Report of Independent Auditors

The Plan Administrator
The Doctors Management Company 401(k) Savings Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of The Doctors Management Company 401(k) Savings Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits (modified cash basis) as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits (modified cash basis) for the year ended December 31, 2022, and the related notes (collectively referred to as the "financial statements").

Management, having determined it is permissible in the circumstances, has elected to have the audits of the financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2022 and 2021, and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with the modified cash basis of accounting described in Note 2.

- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Building a better working world

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Modified Cash Basis of Accounting

We draw attention to Note 2 to the financial statements, which describes the basis of accounting. The financial statements are prepared on the modified cash basis of accounting, which is a basis of accounting other than accounting principles generally accepted in the United States of America. Our opinion is not modified with respect to this matter.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with the modified cash basis of accounting as described in Note 2 and for determining that the modified cash basis of accounting is an acceptable basis for the preparation of the financial statements in the circumstances. Management also is responsible for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

A member firm of Ernst & Young Global Limited

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of the modified cash basis of accounting described in Note 2.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with the modified cash basis of accounting.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control related matters that we identified during the audit.

Other Matter

Supplemental Schedule Required by ERISA

The supplemental schedule (modified cash basis) of assets (held at end of year) as of December 31, 2022 (referred to as the "supplemental schedule"), is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and

other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

The Doctors Management Company 401(k) Savings Plan

Notes to Financial Statements
(Modified Cash Basis)

December 31, 2022

1. Description of the Plan

The following description of The Doctors Management Company 401(k) Savings Plan (the Plan) provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

General

The Plan was established on January 1, 1987. The Plan is a defined contribution plan covering eligible nonunion employees of The Doctors Management Company (the Employer), a wholly owned subsidiary of The Doctors Company, an Interinsurance Exchange. The Plan is available to those employees who are age 18 or older. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

The Plan is administered by the Employer. The Plan's trustee and recordkeeper are Fidelity Management Trust Company (FMTC) and Fidelity Investments Institutional Operations Company, Inc. (Fidelity), respectively.

Contributions are participant directed, and each participant may direct contributions and account transfers between various fund options. Additionally, participants are allowed to direct their plan assets into self-directed brokerage accounts (BrokerageLink) through Fidelity Investments. Through these accounts participants can buy and sell mutual funds, stocks, and bonds that are not available through the Plan.

Contributions

Participants may contribute up to 100% of their annual compensation and bonus subject to Internal Revenue Service (IRS) limitations.

The Employer makes matching contributions for the benefit of each participant equal to 200% of the participants' elective contribution, up to a maximum of 4% of each participant's compensation per pay period. In addition, the Employer contributes an additional 2% non-elective contribution to all eligible participants.

1. Description of the Plan (continued)

Participant Accounts and Forfeitures

Each participant's account is credited with the participant's and Employer's contributions and an allocation of (a) plan earnings and (b) forfeitures of terminated participant's nonvested accounts. Allocations are based on participants' compensation or account balances, as defined by the Plan.

Upon termination of employment, participants forfeit their non-vested balances. If a participant is rehired within a five-year period, the forfeited contributions are reinstated. Forfeited balances of terminated participants' non-vested accounts are used to (a) offset employer contributions (b) pay plan expense and (c) reallocated to participant accounts. Unallocated forfeited balances as of December 31, 2022, and 2021, were $28,161 and $21,802 respectively, which are included in the Cash Reserve Fund of FMTC. The 2022 forfeitures were $116,203 and forfeitures used to pay plan expenses for 2022 were $109,844.

Vesting

Participants are fully vested in their voluntary contributions plus actual earnings thereon. Non elective employer contributions are 100% vested immediately. Employer matching contributions vest as follows: an employee with more than one, two, three, four, and five years of service would be 20%, 40%, 60%, 80%, and 100% vested, respectively. In addition, benefits fully vest upon normal retirement, death, or permanent disability (while in the employment of the Employer), or upon termination of the Plan.

Participant Withdrawals

Withdrawals from the Plan are available upon termination of employment by the participant or upon the participant attaining age 59 1/2. Hardship withdrawals are also available to participants. Participants may elect to receive either a lump-sum amount equal to the vested account balance or a series of periodic payments over a selected term, as prescribed by the Plan.

Plan Termination

Although it has not expressed any intention to do so, the Employer has the right under the Plan to suspend, terminate, or completely discontinue contributions. In the event of plan termination, the full value of all participants' accounts would become fully vested and nonforfeitable.

