Independent Auditor's Report

Retirement Committee
Sturm, Ruger & Company, Inc. 401(k) Plan

Opinion

We have audited the financial statements of Sturm, Ruger & Company, Inc. 401(k) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), which comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements.

In our opinion, the accompanying financial statements present fairly, in all material respects, the net assets available for benefits of the Plan as of December 31, 2022 and 2021, and the changes in its net assets available for benefits for the year ended December 31, 2022, in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedules Required by ERISA

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedules of assets (held at end of year) and reportable transactions for the year ended December 31, 2022 are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's (DOL's) Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, including their form and content, are presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion, the information in the accompanying schedules is fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content are presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Sturm, Ruger & Company, Inc. 401(k) Plan

Notes to Financial Statements

Note 1. Description of the Plan

The following description of the Sturm, Ruger & Company, Inc. 401(k) Plan (the Plan) provides only general information. Participants should refer to the Summary Plan Description for a more complete description of the Plan's provisions.

General: The Plan is a defined contribution plan covering substantially all employees of the Company. The Plan, which is primarily designed to provide for retirement benefits, is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Eligibility: Employees are eligible to participate in the Plan upon completion of 90 days of service.

Contributions: Contributions to the Plan are made by participants and directed into any of the investment fund options offered by the Plan at the discretion of the participants. Participants may elect to defer 1% to 50% of their pretax annual compensation subject to the limitations as described in the Plan and in the applicable sections of the Internal Revenue Code. The Company makes matching contributions to each employee's account in the Plan using the Safe Harbor guidelines provided by Internal Revenue Regulations.

Supplemental contributions: The Company also provides discretionary supplemental contributions to each employee's 401(k) Plan account based on a percentage of each employee's eligible compensation. In 2022, the rate of this supplemental contribution was 5% and was deposited concurrent with employee deferrals and the Safe Harbor Company matching contribution.

Vesting: The Plan provides for immediate vesting for participant and employer contributions and related investment activity.

Participant accounts: Each participant's account is credited with the participant's contribution, Company contributions, and is adjusted for net investment earnings, gains, and losses. The benefit to which a participant is entitled is the benefit that can be provided from the participant's account.

Payment of benefits: On termination of service due to death, disability, or retirement, a participant may elect to maintain his or her account or may elect to receive the vested value of his or her account in a lump-sum payment. If a participant's vested account balance under the Plan is less than \$5,000 at the time of retirement or termination of employment, the participant will receive a lump-sum distribution of his or her account.

Notes receivable from participants: Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. All loans are secured by the balance in the participants account and bear interest rates ranging from 4.25% to 8.00 %. Loan terms range from one to five years, or longer for the purchase of a primary residence. The loans must be adequately secured and bear interest at a rate commensurate with local prevailing rates. Principal and interest are paid ratably through monthly payroll deductions.

Plan termination: Although it has not expressed any intent to do so, the Company has the right under the Plan to terminate the Plan subject to the provisions of ERISA, or to discontinue making Safe Harbor matching contributions or discretionary supplemental employer contributions at any time.

Notes to Financial Statements

Note 2. Summary of Significant Accounting Policies

The Plan's significant accounting policies are as follows:

Basis of accounting: The financial statements of the Plan are prepared under the accrual method of accounting.

Use of estimates: The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reporting of assets and liabilities at the date of the financial statements and changes in net assets available for plan benefits during the reporting period, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment valuation and income recognition: Investments held by a defined contribution plan are required to be reported at fair value, except for fully benefit-responsive contracts. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 5 for discussion of fair value measurements. Contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the plan.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation and depreciation of investments includes the Plan's gains and losses on investments bought and sold during the year and current year changes in unrealized gains or losses based on the fair value of investments held at year end.

Notes receivable from participants: Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent loans are treated as distributions based on the terms of the plan document.

Income taxes: U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan. Management evaluated the Plan's tax positions and concluded that the Plan had maintained its tax exempt status and had taken no uncertain tax positions that require recognition or disclosure in the financial statements. Therefore, no provision or liability for income taxes has been included in the financial statements. With few exceptions, the Plan is no longer subject to income tax examinations by the U.S. federal, state or local tax authorities for years before 2018.

Payment of benefits: Benefits are recorded when paid.

Administrative expenses: Administrative and other expenses of the Plan are paid by the Company except for certain bank charges. Expenses paid by the Company amounted to \$56,756 for the year ended December 31, 2022.

COVID-19: The global outbreak of the coronavirus disease 2019 ("COVID-19") was declared a pandemic by the World Health Organization and a national emergency by the U.S. Government in March 2020. The COVID-19 pandemic has created significant uncertainty and adversely impacted many industries throughout the global economy. To date, neither the Plan nor the Company have experienced a significant adverse impact due to COVID-19, but the pandemic's impact remains fluid and continues to evolve. The Plan Administrator, therefore, cannot predict the extent to which the Plan's net assets, the Plan's participants, or the Company's business will ultimately be impacted, but continues to monitor and assess the situation.

Sturm, Ruger & Company, Inc. 401(k) Plan

Notes to Financial Statements

On March 27, 2020 Congress enacted the Coronavirus Aid, Relief, and Economic Security Act ("CARES Act"), which provides for special distribution options and rollover rules for retirement plans and IRAs and expands permissible loans from certain retirement plans. The Plan has elected to adopt many of the provisions allowable under the CARES Act, including the following for eligible participants impacted by COVID-19:

- Penalty-free coronavirus withdrawals,
- Temporarily raising the limit on retirement account loans to the lesser of \$100,000 or 100% of the participant's account balance, and
- Suspending loan payments, under certain circumstances, for 2020.

