INDEPENDENT AUDITOR'S REPORT

To the Compensation Committee of
ChromaDex, Inc. 401(k) Plan
Los Angeles, CA

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of ChromaDex, Inc. 401(k) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2022 and 2021 and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution, agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

INDEPENDENT AUDITOR'S REPORT (Continued)

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

INDEPENDENT AUDITOR'S REPORT (Continued)

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters - Supplemental Schedules Required by ERISA

The supplemental schedules of Schedule of Assets (Held at End of Year) as of December 31, 2022 and Schedule of Delinquent Participant Contributions for the Year Ended December 31, 2022, are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

INDEPENDENT AUDITOR'S REPORT (Continued)

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including its form and content, are presented in conformity with the DOL's Rules and Regulation for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for the Reporting and Disclosure under ERISA.
- The information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

ChromaDex, Inc. 401(k) Plan Notes to Financial Statements

1. DESCRIPTION OF PLAN

The following description of ChromaDex, Inc. 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan effective January 1, 2008, and most recently amended and restated effective July 1, 2021, under the provisions of Section 401(a) of the Internal Revenue Code ("IRC"), which includes a qualified cash or deferred arrangement as described in Section 401(k) of the IRC, for the benefit of eligible employees of ChromaDex, Inc. (the "Company", "Plan Sponsor" or "Employer") and its subsidiary ChromaDex Analytics, Inc., as a participating employer. All employees who are age 21 or older are eligible and automatically enrolled into the Plan. Nonresident aliens and employees covered by a collective bargaining agreement are excluded from the Plan. After meeting the eligibility age requirement, employees are auto-enrolled in the Plan on the first day of each calendar month beginning after the date on which such eligible employee satisfied such age requirement. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

Contributions

Participants may elect to reduce their compensation, as defined by the Plan, by a certain amount and have that amount contributed to the Plan as a pre-tax, or post-tax (roth) salary deferral. Participants who have attained age 50 before the Plan year-end are also eligible to make additional catch-up contributions. Participants may also contribute amounts representing distributions from other qualified plans in which participants have previously participated. The Company may make discretionary employer matching contribution of 50% of the participant's elective deferrals (including catch-up contributions), up to a maximum of 6% of participant's annual compensation. The Company may also make discretionary profit sharing contributions to the Plan. In order to be eligible for the discretionary profit sharing contribution, the participant is required to have worked at least 1,000 hours during the Plan year and be an employee on the last day of the Plan year. Contributions are subject to certain limitations.

Participant Accounts

Participants direct the investment of their accounts into various investment funds offered by the Plan. Each participant's account is credited with the participant's contribution and an allocation of the Employer's profit sharing and matching contributions, Plan earnings and expenses. Allocations are based on participant compensation, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

**ChromaDex, Inc. 401(k) Plan
Notes to Financial Statements**

1. DESCRIPTION OF PLAN (Continued)

Vesting

Participants are immediately vested in their own contributions, rollovers from other qualified plans, and actual earnings thereon. Vesting in the Employer's profit sharing and matching contributions is based on years of service wherein a participant works at least 1,000 hours during the year, with participants becoming 100% vested only after completing three years of service. A participant becomes fully vested in all contribution accounts in the event the participant reaches normal retirement age, dies or becomes totally disabled.

Forfeited Accounts

At December 31, 2022 and 2021, forfeited nonvested accounts were \$4,896 and \$24,443, respectively. Forfeited nonvested accounts, if any, will be used to pay plan administrative expenses or as a credit to reduce future Employer's contributions. In 2022, forfeitures in the amount of \$30,833 was applied towards employer contributions.

Payments of Benefits

On termination of employment, a participant may elect to receive a lump-sum distribution equal to the value of the participant's vested account balance. Under certain conditions, in-service withdrawals are allowed.

Notes Receivable from Participants

Participants may borrow from their accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. Loan repayment terms are for a period not to exceed 5 years, except in the case of loans used to acquire a principal residence, wherein the loan repayment term may be for a longer period. Loans are secured by the balance in the participant's account and bear interest at a fixed rate commensurate with market prevailing rates at the date the loan is issued. At December 31, 2022 the interest rates on loans range between 5.00% and 8.00%. Principal and interest are normally paid ratably through bi-weekly payroll deductions.

Plan Termination

Although it has not expressed any intent to do so, the Company is under no obligation or liability to continue its contributions and may discontinue such contributions or terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants will become 100% vested in their Employer's contribution portion of their account.

2. SUMMARY OF SIGNIFICANT ACCOUNTING PRINCIPLES

Basis of Accounting

The accompanying financial statements have been prepared using the accrual method of accounting.

