Independent Auditors' Report

To the Administrative Committee of
RFC LLC
voestaltpine Roll Forming Corporation 401(k) Savings Plan
Shelbyville, Kentucky

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of voestaltpine Roll Forming Corporation 401(k) Savings Plan (Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of voestaltpine Roll Forming Corporation 401(k) Savings Plan's (Plan) financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of and for the year ended December 31, 2022 and 2021, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of voestalpine Roll Forming Corporation 401(k) Savings Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about voestalpine Roll Forming Corporation 401(k) Savings Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of voestalpine Roll Forming Corporation 401(k) Savings Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about voestalpine Roll Forming Corporation 401(k) Savings Plan ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

The supplemental schedule of Schedule of Assets (Held at End of Year) as of December 31, 2022, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

VOESTALPINE ROLL FORMING CORPORATION
401(k) SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS

Note 1. Plan Description

The following description of the voestalpine Roll Forming Corporation 401(k) Savings Plan provides only general information. Participants should refer to the plan document for a more complete description of the Plan's provisions.

General:

The Plan is a defined contribution plan covering substantially all employees of RFC LLC, RFC-Sharon LLC, voestalpine USA LLC, and voestalpine Automotive Components Cartersville LLC (Employers).

An employee's initial eligibility period in order to make contributions to the Plan and receive employer matching contributions is the consecutive two-month period from date of hire with no minimum hours of service requirement. Prior to April 1, 2019, the service requirement was 90-days. An employee's initial eligibility period in order to receive employer elective contributions is the consecutive twelve-month period, commencing on the date the employee first performs an hour of service in the year he/she completes 1,000 hours of service. An employee who has completed their eligibility period and attained age 18 shall become a participant as of the following: for employee and employer matching contributions – the first day of the month coinciding with or next following the date on which the employee meets the eligibility requirements; for employer elective contributions – the January 1 or July 1 immediately following the completion of the eligibility requirements. Prior to April 1, 2019, the eligibility requirement was 21 years of age. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions:

The Plan is funded by both discretionary employer and participant contributions. Participants may contribute up to 100 percent of pre-tax annual compensation as defined in the Plan. Unless an employee elects otherwise, an employee hired on or after January 1, 2008, will, upon completion of eligibility requirements, become a participant in the Plan, and the participant's contribution will be 1% of compensation. Effective January 1, 2022, all eligible employees (including those hired prior to January 1, 2008) who were not deferring an amount to the Plan, were automatically enrolled at 3% of compensation, unless the employee elected otherwise. The initial automatic deferral amount increases by 1% per year up to a maximum elective deferral of 6% of compensation.

NOTES TO FINANCIAL STATEMENTS

Participants are also eligible to make Roth deferral contributions to the Plan. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. Contributions are subject to certain Internal Revenue Service (IRS) limitations. Participants direct the investment of their contributions into various investment options offered by the Plan.

Other employer contributions of \$395,501 and \$184,730 are corrective contributions made by the Employers in 2023 and 2022, respectively, resulting from auto-escalation and contribution election deferral errors (omissions or issues) that occurred during 2022 and 2021, respectively.

The Employers, at the discretion of the Board of Directors, may contribute a match equal to a percentage of each participant's salary reduction contribution. This matching contribution, however, is subject to percentage limitations described in the plan summary provided to all employees. During the year ended December 31, 2021, the Employers matched 50 percent of participants' contributions up to 6% of participants' compensation deferred to the Plan.

Effective January 1, 2022, the Plan converted to a safe harbor plan. The employer matching contribution equals 100% of a participant's contributions that do not exceed 1% of participant compensation, plus 50% of the participant's contributions exceeding 1% but not 6% of the participant's compensation.

In addition, the Employers may make discretionary contributions to the Plan from their net profits for the year. This contribution is allocated to individual participant accounts using calculations based on each participant's compensation relative to the total compensation of all participants. There were no discretionary contributions from net profits for the years ended December 31, 2022 and 2021.

Participant accounts:

Each participant's account is credited with the participant's contributions and employers' matching contribution, as well as allocations of the employers' elective contribution from net profits and plan earnings. Allocations are based on participant earnings, compensation or account balances, as defined in the plan document. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Payment of benefits:

On termination of service due to death, disability or retirement, a participant may elect to receive either a lump sum amount equal to the value of the participant's vested interest in his or her account, or periodic monthly, quarterly or annual installments over a fixed period. For termination of service for other reasons, a participant may receive the value of the vested interest in his or her account as a lump sum distribution.