Note 3. Income Tax Status

The Company has adopted an approved non-standardized prototype Plan document which received an Internal Revenue Service opinion letter dated November 14, 2022. The Retirement Committee believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the Internal Revenue Code.

Note 4. Investments

The following table presents the Plan's investments as of December 31, 2022 and 2021:

	2022	2021
Investments at fair value:		
Registered investment companies (mutual funds)	\$ 19,518,127	\$ 24,924,036
Pooled separate accounts	120,422,672	147,087,994
	139,940,799	172,012,030
Investments at contract value		
Investment contract with insurance company	39,248,206	35,969,117
Total investments	\$ 179,189,005	\$ 207,981,147

Note 5. Fair Value Measurements

The Accounting Standards Codification provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under this guidance are described below:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement

Sturm, Ruger & Company, Inc. 401(k) Plan

Notes to Financial Statements

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2022 and 2021.

Mutual funds: Valued at the daily closing price, as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Pooled separate accounts: Valued at the NAV of units held by the Plan at year end, which is determined by aggregating the fair values of the underlying assets minus the liabilities, and dividing by the number of units outstanding.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2022 and 2021:

Investments at Fair Value as of December 31, 2022				
	Level 1	Level 2	Level 3	Total
Registered investment companies (mutual funds)	\$ 19,518,127	\$ -	\$ -	\$ 19,518,127
Pooled separate accounts	-	120,422,672	-	120,422,672
Total investments at fair value	\$ 19,518,127	\$ 120,422,672	\$ -	\$ 139,940,799

Investments at Fair Value as of December 31, 2021				
	Level 1	Level 2	Level 3	Total
Registered investment companies (mutual funds)	\$ 24,924,036	\$ -	\$ -	\$ 24,924,036
Pooled separate accounts	-	147,087,994	-	147,087,994
Total investments at fair value	\$ 24,924,036	\$ 147,087,994	\$ -	\$ 172,012,030

Changes in fair value levels: To assess the appropriate classification of investments within the fair value hierarchy, the availability of market data is monitored. Changes in economic conditions or valuation techniques may require the transfer of investments from one fair value level to another. In such instances, the transfer is reported at the beginning of the reporting period.

The Plan evaluates the significance of transfers between levels based upon the nature of the investment and size of the transfer relative to total net assets available for benefits. For the year ended December 31, 2022, there were no transfers in or out of Levels 1, 2, or 3.

Sturm, Ruger & Company, Inc. 401(k) Plan

Notes to Financial Statements

Fair value estimated using NAV: The following table sets forth additional disclosures of the Plan's investments whose fair value is estimated using NAV per share (or its equivalent) as of December 31, 2022 and 2021:

Investment	Fair Value		Unfunded Commitment	Redemption Frequency	Redemption Notice Period
	2022	2021			
Pooled separate accounts					
Domestic Equity (a)	\$ 97,078,004	\$ 118,446,304	\$ -	Daily	None
Fixed-income (b)	19,480,511	24,175,135	-	Daily	None
International Equity (c)	3,864,157	4,466,555	-	Daily	None
Pooled separate accounts	<u>\$ 120,422,672</u>	<u>\$ 147,087,994</u>	\$ -	Daily	None

- (a) This category includes investments in mutual funds that invest primarily in domestic securities for the purpose of achieving a high rate of return by blending both income-based and growth-based objectives.
- (b) This category includes investments in mutual funds that invest primarily in investment grade fixed income securities which include corporate bonds, government treasury bonds and mortgage or other asset-backed securities. These funds seek a high total rate of return consistent with prudent investment risk and preservation of capital.
- (c) This category includes investments in mutual funds that invest primarily in the securities of businesses whose operations are based outside of the United States of America. These funds seek to achieve a high rate of return by investing in successful or growing companies in international markets.

Note 6. Investment Contract with Insurance Company

The Plan is a party to a benefit-responsive investment contract with Massachusetts Mutual Life Insurance Company (MassMutual). Business written by MassMutual is reinsured by Great-West Life & Annuity Insurance Company (GWL&A). Additionally, GWFS Equities, Inc. is the distributor of the MassMutual insurance products sold on Empower's platform. GWFS Equities is a subsidiary of GWL&A and an affiliate of Empower. Empower is not affiliated with MassMutual or its affiliates.

Empower maintained the contributions in a general account. The account is credited with earnings on the underlying investments and is charged for participant withdrawals and administrative expenses. The contract is included in the financial statements at contract value as reported to the Plan by Empower. Contract value represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The crediting interest rate is based on a formula agreed upon with the issuer, but may not be less than 3%. Such interest rates are reviewed on a quarterly basis for resetting.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: (1) amendments to the plan documents (including complete or partial plan termination or merger with another plan), (2) changes to plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the plan sponsor or other plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the plan, or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The Plan administrator does not believe that the occurrence of any such value event, which would limit the Plan's ability to transact at contract value with participants, is probable.

The guaranteed investment contract does not permit the insurance company to terminate the agreement prior to the scheduled maturity date.

Sturm, Ruger & Company, Inc. 401(k) Plan

Notes to Financial Statements

Note 7. Party-in-Interest Transactions

Certain Plan investments are managed by MassMutual. MassMutual was the record-keeper as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions.

Note 8. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

Note 9. Reconciliation to Form 5500

The following is a reconciliation of the net assets available for benefits per the financial statements to Form 5500.

	<u>2022</u>	<u>2021</u>
Net assets available for benefits per financial statements	\$ 184,100,658	\$ 212,463,194