**ChromaDex, Inc. 401(k) Plan
Notes to Financial Statements**

2. SUMMARY OF SIGNIFICANT ACCOUNTING PRINCIPLES (Continued)

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect certain reported amounts of assets and liabilities and changes in those assets and liabilities, and disclosure of contingent assets and liabilities. Accordingly, actual results may differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion regarding fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis, which approximates when interest is received. Net depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year. Management fees and operating expenses charged to the Plan for investments are deducted from income earned on a daily basis and are not separately reflected. Consequently, management fees and operating expenses are reflected as a reduction of investment return for such investments.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based on the terms of the Plan document.

Payment of Benefits

Benefits are recorded when paid.

Plan Expenses

Certain expenses of maintaining the Plan are paid directly by the Company, at its option, and are excluded from these financial statements. Fees related to specific participant transactions, such as for participant loans and benefit payments, are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation of fair value of investments.

3. FINANCIAL INFORMATION CERTIFIED BY THE TRUSTEE

Certain information related to investments disclosed in the accompanying financial statements and Schedule of Assets (Held at End of Year), which include investments and notes receivable from participants held at December 31, 2022 and 2021, and interest, dividends, net depreciation in fair value of investments, and interest income from notes receivable from participants for the year ended December 31, 2022, was obtained or derived from information supplied to the plan administrator and certified as complete and accurate by Fidelity Management Trust Company, the trustee of the Plan, in accordance with Section 2520.103-5(c) of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

4. INVESTMENTS AND FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs. The three levels of the fair value hierarchy under FASB ASC 820 with the related inputs to the valuation methodology are described as follows:

Level 1 - Quoted prices (unadjusted) in active markets for identical assets that the Plan has the ability to access.

Level 2 - Significant other observable (directly or indirectly) inputs, including quoted prices for similar assets in active markets or in inactive markets and other market observable inputs such as interest rate, credit risks, etc.

Level 3 - Significant unobservable inputs, including the Plan's own assumptions in determining the fair value of investments.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2022 and 2021.

Mutual Funds

Mutual funds are valued at their quoted market prices.

Common/Collective Trust Funds

Valued at the net asset value (NAV) units of the common/collective trust. The net asset value, as provided by the trustee, is used as a practical expedient to estimate fair value. The net asset value is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported net asset value. For the common/collective trust funds, there are no unfunded commitments, redemption frequency is daily and there is no required redemption notice period.

Notes to Financial Statements

4. INVESTMENTS AND FAIR VALUE MEASUREMENTS (Continued)

The following table sets forth by level within the fair value hierarchy, the Plan's investment assets at fair value as of December 31, 2022 and 2021:

	Investments at Fair Value as of December 31, 2022			
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ <u>5,223,091</u>	\$ <u>-</u>	\$ <u>-</u>	\$ <u>5,223,091</u>
Total	\$ <u>5,223,091</u>	\$ <u>-</u>	\$ <u>-</u>	\$ <u>5,223,091</u>
Investments measured at NAV as a practical expedient (a):				<u>60,333</u>
Total investments, at fair value				\$ <u>5,283,424</u>

	Investments at Fair Value as of December 31, 2021			
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ <u>5,495,199</u>	\$ <u>-</u>	\$ <u>-</u>	\$ <u>5,495,199</u>
Total	\$ <u>5,495,199</u>	\$ <u>-</u>	\$ <u>-</u>	\$ <u>5,495,199</u>
Investments measured at NAV as a practical expedient (a):				<u>85,071</u>
Total investments, at fair value				\$ <u>5,580,270</u>

(a) In accordance with Subtopic FASB ASC 820-10, certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

5. PARTY-IN-INTEREST TRANSACTIONS

Certain plan investments are shares of mutual funds managed by the trustee of the Plan. Fees incurred by the Plan for investment management services are included in net depreciation in the fair value of investments.

In addition, the Plan pays other expenses for services rendered by the trustee as the plan recordkeeper and also by its third party administrator, investment advisor and auditor. The above transactions, including notes receivable from participants, qualify as allowable party-in-interest transactions for which there are statutory exceptions.

ChromaDex, Inc. 401(k) Plan
Notes to Financial Statements

6. TAX STATUS

The underlying pre-approved plan has received an opinion letter from the Internal Revenue Service on June 30, 2020, stating that the written form of the underlying pre-approved plan is qualified under section 401(a) of the Internal Revenue Code (the Code), and that any employer adopting this form of the plan will be considered to have a plan qualified under section 401(a) of the Code. Therefore, the related trust is exempt from taxation. Once qualified, the Plan is required to operate in conformity with the Code to maintain its qualification. The plan administrator believes the Plan is being operated in compliance with the applicable requirements of the Code and, therefore, believes that the Plan is qualified and the related trust is tax exempt.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan takes an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2022, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

7. RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

8. SUBSEQUENT EVENTS

In preparing these financial statements, the plan administrator has evaluated subsequent events and transactions for potential recognition or disclosure through October 4, 2023, the date the financial statements were available to be issued.
