inc. 401(k) Profit Sharing Plan & Trust's ability to continue as a going concern within one year after the date that these financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Gogo Inc. 401(k) Profit Sharing Plan & Trust's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Gogo Inc. 401(k) Profit Sharing Plan & Trust's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters – Supplemental Schedules Required by ERISA

The supplemental schedules listed in the table of contents are presented for purposes of additional analysis and are not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

- The information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Notes to Financial Statements

December 31, 2022 and 2021

Note 1: Description of the Plan

The following description of Gogo Inc. 401(k) Profit Sharing Plan & Trust (Plan) provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan with a 401(k) salary reduction arrangement covering substantially all of the employees of Gogo Inc. (Company), the plan sponsor. Employees are immediately eligible to participate in the Plan. The Plan is subject to the provisions of the *Employee Retirement Income Security Act of 1974* (ERISA), as amended by subsequent legislation.

Contributions

Participants may contribute up to 86% of their eligible compensation to the Plan. Participants who have attained the age of 50 before the end of the plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. The Plan allows for the Company to make a safe harbor matching contribution equal to 100% of participant deferrals up to 4% of eligible compensation. The Plan also allows for the Company to make a nonelective contribution to the Plan. Contributions are subject to certain Internal Revenue Code limitations.

Participant Accounts

Each participant's account has been credited with the participant's contributions and allocations of the Company's contributions and plan earnings or losses and charged with an allocation of any administrative expenses. Allocations are based on participant earnings and account balances as defined. The benefit to which a participant is entitled is the participant's vested account balance.

Vesting

Participants are immediately 100% vested in their pre-tax contributions, nonelective contributions, and Company contributions plus actual earnings thereon.

Investment Options

Participants direct the investment of their account balances into various investment options offered by the Plan. The Plan offers various registered investment companies, a common or collective trust, and a money market fund as investment options for participants.

Payment of Benefits

On termination of service due to death, disability or retirement, a participant may elect to receive a lump-sum amount equal to the value of the participant's vested interest in his or her account. If a participant separates from service for reasons other than death before reaching normal retirement date and the participant's vested balance is less than \$1,000, the participant will receive a lump-sum distribution.

Gogo Inc. 401(k) Profit Sharing Plan & Trust

Notes to Financial Statements

December 31, 2022 and 2021

Withdrawals

Participants may request hardship withdrawals for extreme hardships, pursuant to plan requirements. Safe harbor matching contributions are not permitted to be withdrawn in the event of a financial hardship.

Notes Receivable From Participants

Participants may borrow from their fund accounts a minimum of \$1,000 up to the maximum equal to the lesser of \$50,000 or 50% of their vested account balance. Loan terms range from one to five years unless the loan is for the purchase of a principal residence, in which case the loan term may be longer. Principal and interest payments are generally made through payroll withholding. The loans bear interest at the prime rate as published in *The Wall Street Journal* on the 14th of each month, plus two percentage points which results in interest of 5.25% - 9.00% at December 31, 2022.

Forfeitures

Since participants are immediately 100% vested in all contributions to the Plan, no forfeitures exist unless there are instances where participants may have received employer-matching contributions in excess of the amount they were entitled to receive. Forfeitures may be used to pay plan expenses and reduce employer contributions. During 2022, there were no forfeitures used to reduce employer-matching contributions. During 2022, amounts used to pay administrative expenses was \$366. At December 31, 2022 and 2021, total unused forfeitures amounted to \$11,034 and \$8,143, respectively.

Note 2: Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan have been prepared under the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of net assets, changes in net assets and the disclosure of contingent assets and liabilities at the date of the financial statements. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value. Shares of registered investment companies are valued at quoted market prices, which represent the net asset value of shares held by the Plan at year end. The money market fund is valued at cost, which approximates fair value. The common

Gogo Inc. 401(k) Profit Sharing Plan & Trust

Notes to Financial Statements

December 31, 2022 and 2021

or collective trust fund is valued at net asset value (NAV) of units held. The NAV is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liability. There are no participant redemption restrictions for these investments, and participant redemptions are allowed daily. A redemption notice period is applicable only at the plan level. There are no unfunded commitments at December 31, 2022 and 2021.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

The Plan provides for investments that, in general, are exposed to various risks such as interest rate, credit and overall market volatility risks. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term, and that such changes could materially affect the amount reported in the statement of net assets available for benefits.

