We had discussions with management regarding alternative accounting treatments within GAAP for policies and practices for material items, including recognition, measurement, and disclosure considerations related to the accounting for specific transactions as well as general accounting policies, as follows:

- No matters are reportable

Management Judgments & Accounting Estimates

Accounting estimates are an integral part of financial statement preparation by management, based on its judgments. Significant areas of such estimates for which we are prepared to discuss management's estimation process and our procedures for testing the reasonableness of those estimates include:

- Fair value of investments

Financial Statement Disclosures

The following areas involve particularly sensitive financial statement disclosures for which we are prepared to discuss the issues involved and related judgments made in formulating those disclosures:

- Investments – See above regarding the auditing procedures not performed as instructed by the Plan Administrator
- Fair value of investments and related disclosures

Our Judgment About the Quality of the Plan's Accounting Principles

During the course of the audit, we made the following observations regarding the Plan's application of accounting principles:

- No matters are reportable

Adjustments Identified by Audit

During the course of any audit, an auditor may propose adjustments to financial statement amounts. Management evaluates our proposals and records those adjustments that, in its judgment, are required to prevent the financial statements from being materially misstated.

A misstatement is a difference between the amount, classification, presentation, or disclosure of a reported financial statement item and that which is required for the item to be presented fairly in accordance with the applicable financial reporting framework.

- No matters are reportable

Proposed & Recorded Adjustments

Auditor-proposed and management-recorded entries include the following:

- No matters are reportable

Uncorrected Misstatements

- No uncorrected misstatements

Reportable Findings

During the course of the audit, we have identified the following reportable findings that are considered significant and relevant to those charged with governance over the Plan:

- Insufficient monitoring of the Plan's service organizations, including review of relevant SOC 1 reports
- Participant deferral change rate review through formal review of feedback files provided by Fidelity

See the "Required Communications Regarding Internal Control" that follows for more information on these reportable findings.

Other Material Communications

Listed below are other material communications between management and us related to the audit:

- Management representation letter (see Attachments)

Required Communications Regarding Internal Control (AU-C 265)

Consideration of Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements of the Spurs Sports & Entertainment 401(k) Plan as of and for the year ended December 31, 2022, in accordance with GAAS, we considered the Plan's internal control over financial reporting (internal control).

This consideration served as a basis for designing our audit procedures that are appropriate in the circumstance for the purpose of expressing our opinion on the financial statements.

However, this consideration was **not** for the purpose of expressing an opinion on the effectiveness of the Plan's internal control.

Accordingly, we do not express an opinion on the effectiveness of the Plan's internal control.

Our consideration of internal control was for the limited purpose described in the preceding paragraphs and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies and, therefore, material weaknesses or significant deficiencies may exist that were not identified.

This communication is intended solely for the information and use of the following and is not intended to be, and should not be, used by anyone other than these specified parties:

- The Investment Committee and Trustees
- Plan Management
- Others within the Plan

Categorizing Deficiencies by Severity

Deficiency

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect and correct misstatements on a timely basis.

Significant Deficiency

A significant deficiency is a deficiency, or combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Material Weakness

A material weakness is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that material misstatements of the Plan's financial statements will not be prevented or detected and corrected on a timely basis.

Identified Deficiencies

We identified certain deficiencies in internal control:

Deficiencies

- **SSAE 16 Review:** We noted in our walkthroughs of internal controls that there was no documentation of a review performed on the Fidelity SSAE 16 (SOC 1) report by Plan management. Review of the SOC 1 report is necessary to verify that controls are in place and operating effectively at the custodian level, as well as ensuring the proper user controls are in place at the plan sponsor level. We recommend a review process be implemented to consider any user control considerations outlined in the SOC 1 report and to ensure proper functioning of the custodian processes. This review can, but is not required to, be performed in conjunction with the review of the Plan's investments. We recommend that the person responsible for performing the review document the review by initialing the report or document the review in the Plan minutes to indicate the review was performed.
- **Participant Deferral Rate Change Review:** During our walkthrough procedures, we noted that while management reviews the feedback files for rate changes elected by participants, we noted there is no formal documentation kept for the review of participant contribution rate changes after those changes are made within the payroll system. We recommend management design and implement an automated system to process participant contribution rate changes within the payroll system or that management formally document the review and input of deferral rate changes manually made within the payroll system. In addition, we recommend management design and implement a process to regularly review participant contribution rate changes after such changes are processed to ensure participants are contributing at their elected rates in order to ensure proper deferrals are being remitted to the Plan.