1. Description of the Plan (continued)

Notes Receivable From Participants

Participants are allowed to obtain loans in an amount not to exceed the lesser of $50,000 or one-half of the participant's vested accrued benefit under the Plan. Interest rates on loans to participants ranged from 4.25% to 8.00%. These loans are to be repaid over 6 months to 5 years, or up to 15 years for the purchase of a primary residence, at the prime interest rate in effect on the date the loan was obtained and are fully collateralized by the participant's remaining vested account balance.

Expenses

Administrative expenses are payable by the Plan. The Employer can, at its discretion, elect to pay administrative expenses. The Plan paid the majority of such expenses in 2022.

Revenue Sharing

FMTC provides certain administrative services to the Plan pursuant to a Master Plan Services Agreement (MSA) between the plan administrator and FMTC. FMTC receives revenue from mutual fund and collective trust fund service providers for services FMTC provides to the funds. This revenue is used to offset certain amounts owed to FMTC for its administrative services provided to the Plan.

If the revenue received by FMTC from such mutual fund or collective trust fund service providers exceeds the amount owed under the MSA, FMTC remits the excess to the Plan's trust on a quarterly basis. Such amounts may be applied to pay plan administrative expenses or allocated to the accounts of participants. During 2022, the Plan received revenue credit deposits in the amount of $367,082, which has been recognized as other income. In the event that the Plan expenses exceed the amount available as described above, the Plan may make a payment to FMTC for administrative expenses not covered by sharing of the excess revenue.

2. Significant Accounting Policies

Basis of Accounting

The financial statements and supplemental schedule of the Plan are presented on the modified cash basis, which is a comprehensive basis of accounting other than U.S. generally accepted accounting principles (U.S. GAAP). Under this basis, investment assets are reported at fair value; investment income, including net realized and unrealized appreciation (depreciation) in fair value of investments, is recognized in the period incurred; contributions are recognized when received rather than earned; and benefits and expenses are recognized when paid rather than as incurred.

Use of Estimates

The preparation of financial statements on the modified cash basis requires management to make estimates that affect the amounts reported in the financial statements and accompanying notes and supplemental schedule. Actual results could differ from those estimates.

Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term, and such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Valuation of Investments

Accounting Standards Codification 820, *Fair Value Measurement* defines fair value, expands disclosure requirements, and specifies a hierarchy of valuation techniques. The following are the levels of the hierarchy and a brief description of the type of valuation information (inputs) that qualifies a financial asset for each level:

- Level 1 – Unadjusted quoted prices for identical assets or liabilities in active markets where the specific security is traded.

2. Significant Accounting Policies (continued)

- Level 2 – Inputs other than Level 1 that are based on observable market data. These include: quoted prices for similar assets in active markets, quoted prices for identical assets in inactive markets, inputs that are observable that are not prices (such as interest rates, credit risks, etc.), and inputs that are derived from, or corroborated by, observable markets. Financial models are often used to develop these prices.

- Level 3 – Developed from unobservable data, reflecting management's own assumptions

When quoted prices in active markets for identical assets are available, these quoted market prices are used to determine the fair value of financial assets and these assets are classified as Level 1, primarily common stocks. In other cases where a quoted market price for identical assets in an active market is either not available or not observable, fair value is estimated using valuation methodologies based on available and observable market information or by using a matrix pricing model. These financial assets would be classified as Level 2. If quoted market prices are not available, fair value is determined by using broker quotes or an internal analysis of each investment's financial statements and cash flow projections. In these instances, financial assets will be classified based upon the lowest level of input that is significant to the valuation. Thus, financial assets may be classified in Level 3 even though there may be some significant inputs that may be readily available.

The following is a description of the valuation methodologies used for financial assets measured at fair value, including the general classification of such assets pursuant to the valuation hierarchy.

Mutual funds – These are classified as Level 1 because quoted prices are available for these securities in an active market.

Common/collective trust funds and registered investment trusts – These assets are valued at net asset value (NAV) as a practical expedient as there is no readily determined fair value that the participant can access.

Other funds – These assets include the BrokerageLink Account, which comprises cash, money market funds, common stocks, exchange-traded funds and mutual funds, which are classified as Level 1 because quoted prices are available for these financial instruments.

2. Significant Accounting Policies (continued)

Distributions to Participants

Distributions to participants are recorded when paid.

