INDEPENDENT AUDITOR'S REPORT

To the Plan Sponsor and Management Committee of the
E Noa Corporation 401(K) Plan:

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the accompanying financial statements of the E Noa Corporation 401(K) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statements of net assets available for benefits – modified cash basis as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits – modified cash basis for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the E Noa Corporation 401(K) Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2022, stating that the certified investment information, as described in Note C to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with the modified cash basis of accounting.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the E Noa Corporation 401(K) Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with the modified cash basis of accounting, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the E Noa Corporation 401(K) Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the E Noa Corporation 401(K) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the E Noa Corporation 401(K) Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of the modified cash basis of accounting.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with the modified cash basis of accounting.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

The supplemental Schedule H, Line 4i, Schedule of Assets (Held at End of Year) – Modified Cash Basis as of and for the year ended December 31, 2022 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

E Noa Corporation 401(K) Plan

NOTES TO FINANCIAL STATEMENTS

NOTE A – DESCRIPTION OF PLAN

The E Noa Corporation 401(K) Plan was established on April 1, 1997 to enable eligible employees to save for retirement. The Plan is for the exclusive benefit of eligible employees of E Noa Corporation, the plan sponsor. The following is a description of the Plan that provides only general information. Participants should refer to the Plan agreement for a complete description of the Plan's provisions. The Plan sponsor operates on the Island of Oahu in the State of Hawaii.

General – The Plan is a salary deferral plan covering employees who are eligible to participate in the Plan after meeting the Plan's eligibility requirements. Employees must be at least 21 years of age to participate and must have completed at least three months of service. An employee may become a participant on the first day of the month following the completion of the eligibility requirements. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions – Participants may make pre-tax and after-tax salary contributions to the Plan up to the lesser of 50% of their eligible compensation or \$20,500 in 2022, adjusted annually for the cost of living. Plan participants over age 50 may defer additional catch-up contributions of \$6,500 in 2022. Employees may make rollover and transfer contributions. The Plan also accepts after-tax contributions. Participants are eligible for matching contributions only if they make deferral contributions. For the purpose of determining matching contributions for participants under the plan, employee contributions do not include age 50 and over catch-up contributions. For the year ended December 31, 2022 the Plan Sponsor funded a matching contribution of 25% of participant contributions up to 10% of participant compensation.

Participant accounts – Each participant's account is credited with the participant's contributions and the Company's contributions, plus an allocation based on participant earnings, administrative expenses, and the Plan's net earnings. The benefit to which a participant is entitled is the benefit that can be provided from the participant's account.

Vesting – Employer contributions made to participant accounts vest 25% after one year of full service, 75% after two years, and 100% after three years or more. Vesting is based on the elapsed time method and is the total of an employee's countable periods of service without regard to hours of service. Participant voluntary contributions and safe harbor contributions are always 100% vested.

Payment of benefits – The vested amount in each Participant's account is payable upon normal retirement, disability, death, or termination of the Plan by the plan sponsor. Participants may receive the entire value of their accounts in a single lump-sum payment or in periodic payments over their life expectancy. Participants may withdraw all or a portion of their contributions upon a showing of financial hardship and compliance with other restrictions in the Plan. At December 31, 2022 and 2021, net assets included vested benefits available for retired or terminated participants of \$744,578 and \$811,274, respectively.

Forfeitures – Forfeitures may first be used to pay plan administrative expenses. Forfeitures remaining after paying plan expenses are used to offset employer contributions. During the year ended December 31, 2022, \$3,241 in forfeitures were applied to offset plan expenses and employer contributions. As of December 31, 2022, the Plan had unapplied forfeitures of \$5,534.

Notes receivable from participants – Participants may borrow a minimum of \$500 up to 50% of the vested portion of their account balance, but not to exceed \$50,000. These loans must be repaid within five years, unless it is for the purchase of a participant's principal residence in which case the loan repayment may not extend beyond 30 years from the date of the loan. Loans are collateralized by the participant's account balance and bear interest at prevailing rates. Principal and interest is paid ratably through payroll deductions.

In service withdrawals – The following types of withdrawals are available under the Plan: withdrawals after the age of 59 ½; withdrawals after the age of 70 ½; withdrawals after normal retirement age, withdrawals of rollover contributions; and withdrawals for participants performing qualified military service.

Expenses – Certain expenses to maintain the Plan are paid by the Plan, unless otherwise paid by the Plan Sponsor. Expenses that are paid by the Plan Sponsor are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net change in investments.

NOTE B – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of accounting – The accompanying financial statements have been prepared on the modified cash basis of accounting, which is a comprehensive basis of accounting other than accounting principles generally accepted in the United States of America. Under the modified cash basis of accounting, certain additions to net assets and the related assets are recognized when received rather than when earned, and certain deductions from net assets are recognized when paid rather than when the obligation is incurred. This basis of accounting differs from generally accepted accounting principles primarily because the Plan has not recognized employee and employer contributions receivable and accounts payable to vendors, and their related effects on net assets in the accompanying financial statements.

The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Unrealized gains and losses are recognized as the fair value of the investments change. Benefits are recorded when paid. Financial instruments that potentially subject the Plan to credit risk include investments, which are fully insured. Future changes in market prices may make investments less valuable. Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Notes receivable from participants are collateralized by vested accrued benefits, accordingly, no allowance for uncollectible notes receivable is deemed necessary.