NOTES TO FINANCIAL STATEMENTS

Vesting:

Participants are immediately vested in all employee voluntary contributions and transition benefit contributions paid in 2005 to 2009 plus actual earnings thereon. Participants are also immediately vested in employer matching contributions made in years prior to and including 2021. Effective January 1, 2022, participants are 100% vested in employer safe harbor matching contributions after two years of service. Vesting in the employer discretionary profit sharing contribution portion of their accounts plus actual earnings thereon is based on years of continuous service according to the following schedule:

<u>Years of Service</u>	<u>% Vested</u>
Less than 2 years	0
2 years but less than 3 years	20
3 years but less than 4 years	40
4 years but less than 5 years	60
5 years but less than 6 years	80
6 years or more	100

Forfeited accounts:

At December 31, 2022 and 2021, forfeited non-vested accounts totaled \$4,225 and \$2,752, respectively. Forfeited amounts are used to reduce future employer matching contributions. In 2022 and 2021, \$26,595 and \$16,158 were used to reduce employer contributions, respectively.

Note 2. Summary of Significant Accounting Policies

This summary of significant accounting policies of the Plan is presented to assist in understanding the Plan's financial statements. The financial statements and notes are representations of the Plan's management who is responsible for the integrity and objectivity of the financial statements. These accounting policies conform to accounting principles generally accepted in the United States of America and have been consistently applied in the preparation of the financial statements.

Basis of accounting:

The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of estimates:

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

NOTES TO FINANCIAL STATEMENTS

Investment valuation and income recognition:

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Retirement Committee determines the Plan's valuation policies utilizing information provided by the investments advisers and trustee. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net depreciation/appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Excess contributions payable:

For 2022, excess contributions payable are corrective distributions made by the Employers in 2023 resulting from auto-escalation and contribution election deferral errors that occurred during 2022.

For 2021, amounts payable to participants for contributions in excess of amounts allowed by the IRS are recorded as a liability with a corresponding reduction to contributions. The Plan distributed the 2021 excess contributions to the applicable participants during the subsequent plan year.

Payment of benefits:

Benefits are recorded when paid.

Expenses:

Certain expenses of maintaining the Plan are paid directly by the Employers and are excluded from these financial statements. The Employers pay directly any other administrative expenses related to the Plan's operations.

Subsequent events:

The Plan has evaluated subsequent events through September 25, 2023, which is the date the financial statements were available to be issued.

Note 3. Certified Investments

Certain information related to investments disclosed in the accompanying financial statements and supplemental schedule, including investments held at December 31, 2022 and 2021, and net depreciation/appreciation in fair value of investments, interest and dividends for the years ended December 31, 2022 and 2021, was obtained or derived from information supplied to the plan administrator and certified as complete and accurate by Reliance Trust Company (the trustee of the Plan).

NOTES TO FINANCIAL STATEMENTS

Note 4. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy are described as follows:

- Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
- Level 2 – Inputs to the valuation methodology include: quoted prices for similar assets or liabilities in active or inactive markets; inputs other than quoted prices that are observable for the asset or liability; inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.
- Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Assets have been valued using a market approach. Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in methodologies used at December 31, 2022 and 2021.

Mutual funds – valued at the daily closing price as reported by the fund.

Common/collective trust funds – valued at the net asset value (NAV) of units held by the Plan at year end. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation method is appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

NOTES TO FINANCIAL STATEMENTS

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2022 and 2021:

	December 31, 2022	
	<u>Level 1</u>	<u>Total</u>
Mutual funds	<u>\$29,999,005</u>	\$29,999,005
Investments measured at net asset value:		
Common/collective trust fund		<u>4,817,717</u>
Total assets at fair value		<u>\$34,816,722</u>
	December 31, 2021	
	<u>Level 1</u>	<u>Total</u>
Mutual funds	<u>\$34,728,290</u>	\$34,728,290
Investments measured at net asset value:		
Common/collective trust fund		<u>4,353,568</u>
Total assets at fair value		<u>\$39,081,858</u>

Investments Measured Using Net Asset Value per Share Practical Expedient:

The common/collective trust fund has no unfunded commitments and can be redeemed daily, with no redemption notice period, without specific terms or conditions at the underlying investments' net asset value. The NAV is updated daily. The common/collective trust fund has an investment objective to maximize current income while maintaining principal.

Note 5. Income Tax Status

The Plan is a prototype plan offered by ADP, LLC. The ADP, LLC prototype plan obtained its latest opinion letter on October 6, 2020, in which the Internal Revenue Service (IRS) stated that the plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code. Although the Plan has been amended since receiving the opinion letter, the plan administrator and the Plan's tax counsel believe that the Plan is designed and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified, and the related trust is tax-exempt. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTES TO FINANCIAL STATEMENTS

Note 6. Plan Termination

Although it has not expressed any intent to do so, the Employers have the right under the Plan to discontinue their contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, the participants would become 100 percent vested in their employer contributions.

Note 7. Related Party and Party in Interest Transactions

Certain plan investments are units of a common/collective trust fund managed by Reliance Trust Company. Reliance Trust Company is the trustee and, therefore, these transactions qualify as party-in-interest transactions. Administrative fees paid to the trustee and record-keeper totaled \$161,867 and \$134,792 during 2022 and 2021, respectively.

Certain administrative functions are performed by officers or employees of the Employers. No officer or employee receives compensation from the Plan.

Note 8. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits.