Notes Receivable From Participants

Notes receivable from participants are reported at their unpaid principal balance plus any accrued but unpaid interest, with no allowance for credit losses, as repayments of principal and interest are received through payroll deductions.

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

The Company absorbs substantially all the administrative costs of the Plan. Such expenses include costs relating to certain employees of the Company who perform administrative and trustee services for the Plan for which the Plan does not reimburse the Company. Other administrative and transaction costs incurred by the Plan are recognized as incurred. Certain investment fees are included in the net appreciation in fair value of investments.

Note 3: Information Prepared and Certified by Trustee

The plan administrator has elected the method of annual reporting compliance permitted by ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.1033-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Fidelity Management Trust Company, a qualified institution, has certified the following information in the accompanying financial statements and ERISA-required supplemental schedule is complete and accurate:

- Investments and notes receivable from participants as shown in the statements of net assets available for benefits as of December 31, 2022 and 2021

Gogo Inc. 401(k) Profit Sharing Plan & Trust

Notes to Financial Statements

December 31, 2022 and 2021

- Interest and dividend income, net appreciation (depreciation) in fair value of investments and interest income from participant notes receivable as shown in the statements of changes in net assets available for benefits for the year ended December 31, 2022
- Investment information and notes receivable from participants included in the accompanying supplemental schedule of assets (held at end of year) as of December 31, 2022

The Plan's independent auditors did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and ERISA-required supplemental schedule.

Note 4: Fair Value Measurements

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Fair value measurements must maximize the use of observable inputs and minimize the use of unobservable inputs. There is a hierarchy of three levels of inputs that may be used to measure fair value:

- Level 1** Quoted prices (unadjusted) for identical assets or liabilities in active markets that the plan has the ability to access as of the measurement date
- Level 2** Significant other observable inputs other than Level 1 prices, such as quoted prices for similar assets or liabilities, quoted prices in markets that are not active; and other inputs that are observable or can be corroborated by observable market data
- Level 3** Significant unobservable inputs that reflect a plan's own assumptions about the assumptions that market participants would use in pricing an asset or liability

The asset's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. There have been no changes in the methodologies used at December 31, 2022 and 2021.

The fair value of registered investment companies is determined by obtaining quoted prices on nationally recognized securities exchanges and the money market fund is valued at cost, which approximates fair value (Level 1 inputs).

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The fair value amounts presented in these tables are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

Note 5: Income Tax Status

The Plan is a prototype standardized profit sharing plan adopted by the Company from Fidelity Management and Research Company and was restated effective June 30, 2020. In a favorable opinion letter dated June 30, 2020, the Internal Revenue Service indicated that the Plan, as designed, is in compliance with the applicable sections of the Internal Revenue Code (IRC). The Plan has been amended since receiving the opinion letter. However, the plan administrator

Gogo Inc. 401(k) Profit Sharing Plan & Trust

Notes to Financial Statements

December 31, 2022 and 2021

believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC.

Note 6: Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan under the provisions of ERISA. In the event of termination, participants will become 100% vested in their accounts.

Note 7: Party-in-Interest Transactions

Plan investments are managed by Fidelity Management Trust Company. Fidelity Management Trust Company is the trustee, as defined by the Plan; therefore, these transactions qualify as party-in-interest transactions. Fees paid by the Plan for professional services rendered by parties-in-interest during 2022 were \$48,766.

Note 8: Delinquent Participant Contributions

The Company made late contributions totaling \$3,306 during the plan year ended December 31, 2022. The Company will utilize the Department of Labor Voluntary Fiduciary Corrections Program calculator to determine lost earnings to self-correct these delinquent contributions. Lost earnings will be contributed during the 2023 plan year.

