To the Audit Committee and Plan Participants of NI Holdings, Inc. Employee Stock Ownership Plan

Opinion

We have audited the financial statements of the NI Holdings, Inc. Employee Stock Ownership Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), which comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

In our opinion, the accompanying financial statements present fairly, in all material respects, the net assets available for benefits of the Plan as of December 31, 2022 and 2021, and the changes in its net assets available for benefits for the years then ended, in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting in error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedule of assets (held at end of year) as of December 31, 2022, is presented for the purpose of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of the Plan's management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion, the information in the accompanying schedule is fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosing under ERISA.

NI Holdings, Inc. Employee Stock Ownership Plan
Notes to Financial Statements
December 31, 2022 and 2021

1. Basis of Financial Statement Presentation

The NI Holdings, Inc. Employee Stock Ownership Plan (the “ESOP” or the “Plan”), established 2017, is a defined contribution plan and is sponsored by NI Holdings, Inc. (“NI Holdings”, the “Company”, or the “Employer”).

The accompanying financial statements have been prepared on the accrual basis of accounting and present the net assets available for benefits and changes in those net assets.

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America (“GAAP”) requires the plan administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of additions and deductions in net assets available for benefits during the reporting period. Actual results could differ significantly from those estimates.

2. Summary of Significant Accounting Policies

Investments:

The ESOP only holds investments in the Company’s common stock, which is traded on NASDAQ under the ticker symbol “NODK”. NI Holdings, Inc. common stock is recorded at quoted market values.

Investment Valuation and Income Recognition:

The shares of Company common stock are reported at fair value. See Note 4 for a discussion of the fair value measurements. Dividend income is accrued on the ex-dividend date. Purchases and sales of securities are recorded on a trade-date basis. Realized gains and losses from security transactions are reported on the average cost method. Net appreciation or depreciation includes the Plan’s gains and losses on investments bought and sold as well as held during the year.

Distributions to Participants:

Distributions to participants are recorded when paid. Distributions of a participant’s account shall be made in whole shares of Company stock and cash. Participants may elect to have their entire account balance distributed in cash. The value of Company shares distributed in cash shall be equal to the fair market value multiplied by the number of shares credited to the participant’s account, using the closing market price coinciding with or immediately preceding the date of the distribution.

Diversification Election:

A participant who has attained age 55 and completed at least ten years of participation in the ESOP may elect to transfer up to twenty-five percent of the participant’s interest in the ESOP to the applicable NI Holdings, Inc. or Affiliate 401(k) Plan, which permits participants to make investment elections outside of the Company’s common stock.

3. Description of Plan

The following summary of the Plan provides general information only. Participants should refer to the plan agreement for a more complete description of the Plan’s provisions.

General:

The Company has established an Employee Stock Ownership Plan. The ESOP is intended to be an employee stock ownership plan within the meaning of Internal Revenue Code Section 4975(e)(7) and will invest solely in common stock of the Company.

In connection with the Company's initial public offering on March 13, 2017, Nodak Insurance Company ("Nodak Insurance") loaned \$2.4 million (the "ESOP loan") to the ESOP's related trust (the "ESOP Trust"). The ESOP loan will be for a period of ten years and bears interest at the long-term Applicable Federal Rate effective on the closing date of the offering (2.79% annually). The ESOP Trust used the proceeds of the loan to purchase 240,000 shares of NI Holdings common stock in the initial public offering, which results in the ESOP Trust owning approximately 1.0% of the Company's authorized shares. The ESOP has purchased the shares for investment and not for resale.

The shares purchased by the ESOP Trust in the offering are held in a suspense account as collateral for the ESOP loan. The shares held in the ESOP's suspense account are not considered outstanding for earnings per share purposes. Nodak Insurance will make semi-annual cash contributions to the ESOP in amounts no smaller than the amounts required for the ESOP Trust to make its loan payments to Nodak Insurance. While the ESOP makes two loan payments per year, a pre-determined portion of the shares will be released from the suspense account and allocated to participant accounts at the end of the calendar year. This release and allocation will occur on an annual basis over the ten-year term of the ESOP loan. Nodak Insurance will have a lien on the shares of common stock of the Company held by the ESOP to secure repayment of the loan from the ESOP to Nodak Insurance. If the ESOP is terminated as a result of a change in control of the Company, the ESOP may be required to pay the costs of terminating the plan.