3. Investments

All investment information disclosed in the accompanying financial statements and supplemental schedule, including investments held and notes receivable from participants at December 31, 2022 and 2021, and net appreciation (depreciation) in the fair value of investments, interest on notes receivable to participants and dividend and interest income for the year ended December 31, 2022, was obtained or derived from information supplied to the plan administrator and certified as complete and accurate by FMTC.

4. Fair Value Measurements

The following tables set forth by level, within the fair value hierarchy, the Plan's assets carried at fair value as follows:

	Assets at Fair Value			
	Total	**Quoted Prices in Active Markets for Identical Assets (Level 1)**	**Significant Other Observable Inputs (Level 2)**	**Significant Unobservable Inputs (Level 3)**

5. Tax Status

The underlying pre-approved plan has received an opinion letter from the IRS dated June 30, 2020, stating that the written form of the underlying pre-approved document is qualified under Section 401 of the Internal Revenue Code (the Code). Any employer adopting this form of the plan will be considered to have a plan qualified under Section 401 of the Code, and, therefore, the related trust is tax-exempt. Once qualified, the Plan is required to operate in conformity with the Code to maintain its qualified status. The plan administrator believes the Plan is being operated in compliance with the applicable requirements of the Code and, therefore, believes the Plan is qualified and the related trust is tax-exempt.

U.S. GAAP requires plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. Plan management has analyzed the tax positions taken by the Plan, and has concluded that there are no uncertain positions taken or expected to be taken. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

6. Party-In-Interest Transactions

Certain plan investments are shares of funds managed by FMTC or its affiliates. FMTC is the trustee as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions for which a statutory or administrative exemption exists.

7. Subsequent Events

Management evaluated subsequent events for the Plan through October 5, 2023, the date the financial statements were available to be issued.

Report of Independent Auditors

The Plan Administrator
The Doctors Management Company 401(k) Savings Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of The Doctors Management Company 401(k) Savings Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits (modified cash basis) as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits (modified cash basis) for the year ended December 31, 2022, and the related notes (collectively referred to as the "financial statements").

Management, having determined it is permissible in the circumstances, has elected to have the audits of the financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2022 and 2021, and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with the modified cash basis of accounting described in Note 2.

- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

A member firm of Ernst & Young Global Limited

Building a better working world

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Modified Cash Basis of Accounting

We draw attention to Note 2 to the financial statements, which describes the basis of accounting. The financial statements are prepared on the modified cash basis of accounting, which is a basis of accounting other than accounting principles generally accepted in the United States of America. Our opinion is not modified with respect to this matter.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with the modified cash basis of accounting as described in Note 2 and for determining that the modified cash basis of accounting is an acceptable basis for the preparation of the financial statements in the circumstances. Management also is responsible for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

A member firm of Ernst & Young Global Limited

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of the modified cash basis of accounting described in Note 2.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with the modified cash basis of accounting.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control related matters that we identified during the audit.

Other Matter

Supplemental Schedule Required by ERISA

The supplemental schedule (modified cash basis) of assets (held at end of year) as of December 31, 2022 (referred to as the "supplemental schedule"), is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and

A member firm of Ernst & Young Global Limited

other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

The Doctors Management Company 401(k) Savings Plan

Notes to Financial Statements
(Modified Cash Basis)

December 31, 2022

1. Description of the Plan

The following description of The Doctors Management Company 401(k) Savings Plan (the Plan) provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

General

The Plan was established on January 1, 1987. The Plan is a defined contribution plan covering eligible nonunion employees of The Doctors Management Company (the Employer), a wholly owned subsidiary of The Doctors Company, an Interinsurance Exchange. The Plan is available to those employees who are age 18 or older. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

The Plan is administered by the Employer. The Plan's trustee and recordkeeper are Fidelity Management Trust Company (FMTC) and Fidelity Investments Institutional Operations Company, Inc. (Fidelity), respectively.

Contributions are participant directed, and each participant may direct contributions and account transfers between various fund options. Additionally, participants are allowed to direct their plan assets into self-directed brokerage accounts (BrokerageLink) through Fidelity Investments. Through these accounts participants can buy and sell mutual funds, stocks, and bonds that are not available through the Plan.

Contributions

Participants may contribute up to 100% of their annual compensation and bonus subject to Internal Revenue Service (IRS) limitations.