Use of Estimates – The preparation of financial statements in accordance with the modified cash basis of accounting requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements, and the reported amounts of revenue and expenses during the reporting period. Actual results could differ from those estimates, and it is at least reasonably possible that such differences will occur in the near-term.

Risks and Uncertainties – The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near-term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

NOTE C – INFORMATION PREPARED AND CERTIFIED BY TRUSTEE (UNAUDITED)

The following was certified as complete and accurate by the plan trustee as of December 31, 2022 and 2021:

The following was certified as complete and accurate by the plan trustee for the year ended December 31, 2022:

Total net asset value, beginning of year	\$3,330,529
Contributions	238,400
Net change in investments	(574,117)
Interest from notes receivable from participants	6,220
Benefits paid to participants	(535,346)

NOTE D – FAIR VALUE MEASUREMENTS (UNAUDITED)

The Plan records certain of its assets and liabilities at fair value. Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Fair value is measured using valuation techniques consistent with the market approach, income approach, and/or cost approach using observable and unobservable inputs that fall into three broad categories: Level 1 inputs are quoted market prices in active markets for identical assets or liabilities that the Plan has the ability to access at the valuation date; Level 2 inputs are other than quoted market prices included within Level 1 that are observable for the assets or liabilities either directly or indirectly; Level 3 inputs are unobservable inputs for the assets or liabilities and are used to the extent that observable inputs are not available. Observable inputs reflect assumptions market participants would use based on market data from sources independent of the Plan. Unobservable inputs reflect the Plan's own assumptions about the assumptions that market participants would use in pricing an asset or liability developed based on the best information available in the circumstances.

Registered investment companies (mutual funds) – valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the SEC. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Common-collective trusts – work and act much like mutual funds. Common-collective trust funds (also known as common trust funds) offer investors many of the same benefits as mutual funds, such as portfolio diversification, professional management, and investment flexibility. However, common-collective funds do not impose the same administrative fees and do not have some of the regulatory requirements that mutual funds do, and therefore, generally have lower operating expenses.

Interest-bearing cash – normally invested exclusively in U.S. Treasury securities, U.S. government agency securities, U.S. government agency mortgage securities (collectively "U.S. government securities"), and repurchase agreements collateralized by U.S. government securities. The Plan strives to maintain liquidity and preserve capital by carefully monitoring the maturity of investments. The fund's portfolio maintains a dollar-weighted average maturity of sixty days or less.

At December 31, 2022, the following Plan assets are measured at fair value on a recurring basis:

	Fair Value Measurement Hierarchy			2022
	Level 1	Level 2	Level 3	
Interest-bearing cash	\$ -	\$ 42,883	\$ -	\$ 42,883
Common-collective trusts	-	968,184	-	968,184
Registered investment companies	1,418,647	-	-	1,418,647
Investments at fair value	<u>\$1,418,647</u>	<u>\$1,011,067</u>	<u>\$ -</u>	<u>\$2,429,714</u>

At December 31, 2021, the following Plan assets are measured at fair value on a recurring basis:

NOTE E – ADMINISTRATION OF PLAN ASSETS

Reliance Trust Company serves as the Plan Trustee. ADP LLC serves as the Plan's custodian and record-keeper. The determination of the amount, timing, and type of contributions made to the trust fund is made by the plan sponsor. Certain administrative functions are performed by officers or employees of the plan sponsor, who receive no compensation from the plan.

NOTE F – TAX STATUS

In a letter dated October 6, 2020, the Internal Revenue Service issued a favorable determination to ADP, LLC indicating the Plan met the qualification requirements established by Section 401(a) of the Internal Revenue Code. The Plan adopted the Cares Act and Secure Act provisions and placed them into operation during the year ended December 31, 2020.

Generally accepted accounting principles require plan management to evaluate tax positions taken by the plan and recognize a tax liability if the organization has taken an uncertain tax position that more likely than not would not be sustained upon examination by the Internal Revenue Service, the U.S. Department of Labor, or other authorities. Management is not aware of uncertain tax positions required to be recognized and disclosed in the financial statements in accordance with generally accepted accounting principles. Interest and penalties, if any, are classified as income tax expense. The Plan's tax filings are open for examination by the taxing authorities, usually for three years after a return has been filed. Interest and penalties, if any, are classified as income tax expense.

NOTE G – TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, all participants will become 100% vested in their accounts.

NOTE H – RELATED-PARTY AND PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are held in common-collective trusts managed by Reliance Trust Company. Reliance Trust Company is the trustee as defined by the Plan, and therefore, these transactions qualify as party-in-interest transactions. The Plan did not pay Reliance Trust Company investment management fees for the year ended December 31, 2022.

ADP LLC is the custodian and record-keeper of the plan. The Plan paid ADP LLC fees of \$9,821 during the year ended December 31, 2022.

NOTE I – COVID-19

In February 2020, the impact of a world-wide pandemic due to COVID-19 severely slowed the economy of the United States of America, including Hawaii. E Noa Corporation did not experience any material near-term adverse effects on its operations or financial condition and is returning to pre-COVID-19 operations.

NOTE J – SUBSEQUENT EVENTS

The date to which events occurring after December 31, 2022, the date of the most recent statement of net assets available for benefits – modified cash basis, have been evaluated for possible adjustment to the financial statements or disclosure is the date of the auditor’s report, which is the date on which the financial statements were available to be issued.