Other Matter

Although not considered material weaknesses, significant deficiencies, or deficiencies in internal control over financial reporting, we also observed other matters and offer these comments and suggestions with respect to matters which came to our attention during the course of the audit of the financial statements. Our audit procedures are designed primarily to enable us to form an opinion on the financial statements and, therefore, may not bring to light all weaknesses in policies and procedures that may exist.

However, these other matters are offered as constructive suggestions for the consideration of management as part of the ongoing process of modifying and improving financial and administrative practices and procedures.

We can discuss these matters further at your convenience and may provide implementation assistance for changes or improvements:

- **SECURE 2.0 Guidance for Employee Benefit Plans:** The *Setting Every Community Up for Retirement Enhancement Act 2.0* was passed on December 29, 2022, known as “SECURE 2.0.” This legislation has a significant impact on individuals planning for retirement as well as plan administrators. Certain changes are effective in 2023, while other provisions are phased in over the next several years.

The undersigned ("We") are providing this letter in connection with FORVIS' audits of the financial statements of Spurs Sports & Entertainment 401(k) Plan (Plan) as of and for the years ended December 31, 2022 and 2021, and supplemental schedule as of December 31, 2022.

Our representations are current and effective as of the date of FORVIS' report: October 2, 2023.

Our engagement with FORVIS is based on our contract for services dated: April 27, 2023.

Our Responsibility & Consideration of Material Matters

We confirm that we are responsible for the fair presentation of the financial statements subject to FORVIS' report in conformity with accounting principles generally accepted in the United States of America and for the fair presentation of the accompanying supplemental schedule in conformity with the Department of Labor's (DOL) Rules and Regulations under the *Employee Retirement Income Security Act of 1974* (ERISA).

We are also responsible for adopting sound accounting policies; establishing and maintaining effective internal control over financial reporting, operations, and compliance; and preventing and detecting fraud.

We elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. We acknowledge that the audits did not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier, that is regulated, supervised and subject to periodic examination by a state or federal agency, a qualified institution, that prepared and certified the investment information in accordance with 29 CFR 2520.103-5 of the DOL Rules and Regulations for Reporting and Disclosure under ERISA. We have determined that an ERISA Section 103(a)(3)(C) audit is permissible under the circumstances. We have also determined that the investment information is prepared and certified by a qualified institution as described by 29 CFR 2520.103-8, that the certification meets the requirements in 29 CFR 2520.103-5 and, that the certified investment information is appropriately measured, presented, and disclosed in accordance with accounting principles generally accepted in the United States of America.

The purpose of an ERISA Section 103(a)(3)(C) audit is to express an opinion on whether the amounts and disclosures in the financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with generally accepted accounting principles and that the assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the certified investment information.

Certain representations in this letter are described as being limited to matters that are material. Items are considered material, regardless of size, if they involve an omission or misstatement of accounting information that, in light of surrounding circumstances, makes it probable that the judgment of a reasonable person relying on the information would be changed or influenced by the omission or misstatement. An omission or misstatement that is monetarily small in amount could be considered material as a result of qualitative factors.

We confirm, to the best of our knowledge and belief, the following:

13. We have complied with the DOL's regulations concerning the timely remittance of participant contributions and loan repayments.
14. As applicable, we have complied with the DOL's regulations concerning the services provider fee disclosures in accordance with Sec. 408(b)(2).
15. We understand the values of the assets and liabilities recorded in the financial statements could change rapidly, resulting in material future adjustments to investment values that could negatively impact the Plan. We acknowledge that you have no responsibility for future changes caused by the current economic environment and the resulting impact on the Plan's financial statements. Further, the Plan Sponsor is solely responsible for all aspects of managing the Plan, including questioning the quality and valuation of investments.
16. We have evaluated whether there are conditions or events known or reasonably knowable, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year of the date of this letter without consideration of potential mitigating effects of management's plans not yet fully implemented and concluded substantial doubt does not exist.