It is anticipated that the only assets held by the ESOP will be shares of the Company's common stock. Participants in the ESOP cannot direct the investment of any assets allocated to their accounts. The ESOP participants are employees of Nodak Insurance. The employees of Tri-State, Ltd., a wholly owned direct subsidiary of Nodak Insurance, do not participate in the ESOP. Employees of Direct Auto Insurance Company and Westminster American Insurance Company, wholly owned subsidiaries of NI Holdings, Inc., also do not participate in the ESOP.

Each employee of Nodak Insurance will automatically become a participant in the ESOP if such employee is at least 21 years old, has completed a minimum of one thousand hours of service with Nodak Insurance, and has completed an Eligibility Computation Period. Employees are not permitted to make any contributions to the ESOP. Participants in the ESOP will receive annual reports from the Company showing the number of shares of common stock of the Company allocated to the participant's account and the market value of those shares. The shares are allocated to participants based on compensation as provided for in the Plan.

The basis of the common shares was set at \$10.00 per share as part of the initial public offering. As shares are released from the ESOP, an investment gain or loss is realized on the difference between the market value and the cost.

The Company recognized a total capital loss on investment of \$1,312,937 for the year ended December 31, 2022, consisting of a realized capital loss on investment of \$15,800 and an unrealized capital loss on investment of \$1,297,137. The Company recognized a total capital gain on investment of \$593,098 for the year ended December 31, 2021, consisting of a realized capital gain on investment of \$9,183 and an unrealized capital gain on investment of \$583,915.

During 2022, 24,315 ESOP shares previously declared during 2021 were allocated to participants. At the end of 2022, an additional 24,315 ESOP shares were declared to be allocated to participants, with a remainder of 94,110 unearned ESOP shares in suspense at December 31, 2022. Of those shares previously allocated to participants, 4,515 ESOP shares and 3,231 ESOP shares were sold or forfeited during the years ended December 31, 2022, and 2021, respectively.

Using the Company's year-end market price of \$13.27 at December 31, 2022, the fair value of the remaining allocated ESOP shares was \$1,803,093 and the fair value of the unearned ESOP shares was \$1,248,860, for a total fair value of \$3,051,953.

Administrative Expenses:

Substantially all expenses of maintaining the Plan are paid by the Company.

Contributions:

All contributions to the ESOP are made by the Company. Participants cannot make additional contributions nor direct the investment of any assets allocated to their accounts. There are no provisions which allow for loans to participants.

Allocations:

The Plan intends to allocate shares to participants annually at the end of each year. At December 31, 2022, 24,315 ESOP shares were approved for allocation and distributed to participant accounts in early 2023.

During 2022, 24,315 shares previously declared but not allocated as of December 31, 2021, were allocated to participant accounts. During 2021, 24,315 shares previously declared but not allocated as of December 31, 2020, were allocated to participant accounts.

Vesting:

Each participant shall have a vested interest in their participant account, if any, in accordance with the following vesting schedule:

Years of Service	Vested Percentage
0-1 years of service	0%
1 year of service	20%
2 years of service	40%
3 years of service	60%
4 years of service	80%
5 or more years of service	100%

A participant whose employment terminates on or after their normal retirement date shall be 100% vested. A participant whose employment terminates on account of death or disability shall be 100% vested.

Forfeitures:

If, prior to being 100% vested, a participant terminates employment for a reason other than death, disability, or attainment of normal retirement date, then the non-vested portion of the participant's account will be forfeited.

Dividends:

At the Company's discretion, any cash dividends on allocated shares may (i) be used to pay the principal and/or interest of the ESOP loan, (ii) be paid to participants as cash, (iii) be paid directly to participant accounts, or (iv) be distributed or reinvested in Company stock pursuant to a participant or beneficiary election.

Any cash dividends on unallocated shares shall be applied first to repay the principal and interest on the ESOP loan. After the payment of the principal and interest on the ESOP loan, any remaining cash dividends on Company stock may be used, at the Company's discretion, to purchase Company stock or to be allocated to participants' accounts.

The Company has not declared or paid any dividends on its common stock since the inception of the Plan.

Distributions:

In the event of a participant's termination from employment for any reason, a participant shall be entitled to a distribution of all amounts that are credited to the participant's account. Upon the death of a participant, all amounts credited to the participant's account shall be distributed to the participant's beneficiary. Distributions shall be made as soon as administratively feasible.