FORVIS, LLP

Certified Public Accountants

The undersigned ("We") are providing this letter in connection with FORVIS' audits of the financial statements of Gogo Inc. 401(k) Profit Sharing Plan and Trust (the Plan) as of December 31, 2022 and 2021, and for the year ended December 31, 2022, and supplemental schedules as of and for the year December 31, 2022.

Our representations are current and effective as of the date of FORVIS' report: September 27, 2023.

Our engagement with FORVIS is based on our contract for services dated: June 27, 2023.

Our Responsibility & Consideration of Material Matters

We confirm that we are responsible for the fair presentation of the financial statements subject to FORVIS' report in conformity with accounting principles generally accepted in the United States of America and for the fair presentation of the accompanying supplemental schedule(s) in conformity with the Department of Labor's Rules and Regulations under the *Employee Retirement Income Security Act of 1974* (ERISA).

We are also responsible for adopting sound accounting policies; establishing and maintaining effective internal control over financial reporting, operations, and compliance; and preventing and detecting fraud.

We elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. We acknowledge that the audits did not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier, that is regulated, supervised and subject to periodic examination by a state or federal agency, a qualified institution, that prepared and certified the investment information in accordance with 29 CFR 2520.103-5 of the DOL Rules and Regulations for Reporting and Disclosure under ERISA. We have determined that an ERISA Section 103(a)(3)(C) audit is permissible under the circumstances. We have also determined that the investment information is prepared and certified by a qualified institution as described by 29 CFR 2520.103-8, that the certification meets the requirements in 29 CFR 2520.103-5 and, that the certified investment information is appropriately measured, presented, and disclosed in accordance with accounting principles generally accepted in the United States of America.

The purpose of an ERISA Section 103(a)(3)(C) audit is to express an opinion on whether the amounts and disclosures in the financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with generally accepted accounting principles and that the assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the certified investment information.

Certain representations in this letter are described as being limited to matters that are material. Items are considered material, regardless of size, if they involve an omission or misstatement of accounting information that, in light of surrounding circumstances, makes it probable that the judgment of a reasonable person relying on the information would be changed or influenced by the omission or misstatement. An

omission or misstatement that is monetarily small in amount could be considered material as a result of qualitative factors.

Confirmation of Matters Specific to the Subject Matter of FORVIS' Report

We confirm, to the best of our knowledge and belief, the following:

Broad Matters

1. We have fulfilled our responsibilities, as set out in the terms of our contract, for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America.

 - d. Additional information that you have requested from us for the purpose of the audit.
 - e. Unrestricted access to persons within the Plan from whom you determined it necessary to obtain audit evidence.
 - f. All minutes of 401(k) committee meetings held through the date of this letter or summaries of actions of recent meetings for which minutes have not yet been prepared. All unsigned copies of minutes provided to you are copies of our original minutes approved by the 401(k) committee, if applicable, and maintained as part of our records.
 - g. All significant contracts.

We also have had no communications from any of the Plan's service organizations regarding any fraud, noncompliance with laws and regulations, or uncorrected misstatements.
13. Except as disclosed on the supplemental schedule of delinquent contributions and in the notes to the financial statements, we have complied with the Department of Labor's regulations concerning the timely remittance of participant contributions and loan repayments.
14. As applicable, we have complied with the Department of Labor's regulations concerning the services provider fee disclosures in accordance with Sec. 408(b)(2).
15. We understand the values of the assets and liabilities recorded in the financial statements could change rapidly, resulting in material future adjustments to investment values that could negatively impact the Plan. We acknowledge that you have no responsibility for future changes caused by the current economic environment and the resulting impact on the Plan's financial statements. Further, the Plan Sponsor is solely responsible for all aspects of managing the Plan, including questioning the quality and valuation of investments.

18. We have no knowledge of any allegations of fraud or suspected fraud affecting the Plan received in communications from participants, former participants, regulators, third-party servicers or others.
19. We have assessed the risk that the financial statements may be materially misstated as a result of fraud and disclosed to you any such risk identified.

Related Parties & Parties-In-Interest

20. We have disclosed to you the identity of all of the Plan's related parties and parties-in-interest and all the related-party and party-in-interest relationships of which we are aware.