Another party is also a related party if it can significantly influence the management or operating policies of the transacting parties or if it has an ownership interest in one of the transacting parties and can significantly influence the other to an extent that one or more of the transacting parties might be prevented from fully pursuing its own separate interests.

 - b. We have established and monitored the performance of the nonattest services to ensure they meet our objectives.
 - c. We have made any and all decisions involving management functions with respect to the nonattest services and accept full responsibility for such decisions.

 - b. We believe the supplementary information is fairly presented, both in form and content, in accordance with relevant regulatory requirements or other applicable criteria, in material respects.
 - c. The methods of measurement and presentation of the supplementary information are unchanged from those used in the prior period, and we have disclosed to you any significant assumptions or interpretations underlying the measurement and presentation of the supplementary information.
 - d. We believe the significant assumptions or interpretations underlying the measurement and/or presentation of the supplementary information are reasonable and appropriate.
 - e. The supplemental information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

40. Significant estimates that may be subject to a material change in the near term have been properly disclosed in the financial statements. We understand that “near term” means the period within one year of the date of the financial statements. - a. The underlying assumptions are reasonable, and they appropriately reflect management’s intent and ability to carry out its stated course of action.

- e. There are no subsequent events that require adjustments to the fair value measurements and disclosures included in the financial statements.

Investments

- 42. Equity securities are properly measured at fair value, or for those investments without a readily determinable fair value, the investments are recorded using the net asset value (NAV) per share.

SECURE Act 2.0

The *Setting Every Community Up for Retirement Enhancement Act 2.0* was passed on December 29, 2022. Better known as “**SECURE 2.0**”, this sweeping legislation has a significant impact on individuals planning for retirement as well as plan administrators. Certain changes are effective in 2023 while other provisions are phased in over the next several years.

Nearer term provisions of the SECURE 2.0 Act impacting qualified retirement plans:

- **Student Loan Payments & Matching Contributions** – In an effort to allow those paying down student debt to also save for retirement, the SECURE 2.0 Act allows an employee to receive available matching contributions by way of paying down student loan debt. Employers are permitted to make matching contributions under 401(k), 403(b) or SIMPLE IRAs with respect to “qualified student loan payments.” This provision will generally begin in 2024.
- **Elimination of Required Minimum Distributions (RMDs) for Roth 401(k) Plans** – Roth 401(k) owners will no longer be required to take RMDs from those accounts beginning in 2024. Roth IRAs continue to have no RMD requirements.
- **Early Withdrawals** – Currently, withdrawals from retirement plans prior to age 59 ½ are subject to a 10% penalty on top of any income tax due on the withdrawal. Starting in 2024, the legislation allows for certain exceptions (with limitations) to be exempt from the additional penalty:
 - Terminally ill account holders (some administrative questions are an issue including if self-certification is allowed)
 - Domestic abuse survivors (self-certification allowed)
 - Payment of specific types of long-term care policy premiums
 - Survivors of federally declared disasters
- **Increase in Mandatory Cash Out Limit** – Effective in 2024, the mandatory cash out amount will increase from \$5,000 to \$7,000. This is an optional provision but should help employers manage the number of terminated participants in the plan.
- **Roth Employer Matching Contributions** – Participants may now elect for their employer matching contributions to be on a Roth basis. There are many procedural questions regarding the administrative challenges of updating payroll systems to handle the payroll tax implications of this type of arrangement. This provision is effective in 2024.
- **Roth Catch Up Contributions** – Beginning in 2024, certain highly-compensated employees will be required to have their catch-up contributions classified as Roth contributions.