The Employer makes matching contributions for the benefit of each participant equal to 200% of the participants' elective contribution, up to a maximum of 4% of each participant's compensation per pay period. In addition, the Employer contributes an additional 2% non-elective contribution to all eligible participants.

1. Description of the Plan (continued)

Participant Accounts and Forfeitures

Each participant's account is credited with the participant's and Employer's contributions and an allocation of (a) plan earnings and (b) forfeitures of terminated participant's nonvested accounts. Allocations are based on participants' compensation or account balances, as defined by the Plan.

Upon termination of employment, participants forfeit their non-vested balances. If a participant is rehired within a five-year period, the forfeited contributions are reinstated. Forfeited balances of terminated participants' non-vested accounts are used to (a) offset employer contributions (b) pay plan expense and (c) reallocated to participant accounts. Unallocated forfeited balances as of December 31, 2022, and 2021, were $28,161 and $21,802 respectively, which are included in the Cash Reserve Fund of FMTC. The 2022 forfeitures were $116,203 and forfeitures used to pay plan expenses for 2022 were $109,844.

Vesting

Participants are fully vested in their voluntary contributions plus actual earnings thereon. Non elective employer contributions are 100% vested immediately. Employer matching contributions vest as follows: an employee with more than one, two, three, four, and five years of service would be 20%, 40%, 60%, 80%, and 100% vested, respectively. In addition, benefits fully vest upon normal retirement, death, or permanent disability (while in the employment of the Employer), or upon termination of the Plan.

Participant Withdrawals

Withdrawals from the Plan are available upon termination of employment by the participant or upon the participant attaining age 59 1/2. Hardship withdrawals are also available to participants. Participants may elect to receive either a lump-sum amount equal to the vested account balance or a series of periodic payments over a selected term, as prescribed by the Plan.

Plan Termination

Although it has not expressed any intention to do so, the Employer has the right under the Plan to suspend, terminate, or completely discontinue contributions. In the event of plan termination, the full value of all participants' accounts would become fully vested and nonforfeitable.

1. Description of the Plan (continued)

Notes Receivable From Participants

Participants are allowed to obtain loans in an amount not to exceed the lesser of $50,000 or one-half of the participant's vested accrued benefit under the Plan. Interest rates on loans to participants ranged from 4.25% to 8.00%. These loans are to be repaid over 6 months to 5 years, or up to 15 years for the purchase of a primary residence, at the prime interest rate in effect on the date the loan was obtained and are fully collateralized by the participant's remaining vested account balance.

Expenses

Administrative expenses are payable by the Plan. The Employer can, at its discretion, elect to pay administrative expenses. The Plan paid the majority of such expenses in 2022.

Revenue Sharing

FMTC provides certain administrative services to the Plan pursuant to a Master Plan Services Agreement (MSA) between the plan administrator and FMTC. FMTC receives revenue from mutual fund and collective trust fund service providers for services FMTC provides to the funds. This revenue is used to offset certain amounts owed to FMTC for its administrative services provided to the Plan.

If the revenue received by FMTC from such mutual fund or collective trust fund service providers exceeds the amount owed under the MSA, FMTC remits the excess to the Plan's trust on a quarterly basis. Such amounts may be applied to pay plan administrative expenses or allocated to the accounts of participants. During 2022, the Plan received revenue credit deposits in the amount of $367,082, which has been recognized as other income. In the event that the Plan expenses exceed the amount available as described above, the Plan may make a payment to FMTC for administrative expenses not covered by sharing of the excess revenue.

2. Significant Accounting Policies

Basis of Accounting

The financial statements and supplemental schedule of the Plan are presented on the modified cash basis, which is a comprehensive basis of accounting other than U.S. generally accepted accounting principles (U.S. GAAP). Under this basis, investment assets are reported at fair value; investment income, including net realized and unrealized appreciation (depreciation) in fair value of investments, is recognized in the period incurred; contributions are recognized when received rather than earned; and benefits and expenses are recognized when paid rather than as incurred.

Use of Estimates

The preparation of financial statements on the modified cash basis requires management to make estimates that affect the amounts reported in the financial statements and accompanying notes and supplemental schedule. Actual results could differ from those estimates.

Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term, and such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Valuation of Investments

Accounting Standards Codification 820, *Fair Value Measurement* defines fair value, expands disclosure requirements, and specifies a hierarchy of valuation techniques. The following are the levels of the hierarchy and a brief description of the type of valuation information (inputs) that qualifies a financial asset for each level:

- Level 1 – Unadjusted quoted prices for identical assets or liabilities in active markets where the specific security is traded.