27. With respect to these services:

- a. We have designated a qualified management-level individual to be responsible and accountable for overseeing the nonattest services.
- b. We have established and monitored the performance of the nonattest services to ensure they meet our objectives.
- c. We have made any and all decisions involving management functions with respect to the nonattest services and accept full responsibility for such decisions.
- d. We have evaluated the adequacy of the services performed and any findings that resulted.
- e. Established and maintained internal controls, including monitoring ongoing activities.
- f. We have received the deliverables from you and have stored these deliverables in information systems controlled by us. We have taken responsibility for maintaining internal control over these deliverables.

Financial Statements & Reports

28. We have reviewed and approved a draft of the financial statements and related notes referred to above, which you prepared in connection with your audit of our financial statements. We acknowledge that we are responsible for the fair presentation of the financial statements and related notes.

29. With regard to supplementary information:

significant assumptions or interpretations underlying the measurement and presentation of the supplementary information.

- c. We believe the significant assumptions or interpretations underlying the measurement and/or presentation of the supplementary information are reasonable and appropriate.
- d. The supplemental information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

- 31. We have everything we need to keep our books and records.
- 32. We have disclosed any significant unusual transactions the Plan has entered into during the period, including the nature, terms, and business purpose of those transactions.

- 34. Except as reflected in the financial statements, there are no:
 - a. Plans or intentions that may materially affect carrying values of assets, liabilities, or net assets.
 - b. Material transactions omitted or improperly recorded in the financial records.

Estimates

37. We have identified all accounting estimates that could be material to the financial statements, and we confirm the appropriateness of the methods and the consistency in their application, the accuracy and completeness of data, and the reasonableness of significant assumptions used by the Plan in making the accounting estimates, including those measured at fair value reported in the financial statements.
38. Significant estimates that may be subject to a material change in the near term have been properly disclosed in the financial statements. We understand that "near term" means the period within one year of the date of the financial statements. In addition, we have no knowledge of concentrations, which refer to volumes of loans, investments, or deposits, existing at the date of the financial statements that would make the Plan vulnerable to the risk of severe impact in the near term that have not been properly disclosed in the financial statements.

Fair Value

39. With respect to the fair value measurements of financial assets, recognized in the financial statements or disclosed in the notes thereto:
- a. The underlying assumptions are reasonable and they appropriately reflect management's intent and ability to carry out its stated course of action.
 - b. The measurement methods and significant assumptions used in determining fair value are appropriate in the circumstances for financial statement measurement and disclosure purposes and have been consistently applied.
 - c. The significant assumptions appropriately reflect market participant assumptions.
 - d. The disclosures related to fair values are complete, adequate, and in conformity with U.S. GAAP.
 - e. There are no subsequent events that require adjustments to the fair value measurements and disclosures included in the financial statements.

Investments

40. Equity securities are properly measured at fair value, or for those investments without a readily determinable fair value, the investments are recorded using the net asset value (NAV) per share.

Plan Name: Gogo Inc. 401(k) Profit Sharing Plan & Trust

Sponsor: Gogo Inc.

105 Edgeview Drive Suite 300

Broomfield, CO 80021

Plan Number: 001

EIN: 25-1650905

Year Ended: December 31, 2022

Regarding: Delinquent Participant Contributions

For the plan year ending December 31, 2022, Gogo Inc. identified a payroll interface file timing issue which created the \$3,306 in delinquent participant contributions. The issue impacted only select non-regular, off-cycle payroll payments. We have remediated the payroll interface file timing issue by introducing a revised schedule of the interface file sent from payroll to Fidelity. This revised schedule will reduce the time between payroll payment date and participant contribution date.

The \$3,306 delinquent participant contributions will be submitted to Fidelity through a Service Request to correct the contribution dates and utilize the Department of Labor Voluntary Fiduciary Correction Program (VFCP) to calculate. Gogo Inc. will also file a Voluntary Compliance Program (VCP) application with Internal Revenue Service (IRS) under the IRS retirement plan correction program through the Employee Plans Compliance Resolution System (EPCRS) to correct the plan qualification defects resulting from the failure to deposit participant contributions in a timely manner.