- **Employee Self-Certification of Hardships** – Participants are allowed to self-certify their hardship to qualify for a hardship withdrawal. This provision is effective for plan years beginning after the date of the enactment of SECURE 2.0.
- **Emergency Savings Provision** – One of the most impactful changes is the provision that is effective January 1, 2024, which allows employers to establish retirement plan linked emergency savings accounts for non-highly compensated employees. Employers will be able to automatically enroll participants up to a 3% participant Roth contribution (maximum limit of \$2,500). Employers could elect to set the maximum contribution at a lower dollar amount. Employers may also match the contributions (subject to the same \$2,500 cap); however, those contributions would have to flow into their retirement account and not the account for the emergency fund. Participants are limited to four withdrawals within a calendar plan year. Upon separation of service, the benefits are not taxable given their Roth nature.
- **Improved Self Correction of Auto Enrollment Errors** – Starting in 2024, plan sponsors are given more flexibility to correct errors. Plan management will have up to 9.5 months after the end of the year when the error occurred to correct the issue. The update also extends to auto-increase provisions as well.
- **De Minimis Financial Incentives** – Employers can incentivize participants to enroll in retirement plans with gift cards. Employers will need to assess the impact of the incentives on their plan's definition of eligible compensation. This feature is essentially effective in 2023.

Provisions of the SECURE 2.0 Act that impact plan sponsors further down the road (2025 or later):

- **Increased Catch Up Contributions for ages 60-63** – Beginning in 2025, older 401(k) and 403(b) plan participants will be able to contribute more to their plan in the nature of catch up contributions. The amount will be limited to \$10,000 or half of the catch up limit for that applicable year. The catch-up contribution limit in 2023 for all other 401(k) and 403(b) participants over age 50 is \$7,500.
- **Auto Enrollment / Auto Increase Required for New Plans** – Starting in 2025, new 401(k) and 403(b) plans will be required to automatically enroll new participants in a range of 3-10%, including an auto-increase provision of 1% per year up to a cap of 10-15%. **Existing plans as well as smaller employers will be grandfathered and not required to make this change.**
- **Department of Labor (DOL) System for Lost Participants** – The DOL is essentially establishing a database for plan participants who have lost track of their retirement savings at various employers to identify the contact person at the applicable plan sponsor or third-party administrator. The goal is for this system to be up and running by the end of 2024.
- **Long-Term Part-Time (LTPT) Employee Participation** – As a follow up to the initial SECURE legislation, the LTPT guidance has been reduced from 3 years of having 500 hours of service to two years. As this provision only applies to employee deferrals, many employers may loosen up their eligibility requirement but will also need to assess certain excludable employees and whether they should be included as a plan participant.

This legislation is expected to create an additional burden on those in human resources to determine the additional administrative requirements triggered by this Act. Plan amendments generally need not be made until the end of the first plan year beginning on or after January 1, 2025. We would encourage you to consult with your third-party administrator and/or your ERISA legal counsel to amend your plan appropriately for this legislation.

Independent Auditor's Report

Investment Committee and Trustees
Spurs Sports & Entertainment 401(k) Plan
San Antonio, Texas

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Spurs Sports & Entertainment 401(k) Plan (Plan), an employee benefit Plan subject to the *Employee Retirement Income Security Act of 1974* (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2022 and 2021, and for the year ended December 31, 2022, stating that the certified investment information, as described in *Note 3* to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audits of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audits of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that these financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audits of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter – Supplemental Schedule Required by ERISA

The supplemental schedule listed in the table of contents is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Spurs Sports & Entertainment 401(k) Plan

Notes to Financial Statements

December 31, 2022 and 2021

Note 1: Description of the Plan

General

The following description of Spurs Sports & Entertainment 401(k) Plan (Plan) provides only general information. Participants should refer to the Plan Document for a more complete description of the Plan's provisions.

The Plan is a defined contribution plan covering all eligible employees, as defined, of Spurs Sports & Entertainment (Plan Sponsor) who have completed six months of service. The Plan also includes certain related participating employers as detailed in the Plan Document. It is subject to the provisions of the *Employee Retirement Income Security Act of 1974* (ERISA).

Contributions

Employer contributions to the Plan consist of matching contributions and elective contributions made annually at the discretion of the Plan Sponsor's board of directors.

