Hi-Temp Insulation
Savings and Retirement Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the accompanying financial statements of Hi-Temp Insulation Savings and Retirement Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statement of net assets available for benefits as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits for the year then ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of Hi-Temp Insulation Savings and Retirement Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from Empower Annuity Insurance Company of America as of and for the year ended December 31, 2022, and Reliance Trust Company as of December 31, 2021 stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Hi-Temp Insulation Savings and Retirement Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Hi-Temp Insulation Savings and Retirement Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Hi-Temp Insulation Savings and Retirement Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Hi-Temp Insulation Savings and Retirement Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedules Required by ERISA

The supplemental schedules of Schedule H Part IV Line 4i – Schedule of Assets (Held at End of Year) are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedules that agreed to or is derived from the

certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Hi-Temp Insulation Savings and Retirement Plan
Notes to the Financial Statements
As of December 31, 2022 and 2021
For the Year Ended December 31, 2022

1. Description of the Plan

The following description of the Hi-Temp Insulation Savings and Retirement Plan (the Plan) provides only general information. Participants should refer to the plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan established on January 1, 1986 under the provisions of Section 401(k) of the Internal Revenue Code. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Board of Trustees is responsible for oversight of the Plan. The Investment Committee determines the appropriateness of the Plan's investment offerings, monitors investment performance and reports to the Plan's Board of Trustees.

The Plan covers all eligible employees of Hi-Temp Insulation Inc. and Insulfab, Inc. through December 30, 2022. Effective December 31, 2021, Insulfab, Inc. was merged with Hi-Temp Insulation, Inc. Employees become eligible when they have reached age 18, have 60 days of credited service, are *not* covered under a collective bargaining agreement, and are *not* non-resident aliens, leased employees or interns. The Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan at 3% of compensation unless they affirmatively elect not to participate in the Plan. The Plan provides for dates of entry on January 1 and July 1 of each year.

Contributions

Participant contributions:

Each year, participants may contribute up to 90% of their annual pretax compensation or after-tax compensation as defined by the plan. Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan currently offers various mutual funds and insurance investment contracts as investment options for participants. Participants may not make annual contributions in excess of the government-imposed limit, which was \$20,500 during the year ended December 31, 2022. The government-imposed limit is increased to \$27,000 for participants who reach age 50 by year-end. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover), even if they are not yet eligible to make salary deferrals.

The Plan provides for automatic enrollment of eligible participants at a deferral rate of 3% of eligible compensation and their contribution invested in a designated balanced fund until changed by the participant.

Employer matching contributions:

The Board of Directors may make a discretionary matching contribution to the Plan each year. Participants must be 18 years of age, and have completed one year of service to receive an employer matching contribution of 50% of the first 6% of compensation.

During the year ended December 31, 2022, the employer matching contributions were \$552,502.

1. Description of the Plan (continued)

Employer discretionary profit-sharing contributions:

Each Plan year, the Board of Directors may make a discretionary profit-sharing contribution on behalf of participants who have reached age 18, completed one year of service, and are employees on the last day of the Plan year.

During the year ended December 31, 2022, the employer profit sharing contributions were \$1,000,000.

Participant accounts

Each participant's account is credited with the participant's contributions and Company matching contributions, as well as allocations of the Company's profit-sharing contribution and Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Investment options

Participants must direct their salary deferral contributions and their share of the Company's contributions into various investments as made available and determined by the Plan Administrator, which are more fully illustrated in the Plan's literature.

Vesting

Participants are immediately vested in their voluntary contributions plus actual earnings thereon. Vesting in the Company matching and discretionary profit-sharing contribution portion of their accounts plus earnings thereon is based on years of continuous service. A participant vests 20% after two years of credited service and by 20% for each year thereafter. Participants are 100% vested after six years of credited service. A participant is also fully vested upon death, total disability, or normal retirement.

Notes receivable from participants

Participants may borrow from their fund accounts up to a maximum equal to the lesser of \$50,000 or 50% of their account balance, whichever is less. These loans are secured by the balance in the participant's account and bear interest at the prime rate of interest plus 2%. Interest rate for all loans is 5.25% - 8.25%. Principal and interest are paid ratably through weekly payroll deductions.

Payment of benefits

Upon termination of service due to death, disability, retirement, or termination, a participant or the participant's beneficiary will receive the value of the vested account balance either in a lump-sum distribution or in equal installments over a period of not more than his or her life expectancy determined at the time of distribution. Hardship distributions are not allowed under the Plan. There is an automatic cash-out provision for participants with balances not exceeding \$5,000.

1. Description of the Plan (continued)

Forfeited accounts

At December 31, 2022 and 2021, forfeited nonvested accounts totaled \$215,396 and \$163,657, respectively. Forfeiture balances may be reallocated back to participants or can be used to offset employer contributions and/or plan administrative expenses. During the years ended December 31, 2022 and 2021, forfeiture balances were utilized as follows:

	2022	2021
Offset previous year employer profit sharing contribution	\$ -	\$ 68,000
Offset plan administrative expenses	906	39,602
	<u>\$ 906</u>	<u>\$ 107,602</u>

Subsequent to year-end, there were no forfeiture balances utilized as part of funding the 2022 employer profit-sharing contribution.

2. Summary of accounting policies

A summary of the significant accounting policies followed by the Plan in the preparation of the accompanying financial statements is as follows:

Basis of accounting

The accompanying financial statements have been prepared using the accrual basis of accounting in conformity with generally accepted accounting principles in the United States of America.