2. Significant Accounting Policies (continued)

- Level 2 – Inputs other than Level 1 that are based on observable market data. These include: quoted prices for similar assets in active markets, quoted prices for identical assets in inactive markets, inputs that are observable that are not prices (such as interest rates, credit risks, etc.), and inputs that are derived from, or corroborated by, observable markets. Financial models are often used to develop these prices.

- Level 3 – Developed from unobservable data, reflecting management's own assumptions

When quoted prices in active markets for identical assets are available, these quoted market prices are used to determine the fair value of financial assets and these assets are classified as Level 1, primarily common stocks. In other cases where a quoted market price for identical assets in an active market is either not available or not observable, fair value is estimated using valuation methodologies based on available and observable market information or by using a matrix pricing model. These financial assets would be classified as Level 2. If quoted market prices are not available, fair value is determined by using broker quotes or an internal analysis of each investment's financial statements and cash flow projections. In these instances, financial assets will be classified based upon the lowest level of input that is significant to the valuation. Thus, financial assets may be classified in Level 3 even though there may be some significant inputs that may be readily available.

The following is a description of the valuation methodologies used for financial assets measured at fair value, including the general classification of such assets pursuant to the valuation hierarchy.

Mutual funds – These are classified as Level 1 because quoted prices are available for these securities in an active market.

Common/collective trust funds and registered investment trusts – These assets are valued at net asset value (NAV) as a practical expedient as there is no readily determined fair value that the participant can access.

Other funds – These assets include the BrokerageLink Account, which comprises cash, money market funds, common stocks, exchange-traded funds and mutual funds, which are classified as Level 1 because quoted prices are available for these financial instruments.

2. Significant Accounting Policies (continued)

Distributions to Participants

Distributions to participants are recorded when paid.

3. Investments

All investment information disclosed in the accompanying financial statements and supplemental schedule, including investments held and notes receivable from participants at December 31, 2022 and 2021, and net appreciation (depreciation) in the fair value of investments, interest on notes receivable to participants and dividend and interest income for the year ended December 31, 2022, was obtained or derived from information supplied to the plan administrator and certified as complete and accurate by FMTC.

4. Fair Value Measurements

The following tables set forth by level, within the fair value hierarchy, the Plan's assets carried at fair value as follows:

	Assets at Fair Value			
	Total	**Quoted Prices in Active Markets for Identical Assets (Level 1)**	**Significant Other Observable Inputs (Level 2)**	**Significant Unobservable Inputs (Level 3)**

Total	$ 284,500			

5. Tax Status

The underlying pre-approved plan has received an opinion letter from the IRS dated June 30, 2020, stating that the written form of the underlying pre-approved document is qualified under Section 401 of the Internal Revenue Code (the Code). Any employer adopting this form of the plan will be considered to have a plan qualified under Section 401 of the Code, and, therefore, the related trust is tax-exempt. Once qualified, the Plan is required to operate in conformity with the Code to maintain its qualified status. The plan administrator believes the Plan is being operated in compliance with the applicable requirements of the Code and, therefore, believes the Plan is qualified and the related trust is tax-exempt.

U.S. GAAP requires plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. Plan management has analyzed the tax positions taken by the Plan, and has concluded that there are no uncertain positions taken or expected to be taken. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

6. Party-In-Interest Transactions

Certain plan investments are shares of funds managed by FMTC or its affiliates. FMTC is the trustee as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions for which a statutory or administrative exemption exists.

7. Subsequent Events

Management evaluated subsequent events for the Plan through October 5, 2023, the date the financial statements were available to be issued.

EY | Building a better working world

EY exists to build a better working world, helping to create long-term value for clients, people and society and build trust in the capital markets.

Enabled by data and technology, diverse EY teams in over 150 countries provide trust through assurance and help clients grow, transform and operate.

Working across assurance, consulting, law, strategy, tax and transactions, EY teams ask better questions to find new answers for the complex issues facing our world today.

EY refers to the global organization, and may refer to one or more, of the member firms of Ernst & Young Global Limited, each of which is a separate legal entity. Ernst & Young Global Limited, a UK company limited by guarantee, does not provide services to clients. Information about how EY collects and uses personal data and a description of the rights individuals have under data protection legislation are available via ey.com/privacy. EY member firms do not practice law where prohibited by local laws. For more information about our organization, please visit ey.com.