The Plan Document includes an automatic deferral feature whereby a participant is treated as electing to defer 4% of eligible compensation unless the participant made an election otherwise and increase by 1% each year to a maximum of 10%.

Participants may elect to defer a portion of their compensation by an amount that does not exceed the maximum allowed under Internal Revenue Service (IRS) rules and regulations.

Each year, participants may contribute up to 100% of pre-tax compensation, as defined in the Plan. Participants may also contribute amounts representing distributions from other qualified defined-benefit or defined-contribution plans. Participants aged 50 or older by December 31st are eligible to contribute additional "catch-up" contributions up to the limits prescribed by the Internal Revenue Code (IRC). The Plan Sponsor makes matching contributions up to 3% of gross compensation with a limit of \$6,000 per participant.

Participant Investment Account Options

Investment account options available include various funds. Each participant has the option of directing his or her contributions into any of the separate investment accounts and may change the allocation daily.

Participant Accounts

Each participant's account is credited with the participant's contribution, the Plan Sponsor's contribution and Plan earnings and is charged with an allocation of certain administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Notes to Financial Statements

December 31, 2022 and 2021

Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Plan Sponsor's contributions is based on years of continuous service. A participant is 100% vested after three years of credited service, or upon the death or disability of the participant.

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum of \$50,000 or 50% of their vested account balance, whichever is less. The loans are secured by the balance in the participant's account and bear a fixed interest rate set by the Plan Investment Committee. The interest rate is based on a commercially reasonable rate at the time the loan was made. The maximum repayment period is generally five years unless the proceeds from the loan are used toward the purchase of the participant's principal residence. Repayments are made through payroll deductions.

Payment of Benefits

Upon termination of employment, death, disability, or retirement, a participant will receive a lump-sum amount equal to the value of the participant's vested interest in their account. Any balance equal to or less than \$1,000 is automatically paid out in cash. Balances between \$1,000 and \$5,000 are automatically rolled over to another individual retirement plan designated by the Plan Administrator.

Hardship withdrawals are available to Plan participants upon approval, subject to certain limitations.

Forfeited Accounts

At December 31, 2022 and 2021, forfeited nonvested accounts totaled \$61,060 and \$238,811, respectively. Participant forfeitures of nonvested contributions can be used to pay administrative expenses incurred by the Plan or used to reduce employer contributions. Approximately \$23,600 in forfeitures were used to pay administrative expenses and approximately \$190,500 in forfeitures were used to reduce employer contributions for the year ended December 31, 2022.

Note 2: Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

Investment Valuation and Income Recognition

Quoted market prices, if available, are used to value investments. Mutual funds are valued at the net asset value (NAV) of shares held by the Plan at year-end. Investment in the money market fund is stated at the NAV of the underlying investment.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are reported at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan Document. Loans that have no post default payments are recorded as distributions and are not reflected in net assets available for benefits.

Payment of Benefits

Benefit payments to participants are recorded upon distribution.

Administrative Expenses

Administrative expenses may be paid by the Plan Sponsor or the Plan at the Plan Sponsor's discretion.

Note 3: Certification of Plan Custodian

The Plan Administrator has elected the method of annual reporting compliance permitted by ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Fidelity Management Trust Company, a qualified institution, has certified that the following investment information included in the accompanying financial statements and ERISA-required supplemental schedule is complete and accurate:

- Investments and notes receivable from participants as shown in the statements of net assets available for benefits as of December 31, 2022 and 2021
- Investment income (loss) and interest income from notes receivable from participants as shown in the statement of changes in net assets available for benefits for the year ended December 31, 2022
- Investment information and notes receivable from participants included in the accompanying schedule of assets (held at end of year) as of December 31, 2022

The Plan's independent auditors did not perform auditing procedures with respect to this certified investment information, except for comparing such certified information to the related investment information included in the financial statements and ERISA-required supplemental schedule.

Note 4: Related-Party and Party-in-Interest Transactions

Party-in-interest transactions include those with fiduciaries or employees of the Plan, any person who provides services to the Plan, an employer whose employees are covered by the Plan, an employee organization whose members are covered by the Plan, a person who owns 50% or more of such an employer or employee association, or relatives of such persons.