Participant Accounts:

The Plan is a defined contribution plan under which a separate individual account is established for each participant. Each participant's account is credited as of the last day of each Plan year with an allocation of shares of the Company's common stock released by the trustee from the unallocated account and forfeitures of terminated participant's non-vested accounts. Only those participants who are eligible employees of the Company as of the last day of the Plan year will receive an allocation. Allocations are based on a participant's eligible compensation, relative to total eligible compensation. Plan earnings are allocated to each participant's account based on the ratio of the participant's account balance.

Voting Rights:

Each participant is entitled to exercise voting rights attributable to the shares allocated to his or her account and is notified by the trustee prior to the time that such rights are to be exercised. The trustee is not permitted to vote any allocated share for which instructions have not been given by a participant. The trustee is required, however, to vote any unallocated shares on behalf of the collective best interests of Plan participants and beneficiaries.

4. Fair Value Accounting

The Financial Accounting Standards Board (the “FASB”) issued guidance that establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level I) and the lowest priority to unobservable inputs (Level III). The three levels of the fair value hierarchy are described below:

Level I – Quoted price (unadjusted) in active markets for identical assets and liabilities.

Level II – Quoted prices in markets that are not active or inputs that are observable either directly or indirectly. Level II inputs include quoted prices for similar assets or liabilities other than quoted in prices in Level I, quoted prices in markets that are not active, or other inputs that are observable or can be derived principally from or corroborated by observable market data for substantially the full term of the assets or liabilities.

Level III – Unobservable inputs that are supported by little or no market activity and are significant to the fair value of the assets or liabilities. Unobservable inputs reflect the reporting entity’s own assumptions that market participants would use in pricing the asset or liability. Level III assets and liabilities include financial instruments whose values are determined using pricing models, discounted cash flow methodologies, or similar techniques, as well as instruments for which the determination of fair value requires significant management judgment or estimation.

A financial instrument’s level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement.

The following table sets forth by level, within the fair value hierarchy, the Plan’s investment assets at fair value as of December 31, 2022, and 2021:

	December 31, 2022			
	Total	Level I	Level II	Level III

5. Investments

The Plan’s investments, at December 31, 2022, are presented in the following table:

	Allocated	Declared but in Process of Allocation	Unallocated	Total
NI Holdings Inc. common stock:				
Number of shares	111,564	24,315	94,110	229,989
Cost	\$ 1,115,640	\$ 243,150	\$ 941,100	\$ 2,299,890
Estimated fair value	\$ 1,480,433	\$ 322,660	\$ 1,248,860	\$ 3,051,953

6. Risks and Uncertainties

The Plan invests solely in common stock of the Company. The Plan has a concentration of investment in NI Holdings common stock. A change in the value of NI Holdings common stock could cause the value of the Plan's net assets available for benefits to change due to this concentration.

7. Related Party Transactions

The Plan received a loan from Nodak Insurance to purchase shares from the Company's initial public offering. Nodak Insurance makes semi-annual contributions to the Plan, and the Plan makes semi-annual loan repayments at the same time and for the same amounts.

The Plan has significant investments in the Company's common stock, which qualify as party-in-interest transactions. These transactions are exempt from prohibited transaction regulations.

8. Commitments and Obligations

The Plan received a loan from Nodak Insurance to purchase shares from the Company's initial public offering. The ESOP loan is for a period of ten years and bears interest at the long-term Applicable Federal Rate effective on the closing date of the offering (2.79% annually).

As of December 31, 2022, the Plan has the following future loan repayments required under the ESOP loan:

Year	2023	2024	2025	2026	2027	Total
Amount	\$250,295	\$257,327	\$264,556	\$236,172	\$0	\$1,008,350

9. Income Taxes

The Plan obtained a determination letter dated April 16, 2018, from the Internal Revenue Service, which stated that the Plan qualifies under the applicable provisions of the Internal Revenue Code and, therefore, is exempt from federal income taxes.

Although the Plan has been amended since receiving the determination letter, the Plan administrator and the Plan's tax counsel believe that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the Internal Revenue Code and, therefore, believe that the Plan is qualified, and the related trust is tax-exempt.

The FASB issued guidance on accounting for uncertainty in income taxes. Management evaluated the Plan's tax positions and concluded that the Plan has maintained its tax-exempt status and had taken no uncertain tax positions that require adjustment to the financial statements. Therefore, no provision or liability for income taxes has been included in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

10. Plan Termination

Although the Company has not expressed any intent to terminate the Plan, it may do so at any time. In the event of Plan termination, participants would become 100% vested in their accounts.

11. Subsequent Events

Management has evaluated subsequent events through October 5, 2023, the date on which the financial statements were available to be issued.