Investment valuation and income recognition

Investments are reported at fair value, except for fully benefit-responsive investment contracts, which are reported at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Investment Committee determines the Plan's valuation policies utilizing information provided by investment advisers, custodians, and insurance companies. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold, as well as held, during the year.

Notes receivable from participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are charged directly to the borrowing participant's account and are included in administrative expenses when incurred. As of December 31, 2022 and 2021, no allowance for credit losses has been recorded.

Hi-Temp Insulation Savings and Retirement Plan
Notes to the Financial Statements
As of December 31, 2022 and 2021
For the Year Ended December 31, 2022

2. Summary of accounting policies (continued)

Notes receivable from participants (continued)

If a participant does not make loan repayments and the plan administrator considers the participant loan to be in default, the loan balance is reduced, and the delinquent participant note receivable is recorded as a benefit payment based on the terms of the Plan document. At December 31, 2022, there was \$7,815 participant loans considered in default and recorded as benefit payments.

Payment of benefits

Benefits are recorded when paid.

Expenses

Certain expenses of maintaining the Plan are paid by the Company and are therefore excluded from these financial statements. Investment related expenses are included in net appreciation of fair value of investments. Fees for the administration of notes receivable from participants are included in administrative expenses and are charged directly to the participant's account.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Risks and uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

Subsequent events

The Plan has evaluated subsequent events through October 2, 2023, the date which the financial statements were available to be issued. There were no subsequent events noted that would require adjustment to or disclosure in these financial statements.

Hi-Temp Insulation Savings and Retirement Plan
Notes to the Financial Statements
As of December 31, 2022 and 2021
For the Year Ended December 31, 2022

3. Certified Investments

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and supplemental schedule, including investments and notes receivable from participants held at December 31, 2022 and 2021, and net appreciation in fair value of investments, interest, dividends and administrative expenses for the year ended December 31, 2022, was obtained or derived from information supplied to the plan administrator and certified as complete and accurate by Empower as of and for the year ended December 31, 2022, and Reliance Trust Company as of December 31, 2021.

4. Fair value measurements

The framework for measuring fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3).

The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level I – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the plan has the ability to access.

Level II – Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in active markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level III – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Hi-Temp Insulation Savings and Retirement Plan
Notes to the Financial Statements
As of December 31, 2022 and 2021
For the Year Ended December 31, 2022

4. Fair value measurements (continued)

Following is a description of the valuation methodology used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2022 and 2021.

- *Mutual funds*: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with SEC. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The following table sets forth by level, within the fair value hierarchy, the plan's assets at fair value as of December 31, 2022 and 2021:

	Level 1	Level 2	Level 3	Total
<i>December 31, 2022</i>				
Mutual funds	\$ 20,799,503	\$ -	\$ -	\$ 20,799,503
<i>December 31, 2021</i>				
Mutual funds	\$ 25,681,514	\$ -	\$ -	\$ 25,681,514

5. Guaranteed investment contract with insurance company

The Plan entered into a traditional fully benefit-responsive guaranteed investment contract with Great-West Life and Annuity Insurance Company (GW) in 2022 and Massachusetts Mutual Life Insurance Company (MM) in 2021. GW and MM maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

Because the guaranteed investment contract meets the criteria to be considered fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the guaranteed investment contract. The guaranteed investment contract is presented on the face of the statement of net assets available for benefits at contract value. Contract value, as reported to the Plan by GW and MM, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The contract value of the investment contract at December 31, 2022 and 2021, was \$17,885,719 and \$15,513,749, respectively. The crediting interest rate is based on a formula agreed upon with the issuer.

Certain events limit the Plan's ability to transact at contract value with GW and MM. Such events include the following: (a) amendments to the plan documents (including complete or partial plan termination or merger with another plan), (b) changes to the plan's prohibition on competing investment options or

5. Guaranteed investment contract with insurance company(continued)

deletion of equity wash provisions, (c) bankruptcy of the plan sponsor or other plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the plan, or (d) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. Furthermore, certain events would allow the issuer to terminate the contract with the Plan and settle at an amount different from contract value. Examples of such events include (a) an uncured breach of the Plan's investment guidelines, (b) a material amendment to the contract without the issuer's consent, (c) a violation of a material obligation under the contract, or (d) a material misrepresentation. The Plan administrator does not believe that any events that would limit the Plan's ability to transact at contract value with Plan participants or the issuer are probable of occurring.

The guaranteed investment contract does not permit the insurance company to terminate the agreement prior to the scheduled maturity date.

6. Plan termination

Although it has not expressed any intent to do so, the Company has the right under provisions of the Plan to discontinue its contributions at any time and terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants will become 100% vested in their accounts.

7. Related party transactions and party in interest transactions

Certain Plan investments are shares of mutual funds managed by Empower Annuity Insurance Company of America (Empower) in 2022 and Massachusetts Mutual Life Insurance Company (MM) in 2021. Empower and MM is the trustee as defined by the Plan, and therefore, these transactions qualify as party-in-interest transactions. Fees incurred by the Plan for the investment management services are included in net appreciation in the fair value of investments, because they are paid through revenue sharing rather than direct payment. The Plan or the Company may make a payment for administrative expenses not covered by revenue sharing.

8. Tax status

The IRS has determined and informed the Company by a letter dated June 30, 2020, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letter, the Plan administrator and the Plan's tax counsel believe that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified, and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the plan and recognize a tax liability if the plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.