Certain Plan investments are shares of registered investment companies managed by Fidelity Management Trust Company (Fidelity). Fidelity is the custodian, as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions.

The Plan paid \$60,280 of recordkeeping fees to Fidelity during 2022. The Plan Sponsor provides certain administrative services at no cost to the Plan.

Notes to Financial Statements

December 31, 2022 and 2021

Note 5: Disclosures About Fair Value of Plan Assets

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Fair value measurements must maximize the use of observable inputs and minimize the use of unobservable inputs. The hierarchy comprises three levels of inputs that may be used to measure fair value:

- Level 1** Quoted prices in active markets for identical assets
- Level 2** Observable inputs other than Level 1 prices, such as quoted prices for similar assets; quoted prices in markets that are not active; or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets
- Level 3** Unobservable inputs that are supported by little or no market activity and that are significant to the fair value of the assets

Recurring Measurements

The following tables present the fair value measurements of assets recognized in the accompanying statements of net assets available for benefits measured at fair value on a recurring basis and the level within the ASC 820, *Fair Value Hierarchy* in which the fair value measurements fall at December 31, 2022 and 2021:

December 31, 2022				
Fair Value Measurements Using				
	Fair Value	Quoted Prices in Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobserv- able Inputs (Level 3)
Money market fund	\$ 898,143	\$ 898,143	\$ -	\$ -
Mutual funds	35,810,418	35,810,418	-	-
Investments at fair value	<u>\$ 36,708,561</u>	<u>\$ 36,708,561</u>	<u>\$ -</u>	<u>\$ -</u>

Spurs Sports & Entertainment 401(k) Plan

Notes to Financial Statements

December 31, 2022 and 2021

December 31, 2021				
Fair Value Measurements Using				
	Fair Value	Quoted Prices in Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobserv- able Inputs (Level 3)
Money market fund	\$ 1,200,610	\$ 1,200,610	\$ -	\$ -
Mutual funds	41,762,066	41,762,066	-	-
Investments at fair value	<u>\$ 42,962,676</u>	<u>\$ 42,962,676</u>	<u>\$ -</u>	<u>\$ -</u>

Following is a description of the valuation methodologies and inputs used for assets measured at fair value on a recurring basis and recognized in the accompanying statements of net assets available for benefits, as well as the general classification of such assets pursuant to the valuation hierarchy. There have been no changes in the methodologies used at December 31, 2022 and 2021.

Investments

Where quoted market prices are available in an active market, securities are classified within Level 1 of the valuation hierarchy. If quoted market prices are not available, then fair values are estimated by using quoted prices of securities with similar characteristics or independent asset pricing services and pricing models, the inputs of which are market-based or independently sourced market parameters, including, but not limited to, yield curves, interest rates, volatilities, prepayments, defaults, cumulative loss projections, and cash flows. Such securities are classified in Level 2 of the valuation hierarchy. In certain cases where Level 1 or Level 2 inputs are not available, securities are classified within Level 3 of the hierarchy. The Plan does not have any Level 2 or Level 3 securities.

Note 6: Plan Termination

Although it has not expressed any intent to do so, the Plan Sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their employer contributions.

Spurs Sports & Entertainment 401(k) Plan

Notes to Financial Statements

December 31, 2022 and 2021

Note 7: Tax Status

The Plan operates under a prototype nonstandardized adoption agreement sponsored by Fidelity. This prototype plan document has an opinion letter dated June 30, 2020. The Plan has not obtained or requested a determination letter; however, the Plan Administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code and that the Plan was qualified and the related trust was tax-exempt as of the financial statement date.

Note 8: Risks and Uncertainties

The Plan may invest in various types of investments. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investments, it is at least reasonably possible that changes in the value of investments will occur in the near term and that such changes could materially affect the amounts reported in the statements of net assets available for benefits.

Note 9: Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements at December 31, 2022 and 2021, to Form 5500:

	<u>2022</u>	<u>2021</u>
Net assets available for benefits per the financial statements	\$ 37,172,497	\$ 43,396,719
